WHEREAS, the applicant states that the premises consist of a plot, 130.10 feet frontage by 100.11 feet in depth, presently improved with a two story and cellar masonry structure which was erected under N.B. Applic. No. 5049-41 and for which Certificate of Occupancy No. 026238 was issued on May 29, 1942 for a funeral home; that also on the property are two 2-story frame dwellings and a one-car frame garage; that it is proposed to raze the existing old frame dwellings and frame garage at the southerly portion of the premises, in order to provide space to erect a one story extension 47 feet by 42 feet in size, in order to provide urgently required space for the existing funeral home use; that the removal of these frame structures will also provide necessary off-street parking space for more than five cars for visitors' use at the rear of the premises; that

this proposed extension is designed to blend with the colonial architecture of the existing funeral home structure; that as such, the same setback has been used for the proposed one story extension as that used for the existing two story structure; and

WHEREAS, the applicant contends that this proposed alteration will provide improved facilities and will not affect adjoining property owners; and

WHEREAS, the applicant states that the present owner has held title to the property since July 2, 1941, April 27, 1956 and July 15, 1957; that the assessed valuation of land is \$9,900 and of the building \$42,500 making a total of \$52,400; that the building was erected in 1942; and

WHEREAS, the premises and surrounding area where inspected by a committee of the Board; and the committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Section 7c to permit extension of the proposed existing funeral hall substantially as proposed and as indicated on plans filed with this application marked, "Received September 19, 1957, one sheet, March 13, 1958, five sheets," on condition that in all other respects it shall comply with all laws, rules and regulations applicable thereto; that under Section 21 the front yard may be as now existing for the existing building and similarly for the proposed extension; that there may be under Section 7c the parking of motor vehicles toward the rear as proposed provided such property of the premises is properly surfaced; that there shall be erected and maintained along the lot lines to the south and west a woven wire fence on a masonry base to a total height of 5 ft. 6 inches; that where grass plots exist they shall so be maintained; that there shall be a planting along the side lot where indicated with suitable planting material and protected with a curbing of not less than 8 inches in height and 6 inches in width; that suitable bumpers shall be maintained for the protection to the fencing; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

732-57-BZ

APPLICANT—Reginald S. Hardy, for Miriam Mandel and Marion Kroll, Equitable Owners; City of New York owner as of filing date.

SUBJECT—Application September 17, 1957—decision of the Borough Superintendent, under sections 7f, 7i and 7e of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubricatorium, auto laundry (non-automatic), minor repairs with hand tools only and parking of motor vehicles awaiting service for a stated term of fifteen (15) years.

PREMISES AFFECTED—157-05 Cross Bay Boulevard and 93-02 to 93-10 157th Avenue, southeast corner, Block 14152, Lot 60, Howard Beach, Borough of Queens.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 11, 1958 after due notice by publication in the

MINUTES

Bulletin; laid over to March 11, 1958, for inspection and decision; hearing closed; then to April 8, 1958, for inspection and decision; hearing closed; then to May 6, 1958, for applicant to file plan showing proposed fencing of existing lot and adjoining lot 65, to May 13, 1958, for the applicant to file plans showing fencing; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Cross Bay Boulevard and 158th Avenue are in a business use, D area, class $\frac{1}{2}$ height district; 157th Avenue and 95th Street are in business and residence use, D area, class $\frac{1}{2}$ height districts; that prior to November 13, 1925 the premises were in an undetermined area and on that date they were incorporated in a business district; that the premises were originally in a one times height and a D area district, but these designations were changed to the present ones on July 22, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated August 28, 1957 acting on N.B. Applic. 2850-57, reads:

"1. Proposed erection of a gasoline service station, lubritorium, auto laundry (non-automatic), minor auto repairs with hand tools only, parking of motor vehicles awaiting service on a lot in a business use district is contrary to Art. 2, Sec. 4a, items 29 and 46 of the Z.R.

"2. Proposed erection of a ground sign in a business use district is contrary to Art. 2, Section 4a, item 49 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 115 feet frontage by 90 feet in depth, vacant; that it is proposed to level the premises substantially to the grade of the abutting streets and to erect a one story accessory building to be used as office, sales room, lubritorium, non-automatic auto laundry, and for the making of minor repairs to motor vehicles, along the easterly lot line; that this building will have a frontage of 57 feet and a depth of 30 feet, and its walls will be faced on all sides with face brick; that it is also proposed to install twelve 550 gallon approved underground gasoline storage tanks and six low vending pumps located on two islands; that one of these islands will be located along the Cross Bay Boulevard frontage and the other along the 157th Avenue frontage; that all of the pumps will be set back fifteen feet from the building lines; that entrance to the gas station will be had by means of four 30-foot curb cuts, two leading from Cross Bay Boulevard and two from 157th Avenue; that the premises, where not occupied by the accessory building, will be suitably paved and portions thereof will be used for the parking of motor vehicles awaiting service; and

WHEREAS, the applicant states that Miriam Mandel and Marion Kroll contracted to purchase this property from The City of New York on May 22, 1957, but title, however, has not closed because of certain objections thereto; that they, as the equitable owners of the property, submit this application instead of The City of New York; that it is anticipated that title will close shortly and that they will be the owners of record at the time of the hearing upon this application; and

WHEREAS, the applicant further states that arrangements have been made with one of the major oil companies to lease the premises and to operate the gas station thereon if the Board acts favorably on this application; and

WHEREAS, the applicant contends that Cross Bay Boulevard is a principal thoroughfare, 150 feet wide, running in a north-south direction; that it is heavily travelled at all times, the traffic during the warmer months of the year being exceptionally heavy; that 157th Avenue runs in an east-west direction and because of the fact that Shell Bank Basin is a short distance to the south, it is the only thoroughfare which connects the property west of Cross Bay Boulevard, with that lying to the east of Shell Bank Basin; that at the present time 157th Avenue is sixty feet wide, but it is proposed to widen it to eighty feet, as shown on the radius diagram; that proceedings to acquire title to the property necessary to accomplish this widening have not been insti-

tuted, but it is understood that the preliminary maps are in the course of preparation and that the proceeding will be commenced shortly; that for that reason, the ten foot strip which will be acquired by the City from the site under appeal has been excluded; and

WHEREAS, the applicant further contends that the easterly side of Cross Bay Boulevard at this point is mostly vacant and unimproved; that a plot of land on that side to the north of 157th Avenue, block 14148, lot 45, is improved with a gas station erected while the property was in an undetermined area; that it was, however, rebuilt and modernized pursuant to a Resolution of the Board adopted under Col. No. 82-39-BZ; that the northeasterly corner of Cross Bay Boulevard and 157th Avenue, block 14148, lot 33, is occupied by a one story refreshment stand or restaurant and the balance of the property is for the parking of cars of the customers of such business; that the easterly side of Cross Bay Boulevard south of the premises is entirely vacant; that the former owners of most of this property failed to pay taxes thereon and the title thereto has been acquired by The City of New York in In Re proceedings; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as proposed as a gasoline service station as indicated on plans filed with this application marked "Received September 17, 1957," 5 sheets, and "March 6, 1958," one sheet, *on condition* that all buildings and uses on the premises shall be removed and the premises shall be constructed and arranged substantially as indicated on such plans; that the accessory building shall be in the location and of the design and arrangement as indicated on such plans, without cellar and faced on all sides with face brick; that pumps shall be of a low approved type erected not nearer than 15 feet to the street building line as shown; that tanks shall not exceed twelve 550 gallon approved gasoline storage tanks; that on the lot line to the south there shall be erected a woven wire fence of the chain link type erected on a masonry base to a total height of not less than 5 feet six inches with suitable terminating post at the building line of Cross Bay Boulevard; that along the easterly lot line where the wall of the accessory building occurs there shall be erected a similar fence except that it may be constructed of aluminum panels; that no window openings shall be constructed in the accessory building except that if there are openings they shall be filled with glass block as approved for exterior walls; that the balance of the premises shall be paved with concrete or asphaltic pavement except that there shall be planting along the easterly wall on either side of the accessory building as proposed and shown not less than five feet in width; with suitable planting material and suitably protected with a curbing not less than eight inches in height and six inches in width; that sidewalks and curbing abutting the premises on both streets shall be constructed or repaired as required by the Borough President; that there may be to 157th Avenue two curb cuts each 30 feet, where shown, and two curb cuts of similar width to Cross Bay Boulevard, with no portion of any curb cut nearer than five feet to a side lot line as prolonged; that at the intersection there shall be constructed and maintained a block of concrete extending for a distance of five feet along the building lines from the intersection not less than twelve inches in height; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing Cross Bay Boulevard excluding all roof signs and temporary signs and advertising devices but permitting the erection of a post standard within the intersection for supporting a sign, which

MINUTES

may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to Cross Bay Boulevard for a distance of not more than four feet beyond the building line; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that there may be under Section 7i minor auto repairing with hand tools only for adjustments maintained solely within the accessory building; that under Section 7e there may be, for a similar term, parking of motor vehicles awaiting service provided such parking does not interfere with the servicing of the station; that no trees shall be removed from the sidewalks adjoining the premises unless permitted by the Borough President or Park Department, whichever has jurisdiction, and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

753-57-BZ

APPLICANT—Leonard F. Rothkrug, for Prisco Luongo, owner; Dolphas Kelly, doing business as Kelly's Auto Repairs, lessee.

SUBJECT—Application October 22, 1957—decision of the Borough Superintendent, under section 7i of the Zoning Resolution, to permit in a business use district, the change in use from storage to motor vehicle repair shop in the existing one story extension for a term of ten (10) years.

PREMISES AFFECTED—1263 Bedford Avenue and 9 Herkimer Street, northeast corner, Block 1860, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 22, 1958 after due notice by publication in the Bulletin; laid over to May 13, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, and Bedford Avenue are in a business use, B area, class 1¼ height district; Fulton Street and Herkimer Street are in business and residence use, B and C area, class 1¼ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated October 16, 1957 acting on Alt. Applic. No. 3019-57, reads:

"1. Proposed motor vehicle repair shop within a business use district is contrary to Art. 2 Sect. 4a-29 of zone resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 19 feet 8 inches frontage by 101 feet 10¾ inches in depth, irregular in area, on which is located a four story building erected in 1877, used for retail stores and dwellings and not affected by this application, and a one story extension 37 feet 4 inches frontage on Herkimer Street by 41 feet 6¾ inches in depth, irregular in area, erected in 1920 of class 3 construction, for storage use, and proposed to be occupied as a motor vehicle repair shop; and

WHEREAS, the applicant states that the existing four story building was erected under N.B. Applic. No. 195-1877 and Certificate of Occupancy No. 1790-A was issued for stores on the first and second stories and one family dwellings on the third and fourth stories; that this application affects only the one story extension erected under Permit

No. 7801-20—Alt. 9233-20—and used for storage use; that the storage use was terminated soon after the erection of the extension and in the owner's recollection the motor vehicle repair shop has been used by a succession of tenants for the last thirty years; that the present tenant has been in possession for two years; that the conduct of this proposed motor vehicle repair shop brings it within the nature of a conforming use in the business use district; that the lessee limits the auto repairs to minor repairs, principally, using hand tools—no body and fender work is conducted; and

WHEREAS, the applicant contends that this neighborhood is one of the earliest developed areas in the Borough and is densely developed; that it was developed for the most part, prior to 1916 when the Zoning Resolution became effective and therefore the proposed use, or any other use which would now be considered non-conforming, could have been established on these premises without any zoning restrictions; that the unique pattern of use district designations within a 500 foot radius indicates the varied nature of established and permitted uses; that Bedford Avenue is in a business use district, Fulton Street is in a business use district, Herkimer Street is in a business and residence use district, Herkimer Place and Perry Place are in unrestricted use and Atlantic Avenue is in business and unrestricted use; that the proposed motor vehicle repair shop use will not adversely affect any of the surrounding properties; that all repairs are conducted inside the building and there are no loud noises or offensive odors associated with the use; that it is not proposed to extend or alter the use as it has existed for the last thirty years; that there is no economic demand for development of the premises with a conforming use; that the part of the premises affected is small in area and could not be used for factory use, and the existing retail stores in the neighborhood adequately serve the needs of the community; and

WHEREAS, the applicant states that the present owner has held title to the property since March 17, 1925; that the assessed valuation of land is \$22,000 and of the building \$13,000 making a total of \$35,000; that the building was erected in 1877; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7i for a term of five years to permit the one-story building to the rear to be occupied as a motor vehicle and repair shop for general repairing excluding all collision work and all heavy work with no anvil or forge; that use of a torch shall be subject to a permit by the Fire Commissioner; that the building shall not be increased in height or area and in all other respects shall comply with the requirements other than as herein permitted; that such portable fire fighting appliances shall be installed as the fire commissioner shall direct as indicated on plans filed with this application marked, "Received October 22, 1957", one sheet, and "March 7, 1958", four sheets; that all permits shall be obtained and all work completed within six months from the date of this resolution; that a certificate of occupancy shall be obtained; and that such certificate of occupancy shall be solely for the repair shop herein permitted.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 15, 1958 after due notice by publication in the Bulletin; laid over to May 13, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in retail and residence use, C and D area, class $\frac{1}{2}$ and class $\frac{3}{4}$ height district; that the first 100 feet south of Astoria Boulevard is zoned for retail use, C area, class $\frac{1}{2}$ height and beyond that, the lot is zoned for residence use, D area and $\frac{3}{4}$ height; that on July 25, 1916 the lot was zoned for business use for the first 100 feet and residence use beyond that; that the area was C and the height 1; that on May 4, 1943, the first 100 feet was changed from business to retail use, and on July 31, 1937 the area beyond 100 feet was changed from C to D area; that on August 31, 1938 the first 100 feet south of Astoria Boulevard was changed from class 1 to $\frac{1}{2}$ and the rest of the lot beyond the first 100 feet, from class 1 to class $\frac{3}{4}$; that there are no changes pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated February 24, 1958 acting on N.B. Applic. No. 2896-57, reads:

"1. Proposed gasoline service station, auto washing, lubrication, office, sale of auto accessories, minor repairs with hand tools only, parking and storage of more than 5 motor vehicles on a lot in a retail district and extending into a residence district is contrary to Art. 2 Sec. 4-A and Art. 2, Sec. 3 of the Z.R.

2. Proposed ground sign on the retail portion of the lot is contrary to Art. 2, Sec. 4-A of the Z.R.

3. Proposed curb cut within 75'-0" of a residence district is contrary to Sec. 7A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 106.75 feet frontage by 110.12 feet in depth, irregular, presently vacant; that it is proposed to develop the site with a modern gasoline service station; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e and 7A of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on NB App. 2896-57, Objection No. 1, 2 and 3 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

free parking area with curb cuts and retail exits on the residence portion of the plot.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 8, 1958 after due notice by publication in the Bulletin; laid over to April 29, 1958, for inspection and decision; hearing closed; then to May 13, 1958, for revised plans; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 43rd Avenue are in residence and retail use, D area, class 1 height districts; Bell Boulevard is in retail and business use, D area, class 1 height districts; Northern Boulevard is in a business use, D area, class 1 height district; 213th Street is in business and residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 31, 1958 acting on N.B. Applic. No. 3868-57, reads:

"1. Proposed exits of a retail use into a residence use district is contrary to Art. II, Sec. 3, Z.R.

2. Proposed entrance and exit to parking area is contrary to Art. II, Sec. TA, Z.R.

3. Use of open spaces for parking of cars as accessory to retail use in a residence use district is contrary to Art. II, Sec. 3, Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 160 feet frontage by 181.98 feet in depth, irregular; that it is proposed to erect the building along Bell Boulevard, leaving a sixty foot wide driveway extending to the parking area; that the building will be constructed of poured concrete foundations, steel girders, wood floor, roof beams, exterior masonry walls and built-up rubberoid roofing; that the parking area will be properly graded, surfaced, drained, fenced, etc., in accordance with the Rules of the Board; and

WHEREAS, the applicant contends that Bell Boulevard is a busy thoroughfare and no parking is available, except for curb parking, requiring cars to park in adjacent residential sections or to go to other shopping areas which provide parking facilities; and

WHEREAS, the applicant states that the present owner has held title to the property since December 12, 1956; that the assessed valuation of land is \$38,700 and of the building \$13,500 making a total of \$52,200; that the building was erected in 1910; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension of the building uses in the more restricted district with exits into the parking area as shown and as proposed and for use as parking substantially as proposed on plans marked, "Received December 17, 1957, one sheet, April 1, 1958, five sheets, and March 7, 1958, one

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 15, 1958 after due notice by publication in the Bul-

letin; laid over to May 13, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and New Utrecht Avenue are in a business use, C area, class 1 height district; 66th Street and 67th Street are in business and residence use, C area, class 1 height districts; 14th Avenue is in a local retail use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent dated December 13, 1957 acting on N.B. Applic. No. 2199-57, reads:

"1. Proposed building and premises, in a Business zone, to be used for gasoline service station, lubrication, auto washing (non-automatic), office, sales of accessories, minor repairs with hand tools only, safety inspection station, parking and storage of motor vehicles, is contrary to Art. II, PP. 4a, subsections 29 and 46 of the Zoning Resolution.

2. Proposed show windows, business entrances and signs within 75' of a Residence Zone is contrary to Art. II, PP. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 89.08 feet frontage by 102 feet in depth, irregular, upon which there is presently existing an old wood and metal shed occupied as a garage, which will be removed; that the large billboards will also be removed; that it is proposed to erect a building to be used as a modern gasoline service station; that the proposed building will have face brick facades on three sides; that pumps will be of an approved type, set on a concrete island and located a minimum of fifteen feet from the building lines; that minor repairing within the building is also proposed, and also a New York Motor Vehicle Safety Inspection Station; and

WHEREAS, the applicant contends that this property was bought in an In Rem proceeding, indicating that the former owner could not develop the site with a conforming use; that the erection of a gas station on this site will return the property to the tax rolls, the City receiving the increased taxes as a result of the increased valuation which will be placed thereon; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received December 17, 1957", 4 sheets, on condition that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of the abutting streets and shall be constructed and arranged as indicated on plans cited above showing proposed conditions; that the accessory building shall be located where shown and of the design as indicated, without cellar, and faced with face brick on the front facades facing 66th Street and New Utrecht Avenue; that the wall at the rear and toward the northwest may be constructed of other masonry and where impossible to surface shall be surfaced with stucco; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building line of New Utrecht Avenue as shown; that on the lot line to the south against the existing two story frame building there shall be a masonry wall not less than 5 feet 6 inches in height; that in front of such wall there shall be a planting area as indicated, with suitable planting material, properly protected with curbing not less than 8 inches in height and 6 inches in width; that a similar wall and planting shall

MINUTES

maintained where shown along the westerly line; that the curb cuts shall be restricted to two curb cuts one 20 feet in width and one 24 feet in width to New Utrecht Avenue and the curb cut to 66th Street, where shown, 30 feet in width; that no curb cut shall be nearer than five feet to a lot line and shall be prolonged; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the accessory building shall be for the uses as shown and doors to the toilet rooms shall be so located as not to be contiguous; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the unilluminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the section at the intersection of a post standard for supporting sign, which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to New Utrecht Avenue for a distance of not more than four feet; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that under Section 7A any show window or entrance or sign deemed contrary thereto may be permitted provided the requirements of this resolution are complied with; that under Section 7e, for a similar term, there may be parking and storage of motor vehicles of the passenger car type only, so parked on a portion of the premises here not built upon that the parking will not interfere with the servicing of the station; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 4:05 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, MAY 13, 1958, 2 P.M.

Present: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper.

500-47-SM

APPLICANT—Firedoor Corp. of America & Spartan Steel Products, owners.

SUBJECT—Application reopened January 14, 1958 for amendment of resolution as to change of ownership, old owner World Steel Products Corporation—re 1½-Hour, 3¼-Hour, 1 Hour and One and One-Half Hour, Panel Type, Kalmain and Hollow Metal Doors; previously approved.

APPEARANCES—

For Applicant: Marlene Lawner.

ACTION OF BOARD—Resolution amended in accordance with the report of the Committee on Test.

THE VOTE—

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of November 28, 1950 in accordance with the above report.

1040-55-SA

APPLICANT—Haus & Bresin, for Washex Machinery Corporation, owner.

SUBJECT—Application reopened January 28, 1958 for amendment of resolution as to additional model P-45 Combination Washer-Extractor—re Washex Combination Washer-Extractor, Models P-65 and P-100 (for dry cleaning units using solvent with flashpoint above 100°) previously approved.

APPEARANCES—

For Applicant: T. Hartnett.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper

Negative:

Absent: Commissioner Foley

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

Re: Calendar Number 1040-55-SA.

Subject: Amendment of resolution as to additional model.

Haus & Bresin for Washex Machinery Corporation requested by letter January 9, 1958 that the resolution adopted December 4, 1956 under Calendar Number 1040-55-SA be amended so as to include the Model P-45 Combination Washer-Extractor. The application was reopened by vote of the Board January 28, 1958.

Purpose

The appliance is a dry cleaning appliance using solvent having a flash point above 100°F.

Description

The requested Model P-45 is similar to the Models P-65 and P-100 approved by the Board, December 4, 1956 under Calendar Number 1040-55-SA, the difference being in the size of the cylinder. The size being 36 inches diameter by 18 inches in length. The capacity, figured on 2.8 lbs. of dry wash per cu. feet, being 29.7 lbs.

Recommendation

The Committee on Test recommends that the resolution adopted December 4, 1956 under Calendar Number 1040-55-SA be amended so as to include the Model P-45 Combination Washer-Extractor having a capacity of 29.7 lbs. of dry wash on condition that the requirements of the resolution adopted December 4, 1956 under Calendar Number 1040-55-SA are complied with.

(Sgd.) SAMUEL L. BECKER,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar No. 78-56-SA.

Subject: Amendment to resolution as to additional model of Milk Packaging Machine.

Ex-Cell-O-Corp., Detroit, Michigan, requested by letter dated January 2, 1958 that the resolution adopted October 1, 1957 under Calendar Number 78-56-SA be amended so as to include the additional Model "S". The application was reopened by a vote of the Board January 28, 1958.

Purpose

The appliance is an automatic milk packaging machine.

Description

The Model "S" is similar to the models approved by the Board October 1, 1957 under Calendar Number 78-56-SA, the only difference being in the speed of the machine, producing 16 half-gallon containers per minute.

Recommendation

The Committee on Test recommends that the resolution adopted October 1, 1957 under Calendar Number 78-56-SA be amended so as to include the Pure-Pak Model "S" on condition that the requirements of the resolution adopted October 1, 1957 under Calendar Number 78-56-SA are complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 68756-SA.

Subject: Amendment of resolution as to anti-syphon device.

A. Grossman for Pellerin Milnor Corp. requested by letter dated November 8, 1957 that the resolution adopted June 25, 1957 under Calendar Number 687-56-SA be amended so as to delete the requirement of a vacuum breaker and check valve as the appliance is equipped with an anti-syphon device incorporated in its construction. The application was reopened by a vote of the Board January 7, 1958 under Calendar Number 687-56-SA.

Description

The anti-syphon device is incorporated in the equipment and is constructed as shown on Dwg. 2D2190 marked Received "November 12, 1957."

Recommendation

The Committee on Test recommends that the resolution adopted June 25, 1957 under Calendar Number 687-56-SA be amended so as to delete the requirement of the added vacuum breaker and check valve and in lieu thereof the anti-syphon device as described herein may be used and as shown on Dwg. 2D2190 marked Received "November 12, 1957" on condition that the requirements of the resolution adopted June 25, 1957 under Calendar 687-56-SA, are complied with.

306-57-SA

APPLICANT—Charles M. Spindler, for Erie City Iron Works, owner.

SUBJECT—Application March 29, 1957—Erie City Iron Works Preheater (for heavy fuel oils), approval of.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Appliance approved in accordance with the report of the Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 306-57-SA.

Subject: Erie City Iron Works Preheater.

C. M. Spindler, for Erie City Iron Works, Erie, Pa., filed March 29, 1957 an application with the Board of Standards and Appeals for approval of the appliance known as the Erie City Iron Works Preheater under the provisions of the Oil Burner Rules of the Board.

Purpose

The appliance is a fuel oil preheater (electric).

Description

The heater operates on a wattage ranging from 1000 to 5000 watts and 115 to 230 volts. The shell of the heater is 11 gauge steel tubing 0.120 inch wall thickness by $3\frac{1}{4}$ inch O.B. The flange is steel plate $4\frac{1}{2}$ inches by $\frac{1}{4}$ inch thick steel. As an alternate the shell may be a cast aluminum alloy. The length of the heater ranges from 11 to 20 inches.

The oil to be preheated is in the shell and covers the heating elements and by adjustment of the thermostat adjusting nut, the temperature of the oil may be either raised or lowered.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts Committee on Test in conjunction with the inspection of the Erie City Iron Works Heavy Oil Burner. The appliance has been approved by the Underwriters Laboratory.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Erie City Iron Works Preheater (electric) for use in New York City under the provisions of the Oil Burner Rules of the Board on condition that the appliance bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 306-57-SA."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

Re: Calendar Number 369-57-SM.

Subject: Amendment of resolution as to extension of use.

Gateway Engineering Company, Chicago, Illinois requested by letter dated February 5, 1958 that the resolution adopted November 19, 1957 under Calendar Number 369-57-SM be amended so as to extend the use of the approved Beehive Anchoring System and Accessories. The application was reopened by a vote of the Board February 8, 1958.

Purpose

The system and accessories are a means of attaching various lines and attachments from a concrete slab.

Description

There has been no change in the construction of the system or in its method of installation.

Recommendation

The Committee on Test recommends that the resolution adopted November 19, 1957 under Calendar Number 369-57-SM be amended so as to extend the use of the Beehive Anchoring System and Accessories and to permit the use of the system for hanging plumbing and heating pipe lines, for attaching conduit and outlet boxes, distribution systems and for hanging air conditioning and heating ducts and for hanging sprinkler systems, provided that the system shall only be used in stone concrete and that the load on each hanger shall not exceed 160 pounds each and further that all other requirements of the resolution adopted November 19, 1957 under Calendar Number 369-57-SM be complied with.

Negative: 0

Absent: Commissioner Foley 1

MINUTES

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 570-57-SA.

Subject: Somat with Hydra-Extractor Model 18HE.

S. Kern for Wandel Machine Co. Inc. filed July 26, 1957 an application with the Board of Standards and Appeals for approval of the appliance known as Somat with Hydra-Extractor Model 18HE under the provisions of C26-191.0 and C26-1240.0 Administrative Building Code.

Purpose

The appliance is used for grinding and compressing waste paper and garbage.

Description

Basically the Somat unit consists of a grinder and a hydra-extractor and also a pump, if remote handling is required. The grinder chamber is either 18 inches or 24 inches in diameter. On the bottom of the grinder is an open dished steel plate, having on its surface tungsten carbide pieces. The plate is mounted directly on the motor shaft protruding through the bottom of the tank and revolves at 1725 RPM. The grinding plate is in a depressed bottom section of the tank and is surrounded by a perforated strip. This ring is known as the security ring because it prevents anything but completely disintegrated material to pass out of the grinder tank. The holes in this strip are $\frac{3}{16}$ inches in diameter. As this grinding operation takes considerable water, the water is introduced into the grinder through a 1 inch air gap.

The material that comes from the grinder then goes to the Hydra-Extractor which presses out about 99% of the 2% solids and returns the water through a pump to the Somat grinder. The water is recirculated through the grinder and the extractor.

The extractor ejects a crumbly pump into waste containers and thence trucked away.

After the system has been used, the water left in the system is drained off through a valve in the return line.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts, Committee on Test. A unit was inspected by a Committee of the Board in conjunction with an appeal filed under Calendar Number 461-57-A (granted July 23, 1957).

Recommendation

As the Committee is of the opinion that the appliance is not, in the strict sense, a garbage disposal system as the garbage is not disposed of through the sewer system but rather the garbage is trucked away. The Committee on Test recommends the approval, for voluntary use, of the appliance known as the Somat with Hydra-Extractor Model 18HE, under the provisions of C26-1240.0 Administrative Building Code on condition that the garbage shall not be disposed of through the sewer system, that the water entering into the grinder section of the appliance shall enter through an air gap of at least 1 inch and only water shall be discharged as waste to the sewer system and the appliance shall bear a label, permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 570-57-SA."

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

44-58-SA

APPLICANT—Acme Fire Alarm Co., Inc., owner.

SUBJECT—Application January 24, 1958—Acme Smoke Detector, Type 418A, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 44-58-SA.

Subject: Acme Smoke Detector, Type 418A.

Acme Fire Alarm Company, Inc., New York, New York filed January 24, 1958 an application with the Board of Standards and Appeals for approval of the Acme Smoke Detector, Type 418A for use in New York City under the provisions of C26-259.0 and C26-664.1 Administrative Building Code.

Purpose

A smoke detecting device to be installed in air duct systems.

Description

The Acme Type 418A Smoke Detector is an assembly of electronic components assembled into metal housings and designed for mounting on opposite sides of an air duct. On one side is mounted a photoelectric unit consisting of an RCA-25L6GT tube an RCA-6J7 tube, RCA phototube, two capacitors, six resistors and a potentiometer. On the other side is mounted the light source consisting of a lens system, rheostat, transformer and 32C.p. 6-8 volt bulb.

Any appreciable interference with the light beam such as the passage of smoke will cause the pilot relay to operate a supervised lock type power relay which is connected to the fan motor and will cause it to shut down. All wiring and devices for the control of the fan circuits are connected to closed, supervised circuits.

The photoelectric unit will operate on a total light cut off of not over 36%.

Inspection and Test

These devices were inspected and tested at the plant of the applicant and at Canada House 5th Avenue and 54th Street, New York by Asst. Engr. G. F. Sklenarik, Committee on Test and Supervising Electrical Inspector Richard Lent of the New York Fire Department.

The devices functioned as designed.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Acme Smoke Detector, Type 418A for use in New York City in accordance with this report and the requirements of C26-259.0, C26-661.0 and C26-664.1 Administrative Building Code provided that each such device shall bear a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 44-58-SA."

SUBJECT—Application reopened January 28, 1958 for amendment of resolution as to change of ownership, old owner Pioneer Fireproof Door Corporation—re Acme Kalamein 1½ Hr. to 2 Hr. Fireproof Door; previously approved.

APPEARANCES—

For Applicant: David Kaplan.

ACTION OF BOARD—Laid over to May 20, 1958, at 2 P. M. for further consideration.

940-28-A—Vol. II

APPLICANT—D.N.T. Realty Company, owner; Eastern Cabinet Company, Inc., les-see.

SUBJECT—Application reopened May 15, 1956 as Vol. II—re Appeal from an order of the Fire Commissioner—re standpipe system.

PREMISES AFFECTED—78-16 Cooper Avenue, south side, 37.50 feet west of 79th Place, Block 3803, Lots 14 and 34, Glendale, Borough of Queens.

APPEARANCES—

For Applicant: Howard A. Stapi and Frank Deutschmann.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, order No. 2333-6 issued by the Fire Commissioner March 26, 1956 reads:

"1. Install an approved 4" standpipe system throughout premises in accordance with Art. 17, Ch. 26 of the Administrative Code."

and

WHEREAS, the applicant states that the building has three

stories, 43 ft. in height, 180 ft. front by 120 ft. in depth at street level, 180 ft. front by 80 ft. in depth at typical floor level, of fireproof construction, erected in 1927 located on the lot 600.56 ft. front by 200 ft. average in depth, in an unrestricted use D area, Class 1 Height district, and used and occupied since 1955: basement, boiler room and storage, 1 person; first floor, wood working machinery and general office, 24 persons; mezzanine, storage, no persons; second floor, wood work assembly, 21 persons; third floor, wood work finishing, 17 persons; that no change in use of occupancy is now proposed; that the building is equipped with a one-source sprinkler system throughout and approved interior fire alarm system and regular monthly fire drills are maintained; that there are two 4 ft. wide interior fireproof stairs from roof bulkhead to street; and

WHEREAS, Certificate of Occupancy No. 32650 was issued September 21, 1947, against New Building Application 20982 of 1926; and classified the building as brick construction and permits its use as a factory with an occupancy of 250 persons per floor; and

WHEREAS, Certificate of Occupancy No. 35760 issued May 5, 1928 against New Building Application 12519 of 1927 permits the use of a one story concrete block garage building on the same premises and Certificate of Occupancy No. 19995, issued October 7, 1925 against New Building Application 2096 of 1925, permits the use of a one story brick factory building on the same premises; and

WHEREAS, under date of June 4, 1929 under Calendar Number 940-28A Volume I, the Board modified order No. 39751-F, issued by the Fire Commissioner June 25, 1928, requiring the installation of a standpipe system in the building on condition that the building be not increased in height or area; and the building be equipped throughout with an approved sprinkler system; and that so long as conditions as to use and occupancy remained unchanged; and

WHEREAS, the use of the building at that time was for the manufacture of envelopes; and

WHEREAS, the applicant contends that the building is only 3 stories or 43 ft. in height and is sprinkled throughout including exterior sheds which protect the loading dock; that the building is equipped with an interior fire alarm system throughout; and that regular monthly fire drills are maintained; that there has been duly installed and is now in complete working condition complete supervision by A.D.T. Company, Inc.; that the building has a complete Class 1 structure with reinforced concrete stairs enclosed in 6 inch terra cotta partitions; and spandrel sections of the building are composed of brick; that the previous owners of the building appealed to the Board from a similar order and the appeal was granted on condition that the building be not increased in height or area, be equipped with throughout with an approved sprinkler system and granted only so long as conditions as to occupancy and use remained unchanged; that the occupancy has been considerably reduced by approximately 50%; that the building has not been increased in height or area or altered in any manner which deem a standpipe system necessary; that the existing use of the building is a great deal less hazardous than the previous use, despite the fact that the present use of the fourth floor is for spraying purposes; that all spray booths are equipped with automatic sprinklers and alarms connected to the supervisory system and all electrical equipment within twenty feet of any spray area is explosion proof; that this condition is an improvement over the conditions maintained by the prior tenant which used open glass flame machines on all floors and used chemicals of a highly volatile nature without exhaust systems, sprinklers or other supervisory alarms; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal should be granted on condition.

Resolved, that the decision of the Fire Commissioner, dated March 26, 1956, acting on Order No. 2333-6, Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the omission of

MINUTES

the four inch stand pipe system as previously permitted to be omitted by the Board so long as the sprinkler system is maintained throughout the building and the building and occupancy complies with all laws applicable in all other respects.

WHEREAS, the applicant requested an extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on September 20, 1955 only so far as it refers to the term of the variance, so that as amended this portion of the resolution shall read:

“... granted for a term of five years from the date of this amended resolution, to permit ...; that other than as herein amended the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained.” (N.B. App. 614/53)

422-55-A—Vol. II

APPLICANT—Leonard F. Rothkrug, for Mario Bencivenza, owner.

SUBJECT—Application reopened February 5, 1957 as Vol. II—re Appeal from a decision of the Borough Superintendent.

PREMISES AFFECTED—638 Lorimer Street, east side, 25 feet south of Jackson Street, Block 2747, Lot 7, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper.. 4

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 7, 1956, on alteration application 550/55 reads:

“1. Proposed change of occupancy in a Class 4 (masonry walls on 1st floor) structure 3 stories and 34 ft. in height, on 1st floor from store to meeting room is contrary to 4.2.1 of the Building Code.”

and

WHEREAS, the applicant states that building has three stories, 36 feet 6 inches in height, 25 feet front by 100 feet in depth at first floor, 25 feet front by 40 feet in depth at typical floor of Class 4 construction; erected in 1911, located in a business use B area, Class 1 height district and used and occupied since 1948: cellar, ordinary; first floor, store, now vacant; second floor, dwelling, one family and dental office; third floor, dwelling, one family; and proposed to be used and occupied, cellar, ordinary; first floor, meeting room and catering, 74 persons; second floor, dwelling, one family and dental office; third floor, dwelling, one family; that the building is provided with one 3 foot wide interior wood stairs enclosed in partitions of wood lath and plaster equipped with wood doors which are not self closing; that stair hall leads to street and it is provided with a ladder and scuttle to the roof; that there is one fire escape on the front of the building extending to roof by ladder and to street by ladder, windows and door openings on the course of the fire escape are not self closing; and

WHEREAS, the applicant states that the records of the Department of Buildings show that a 2-story frame building, 25 by 49 feet in area was erected under New Building Application 58 of 1876 in frame construction and altered under Alteration Applications Nos. 2786 of 1909 and 5272 of 1911 by raising the structure one story and creating new masonry walls on the first story and adding a new extension of masonry two stories 25 feet in height; that upon completion of this alteration the first floor and cellar was occupied as a bake shop with bake ovens on the rear of the first floor and the sale of bakery products on the remainder; that the second floor was occupied by a meeting room and; that the third floor was occupied as a one-family dwelling; that this use continued until 1949 when Alteration Application 3188 of 1948 was completed and Certificate of Occu-

MINUTES

pancy #122615 issued February 1, 1949 for the following use: cellar, ordinary, first floor, store, second floor, one family and dental office conjunctively occupied, third floor, dwelling, one family; that it is now proposed to occupy the building on the first floor for catering and meeting rooms, 74 persons; and

WHEREAS, the applicant contends; that although the building is classified as frame the entire first floor is of masonry; that the cellar ceiling is covered with ½ inch plaster board and there is an existing 3 foot 8 inch wide passageway providing egress from the rear of the first floor through a 6 foot by 10 foot area way; that the building was formerly occupied as a meeting room on the second floor and is equipped with a kitchen at the rear of the first floor; that there will only be occasionally occupancy as is usual with this type of use; that the second and third floors are occupied in accordance with a certificate of occupancy and; that there is an existing regulation fire escape complying with Section 53 of the Multiple Dwelling Law; that there is a direct means of egress by an interior stairway to Lorimer Street with access to roof by means of a scuttle and ladder within the stair enclosure; and

WHEREAS, on May 29, 1956, under Calendar Number 422-55-A, Volume I the board denied an appeal from a decision of the Borough Superintendent dated April 27, 1955, on Alteration Application 550 of 1957, substantially the same as the appeal now before the board with the exception that the occupancy of the first floor was proposed to be meeting room and catering, 140 persons; and

WHEREAS, this appeal was reopened by a vote of the board February 5, 1957, upon the applicant's statement that the resolution adopted by the Board May 29, 1956, contained a recommendation that the appeal should not be granted mainly because of the large public occupancy proposed at that time for the first floor; and that it is now proposed to reduce the public occupancy; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee finds that this is not a proper condition for the Board to consider in light of the construction of the building and the previous disapproval, which was on the basis of the number of proposed occupants, which since has been reduced but which the committee deems there is no question but the occupancy would be as large practically as formerly proposed and also that the exit in the rear is not satisfactory as there is no exit or any way of getting to the street and in view of the number of seatings, which indicated a larger occupancy than proposed, the committee recommended that the appeal should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 550/55, Objection No. One, dated December 7, 1956, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

PETITION AND ORDER OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On May 16, 1958, Copy of Petition and Order of Certiorari was
served on the Board by Tanne, Friend, Kinnan & Post, attorneys for
petitioner, Union League Club, objecting property owner, seeking a
review of the Board's determination on April 8, 1958, granting a vari-
ance under Section 7e for a term of two years to permit in a resi-
dence use district the change in occupancy of the basement and first
floor of an existing four-story dwelling to business use; Cal. No. 352-
57-BZ; Premises 27 East 37th Street, north side, 200 ft. east of
Madison Avenue, Borough of Manhattan.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.
Special meetings as published in this Bulletin.
All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

NOTICE

Effective September 1, 1957, the subscription price of
the Bulletin is \$15.00 per year, payable in advance and
single copies, twenty-five (25) cents at the office of the
Board and thirty (30) cents by mail.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman.*

MAY 27, 1958, 10 A.M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, May 27, 1958, at 10 o'clock in Room 6013, Municipal Building, Manhattan, on the following matters:

71-53-BZ—Vol. II

APPLICANT—Samuel Rosenblum, for Pacwest Realty Corp., owner.

SUBJECT—Application reopened January 21, 1958 as Vol. II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a restricted retail use district, facilities for gasoline service or oil selling for occupants only in connection with the garage, presently approved, located in the sub-cellar, cellar, first floor and mezzanine of a 22 story building now under construction.

PREMISES AFFECTED—660-666 Madison Avenue, 8-28 East 61st Street, southwest corner and 13-19 East 60th Street, Block 1375, Lot 56, Borough of Manhattan.

0-37-BZ—Vol. III

APPLICANT—Charles M. Spindler, for Felix De Vito, owner.

SUBJECT—Application reopened January 7, 1958 as Vol. III—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a retail use district, the alteration of an existing garage and warehouse, for use as a gasoline service station, auto-wash (non-automatic), lubrication, parking of automobiles, office, sale of auto accessories, minor repairs with hand tools only and safety inspection station for a stated term of fifteen years.

PREMISES AFFECTED—70-07 to 70-21 (70-15 Official) Astoria Boulevard and 22-16 to 22-24 71st Street, northwest corner, Block 1002, Lot 13, Long Island City, Borough of Queens.

9-58-BZ

APPLICANT—Lama, Proskauer and Prober, for August Droll and Neary Realty Co., Inc., owners.

SUBJECT—Application January 28, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a local retail and residence use district, the maintenance of a parking lot for the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—2092 Nostrand Avenue, west side, 130 feet north of Glenwood Road, and 671-675 East 29th Street, Block 5252, Lots 6 and 68, Borough of Brooklyn.

16-58-BZ

APPLICANT—Ervin Palmer, for Thomas J. McCahill, owner; National Parking System, Inc., lessee.

SUBJECT—Application January 8, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a retail and residence use district, the extension of the present parking lot from the retail portion into the residence portion of the plot.

PREMISES AFFECTED—443-447 3rd Avenue, east side, 19 feet, 9 inches south of East 31st Street and 206 East 31st Street, Block 911, Lot 64, Borough of Manhattan.

203-57-BZ

APPLICANT—Charles A. Buckley, Jr., for Inter County Associates, Inc., owner.

SUBJECT—Application March 20, 1957—decision of the Borough Superintendent, under sections 7e and 21, of the Zoning Resolution, to permit in a residence use "E-1" area district, the erection of a four (4) story and cellar, class A multiple dwelling of class III construction.

PREMISES AFFECTED—433-443 West 263rd Street, north side, 204 feet east of Riverdale Avenue, Block 3423, Lots 1612 and 1614, Borough of The Bronx.

766-57-BZ

APPLICANT—Leonard F. Rothkrug, for Harry Heiman, Inc., owner; Soconv Mobil Oil Co., owner under contract.

SUBJECT—Application October 25, 1957—decision of the Borough Superintendent, under sections 7e and 7i of the Zoning Resolution, to permit in a restricted retail use district, the erection and maintenance of a gasoline service station, motor vehicle repair shop (hand tools only), lubricatorium, car washing (non-automatic), office and sales and parking of vehicles awaiting service for a term of fifteen (15) years.

PREMISES AFFECTED—715 Soundview Avenue, south west corner of St. Lawrence Avenue, Block 3596, Lot 35, Borough of The Bronx.

38-58-BZ

APPLICANT—Julian Roth of Emory Roth and Sons, for Metropolitan Life Insurance Co., owner.

SUBJECT—Application January 14, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a 1¼ and 2 times height district, to maintain the present 23 story building with 14 story tower above, making a total of 37 story and penthouse building, used as an office building, separate and apart from the building on Block 1278, Lot 67, designated as 2-4 East 44th Street not in conformity with Board of Standards and Appeals resolution Cal. No. 741-27-BZ.

PREMISES AFFECTED—519-521 5th Avenue, northeast corner of East 43rd Street, Block 1278, Lot 1, Borough of Manhattan.

WHEREAS, the applicant proposes to use the premises for a conforming use.

Resolved, that the application be and it hereby is *withdrawn* without prejudice.

497-20-BZ—Vol. II

APPLICANT—Charles M. Spindler, for Degraw-Hamilton Corp., owner. Jacob Morgenthaler's Sons, lessee.

SUBJECT—Application reopened January 21, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7b and 7c of the Zoning Resolution, to permit in an

unrestricted use district extending into a business use district the change of occupancy from a public garage for more than five (5) motor vehicles to a woodworking shop using power driven tools.

PREMISES AFFECTED—638-644 Degraw Street, south side, 90 feet west of 4th Avenue and 637-641 Sackett Street, Block 427, Lot 31, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commisisoner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 21, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Degraw Street and Sackett Street are in business and unrestricted use, B area, class 1½ height districts; Fourth Avenue is in a business use, B area, class 1½ height district; Third Avenue is in an unrestricted use B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 13, 1957 acting on amendment to Alt. Applic. No. 1142-56, reads:

"1. The proposed change in use from automobile service station to woodworking factory with power tools in this building located partly within a business and partly within an unrestricted district is contrary to the Zoning Res., Art. II, Sect. 4(a) (31)."

and

WHEREAS, the applicant states that the premises consist of a plot, 85 feet frontage by 200 feet in depth; that it is proposed to obtain a variance in order to permit in an unrestricted use district, extending into a business use district, the change of occupancy from a public garage for more than five cars, to a woodworking shop using power driven tools; and

WHEREAS, the applicant states that on November 14, 1955, Morgenthaler bought all of the capital stock of the DeGraw-Hamilton Corp., who is the owner of buildings 1 and 2 since October 3, 1941; that building 3 at 202 Fourth Avenue is owned personally by Jacob Morgenthaler and was purchased August 25, 1955; and

WHEREAS, the applicant further states that Building No. 1 at 637-41 Sackett Street, running through to 638-44 Degraw Street, was erected under a variance granted by the Board, as a public garage; that the building extends ten feet into the business zone and the remainder of the building is in an unrestricted zone; that Jacob Morgenthaler Sons have been in the architectural woodworking business for over one hundred years and were formerly located at 663-683 Sackett Street; that this former premises was a multi-story building and they found it necessary to consolidate all of their operations in a one story building, and for this reason they purchased the site and transferred their operations thereto; that Morgenthaler was not aware that the use of power driven tools was construed as a saw mill and therefore required them to locate in an unrestricted zone; that they were under the impression that as the site was used for a public garage they could move their factory into the building and therefore purchased the building for their woodworking use; that when plans were filed in the Building Department, the objection appealed from was received; that there are openings connecting Building No. 2 at premises 194-198 Fourth Avenue, with Building No. 1; that Building No. 2 is a conforming use, other than the fact that the mill products manufactured in Building No. 1, are stored in Building No. 2; that Building No. 3

MINUTES

at premises 202 Fourth Avenue, northwest corner of Sackett Street, is an office building; that it is also a conforming use, again except for the fact that there is an opening in this building connecting No. 1; and

WHEREAS, the applicant contends that in view of Morgenthaler being in business in the immediate area for over one hundred years and the necessity of his discontinuing the multi-story operation and confining it to a one story building, and that the entire Building No. 1, with the exception of ten feet, is in an unrestricted use district, it is requested that this appeal be granted; and

WHEREAS, the applicant states that the present owner has held title to the property since November 14, 1955; that the assessed valuation of land is \$27,000 and of the building \$48,000 making a total of \$75,000; that the building was erected in 1920.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 6, 1920, under Vol. I by adding thereto:

to permit the use of the premises under Section 7c, for purposes as stated, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

558-23-BZ—Vol. II

APPLICANT—Ferdinand Savignano, for Tanwood Building Corporation, owner; 1500 McDonald Avenue Corp., lessee.

SUBJECT—Application reopened January 7, 1958 as Vol. II—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a business use district, the change of the use of building D from garage for the storage of more than five (5) motor vehicles and motor vehicle repair shop to yarn manufacturing and to maintain the present uses in buildings A, B and C.

PREMISES AFFECTED—44-100 Empire Boulevard, south side, 394 feet 6½ inches east of Franklin Avenue, Block 1313, Lot 26, Borough of Brooklyn.

APPEARANCES—

For Applicant: Francis Sciascia.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 7, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 13, 1958 after due notice by publication in the Bulletin; laid over to May 20, 1958, at the request of the objector; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Empire Boulevard and Franklin Avenue are in a business use, D area, class 1½ height district; Sterling Street and Bedford Avenue are in a business and residence use, D area, class 1½ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated September 4, 1957 acting on Alt. Applic. No. 2457-57, reads:

"1. Additional use in a bldg. having an existing non conforming use in a business use district is contrary to Art. 2, Sect. 4a-15 of Zone Resolutions. Note premises subject to a variance under 478-23-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth; that it is

proposed to change the present use of building "D" from garage storage of more than five motor vehicles and motor vehicle repair shop, to yarn manufacturing, which is a conforming use; that the required means of egress will be provided for as required for manufacturing, and that the opening between buildings C and D will be bricked up; that it is also proposed that buildings A, B and C shall maintain their present use as approved by the Board under Cal No. 478-23-BZ and Cal. No. 558-23-BZ, and have a Certificate of Occupancy issued for same; and

WHEREAS, the applicant further states that under date of June 19, 1923 the Board granted a variation for the erection of a one story structure to be used for sales and distributing station for the Automobile Manufacturers under Cal. No. 478-23-BZ, which is building A on the plan, erected under N.B. Applic. 12347-23 and Certificate of Occupancy No. 23516; that under Cal. No. 558-23-BZ the Board granted the use of garage storage for more than five motor vehicles and motor vehicle repair shop, which is presently being used in buildings B, C and D; that amendment to resolution under Cal. No. 558-23-BZ permitted buildings A and B to be used conjunctively by the lessee of building A, which was granted on amendment application dated October 17, 1933; and

WHEREAS, the applicant contends that the proposed change is in compliance with the Zoning Resolution; that the required means of egress will be provided for and any openings between building D and C will be closed with solid masonry.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 17, 1933 under Vol. I only insofar as it relates to building "C" now designated as building "D", to permit such building to be occupied for yarn manufacturing and throughout as proposed in place of the former use as a garage and motor vehicle repair shop on condition that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; that the openings to adjoining building "C" shall be bricked up; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

205-29-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Socony Mobile Oil Co., owner.

SUBJECT—Application reopened January 7, 1958 as Vol. III—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a local retail and residence use district, the reconstruction of the accessory building of the present gasoline service station and extend the uses to include office, lubricatorium, car washing, minor repairs, parking and storage of motor vehicles and increase to twelve the number of gasoline tanks.

WHEREAS, a public hearing was held on this application on April 15, 1958 after due notice by publication in the Bulletin; laid over to May 6, 1958, for inspection and decision; hearing closed; then to May 13, 1958, for further

MINUTES

study; then to May 20, 1958, for applicant to consult with owner; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in local retail and residence use, D and G-1 area, class $\frac{1}{2}$ height districts; 22nd Avenue is in local retail and residence use, G-1 area, class $\frac{1}{2}$ height districts; Willetts Point Boulevard, Clintonville Street and 160th Street are in a local retail use, D area, class $\frac{1}{2}$ height district; that as of July 25, 1916 that part of the premises within 100 feet of Willetts Point Boulevard and Clintonville Street was in a business use district, a class one height district and a class D area district; that on July 17, 1952 that part of the premises more than 100 feet distant from Willetts Point Boulevard and Clintonville Street was placed in class $\frac{1}{2}$ height district; that on July 7, 1953 the present use and height districts became effective; and

WHEREAS, the decision of the Borough Superintendent, dated October 25, 1957 acting on N. B. Applic. 3467-57, reads:

"1. The proposed demolition & reconstruction and extension of use of an existing office, grease pits and a gasoline selling station, lubratory, minor auto repairs, car washing, store, utility room, parking & storage of motor vehicles in a Local Retail & Residential Districts are contrary to Article II Sec. 3 & Sec. 4c of the Zoning Resolutions and B.S.A. resolution Cal. No. 205-29-BZ.

2. The proposed ground sign in a local retail district is contrary to Article II Sec 4c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 41.46 feet and 70.41 feet frontage by 136.18 feet in depth, presently developed with a gasoline service station and an accessory building of class 3 construction, having a frontage of 67 feet 4 inches and a depth of 26 feet and contain the conjunctive uses of lubratorium, office, car washing and minor auto repairs; that the rear of the site is being used for the parking and storage of motor vehicles; that the gas station was originally established under a variance granting such use by the Board under Cal. No. 205-29-BZ for a period of two years; that on June 4, 1957 the Board extended said variance and the area of the gas station for a period of fifteen years, expiring June 4, 1972; that the original variance permitted the use of gas station, office and grease pits and car washing and Certificate of Occupancy No. 41785 was issued for an office, grease pits and gas station; that it is proposed to secure a variance for a period of fifteen years in order to continue the use of the present gas station, remove the present accessory building and erect a new building of class 3 construction, having a frontage of 69 feet, one inch, a depth of 27 feet 8 inches to contain the uses of office, lubratorium, car washing and minor auto repairs; that it is further proposed to use the rear of the premises for the parking and storage of motor vehicles and increase the number of buried 550 gallon storage tanks from the present four, to a total of twelve, at the front of the site; that the proposed ground sign to be replaced at the intersection of Willetts Point Boulevard and Clintonville Street, will be placed ten feet above grade, will be 36 square feet in area, illuminated, and will only advertise the brand of name of gasoline to be sold; that the sign will not project more than four feet beyond the building line; and

WHEREAS, the applicant contends that the present gas station has been in existence since 1929 and its continued use has proven its need at this point; that Willetts Point Boulevard and Clintonville Street are both highly traversed auto lanes and the continued use of the gas station is as much in keeping at this date as it was when established in 1929; that the gas station, lubratorium and car washing uses are present legal uses and this application only involves the new uses of minor auto repairs and parking and storage of motor vehicles; that the rebuilding of the accessory building will enhance the area and enable the station to render a faster and more efficient service; and

WHEREAS, the applicant states that the present owner has held title to the property since September 29, 1937; that the assessed valuation of land is \$35,900 and of the building \$11,000 making a total of \$46,900; that the building was erected in 1929; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 26, 1929, and thereafter amended by resolution adopted through February 14, 1954, by adding thereto:

that in the event the owner desires to rearrange the gasoline selling station, previously permitted, as now indicated on plans filed with this application marked, "Received November 20, 1957, one sheet and April 17, 1958, five sheets," such rearrangement may be permitted; that the existing accessory building and all other construction on the premises shall be removed and the accessory building shall be of the design and arrangement as indicated on such plans; that the building shall be faced on all sides with face brick and shall comply with the requirements of the building code and shall be without cellar; that the toilet rooms shall be so arranged that the doors thereto are not contiguous; that pumps shall be of the low-approved type and so arranged as not to be erected over the gasoline storage tanks and with no pump nearer than 15 feet to a street building line; that the gasoline storage tanks shall not exceed twelve 550 gallons approved tanks; that the existing wall as previously required on the lot lines shall be retained but the wall between the side lot line wall to the west and the existing accessory building which is to be removed may be removed and that where such walls terminate there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of five feet, six inches on all side and rear lot lines; that curb cuts shall be reconstructed so that there be two curb cuts each not over 30 feet in width as shown on plans showing proposed conditions; that no portion of any curb cuts shall be nearer than five feet to a side lot line as prolonged at right angles to the building line; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct: that where not occupied by accessory building, pumps and walls, the plot shall be paved with concrete or asphalt; that signs shall be restricted to permanent signs attached to the facade of the proposed accessory building and the illuminated globes of the pumps excluding all roof signs and all temporary signs and advertising devices but permitting the erection within the building line where shown of a post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that under Section 7h for a similar time there may be parking and storing of motor vehicles toward the rear as indicated; that under Section 7i for a similar term there may be minor repairs for adjustment only, with hand tools maintained solely within the accessory building; that the sidewalks and curbing abutting the premises on Willetts Point Boulevard shall be reconstructed or repaired to the satisfaction of the Borough President; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

717-57-BZ

APPLICANT—Albert Melniker, for Beatrice and Clara Migliori, owners.

SUBJECT—Application October 3, 1957—decision of the Borough Superintendent, under section 7f of the Zoning Resolution to permit in an unrestricted and business use district, a variance to erect and maintain a gasoline service station, lubratorium, car washing (non automatic) minor motor vehicle repairs with hand tools only, sale of

MINUTES

accessories and parking for more than five (5) motor vehicles.

PREMISES AFFECTED—373-385 Tompkins Avenue and 174-182 Lynhurst Avenue, northeast corner, Block 2843, Lot 1, Rosebank, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 25, 1958 after due notice by publication in the Bulletin; and laid over to April 22, 1958, for applicant to file a survey of the block front and for both streets, one additional photograph of the site, and file an Administrative Appeal as to street widening.

Laid over from April 22, 1958, to May 20, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Willow Avenue and Lynhurst Avenue are in an unrestricted and business use, A and D area, class 1½ height districts; Ditson Avenue is in an unrestricted use, A area, class 1½ height district; Tompkins Avenue is in a business use, D area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 23, 1957 acting on N.B. Applic. No. 690-57, reads:

"1. Proposed gasoline service station, lubratorium, car washing, minor motor vehicle repairs with hand tools, sale of accessories, and parking for more than 5 motor vehicles located in a Business Use District is contrary to the Zoning Resolution Art. II Sect. 4a, subparagraphs 15 & 29."

and

WHEREAS, the applicant states that the premises consist of a plot, 110 feet frontage by 150 feet in depth, presently vacant; that it is proposed to construct a modern masonry, class 3 structure, of brick and masonry block construction; that the building will be 62 feet by 30 feet consisting of three bays, office and sales room, storage and heater room, mens and womens toilets; that the building will contain a lubratorium and a non-automatic car washing section; that it is also proposed to erect two pump islands with four pairs of dual pumps and to install twelve 550 gallon storage tanks together with one 550 gallon waste oil tank and one 550 gallon fuel oil tank; that it is further proposed to pave the entire lot with an asphaltic paving, to provide fencing on the interior lot lines and to install curb cuts to provide convenient ingress and egress to the pumps and buildings; and

WHEREAS, the applicant states that the property in question, the northeast corner of Tompkins Avenue and Lynhurst Avenue is a busy thru traffic street; that Tompkins Avenue is the main connecting highway between Broad Street, Stapleton and Hylan Boulevard, Rosebank; that this highway receives not only through traffic but the residential and commercial vehicles that feed from the side streets connecting into Tompkins Avenue; that the property in question is located in an area surrounded by industry to the east, south and west mixed with residential areas and with a residential development to the north consisting of Fox Hills Houses development and individual houses; that a forthcoming slum clearance program will take place in the area bounded by Tompkins Avenue, Broad Street and Gordon Street; and

WHEREAS, the applicant contends that the adjacent property is an automobile junk yard, and to the north are the railroad tracks of the Staten Island Rapid Transit; that the size of the lot permits comfortable use of the property without congestion or cross circulation; that this improvement

will represent an asset to the locality and the general area; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen years to permit the premises to be occupied as proposed as a gasoline service station substantially as indicated on plans filed with this application marked, "Received October 3, 1957, two sheets, and April 21, 1958, two sheets," on condition that the premises shall be leveled substantially to the grade of the adjoining streets to Tompkins Avenue and Lynhurst Avenue and that the plot shall be constructed and arranged substantially as indicated on such plans; that the accessory building shall be in accordance with the requirements of the building code and located and arranged as indicated on plans above cited; that the accessory building shall be faced with face brick facing the streets above named and the two other sides may be of cement blocks stuccoed; that pumps shall be of the low approved type erected not nearer than 45 feet from the present building line of Tompkins Avenue; that the gasoline storage tanks shall not exceed twelve 550 gallons approved tanks; that the balance of the premises where not occupied by the accessory building and pumps shall be paved with concrete or asphaltic paving; that on the interior lot lines there shall be erected a woven wire fence of the chain link type on a masonry base no less than five feet, six inches in height; that any opening in the rear and side walls to the north and east of the accessory building may be filled with glass blocks as approved for exterior walls; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing the two streets above named; that such portable fire-fighting appliance shall be maintained as the Fire Commissioner shall direct; that under Section 7i for a similar term there may be motor vehicle repairing with hand tools only for adjustment and minor repairs maintained solely within the accessory building; that there may be parking of motor vehicles so parked as not to interfere with the servicing of the station for a similar term; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing Tompkins Avenue and the illuminating globes of the pumps precluding all roof signs and all temporary signs and advertising devices but permitting the erection at the intersection of one post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend for a distance of not over four feet at right angles to the building line of Tompkins Avenue; and that all permits shall be obtained and all work completed within the requirement of Section 22A of the Zoning Resolution.

916-57-BZ

APPLICANT—John F. Fitzsimons, for Barney and Edith Levinson, owners.

SUBJECT—Application December 17, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a G-1 area district, the relocation of a one-car accessory garage to within one foot of the rear and side lot lines.

PREMISES AFFECTED—437 Beach 144th Street, west side, 300 feet south of Cronston Avenue, Block 703, Lot 22, Neponsit, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons, Barney & Edith Levenson.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Beach 144th Street, Beach Channel Drive, Newport Avenue and Beach 145th Street are in a residence use, G area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 26, 1957 acting on Alt. Applic. No. 2326-57, reads:

"1. The relocation of existing 1 car frame garage to within 1'-0" of rear and side lot lines in a G area district is contrary to Section 16-B Article IV of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 40 feet frontage by 100 feet in depth; and

WHEREAS, the applicant states that the owners of the premises have held titles since June of 1948; that in or about November 1956 they engaged a contractor to make some alterations in the dwelling on the premises and to construct a one-car garage; that the alteration on the dwelling was carried out under Alt. Applic. No. 2785-56, for which Permit No. 1618-57 was issued on March 19, 1957; that during the course of the alteration the contractor erected the garage in its present location without the owner realizing that no plans had been filed in the Building Department in connection with said garage; that upon completion it was found that the garage was not enterable because of lack of clearance between the corner of the dwelling and the front of the garage; and

WHEREAS, the applicant contends that within the same tax block, there are a number of accessory garages which do not meet the requirements of the G area district with regard to the setback from rear and side lot lines; that the entire neighborhood is rather completely developed with private dwellings and it is felt that the locating of the garage as proposed will not adversely affect the neighborhood; that it is urged that this is a specific case in which the Board may vary the provisions of the Zoning Resolution in harmony with its general purpose and intent so that the public health, safety and general welfare may remain secured and substantial justice done; and

WHEREAS, the applicant states that the present owners have held title to the property since June 4, 1948; that the assessed valuation of land is \$4,000 and of the building \$5,300 making a total of \$9,300; that the building was erected prior to 1922 and the garage was erected in 1957; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the existing one-car accessory garage to be located as proposed and as shown on plans marked, "Received December 17, 1957, three sheets, and April 2, 1958, one sheet," closer to the lot lines than permitted by the Zoning Resolution *on condition* that in all other respects the garage and its construction shall comply with all laws, rules and regulations

applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

948-57-BZ

APPLICANT—F. C. Dahlem and V. E. Block, for Sidjack Realty Corp., owner.

SUBJECT—Application December 20, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—1691-1711 Bryant Avenue, west side, 100 feet south of East 174th Street, Block 2997, Lot 30, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem, Victor Block, Harry Kobrin and Harry Appelmann.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 8, 1958 after due notice by publication in the Bulletin; laid over to April 22, 1958, at the request of an objector, applicant concurring; then to May 20, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and East 173rd Street are in a residence use, B area, class 1½ height district; Bryant Avenue and Vyse Avenue are in business and residence use, B area, class 1½ height districts; East 174th Street is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 19, 1957 acting on Alt. Applic. No. 1154-57, reads:

"1. Proposed parking & storage of more than five motor vehicles in a residence use district is contrary to Art. II Sect. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 225 feet frontage by 100 feet in depth; that it is proposed to grade and fence in the property for the parking and storage of more than five motor vehicles; and

WHEREAS, the applicant contends that the plot needs grading at the rear and there is an outcrop of soil rock on the northerly portion above grade, and the remainder is substantially near grade but is all solid rock; that surrounding portions are solidly built up of five and six story apartment houses and is a very congested section of The Bronx; that there is a great demand to have off street parking in this area; that to erect new apartment houses in this section, which is a low rental area, would be financially unsound; that for the present a parking lot would pay taxes and bring in some value for the investment; that the owner acquired this property from The City of New York; that there will also be a substantial outlay of money in order to put this property in shape for a parking lot, as considerable work must be done; and

WHEREAS, the applicant states that the present owner has held title to the property since November 6, 1957 and that the assessed valuation of land is \$29,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for

MINUTES

a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles, substantially as proposed and indicated on plans filed with this application, marked "Received December 20, 1957", 3 sheets, on condition that all buildings and uses on the site shall be removed and the rock completely removed from the entire area down to the curb grade of Bryant Avenue; that the plot shall be surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that at the rear lot line where the property is below the grade of this lot there shall be a retaining wall constructed and maintained; that at such retaining wall and on the side lot lines where walls of adjoining masonry buildings do not occur, there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches; that a similar fence shall be erected along the street building line of Bryant Avenue, with no opening therein except as shown on plans above cited and with curb cut opposite each opening not exceeding 14 feet in width, including splays; that suitable bumpers shall be maintained against such fences and walls, not less than 3 feet away, as proposed and shown on such plans; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon except there may be a building erected near the entrance for use solely as an office and shelter for the attendant; that such building shall not exceed 100 square feet in area and one story in height; that signs shall be restricted to a permanent sign attached to the fence at the entrance, advertising only the parking and storage use, the rates charged and any information required by the Commissioner of Licenses; that such sign shall not extend beyond the building line, shall not be illuminated nor exceed five square feet in area; that the sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 3:30 P. M.

Negative: Commissioner Kleinert 1

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 683-38-SA—Vols. I, II, III and IV.
Subject: Amendment of resolution as to additional trade names.

Surface Combustion Corp, requested by letter dated November 7, 1957 that the resolution adopted September 20, 1938 and amended at various times through December 4, 1956 under Calendar Number 683-38-SA—Vols. I, II, III and IV be amended so as to permit the USC Series to be marketed by National U.S. Radiator Corp. under the trade name National U.S. The application was reopened by a vote of the Board January 7, 1958.

Recommendation

The Committee on Test recommends that the resolution adopted September 20, 1938 and amended at various times through December 4, 1956 under Calendar Number 638-38-SA—Vols. I, II, III and IV be amended so that the Janitrol models approved under the above Cal. No. may be marketed by National US Radiator Corp. under the trade name of Nat-US, Models 30, 50, 65, 85, 100, 125, 155, 175, 200 and 225 on condition that the requirements of the resolution adopted September 20, 1938 and amended at various times through December 4, 1956 under Calendar Number 638-38-SA—Vols. I, II, III and IV are complied with.

(Sgd.) SAMUEL L. BECKER,

Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolutions of September 20, 1938 through December 4, 1956 in accordance with the above report.

374-39-SM—Vol. II

APPLICANT—The J. G. Wilson Corporation, owner.
SUBJECT—Application reopened February 18, 1958 for amendment of resolution as to a change of construction of rolling fire shutter—re Wilson Steel Rolling Fire Shutter, Type #23; previously approved.

APPEARANCES—

For Applicant: Robert M. L. Smith.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating and Commissioner Sleeper 3

Negative: Commissioner Kleinert 1

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 374-39-SM—Vol. II.
Subject: Amendment of resolution as to change of construction of rolling fire shutter.

J. G. Wilson Corp., New York requested by filing an application dated January 30, 1958 that the resolution adopted December 19, 1939 under Cal. No. 374-39-SM—Vol. II be amended as to change in construction. The application was reopened by a vote of the Board February 18, 1958.

Purpose

The shutter is used for the protection of openings in fire walls.

Description

The requested door is identical to the approved door with the exception of the shaft assembly which has been modified to incorporate a separate helical torsion spring enclosed in the shaft to drive the door closed and an escapement type governor to control the speed of descent. This mechanism

MINUTES

is disconnected from the door during normal operation and is actuated upon release of a fusible link.

Inspection and Test

The modified door was tested at the Underwriters Laboratory and successfully met the requirements of the C26-610. Administrative Building Code. The complete report 57C4296 is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends that the resolution adopted December 19, 1939 under Calendar Number 374-39-SM—Vol. I be amended so as to permit the modification as herein described and as detailed on Dwg. marked, "January 30, 1958" on condition that the requirements of the resolution adopted December 19, 1939 under Calendar Number 374-39-SM—Vol. I be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of December 19, 1939 in accordance with the above report.

241-50-SA

APPLICANT—Burns Heating Supply Co., Inc., for Jackson and Church Co., Inc., owner.

SUBJECT—Application reopened for amendment of resolution as to additional manner of installation—re Jackson and Church Oil-fired Suspension Units (Various models); previously approved.

APPEARANCES—

For Applicant: Irving T. Hecht.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating and Commissioner Sleeper 3
Negative: Commissioner Kleinert 1
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 241-50-SA.

Subject: Amendment to resolution as to additional manner of installation.

Burns Heating Supply Company, Inc., for Jackson & Church Company, Inc. requested by letter dated March 5, 1958 that the resolution adopted March 25, 1952 under Calendar Number 241-50-SA be reopened and amended so as to permit an additional means of installation in garages and places of explosive atmosphere.

Description

The approved method was to suspend the heater at least 8'-0" above floor level and with 40-40 mesh screen over the combustion air intake. The additional method of installation is to suspend the heater 8'-0" above floor level and in lieu of the 40-40 mesh, the combustion air is to be ducted directly from the outside.

Recommendation

The Committee on Test recommends that the resolution adopted March 25, 1952 under Calendar Number 241-50-SA be reopened and amended so as to permit the additional means of installation as herein described so as to permit the

combustion air to be ducted directly from outside the building and if so installed the 40-40 mesh may be removed on condition that all other requirements of the resolution be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of March 25, 1952 in accordance with the above report.

270-50-SA

APPLICANT—Spacarb, Inc., owner-manufacturer.

SUBJECT—Application reopened January 28, 1958 for amendment of resolution as to include additional models of beverage dispensers, Models 4D-52, D-53 and D-56 Spacarb Mix-A-Drink—re Spacarb Mix-A-Drink, Models 4D51, 4D53 and 3D53; previously approved.

APPEARANCES—

For Applicant: Joseph Bendas.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 270-50-SA.

Subject: Amendment to resolution to include additional models of beverage dispensers.

Rowe Spacarb Inc., Stamford, Conn., requested by letter dated December 23, 1957 that the resolution adopted March 9, 1954, under Calendar Number 270-50-SA be amended so as to include additional models of Spacarb Mix-A-Drink beverage dispensers. The application was reopened by a vote of the Board January 28, 1958.

Purpose

The appliance is an automatic beverage dispenser.

Description

The requested models are basically the same as those approved by the Board March 9, 1954 under Calendar Number 270-50-SA, the only difference being in styling and cabinet design.

Recommendation

The Committee on Test recommends that the resolution adopted March 9, 1954 under Calendar Number 270-50-SA be amended so as to include the additional Models 4D-52, D-53 and D-56 Spacarb Mix-A-Drink on condition that the requirements of the resolution adopted March 9, 1954 under Calendar Number 270-50-SA are complied with.

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,

211-53-SA

APPLICANT—Speed Queen Corporation, owner.
SUBJECT—Application reopened May 18, 1954 for amendment of resolution as to additional model washing machines, namely A-12, A-18, A-19, A-20, A-21, A-22, A-21W, A-22W and A-20F—re Speed Queen Automatic Washer (domestic type), Models A10 and A11; previously approved.

APPEARANCES—

For Applicant: D. M. Eckstein.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 211-53-SA.

Subject: Amendment to resolution as to additional model washing machines.

Speed Queen Corporation, Ripon, Wisconsin requested by letter dated April 16, 1954 that the resolution adopted November 4, 1953 under Calendar Number 211-53-SA be amended so as to include additional models of washing machines. The application was reopened by a vote of the Board May 18, 1954.

Purpose

The appliance is a clothes washing machine.

Description

The requested Model A-12 is identical to the models approved except for a cabinet styling.

The Models A-18, A-19 and A-20 are basically the same as the approved except for a cabinet styling and a change in the bracket for the inlet tube.

The Models A-21, A-22, A-21W, A-22W, A-20F are basically the same as the A-18, A-19 and A-20 except that the A-20F has a stainless steel tub and the A-21W and A-22W are equipped with a water saver.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts, Committee on Test, and it was noted that the air gap was at least $1\frac{1}{8}$ inches.

Recommendation

The Committee on Test recommends that the resolution adopted November 4, 1953 under Calendar Number 211-53-SA be amended so as to include the additional models of washing machines, namely A-12, A-18, A-19, A-20, A-21, A-22, A-21W, A-22W and A-20F on condition that the requirements of the resolution adopted November 4, 1953 under Calendar Number 211-53-SA are complied with.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of November 4, 1953 in accordance with the above report.

907-54-SM

APPLICANT—Eljer Co., owner.

SUBJECT—Application November 29, 1954—Eljer Co., Anti-Syphon Ballcock, Model E-9861, approval of.

APPEARANCES—

For Applicant: W. R. Jones.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 907-54-SM.

Subject: Eljer Company, Anti-Syphon Ballcock, Model E-9861.

Eljer Company, Ford City, Pa., filed November 29, 1954 an application with the Board of Standards and Appeals for approval of the Eljer Company Anti-Syphon Ballcock, Model E-9861 under the provisions of the Submerged Inlet Rules of the Board.

Purpose

The appliance is a ballcock for water closet tanks.

Description

This valve is constructed on the balance piston principle and incorporates a feature which effects a positive snap action closing when the tank is filled to the proper level.

This valve has a regulating screw incorporated in its construction which governs the volume of water flowing through the valve and allows the filling time of the tank to be adjusted to suit various water pressures. This regulating screw can be used as a shut-off valve and has as part of its design, a leather washer and a monel steel screen which effects a pressure drop on the incoming water supply and reduces the noise of running water to a minimum.

An air-brake is built into a valve to vent the refill tube in the case of back-syphonage. This air-brake is deliberately flooded with water while the valve is in operation and in the event of back syphonage on the supply side, this flooding stops and air is introduced through the air-brake, dissipating any vacuum that might occur in the refill tube. The air-brake is deliberately flooded to prevent any aspirator noise that occurs in the usual type of open air gaps normally used to vent refill tubes.

This Ballcock is constructed dimensionally to provide an air gap of $1\frac{1}{8}$ inches from the outlet end to the top of the overflow in an Eljer Closet Tank.

MINUTES

Inspection and Test

The appliance was inspected by Asst. Engr. J. A. Darts, Committee on Test and E. O. Bauman, Chief of Bureau of Water Register, it was noted that the construction was such that there was an air gap of $1\frac{1}{8}$ inches from the outlet end to the top of the over-flow in an Eljer Closet Tank.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Eljer Company Anti-Syphon Ballcock, Model E-9861 for use in New York City under the provisions of the Submerged Inlet Rules of the Board on condition that the appliance bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 907-54-SM."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

105-55-SA—Vol. II

APPLICANT—Thatcher Furnace Company, owner.
SUBJECT—Application reopened October 23, 1956 for amendment of resolution as to additional model, namely Thatcher Oil-fired Furnace, Model 532-187—re Thatcher Oil Burner, Models 532-70, 532-100 and 532-140, for heating homes, garages, filling stations or similar spaces; previously approved.

APPEARANCES—

For Applicant: James Lyon.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 105-55-SA Vol. II.

Subject: Amendment of resolution as to additional model.

The Thatcher Furnace Company, Garwood, New Jersey requested by letter dated October 10, 1956 that the resolution adopted February 21, 1956 under Calendar Number 105-55-SA be amended so as to include an additional oil-fired furnace, Model 532-187. The application was reopened as Vol. II by a vote of the Board October 23, 1956.

Description

The Model 532-187 oil-fired hot air furnace is similar to the models previously approved.

Its firing rate for No. 2 fuel oil is 1.85 gallons per hour and its heat output at the bonnet is 208000 Btu per hour. Controls consist of a thermostat, fan-limit control and a stack control.

Recommendation

The Committee on test recommends that the resolution adopted February 21, 1956 under Calendar Number 105-55-SA Vol. I be amended so as to include the Thatcher Oil-fired Furnace, Model 532-187 on condition that the requirements of the resolution adopted February 21, 1956 under Calendar Number 105-55-SA Vol. I be complied with and

provided that such furnace will not be installed in garages or other places where there may be explosive atmospheres.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of February 21, 1956 in accordance with the above report.

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 579-55-SA.

Subject: Wayne Remote Gasoline Pumps, Models 509-30 and 509-50.

The Wayne Pump Company, Salisbury, Maryland filed July 6, 1955 an application with the Board of Standards and Appeals for approval of the Wayne Remote Gasoline Pumps, Models 509-30 and 509-50 under the provisions of Section C19-69c Administrative Code.

Purpose

A submerged type of pump for motor fuels.

Description

The Models 509-30 and 509-50 gasoline pumps are centrifugal types designed for installation in underground storage tanks and used to supply remote dispensing units. Pump impellers are located inside tank near the bottom and are driven through a $\frac{3}{4}$ inch stainless steel shaft by a motor mounted on the pump discharge head on top of the tank.

Air vapor separation is accomplished by a vent return to the tank and a check valve with pressure relief is furnished.

The motors are a $\frac{3}{4}$ or 1 HP, 3450 RPM, available for single phase or three phase circuits and are made explosion proof.

The model 509-30 is rated at 30 gallons per minute at 25 pounds per square inch.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

The 509 models have been approved by the Underwriters Laboratories under File MH-6211.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Wayne Remote Gasoline Pumps, Models 509-30 and 509-50 for use in service stations in accordance with this report and the provisions of C19-69c Administrative Code and provided that all electrical work will be in accordance with the Electrical Code and that each pump shall bear a label, permanently affixed reading as follows: "Approved by

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 338-57-SA.

SUBJECT: Carrier Flake Master—Flake Ice Producing Machine—Model 26L10 Air Cooled, Model 26L20 Water Cooled and Carrier Chip Master—Chip Ice Producing Machine—Model 26R5 Air Cooled and Model 26R5 Water Cooled.

R. F. Meates for Carrier Corporation, New York, New York, filed April 10, 1957 an application with the Board of Standards and Appeals for approval of the Carrier Flake Master, Model 26L10 air cooled and Models 26L10 and 26L20 water cooled and the Carrier Chip Master, Model 26R5 air cooled and Model 26R5 water cooled for use in New York City under the provisions of Sections C26-191.0 and C19.96.0 Administrative Code.

Purpose

Mechanically refrigerated appliances for making flake ice and chip ice.

Description

The 26L Flake Masters are automatic machines producing up to 2000 pounds of flaked ice per day.

The 26L10 air cooled unit has a capacity of 1000 pounds of flaked ice per 24 hour day. The refrigerating system used in this model is powered with a 1½ horsepower hermetic compressor. The refrigerant charge is 4 pounds 7 ounces of F-22. The evaporator is in the form of a vertical cylinder wrapped with refrigerant coils and is covered with 2 inches of cork insulation.

Water is pumped from a sump to a header inside the evaporator cylinder and flows over a water distributor which rotates with the ice removal blades. The water flows down the evaporator surface forming a curtain over a large segment of the cylinder. Some of this water is transformed to ice and the remainder flows on down to a water pan and is returned to the sump to be re-circulated. A small portion of this water is carried off continuously in a bleed off line to prevent scaling due to any impurities in the recirculating water. The sump make-up water passes through a pre-cooler carrying the chilled bleed off water and enters the sump

through a float valve. The maximum level in the sump is maintained at ¼ inch below an overflow standpipe. The air gap between float valve outlet and overflow level is more than 1½ inches.

In the segment area of the evaporator cylinder over which the curtain of water is not flowing momentarily, as determined by the position of the rotating water distributor, the 1/16 inch thick film of formed ice is sub-cooled to 14°F. This sub-cooled ice is removed from the evaporator surface by the ice removal blades. The blades operate at 1.33 revolutions per minute by a flexible coupled gear reducer which in turn is driven by a motor.

The flake ice collects in an insulated storage bin installed below the evaporator section. The capacity of the bin is 500 pounds and the unit is operated automatically by the amount of ice in the bin.

The water cooled 26L10 model is similar to the air cooled model except for the use of a water cooled condenser in place of an air cooled condenser and a refrigerant charge of 3 pounds 7 ounces of F-22.

The water cooled 26L20 model is similar to the above but has an ice making capacity of 2000 pounds per 24 hour day and employs a refrigerant charge of 3 pounds 8 ounces of Carrene 7.

Pressure relief on all models is by means of fusible connections.

All three flake ice units are available for 208 volt and 230 volt 60 cycle single phase and for 208-220 volt 60 cycle three phase circuits.

The model 26R5 air cooled and water cooled machines are similar to the 26L models but use a different evaporator section.

Water is pumped from the cold water reservoir up through the water distributors where it is directed down the inclined surfaces of two refrigerated freezing plates. As the water passes over the cold plate, part is frozen and the remainder, except for a small amount bled off to limit scaling, is returned to the reservoir to be recirculated.

When the sheets of ice on the freezing plates reach the desired thickness, ⅛", the water pick up plate diverts cold water into a control bulb well. This cold water activates a two-bulb thermostat which stops the water pump, causes hot refrigerant gas to be directed through the evaporator coil and at the same time starts a crushing mechanism on the bottom of the evaporator.

As the freezing plates warm up, the sheets of ice are released and gravity drop into the crusher to be broken up into chips and deposited into the storage bin.

When the ice is collected, the two bulb control effects another freezing cycle.

The 26R5 air cooled model has a capacity of 450 pounds of chip ice per 24 hours and employs a refrigerant charge of 3 pounds of F-22. The 26R5 water cooled model has a capacity of 500 pounds of chip ice per 24 hours and employs a refrigerant charge of 2 pounds of F-22.

Both models are available for either 115 volt or 230 volt, 60 cycle, single phase current.

Inspection and Test

Models of the 26L and 26R series were inspected by Asst. Engr. G. F. Sklenarik, Committee on Test, at 45-15 Vernon Boulevard, Long Island City. Present were Mr. R. F. Meates and others representing the applicant.

The appliances were designed as described in this report.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Carrier Flake Master Models 26L10 Air Cooled and 26L10 and 26L20 Water Cooled and the Carrier Chipmaster Models 26R5 Air Cooled and Water Cooled for use in New York City when installed in accordance with this report and the provisions of Article 18 Chapter 19 Administrative Code and the Electrical Code of the City of New York provided that each appliance shall bear a label, permanently affixed, reading "Approved by the

648-57-SA

APPLICANT—The Wayne Pump Co., owner.
SUBJECT—Application August 2, 1957—Wayne Blend-O-Matic Pump for dispensing motor fuels, including Gasoline Model 511-D, approval of.

APPEARANCES—

For Applicant: Ross Powell.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 648-57-SA.

Subject: Wayne Dispensing Pump Model 511-D.

T. E. McLaron for Wayne Pump Co., Salisbury, Maryland, filed August 2, 1957 an application with the Board of Standards and Appeals for approval of the Wayne Dispensing Pump Model 511-D under the provisions of C19-69.0 Administrative Code.

Purpose

The appliance is a gasoline dispensing pump.

Description

The Model 511-D gasoline dispenser delivers product by drawing from two or more separate underground storage tanks using the components of two gasoline pumps mounted in a single housing. These consist of two of the following: pumping units, motor, air separator, check and pressure relief valve, meter, flow indicator and sump. The variation is that each meter discharge line goes through a section of a dual valve (blend control valve) having a common shaft and designed so that when one section of the valve opens, the other section closes. The discharge from one section of the valve passes through a standard 1 inch hose and the discharge from the other section passes through a 1/2 inch hose which is within the 1 inch hose. The smaller hose projects into the nozzle and mixing takes place at the point of delivery.

The equipment is so designed that in the event of broken suction or vapor lock, the pump automatically stops.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts, Committee on Test. The appliance has been approved by the Underwriters' Laboratory under MH 1781 and MH 1821.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval, for voluntary use, of the Wayne Dispensing Pump Model 511-D under the provisions of C19-69.0 Administrative Code on condition that the appliance bear a label permanently affixed reading: "Approved by the Board of Standards and

Appeals for use in New York City under Calendar Number 648-57-SA".

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 1037-57-SA.

Subject: Hook Gas Boiler, Series 20,000 and Series 30,000 for heating and volume hot water supply.

Hook Mfg. Co., McDonald, Pennsylvania, filed November 25, 1957 an application with the Board of Standards and Appeals for approval of the Hook Gas Boiler Series 20,000 and 30,000 under the provisions of Article 12 Administrative Building Code.

Purpose

Gas fired steam and hot water boilers.

Description

The Hook gas boilers Series 20,000 are available in six sizes for hot water ranging in capacity from 72,000 to 252,000 Btu per hour for home heating or supplying volume hot water for commercial use. They are also available in six similar sizes for steam service ranging in capacity from 62,000 to 217,000 Btu per hour.

The Series 20,000 boilers are made up of assembled cast iron sections varying in number according to the size of the boiler. The smallest size boiler is made up with three such sections and the largest with eight. Cast iron burners made with raised drilled ports are installed beneath the sections and arranged to fire upward into the flue passages between them. The burners are of the atmospheric type with adjustable primary air intake. Ignition is by means of pilot light.

A flue connection is provided on the top of the boiler and a draft diverter is supplied with each unit.

A sheet steel jacket finished in enamel and insulated with fibreglas encloses the boiler unit.

Controls and valves consist of a main gas cock and pilot cock, gas pressure regulator—except on L. P. gas units—a diaphragm gas valve and transformer, a safety pilot and pilot tubing and, on the hot water units, an immersion aquastat temperature limit switch, pressure gauge and relief valve set at 30 pounds while on the steam units, a low water cut-off and blow-off valve, pressure limit switch, pressure gauge and a relief valve set at 15 pounds.

The Series 30,000 boilers are available for steam or hot water and are made in 21 sizes ranging from 300,000 to 1,500,000 Btu per hour input. They are similar in construc-

MINUTES

tion and equipment to the Series 20,000 except that no pressure relief valve is used on the hot water type.

Each boiler is tested at 250 pounds per square inch hydrostatic pressure and carries an A.S.M.E. rating of 100 pounds per square inch for hot water up to 250°F and 15 pounds per square inch for a team.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

The Hook gas boilers were tested and approved by the American Gas Association, certificates 4-(1560.1, & 2) .001 and 4-(1465.0 & .1).001.

Recommendation

On the basis of examination and test and the data filed by the applicant, the Committee on Test recommends the approval of the Hook Gas Boiler, Series 20,000 and Series 30,000 for use in New York City when installed in accordance with this report and the requirements of Article 12 Administrative Building Code provided that each boiler shall bear a label, permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 1037-57-SA".

(Sgd.) SAMUEL L. BECKER,
Director
JOHN A. DARTS,
Asst. Engr.
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

830-39-SM

APPLICANT—Firedoor Corp. of America & Spartan Steel Products Corp., owners.

SUBJECT—Application reopened January 14, 1958 for amendment of resolution as to change of ownership, old owner World Steel Products Corporation—re NYK-A and NYK-B 1 Hr. Metal Covered Fire Doors; previously approved.

APPEARANCES—

For Applicant: Marlene Lawner.

ACTION OF BOARD—Application for amendment denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Absent: Commissioner Foley 1

ACTION OF BOARD—Application denied in view of the letter dated May 15, 1958 from the Chairman of the Board addressed to Firedoor Corporation of America.

For Applicant: Harry Savran.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

MINUTES

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated September 24, 1957, on Building Notice Application 931/56 reads:

"1. Structures facing on more than one street, equipped with a single riser, shall have at least two siamese hose connections, one each street front, Section 16.4.8.1(a2).

2. The pressure as obtained from the hydrant flow test is inadequate for the highest hose outlet Section 16.6.3.1(a).

3. Booster pump for increasing the pressure in a stand pipe is not provided for by the Building Code."

and

WHEREAS, the applicant states the building is 8 stories, 88 feet in height, 96 feet front by 76.08 feet in depth, of fireproof construction erected in 1913, located on a lot 110 feet front by 76.08 feet in depth in a business and residence use B area, Class 1½ height district, and used and occupied since 1913 as follows: cellar—superintendent's apartment, boiler and storage; first floor—2 apartments, stores and 12 rooms; second to eighth floors inclusive—apartments; that no change in use or occupancy is now proposed; that the building is provided with one 3 foot 4 inch wide interior steel stairs from roof bulkhead direct to street unenclosed; and

WHEREAS, Certificate of Occupancy No. 17067 Issued September 6, 1955, against alteration application 224/53, permits the following use and occupancy: cellar—superintendent's apartment, boiler and storage room; first to eighth floors inclusive—apartments; and contains the notation that "fire department approval of standpipe system and fuel oil installation received"; and

WHEREAS, a decision of the Fire Commissioner dated June 5, 1957 addressed to the Department of Buildings, reads in part:

"2. This department would have no objection to the acceptance of a booster pump if it had the authority to accept such a substitution in lieu of a gravity tank on the condition that the said booster pump was installed with three shut-off valves having one on each side of the pump, in addition to the shut-off valve on the main, so arranged that in the event that the pump had to be repaired, two of them could be shut off, permitting the temporary use of the fire line with street pressure. However, this department has no such authority.

Incidentally, the said standpipe system is at present supplied with a gravity tank and violation order No. 5863-6, issued on August 26, 1956, is pending against the standpipe system. Item 2 of that order reads:

Item 2. Repair defective standpipe tank.

Consequently, the matter you inquire about would appear to be one which the owners of the premises should present to the Board of Standards and Appeals and not either to your department or to ours."

and

WHEREAS, the applicant states that violation order No. 5863-6 was issued by the Fire Department August 26, 1956, requiring that the standpipe tank be repaired; and inasmuch as the standpipe tank formerly used as a gravity supply for the standpipe system was discontinued over fifteen years ago, and the system changed so as to be fed only from an 8 inch water main a plan was filed under building notice 931/56, showing the existing conditions where the standpipe system fed only from the 8 inch city main with 50 pounds per square inch pressure and 14.7 pounds per square inch pressure at the highest living floor and 10.8 pounds per square inch at the roof outlet; and

WHEREAS, the applicant contends that the plans filed for the erection of the building 1913 showed a standpipe system fed by gravity from the roof tank and also by one siamese connection on Hoe Avenue; and that when the fire department order was served the owners considered restoring the roof tank but found that the tank and all pumps and risers

feeding it beyond repair; and this necessitating a complete new system which would require a large alteration followed by disruption of tenancy, thus creating a hardship on the owners and the tenants; and

WHEREAS, the applicant contends further that the siamese on the Hoe Avenue front which has served as a source of supply for the standpipe system since 1913, is adequate, when supplemented by the existing 8 inch water main having a pressure of 14.7 pounds per square inch on the top floor although the Building code requires 15 pounds per square inch; and

WHEREAS, the records of the Department of Buildings have not been forwarded to the board for examination in connection with this appeal as required by the New York charter; and

WHEREAS, an examination of folder No. 49K1057.01 of the fire department indicates that on the date of June 3, 1957, the Chief Engineer of the Department of Buildings, The Bronx, advised the Fire Department that a request had been made to the Department of Buildings for approval of substituting a booster pump in lieu of an existing deteriorating gravity tank for the primary water supply for the standpipe system; and

WHEREAS, a certificate dated April 2, 1957, from the Department of Water Supply, Gas and Electricity, filed in the Fire Department folder, indicates that a test was made on the 6 inch main in the west side of Hoe Avenue and showed a static pressure of 50 pounds per square inch, residual pressure 45 pounds per square inch; and certifying that the water main in question is fed from both directions; and

WHEREAS, plans for proposed conditions filed with this appeal marked received October 14, 1957, do not indicate the proposed installation of a booster pump as referred to in the decision of the Borough Superintendent; and

WHEREAS, the store use shown by the applicant to exist on the first floor in answer to the appeal form is not referred to in the Certificate of Occupancy issued September 6, 1955 against alteration application 224/53, although the applicant states that the present use has existed since 1913; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated September 24, 1958, acting on B.N. App. 931/56, be and it hereby is *modified* and that the appeal be and it hereby is *granted* as Objection 1, *on condition* that one siamese on Hoe Avenue may be accepted, as indicated on plans filed with this appeal, marked "Received October 14, 1957", 2 sheets; and as to Objection 2, to permit the installation of an approved booster pump *on condition* that the pressure and volume at the highest hose outlet shall be to the satisfaction of the Fire Commissioner; and as to Objection 3, that the booster pump may be substituted for the gravity tank on the roof, *on condition* that such pump be installed with three shut-off valves, one on each side of the pump and one on the main, so arranged that in the event of repair of such pump, two valves could be shut off, permitting the temporary use of the fire line with street pressure; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

104-58-A

APPLICANT—Charles Abrahams for Ruth Levy, owner; National Backing Corp., lessee.

SUBJECT—Application March 6, 1958—Appeal from decisions of the Borough Superintendent, re manufacture inflammable mixture—tanks, ventilating flue, etc.

PREMISES AFFECTED—38-25 9th Street, east side, 210.29 feet south of 38th Avenue, Block 475, Lot 24, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: C. Abrahams.

ACTION OF BOARD—Appeal granted on condition.

MINUTES

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated March 4, 1958 on Alteration Application 1279-57 reads:

"1. No permits for the manufacture of inflammable mixtures shall be issued for any building wherein dry goods or any materials of a highly inflammable nature are manufactured, stored or sold C19-59.0(b6)

2. Mixing tanks shall be located in a fireproof compartment having a 6 inch concrete ceiling. Doors and windows shall be fireproof self closing C19-50.0(h)

3. Fireproof compartment to be provided with an 8 inch ventilating flue in accordance with C19-59.0(0)."

and

WHEREAS, the additional decision of the Borough Superintendent, dated March 4, 1958, on amendment to Alteration Application 1279-57 reads:

"2. Provide 2 legal exits from warehouse areas."

and

WHEREAS, the applicant states that the building is one story, 20 feet in height, 75.5 feet front by 100 feet in depth, of Class 1 and Class 3 construction, erected in 1920, and used and occupied since 1940 as follows: warehouse for the storage of textile material and now proposed to be constructed throughout of Class 1 construction and used and occupied as follows: north portion, warehouse for storage of textile materials, 2 persons; south portion—factory for manufacture of rubber cement, using Solvasol No. 1 and Solvasol No. 2 as solvents, 4 persons; that the building is provided with a one-source sprinkler system; and

WHEREAS, Certificate of Occupancy No. Q30249 issued December 31, 1943, against Alteration Application 968-43 describes the building as non-fireproof construction and permits its use as a warehouse with an occupancy of 4 persons; and

WHEREAS, Violation No. 698-57 was issued January 31, 1957 for violation of Section 643A of the Administrative Code in that roof beams were destroyed by fire, steel girder deflected and twisted. And requiring premises to be restored to a lawful condition; and

WHEREAS, the applicant states that under New Building Application 513 of 1920 the premises were improved with a one story brick building 39 feet front by 75 feet in depth used as a warehouse by the present lessee; that the building was extended under Alteration Application 968-43 to a frontage of 49 feet and a depth of 100 feet and Certificate of Occupancy No. Q30249 was issued for warehouse; that following a fire in January 1957 which destroyed the roof Alteration Application 1279-57 was filed and the building was restored and extended as a Class 1 building having a frontage of 75.5 feet and a depth of 100 feet and its height increased from 14 to 20 feet; that the roof of the building was constructed of precast concrete planks supported on steel beams, girders and columns; and

WHEREAS, the applicant states that the lessee has occupied the premises since 1940 for the storage of textiles which are rubberized with cement manufactured in the adjoining building at 38-31 9th Street; that because their rubber cement manufacturing facilities have become inadequate the extension erected under Alteration Application 1279-57 was built to provide additional facilities for the manufacture of rubber cement; that due to a misunderstanding the applicant filed the Alteration Application for a warehouse and factory without designating its use for the manufacture of rubber cement, using Solvasol No. 1 and Solvasol No. 2; and as a result the application was not reviewed by the Fire Prevention Examiner for compliance with Chapter 19 of the Administrative Code; that the work of restoring the

building and erecting the new extension is completed; that the owner not being aware of the applicant's oversight has installed an approved type one-source sprinkler system under Miscellaneous Application No. 1094-57 and has also installed six Solvasol Tanks under Miscellaneous Application No. 1324-57; and

WHEREAS, the applicant requests that the Board grant a variance of the requirements of Section C19-59.0(6) to permit the warehouse to be used for the storage of textile materials to grant a variance from Section C19-59.0(h) to permit the extension to be used for the manufacture of rubber cement using Solvasol No. 1 and Solvasol No. 2 and to permit the use of Wood doors and windows in the street wall, to grant a variance of the provisions of Section C19-59.0(o) to permit the installation of a metalbestos chimney as approved by the board under Calendar Number 8538-48-SM, Vol. II in lieu of a brick chimney, to grant a variance from Section C26-284.0 of the Administrative Code to permit the three-hour fireproof self-closing door at the rear of the subdividing masonry wall as a second means of egress from each floor area to swing as shown on plans filed with this appeal; and

WHEREAS, the applicant contends that the building is fireproof, having a Class 1 rating, that the two floor areas are completely separated by a masonry wall 8 inches and 12 inches in thickness; that an approved sprinkler type system has been installed in the entire building; and that the textile material is stored in bolt form; that the roof is constructed of Porete Channel concrete planks 3½ inches deep as approved by the Board under Calendar Number 228-39-SM; that the proposed chimney will not be used as a vent for a heating device but only as a vent to convey volatile gases from the floor area to the outer air; that the door at the rear of the subdividing masonry wall serves as second means of egress from both floor areas; that it is proposed to swing this door into the warehouse area which will have only 2 occupants; that a scuttle and iron ladder to the roof will be provided in each floor area; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated March 4, 1958, acting on Alt. App. 1279-57, Objections 1, 2 and 3, be and it hereby is *modified* and that the appeal be and it hereby is granted *on condition* that the arrangement shall be in accordance with plans filed with this appeal, marked "Received April 8, 1958", 5 sheets, and granted as to objection 2 issued by the Borough Superintendent March 4, 1958 on amendment to Alt. App. 1279-57, *on condition* that the exits shall be maintained as proposed on the above cited plans; that a 3 by 7 foot opening in the masonry wall toward the rear shall have an approved 3-hour fireproof, self-closing door swinging into the warehouse as required in the direction of exit; that the ladder with scuttle to the roof, equipped with easy opening devices shall be maintained in each of the two locations shown; and that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto.

WHEREAS, the resolution was amended on September 24, 1957; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 1, 1956, as *amended* by resolutions adopted through September 24, 1957, only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that the work has been more than fifty percent completed, that all permits required, including a certificate of occupancy,

MINUTES

shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (N. B. App. 2004/55).

658-52-BZ—Vol. II

APPLICANT—Paul Friedman, for Isidore Breidbart, owner, Tidewater Oil Company, conditional lessee.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7f, 7e, 7i and 7A of the Zoning Resolution, permitting in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, non-automatic auto wash, minor repairs with hand tools only, office, storage and sales of auto accessories, parking of five cars waiting to be serviced with a proposed show window within 75 feet of a residence use district and with ground sign on premises, for a stated term of 15 years.

PREMISES AFFECTED—222-44 Braddock Avenue, southeast corner of Winchester Boulevard, Block 10740, Lot 12, Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on January 14, 1958, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 14, 1958, only as to fences and walls, so that as *amended* this portion of the resolution shall read:

"that along the lot lines fences may be as now indicated on revised plan marked 'Received May 14, 1958', one sheet; and that on the southerly lot line the location of the fence two feet from the actual line may be permitted as shown on such plan, as passed on by the Borough Superintendent under N.B. 2286/57, under date of May 9, 1958."

550-55-BZ

APPLICANT—Charles M. Spindler, for The Sun Oil Company, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution as to location of pumps—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7e and 7h of the Zoning Resolution, permitting in a residence use district, for a term of years, the erection and maintenance of a gasoline service station, lubritorium, car wash, office for sale of accessories, auto repairs, storage of auto accessories and the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—640-666 Conduit Boulevard and 600-608 Grant Avenue, entire block bounded by Grant, Belmont and Sheridan Avenues and Conduit Boulevard, Block 4239, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 24, 1956, on certain conditions; and

WHEREAS, the resolution was amended on November 6, 1957; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 24, 1956, as *amended* by resolution adopted on November 6, 1957, by adding thereto:

"that the number of pumps and location of pump islands may be in accordance with revised plan marked 'Received April 29, 1958', 1 sheet, *on condition* that in all other respects the above resolutions shall be complied with; and that all permits required shall be obtained and all work completed within six months from the date of this *amended* resolution." (N.B. 1467/55)

991-55-BZ

APPLICANT—Peggy Cooney, for Claire-Al Realty Corp., owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7c, 7i and 7A of the Zoning Resolution, permitting in a business use district, the proposed extension in area and reconstruction of an existing gasoline service station, office and sale of auto accessories, lubrication, washing, minor repairs with hand tools only, parking and storage of motor vehicles, with proposed curb cuts within 75 feet of the residence use district.

PREMISES AFFECTED—236-244 Dyckman Street, southwest corner of Seaman Avenue, Block 2245, Lots 61, 63 and 65, Borough of Manhattan.

APPEARANCES—

For Applicant: Peggy Cooney and E. H. Snackenberg.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 5, 1956, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 5, 1956, only so far as it has reference to the post standard ground sign, so that as *amended* it shall read:

"and to permit the erection at the intersection of a post standard for supporting a sign, which may have two leaves, one facing at right angles to Dyckman Street and one at right angles to Seaman Avenue, both of which may be illuminated, advertising only the brand of gasoline and permitting such signs to have two leaves, each leave to extend not more than 4 feet beyond the building line as passed on by the Borough Superintendent under E.S. Applic. 159-58, and as shown on revised plan marked 'Received May 1, 1958', one sheet, except that the sign shall not be as shown on such plan but as herein required; and that in all other respects the resolution above cited shall be complied with."

WEDNESDAY MORNING, MAY 21, 1958, 10 A.M.

Present: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.

1039-57-A

APPLICANT—Latham C. Squire, for Brause and Brause, adjoining property owners.

OWNER OF PREMISES: Teachers Insurance and Annuity Association of America; Central Third Corp., lessee.

SUBJECT—Application December 20, 1957—Appeal from a decision of the Borough Superintendent re Revocation of Permit issued re N.B. 102-56.

PREMISES AFFECTED—730 3rd Avenue, west side, from East 45th to East 46th Streets, Block 1300, Lots 31 and 41, Borough of Manhattan.

APPEARANCES—

For Applicant: Latham C. Squire.

For Opposition: Joseph C. Fink.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated January 13, 1958 on N.B. App. 102/56, reads:

"Receipt is acknowledged of your letter of January 6, 1958, requesting that this office either revoke building permit issued on subject premises or deny request made by you in your letter of November 29, 1957.

"Letter written herewith supersedes letter sent to you under date of December 23, 1957, and constitutes a denial of your request to revoke permit issued for New Building No. 102/56.

"Memorandum of December 6th, 1955 sets up the procedure for establishing air rights from an adjoining building for a proposed tower on a building. Revised tower rights agreement was submitted to the Law Department under date of August 22, 1957, reviewed and found satisfactory by the Law Department and was accepted by this department under date of October 8th, 1957 as adequately insuring against violation of the said agreement without the knowledge and consent of this department.

"Your request for revocation is hereby denied."

and

WHEREAS, the applicant states that the proposed building will be 29 stories, 366 feet 6 inches, in height, 200 feet by 100 feet and 140 feet in area, of Class One construction, located in a retail use, B area, Class 1½ height district, and used throughout as an office building with stores on the first floor; and

WHEREAS, the applicant states that this was an appeal to review a decision of the Borough Superintendent refusing to revoke the approval of New Building Application 102-56 and the permit issued thereon; and

WHEREAS, the applicant contends that the proposed building, if erected according to the approved plans of application N.B. 102-56, will be in violation of Article III, Section 8(f) of the Zoning Resolution as the tower as proposed does not come within the permissive exception of, Section 9(d) of the Zoning Resolution; that Section 9(d) of the Zoning Resolution says that a tower on a non-residential building may cover "in aggregate not more than 25 per cent of the area of the lot." Section 1(v) defines a lot as, "a parcel or plot of ground which is or may be occupied by a building and accessory buildings including the open spaces required by this resolution." Also, it has been established that not more than one principal building may be constructed on one zoning lot—and a lot is "a parcel or plot of ground"; that the area of Lot 41, is 24,099.40 square feet. 25% of the area of this lot is 6,024.85 square feet, which is the maximum horizontal area of a tower permitted by Section 9(d) of this lot. The area of the tower as planned and approved for Lot 41 is 7,043.44 square feet. This means that the horizontal area of the tower exceeds the permitted area by 1,018.59 square feet; that in order to arrive at the tower area of 7,043.44 square feet as shown on the approved plans, Lots 31, 42 and 43 are included in computing the tower area; that Lot 31 is owned by the Teachers Insurance and Annuity Association of America, owners of Lot 41 on which the subject building is proposed to be constructed; in spite of the fact that Lot 31 is already a zoning lot for a 5 story building, it has been used in the calculation of the area of the tower to be constructed on Lot 41; that Lot 32 is owned by Samuel Brause and Milton Brause; that Lots 42 and 43 are owned by Christ Cella, Inc.; that on October 11, 1956 the owner of these

MINUTES

two lots entered into an agreement with the owner of Lot 41, and lessee of Lot 41, in which the air rights over Lots 42 and 43 were secured above a height of 120 feet above curb level; that subsequently the areas of these two lots were also added to those of Lots 31 and 41 to form a basis for computing the size of the tower to be constructed on Lot 41; that each of these lots has a building on it and therefore is already in use as a zoning lot for a principal building; that as the tower as planned is considerably larger in horizontal area than is permitted under Section 9(d), that part of the building above the thirteenth floor cannot be classified as a tower and therefore comes under the setback restrictions of Section 8(f) for a Class 1½ Height District which, it violates; that this decision of the Borough Superintendent, if permitted to stand, will create a dangerous precedent; that the restrictions as to the tower area for a non-residential building were written into the Zoning Resolution for a definite purpose—to protect the light and air of the surrounding buildings and streets—and that this decision by the Borough Superintendent is contrary to the purpose and intent of Article III of the Zoning Resolution; that it is only recently that the Department of Buildings completely reversed itself on this matter. Interdepartmental memos on the subject dated January 3rd and April 12th, 1945, "Area rights as affecting tower privileges under the Zoning Resolution," unalterably opposed the inclusion of air rights over outside lots in calculations used as a basis for tower size; that Interdepartmental Memorandums dated December 6, 1955, May 31, 1957 and October 7, 1957 supersede and reverse the opinions expressed in the 1945 memorandums. The memorandum of December 6, 1955 is a general memorandum applying to a tower on any non-residential building; the latter two were specifically in reference to the subject building; that the aggrieved parties in this action feel that such a decision by the Department of Buildings will not only adversely affect their property at 155 East 45th Street by taking away light and air which the Zoning Resolution is intended to protect but will, in the future, adversely affect properties in many parts of the City; that it is therefore urgently requested that the Board of Standards and Appeals revoke permit issued against N.B. Application 102 of 1956 granted by the Department of Buildings for the subject site.

Statements made by three members of the Board follow:

CHAIRMAN MURDOCK: Before I vote, I would like to state that Section 9, subdivision (d) is so clear there is no room for interpretation to permit inclusion of spaces above other existing buildings for the purpose of enlargement of the tower of the proposed building on its zoning lot. To permit such enlargement is not in harmony with zoning principles and does not protect the public because the enlargement of a tower takes away the light and air which was intended to be conserved by the limiting of a tower to 25 per cent of the area of the zoning lot.

It is vital that the zoning resolution should be amended, if clarification is required, or rules or a general resolution adopted by the Board to stop the unjustified method of increasing the tower area.

In this particular appeal, the tower area overage is 520 square feet and is not of sufficient moment to warrant the extreme treatment of setting aside the permit in whole or in part in view of the time that has elapsed and the work that has been done on the project and for this reason I vote "No".

VICE CHAIRMAN KEATING: First I want to say that I don't agree with the Chairman that there is no room for interpretation. If there was no room, we would not have this case before us. I vote to sustain the decision of the Borough Superintendent.

The appeal by Samuel and Milton Brause is based largely on the wording of Section 1 (v) of the Zoning Resolution. While this definition describes a "lot" as a "parcel or plot of ground", it is silent on air rights,

although it does refer to "open spaces required by this Resolution." However, air rights always have been recognized as being inherent in the ownership of the ground area. The computation of the allowable tower area by including the acquired "air rights" does not violate, in my opinion, the intent or spirit of the Zoning Resolution.

The agreement between Central Third Corporation, Teachers Insurance and Annuity Association and Christ Cella, Inc. adequately protects the light and air of the residents in the area. It also insures that on the property of Christ Cella, Inc., no building will be erected which would violate Section 8(g) of the Zoning Resolution.

Although the applicant claims he is an aggrieved party, the record indicates his light and air protection is better than if the proposed building were erected in the manner he suggests, which would have greater total bulk.

I agree with the other members of the Board that the application was filed in time.

I would like to add I wrote to the Corporation Counsel as to his opinion and got a definite opinion from the Corporation Counsel that the Borough Superintendent is correct in his ruling. I vote "No".

COMMISSIONER KLEINERT: No.

COMMISSIONER FOLEY: There is no man in New York has a greater opinion of the Chairman of this Board than I have. I just happen to disagree with him. Here is what I wrote:

The area and height restrictions in the Zoning Law were provided to protect the light and air of the inhabitants of the area affected. In this case the light and air of the owners and inhabitants of the area affected are protected just as effectively as they would be if the Central Third Corporation had acquired title to the property of Christ Cella instead of "air rights".

So far as I can determine, the light and air of the property owners who are objecting are not in any way affected by the addition to the size of the tower which was obtained by use of the "air rights".

There has been a growing tendency among builders to acquire and demolish buildings in a block in order to obtain sufficient ground area to enable them to construct larger towers. This has resulted in the destruction of buildings which had not lived out their economic life and the appearance of which was, in the opinion of some, superior to that of the structure which replaced them. This is not in the best interests of the City.

If the spirit of the Zoning Law can be carried out by obtaining so called air rights instead of destroying useful buildings, I do not think the Board should interfere. The police power of the City is used to protect the rights of the majority of its citizens. I believe this police power as expressed in the Zoning Law should be interpreted liberally. In this case, if an owner wishes to sell his air rights instead of his property, I feel that he has a right to do so.

I believe also that the Central Third Corporation has the right to acquire and use these rights, provided the city is fully protected against additional use of the same rights in the future. The Corporation Counsel has written that in his opinion the City is so protected. I vote "No".

COMMISSIONER SLEEPER: I vote "No."

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 102-56, dated January 13, 1958, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

JOSEPH J. DOYLE, *Chief Clerk*.

RULES

Fire Drill Rules, Adopted by the Board of Standards and Appeals, October 5, 1923

(593-23-SR)

DEFINITION OF "FIRE DRILL"

The method and practice of the systematic and orderly vacating of a building by its occupants in case of emergency, panic or fire in the least possible time—by the nearest safe means of exit—and the use of fire appliances which shall be provided for the extinguishing or retarding of fire and the safeguarding of human life.

Rule 1.

In all buildings as defined in Article 1, Section 10 of the Labor Law in which fire drills are required pursuant to Section 279 thereof and in any other building in which such drills are required by the Fire Commissioner pursuant to the power conferred in section 491 of the New York City Charter, it shall be the duty of the owners, lessees or tenants to conduct fire drills monthly and at such other times as the Fire Commissioner may direct.

For the purpose of conducting such fire drills the owner or tenants shall appoint from among their employees such responsible and dependable persons, male or female, who shall efficiently perform the duties of the various positions of the fire drill organization, as specified on the accompanying chart.

It shall be the duty of the owner or tenant to enter in the blank spaces provided for that purpose in said chart the names of persons so selected and post said chart and copies of the rules in a conspicuous place.

Rule 2. Duties of Foreman.

The Foreman or Person in Charge shall direct, enforce and have full charge of the "Fire Drill" in every factory on each floor. Each day before work is begun he shall see that extinguishers, fire hose, fire buckets, etc., are in readiness for use, exit doors are unlocked, aisles are free from obstruction, that stairways, halls, etc., are properly lighted, and shall remedy any dangerous condition found to exist. Immediately after work is commenced he shall check up the Fire Drill Organization list and note if the regularly assigned persons are present; if any are found to be absent, he shall assign other employees (if practicable) to perform their duties.

He shall immediately notify new employees of the existence of the Fire Drill Organization and give them the necessary instructions as to the duties they are to perform, etc.

He shall be familiar with the operation and location of the interior alarm signal box on his floor.

He shall listen for the test signal each morning at the appointed hour and in the event of the test signal not being heard he shall communicate with the superintendent or other person in charge of the building and advise him of the fact. The (Floor Captain's) Foreman's orders are final as to the carrying out of the fire drill on his particular floor.

Rule 3. Duties of Watchmen.

The WATCHMEN shall see that all doors and windows are closed so as to prevent the spread of fire. The WATCHMEN shall be the only persons permitted to remain on the floor during the progress of a fire drill and do so at their own risk. For ordinary purposes only one watchman and a substitute shall be designated. In special cases, however, extra watchmen may be assigned by consent in writing from Fire Commissioner.

Rule 4. Duties of Searchers.

The MALE AND FEMALE SEARCHERS shall search all toilets, dressing rooms and emergency rooms used and frequented by their sex and all other portions of the floor and order all persons, except those authorized to remain, to leave the premises. They are to take care of and assist all persons who may faint or be disabled.

SEARCHERS shall leave the floor immediately after the last squad leaves.

Rule 5. Duties of Street Alarm Box Runner.

The STREET-ALARM-BOX-RUNNER shall be familiar with the location of the nearest city fire alarm box and know how it is operated.

In ordinary practice fire drills the STREET-ALARM-BOX-RUNNER shall report to the Foreman for orders, and if his services are not required he shall promptly file out of the premises with the other occupants.

Only when a fire actually occurs on his floor, or when ordered to do so by the Foreman, shall the STREET-ALARM-BOX-RUNNER proceed to the street alarm box and send in the fire alarm.

RULES

Rule 6. Duties of Fire Brigade.

The fire brigade shall have full charge of the operation of all auxiliary fire fighting apparatus and shall endeavor to extinguish, or at least hold in check until the arrival of the Fire Department, any fire that may occur. When it is necessary for the fire brigade to respond to different floors in the building they shall not use the stairways or fire escapes while the occupants are escaping from the premises.

Rule 7. Duties of Exit Guards.

The EXIT GUARDS shall station themselves at all exit doors leading to fire escapes, stairways, and other means of escape immediately upon the sounding of the alarm. There shall be two guards for each exit, if practicable; one to stand in the hallway holding back the door and the other directly inside on the floor. They are to keep the exit doors open and direct the movements of the persons using these exits and prevent congestion.

EXIT GUARDS shall remain at their stations until all of the occupants of the building have passed their station. Then close their doors and pass out of the building. Upon signal for the occupants to return, EXIT GUARDS shall take their designated stations and remain there until all persons have returned to their respective floors.

Rule 8. Duties of Squad Monitors.

The SQUAD MONITORS, as soon as the alarm is sounded, shall see that the employees under their charge quickly form into line, two abreast, and numbering not more than thirty to each squad. They shall see that all aisles and passageways are cleared of obstructions.

Note: Chairs, stools, baskets, etc., should be pushed under or placed on top of work benches.

MONITORS shall proceed at the head of their respective squads to the exit assigned, and then march up or down the stairs or to other exits as directed by the EXIT GUARDS.

On reaching the sidewalk MONITORS shall keep their squads in order and lead them a reasonable distance from the building, so as not to cause congestion and interference with fire apparatus. When the proper signal is given they shall return to their respective floors at head of their squads.

MONITORS will at all times see that those under their charge conduct themselves in a respectable and orderly manner.

Rule 9. Holding of Drills.

FIRE DRILLS shall be held at least once each month at varied hours of the day, and all of the occupants shall participate therein simultaneously. Such drills shall conduct all occupants to a place of safety.

Where dual operation interior fire alarm systems are installed as permitted under Rule 11 of the interior fire alarm rules of the Board of Standards and Appeals, the fire drill conducted each month shall include all of the persons on the premises engaged at work for a factory,

and drills shall be conducted at least twice, each year in which all of the persons on the premises shall participate simultaneously.

Rule 10. Duties of Owner.

It shall be the duty of the OWNER, LESSEE OR TENANT OF THE BUILDING or his authorized agent or their representatives to personally observe that the "Fire Drill" is held simultaneously on every floor of the building and the participation therein of every occupant of such building. Any FIRE DRILL in which all of the occupants do not participate shall not be considered as complying with the LAW, except as otherwise provided in these rules.

The person or persons representing the OWNERS, LESSEE OR TENANT, who supervises the FIRE DRILL at the building shall submit to an examination by the Division of Fire Prevention as to their experience and general fitness for such duties, and shall be so certified in writing by the FIRE COMMISSIONER.

It shall be the duty of the ENGINEER, SUPERINTENDENT or other PERSON IN CHARGE of a building having an interior fire alarm system to test such system daily immediately after the beginning of business, and to see that all apparatus operated by springs, requiring winding are rewound after each alarm and kept in normal condition for operation.

Rule 11. Duties of Engineer.

Whenever it is necessary to test the fire alarm system at any other time of the day, owing to repairs, etc., being made, the PERSON IN CHARGE OF BUILDING will first notify all Foremen of the several floors of the intended test and likewise notify them when the repairs, etc. are completed. This precaution is taken to prevent confusion and excitement, also misunderstanding of the alarm signals.

It shall also be the duty of the PERSON IN CHARGE OF BUILDING to sound the interior alarm system at irregular intervals, but not less than once each calendar month, for the purpose of holding practice fire drills. He shall keep on the premises a record of such drills, showing the date when held and the required time for all occupants to reach the street or a point of safety outside the building.

The PERSON IN CHARGE OF BUILDING must immediately acquaint new tenants of the existence of the "Fire Drill" Organization and its purport.

Rule 12. Registration.

The name and address of every person, corporation or co-partnership, that will, under professional service, carry on the trade, business or calling of establishing, maintaining or supervising the "Fire Drill" shall be registered in the Fire Department, which Department shall, upon evidence of fitness, grant a certificate to that effect.

NOTICE

Applicants, under the zoning resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such

copies at the office of the Board of Standards and Appeal, Room 1018, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

RULE 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fireresisting partitions, with all openings therein protected by selfclosing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;

(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

PETITION AND ORDER OF CERTIORARI
SERVED ON THE BOARD OF STANDARDS
AND APPEALS.

On May 20, 1958, Copy of Petition and Order of Certiorari was
served on the Board by Stephen Shostak, attorney for St. Nicholas
Russian Orthodox Church of Whitestone, objecting property owner,
seeking a review of the Board's determination on April 15, 1958,
granting a variance under Sections 7f and 7i of the Zoning Resolution
to permit for a term of 15 years in a retail use district the erection
and maintenance of a gasoline service station, lubritorium, minor auto
repairs, office, storage, parking and storage of motor vehicles and a
ground sign. Cal. No. 92-57-BZ, Premises 14-40 to 14-50 Clintonville
Street (14-44 Official) west side, 61.63 feet south of 14th Road, White-
stone, Borough of Queens.

COURT DECISION

Matter of C. L. R. Realty Co., Inc. vs. S. F. S. Realty Corpora-
tion:—In 1956, owners of the plot at the southeast corner of East
40th Street, Borough of Manhattan, occupied by the Arnold Constable
Department Store, filed with the court an action for Declaratory Judg-
ment, stating in its complaint that it "is contemplating an addition to
the structure now on the premises," of which it is the owner.
At Special Term, Supreme Court, Mr. Justice Stevens granted to
the defendants (S. F. S. Realty Corporation) their motion for sum-
mary judgment, the court stating, in part:—
". . . It does not indicate that such addition as is contem-
plated would be barred, prohibited or the approval withheld be-
cause of existing circumstances. While there are other allegations
of possible changes in the future, they may be termed of so vague
and indefinite a nature as still to fail to present a justifiable is-
sue." (New York Law Journal, August 20, 1956.)
The decision was affirmed by the the Appellate Division, First De-
partment, and leave to appeal to the Court of Appeals denied.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, Chairman.

Further Sections will be published, containing other approved materials and appliances.

JUNE 3, 1958, 10 A.M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, June 3, 1958, at 10 o'clock in Room 1013, Municipal Building, Manhattan on the following matters:

70-37-BZ—Vol. III

APPLICANT—Charles M. Spindler, for Felix De Vito, owner.

SUBJECT—Application reopened January 7, 1958 as Vol. III—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a retail use district, the alteration of an existing garage and warehouse, for use as a gasoline service station, auto-wash (non-automatic), lubrication, parking of automobiles, office, sale of auto accessories, minor repairs with hand tools only and safety inspection station for a stated term of fifteen years.

PREMISES AFFECTED—70-07 to 70-21 (70-15 Official) Astoria Boulevard and 22-16 to 22-24 71st Street, northwest corner, Block 1002, Lot 13, Long Island City, Borough of Queens.

Laid over from May 27, 1958, to June 3, 1958, at request of objector, applicant concurring.

38-58-BZ

APPLICANT—Julian Roth of Emory Roth and Sons, for Metropolitan Life Insurance Co., owner.

SUBJECT—Application January 14, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a 1¼ and 2 times height district, to maintain the present 23 story building with 14 story tower above, making a total of 37 story and penthouse building, used as an office building, separate and apart from the building on Block 1278, Lot 67, designated as 2-4 East 44th Street not in conformity with Board of Standards and Appeals resolution Cal. No. 741-27-BZ.

PREMISES AFFECTED—519-521 5th Avenue, northeast corner of East 43rd Street, Block 1278, Lot 1, Borough of Manhattan.

Laid over from May 27, 1958, for applicant to send out new notices by regular mail for hearing on June 3, 1958.

39-58-BZ

APPLICANT—Julian Roth of Emory Roth and Sons for Bankers Trust Co., and Metropolitan Life Insurance Co., owners.

SUBJECT—Application January 14, 1958—decision of the Borough Superintendent, under section 19A and 21 of the Zoning Resolution, to permit the separation of Lot 67 from the Certificate of Occupancy of Lot 1 and extend the 12 story building on Lot 69 to 19 stories and erect thereto a 19 story extension of Lot 67, eliminating the required loading and unloading berth.

PREMISES AFFECTED—2-4 East 44th Street and 523-529 5th Avenue, southeast corner, Block 1278, Lots 67 and 69, Borough of Manhattan.

Laid over from May 27, 1958, for applicant to send out new notices by regular mail for hearing on June 3, 1958.

1106-48-BZ—Vol. II

16-58-BZ

APPLICANT—Ervin Palmer, for Thomas J. McCahill, owners; National Parking System, Inc., lessee.

SUBJECT—Application January 8, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a retail and residence use district, the extension of the present parking lot from the retail portion into the residence portion of the plot.

PREMISES AFFECTED—443-447 3rd Avenue, east side, 19 feet, 9 inches south of East 31st Street and 206 East 31st Street, Block 911, Lot 64, Borough of Manhattan.

APPEARANCES—

For Applicant: Ervin Palmer.

For Opposition: Irving Schwartz and Muriel Kruliak.

ACTION OF BOARD—Laid over to June 24, 1958, at 10 A. M. for inspection and decision; hearing closed.

29-58-BZ

APPLICANT—Lama, Proskauer and Prober, for August Droll and Neary Realty Co., Inc., owners.

SUBJECT—Application January 28, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a local retail and residence use district, the maintenance of a parking lot for the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—2092 Nostrand Avenue, west side, 130 feet north of Glenwood Road, and 671-675 East 29th Street, Block 5252, Lots 6 and 68, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and John Samuel.

For Opposition: Harry L. Horn, Alice O. Fox, Rocco J. Amalta, Theodore J. Malvin, Lillian D. Suarez, Anthony Sofia and P. Napolitano.

ACTION OF BOARD—Laid over to June 17, 1958, at 10 A. M. for inspection and decision; hearing closed.

38-58-BZ

APPLICANT—Julian Roth of Emory Roth and Sons, for Metropolitan Life Insurance Co., owner.

SUBJECT—Application January 14, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a 1¼ and 2 times height district, to maintain the present 23 story building with 14 story tower above, making a total of 37 story and penthouse building, used as an office building, separate and apart from the building on Block 1278, Lot 67, designated as 2-4 East 44th Street not in conformity with Board of Standards and Appeals resolution Cal. No. 741-27-BZ.

PREMISES AFFECTED—519-521 5th Avenue, northeast corner of East 43rd Street, Block 1278, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Julian Roth.

For Opposition: Edward Hoffman for City Construction Coordinator.

ACTION OF BOARD—Laid over to June 3, 1958, at 10 A. M. for applicant to send out new notices by regular mail for hearing on June 3, 1958 at 10 A. M.

39-58-BZ

APPLICANT—Julian Roth of Emory Roth and Sons for Bankers Trust Co., and Metropolitan Life Insurance Co., owners.

SUBJECT—Application January 14, 1958—decision of the Borough Superintendent, under section 19A and 21 of the Zoning Resolution, to permit the separation of lot 67 from the Certificate of Occupancy of lot 1 and extend the 12 story building on lot 69 to 19 stories and erect thereto a 19 story extension of lot 67, eliminating the required loading and unloading berth.

PREMISES AFFECTED—2-4 East 44th Street and 523-529 5th Avenue, southeast corner, Block 1278, Lots 67 and 69, Borough of Manhattan.

MINUTES

APPEARANCES—

For Applicant: Julian Roth.

For Opposition: Edward Hoffman for City Construction Coordinator.

ACTION OF BOARD—Laid over to June 3, 1958, at 10 A. M. for applicant to send out new notices by regular mail for hearing on June 3, 1958 at 10 A. M.

203-57-BZ

APPLICANT—Charles A. Buckley, Jr., for Inter County Associates, Inc., owner.

SUBJECT—Application March 20, 1957—decision of the Borough Superintendent under section 7e and 21 of the Zoning Resolution, to permit in a residence use "E-1" area district, the erection of a four (4) story and cellar, class A multiple dwelling of class III construction.

PREMISES AFFECTED—433-443 West 263rd Street, north side, 204 feet east of Riverdale Avenue, Block 3423, Lots 1612 and 1614, Borough of The Bronx.

APPEARANCES—

For Applicant: Maurice J. Schulkind.

For Opposition: None.

ACTION OF BOARD—Application withdrawn.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper. 4
Negative: 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the applicant proposes to use the premises for a conforming use.

Resolved, that the application be and it hereby is withdrawn without prejudice.

122-39-BZ—Vol. II

APPLICANT—William S. Worrall, Jr., for The Cord Meyer Company, owner; Maxwell Strauss, lessee.

SUBJECT—Application reopened December 10, 1957 as Vol. II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a business use district, the erection of a one-story building to be maintained for use as a high speed auto laundry and car polishing establishment with parking of motor vehicles awaiting service for a term of fifteen (15) years.

PREMISES AFFECTED—88-14 to 88-26 (88-20 official) Roosevelt Avenue, south side, 97.05 feet west of Case Street, Block 1510, Lot 1, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: William S. Worrall, Jr. and M. M. Strauss.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on December 17, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 29, 1958 after due notice by publication in the Bulletin; laid over to May 27, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Roosevelt Avenue are in a business use, B area, class 1½ height district; Britton Avenue and Elmhurst Avenue are in business and residence use, B area, class 1½ height districts; Elbertson Street is in a residence use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 8, 1957 acting on N.B. Applic. No. 2234-57, reads:

"1. Proposed high speed auto laundry, car polishing and parking of motor vehicles waiting to be serviced on a lot in a business use district is contrary to Art. 2, Sec. 4a, subsection 52 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 145 feet frontage by 61.825 feet in depth, presently vacant except for three billboards, and surrounded by a chain link fence; that it is proposed to construct a one story brick building of class three construction, having a frontage of 90 feet and a depth of 26 feet, 8 inches and a setback from Roosevelt Avenue of 30 feet; that the building will be used for a high speed auto laundry, car polishing and the open area will be used for parking motor vehicles awaiting service, for a term of fifteen years; that it is also proposed to erect a suitable fence along all lot lines, except the building line of Roosevelt Avenue; that an eleven foot curb cut is proposed near the westerly end for an entrance on Roosevelt Avenue to the laundry, and a 19 foot curb cut near the easterly end of the property for an entrance and exit; that the driveway between curb and lot line will be of concrete; that the balance of the plot not used for building will be surfaced with concrete or asphaltic pavement and graded towards Roosevelt Avenue; and

WHEREAS, the applicant contends that the premises are adjacent to the Roosevelt Avenue elevated railway which is constructed of steel, and the passing of trains makes it very noisy; that in addition there is no economic demand for the use of the subject premises for conforming store use, as existing store facilities located elsewhere adequately serve the needs of the neighborhood; that there is a need for a high speed laundry in this vicinity of many automobiles; that fifteen automobiles awaiting service can be accommodated on the premises; that the neighborhood, generally, in this area has numerous non-conforming uses as well as a licensed parking lot between Elmhurst Avenue and 87th Street; that block 1511, lot 6 is now a licensed parking lot; and

WHEREAS, the applicant states that the present owner has held title to the property since 1900; that it was sold in 1950 and repurchased in 1954; that the assessed valuation of land is \$33,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the Committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. No. 2234-57, Objection No. one, be and it hereby is affirmed and that the application be and it hereby is denied.

712-47-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for L and G Realty Corp., owner.

SUBJECT—Application reopened February 4, 1958 as Vol. II—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a business use district, the maintenance of the present gasoline service station as is now exists with the pumps set 3 feet 10 inches and 8 feet 3 inches from the street building line and to omit the concrete bumpers for a distance of 5 feet from the intersection.

PREMISES AFFECTED—1602-1610 39th Street and 3901-3921 16th Avenue, southeast corner, Block 5383, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama, Reginald S. Hardy and Harry Phillips.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 4, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 13, 1958 after due notice by publication in the Bulletin; laid over to May 27, 1958, for applicant to file revised plans showing relocation of pumps; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 16th Avenue are in a business use, C area, class 1 height district; 39th Street, 40th Street and Dahill Road are in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated December 16, 1957 acting on Alt. Applic. No. 2683-57, reads:

"1. Proposed alteration to existing gasoline service station located in a business use district to increase the height and areas of the present lubritorium and laundry and to create a storage yard for grease and oils and to add storage of motor vehicles to the permitted use is contrary to Art. II, Sec. 4(a) Subdiv. 46 of the Zoning Resolution.

"Note: These premises were the subject of action by the Board of Standards and Appeals under Cal. 712-47-BZ on Alt. Applic. 2087-47, which application was revoked by the Superintendent for the reason that the work called for in the alteration was not completed within the time set by the Bd. of S. & A. in its conditional grant of a Zoning Variance."

and

WHEREAS, the applicant states that the premises consist of a plot 190 feet 4¼ inches frontage by 72 feet 4 inches in depth, irregular, presently developed with a gasoline service station consisting of four 550 gallon tanks and four gasoline dispensing pumps, and an accessory building one story in height, of class 3 construction, having a frontage of 87 feet, a depth of 25 feet and is now being used for office, lubritory, auto laundry and storage room; that the open area not occupied by the gas station is now being used for parking of cars; and

WHEREAS, the applicant states that the Building Department records show that the original permit for a gas station on this site was issued in 1923 under N.B. Applic. 15204-23; that in 1945 under B.N. Applic. 2949 of 1941, a Certificate of Occupancy No. 111855 was issued for gasoline service station and parking of not more than five cars over night; that records further show that in 1947 under Alt. Applic. No. 2087-47 and Cal. No. 712-47-BZ, permission was granted to extend the present building "on conditions" as stated in the Resolution adopted July 20, 1948; that on September 15, 1949 a violation was issued against the subject premises because the owner failed to complete all the work that was called for under the approvals obtained from the Building Department and from the Board under Alt. Applic. 2087-47 and Cal. No. 712-47-BZ; that following is the list of work not completed; pumps have not been moved back ten feet from the street building lines; wire fence has not been erected along the east lot line; concrete bumper for a distance of five feet from the intersection; that on June 22, 1956 the Building Department revoked the permits because the owner failed to complete all the work within the time limit set forth by the Board under Cal. No. 712-47-BZ—Resolution adopted July 20, 1948; and

WHEREAS, the applicant contends that this station has been in continued operation since 1923, which proves conclusively that it has rendered a much needed and required service to the people of this area; that the plot is triangular in shape and renders itself to the proposal; that there are two non-conforming uses of gas station in Block 5384, Lots 1 and 72; and

WHEREAS, the applicant states that the present owner has held title to the property since March 13, 1944; that the assessed valuation of land is \$15,000 and of the building \$12,000 making a total of \$27,000; that the building was erected in 1923; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted under Vol. I on July 20, 1958 to permit in lieu of the revised plans as marked, "Received December 30, 1957, four sheets, April 4, 1958, one sheet," as amended by revised plan marked, "Received May 20, 1958," showing the pumps ten feet distant from the building line as previously required in the resolution above cited and to show the safety island at the intersection of 16th Avenue and 39th Street to be as required extending from the intersection for a distance of not less than five feet along the street and not less than 12 inches in height; that in all other respects the resolution above cited shall be complied with and that all permits shall be obtained and all work completed within six months from the date of this amended resolution and that a certificate of occupancy shall be obtained.

80-54-BZ

APPLICANT—Philip Freshman, for Hotel Dryden, Inc., owner.

SUBJECT—Application reopened May 6, 1958 for consideration as to extension of time to complete, expired December 13, 1957—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, permitting in a residence use district, the conversion and use of present apartments, on the 1, 2, 3, 4 and 5th stories to business use (offices) and a proposed coffee shop and cocktail lounge.

PREMISES AFFECTED—148-152 East 39th Street, south side, 100 feet west of 3rd Avenue, Block 894, Lot 52, Borough of Manhattan.

APPEARANCES—

For Applicant: Philip Freshman.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, on December 13, 1955 this application was granted by the Board on certain conditions, under Section 7e of the Zoning Resolution, to permit in a residence use district, the conversion and use of present apartments on the first, second, third, fourth and fifth stories, to business use, office, and a proposed coffee shop and cocktail lounge affecting premises 148-152 East 39th Street, south side, 100 feet west of Third Avenue, Block 894, Lot 52, Borough of Manhattan; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation on December 13, 1956; and

WHEREAS, this application was reopened on May 6, 1958 and set for hearing on May 27, 1958 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated April 17, 1958 acting on amendment to Alt. Applic. No. 1669-53, reads:

"A-5. This objection was denied on Feb. 4, 1954, and no further denial will be given. You may appeal this decision to the Board of Standards and Appeals."

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 13, 1955, only as to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that in view of the statement by the applicant that the work has been partly completed; that all permits required, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution." Alt. Applic. No. 1669-53 A-5.

166-55-BZ—Vol. II

APPLICANT—Paul Friedman, for Warren J. Heeg and Thomas Adams, owners.

SUBJECT—Application reopened February 4, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, automatic car wash, lubricatory, minor repairs with hand tools only, office, storage and sale of automobile accessories, parking and storage of more than five (5) motor vehicles with ground signs in a retail use district, for a stated term of fifteen (15) years.

PREMISES AFFECTED—105-19 to 105-37 Horace Harding Expressway and 59-02 to 59-28 Granger Street, northwest corner; 105-20 to 105-38 Westside Avenue, and 60-01 to 60-11 Xenia Street, Block 1963, Lot 5, Corona, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman and Warren J. Heeg.

For Opposition: Arline Morello.

For Administration: John J. Saunders, Bd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 4, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 29, 1958 after due notice by publication in the Bulletin; laid over to May 27, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Westside Avenue, Horace Harding Expressway, Granger Street and Xenia Street are in a retail use, C area, class 1 height district; that as of July 25, 1916 the portion of the property within 100 feet of Rodman Street—Horace Harding Expressway—as then mapped was zoned as a business district and the remainder was in a residence district; that on April 21, 1955 the present retail district designation became effective; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated November 22, 1957 acting on N.B. Applic. No. 3687-57, reads:

"1. The proposed gasoline service station, automatic car wash, lubricatory, minor repairs with hand tools only, office & sale of automobile accessories, parking & storage of more than 5 motor vehicles, in a retail use district, is contrary to Art. 2 Sec. 4A of the Zone Res.

2. Ground signs are prohibited in retail dist. as per Art. II Sect. 4A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 236.31 feet frontage by 200 feet in depth, irregular; that it is proposed to erect a modern, parkway type gasoline service station, automatic car wash, lubricatory, minor repairs with hand tools only, office and sale of automobile acces-

sories, parking and storage of more than five motor vehicles, with ground signs in a retail use district; and

WHEREAS, the applicant states that on September 27, 1955 the Board denied an application under Cal. No. 166-55-BZ under Section 7f of the Zoning Resolution, to permit in a retail use district the erection and maintenance of a gasoline service station, non-automatic auto washing, storage and sale of accessories and office at premises 105-25 Horace Harding Expressway, northwest corner of Granger Street, Block 1963, Lot 24; that the then subject premises acted upon by the Board comprised an irregular plot having a frontage of 173.98 feet on Horace Harding Expressway and 107.71 feet on Granger Street, an area of approximately 13,000 square feet; and

WHEREAS, the applicant further states that the instant application differs from the previously denied application in the following material and substantial respects: that the size of the plot is substantially different inasmuch the instant application affects the entire block bounded by Horace Harding Expressway, Granger Street, Westside Avenue and Xenia Street; that the previous application affected a plot located at the northwest corner of Horace Harding Expressway and Granger Street, so that a substantial portion of the subject premises has never been the subject of any action by the Board; that there has been a substantial change in the character of the immediate area since the previous application was made; that the site is now located on the northerly service road of Horace Harding Expressway, a major arterial express highway, now under construction; that at the time of the previous application, the construction of the Expressway was still in the planning stage and no work had been commenced; that since the denial of the previous application, a new gas station has been completed at premises 99-51 Horace Harding Boulevard, northwest corner of Otis Avenue, which is located two blocks east of the subject premises; that there is also a gas station located opposite the site to the east in block 1964, lot 23, so that the subject premises is now situated between two existing gas stations; that in denying the previous application the Board set forth in its determining resolution that it was of the opinion that the premises could be developed for conforming use; that since the denial, diligent efforts to develop the premises for a conforming use have been fruitless, and the only demand for the premises has been for a gas station and accessory uses as proposed herein; and

WHEREAS, the applicant contends that there is no economic demand for development of the subject premises for conforming store or residential use, but there is a demand for development as a gasoline service station; that a grant of the instant application would have no adverse effect upon nearby properties and would protect rather than endanger the safety of pedestrians; that a grant of the application would provide more light and ventilation to nearby properties than if the premises were to be developed with a conforming building; and

WHEREAS, the applicant states that the present owner has held title to the property since May 10, 1954 and October 19, 1954 and that the assessed valuation of land is \$36,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of 15 years to permit the premises to be occupied as a gasoline service station substantially as proposed and as indicated on plans filed with this application marked, "Received December 23, 1957, four sheets," *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be graded and arranged and constructed substantially as indicated on such plans; that where retaining walls are required on the street line, they shall be erected

MINUTES

at the expense of the owner; that woven wire fence of the chain link type or a fence with steel pickets as hereinafter required not less than five feet, six inches in height shall be erected along the entire street line of Granger Street and Westside Avenue, with suitable terminating posts; that the accessory building shall be of the design and arrangement as indicated on such plans and located where shown and shall be faced on the exterior and all sides with face brick; that such accessory building shall also include the automatic car washing building as shown; that pumps shall be of the low approved type erected not nearer than fifteen feet to the street line of Horace Harding Expressway as shown; that the number of gasoline storage tanks shall not exceed twelve 550 gallons approved tanks; that the balance of the premises where not occupied by the accessory building shall be paved with concrete or asphaltic pavement; that signs shall be restricted to permanent signs attached to the facade of the building facing Horace Harding Expressway and to the illuminated globes of the pumps excluding all roof signs and temporary signs but permitting the erection within the building line of Horace Harding service road of two post standards, where shown, each for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such signs to extend beyond the building line at right angles to Horace Harding Boulevard service road for a distance of not more than four feet; that curb cuts shall be restricted to four curb cuts to Horace Harding Expressway service road not over 30 feet in width and not less than five feet to a side lot line as prolonged; and one curb cut, not over 10 feet in width, on Granger Street within 25 feet from the intersection of Horace Harding Expressway Service Road; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7e signs may be permitted as hereinbefore specified for a similar term and under Section 7i there may be minor repairing with hand tools only for adjustments solely within the accessory building for a similar term; that sidewalks and curbing surrounding the premises shall be constructed or repaired to the satisfaction of the Borough President; that the fences above referred to shall be of the steel picket type on a masonry base and such pickets to be not less than three feet, six inches in height where shown, otherwise of the woven wire fence of the chain link type as heretofore required; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

218-55-BZ—Vol. II

APPLICANT—Charles M. Spindler, for Louis Jablowsky, owner.

SUBJECT—Application reopened January 21, 1958 as Vol. II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a retail use district, at an existing gasoline service station, the additional use of parking and storage of more than five motor vehicles.

PREMISES AFFECTED—152-174 Hegeman Avenue, south side, from Osborn Street to Thatford Avenue; 622-626 Osborn Street and 541-555 Thatford Avenue, Block 3637, Lot 32, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 21, 1958 subject to regular procedure, to consider additional use; and

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Hegeman Avenue are in a retail use, D area, class 1 height district; Thatford Avenue is in retail and business use, D area, class 1 height districts; Linden Boulevard is in a business use, D area, class 1 height district; Osborn Street is in retail, residence and business use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 5, 1957 acting on Alt. Applic. No. 3876-57, reads:

"1. Proposed addition of parking and storage of motor vehicles on gasoline service station, auto washing (non-automatic), office and accessory sales, minor repairs with hand tools only, motor vehicle safety inspection on a plot in a retail district is contrary to Art. II PP. 4A and Art. II, PP. 6 of the Zoning Resolution and not in accordance with the Board of Standards and Appeals variance granted under Cal. 218-55-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 45 feet in depth; and

WHEREAS, the applicant states that the site was the subject of a variance granted by the Board on July 19, 1955; that when the application was originally made, he failed to include parking and storage of motor vehicles in the occupancy; and

WHEREAS, the applicant contends that there is a demand for motor vehicle parking in the area; that most of the streets in the immediate vicinity are built up with dwellings having no garage facilities and as a result cars are continually parked on the side streets, and there is a need for additional parking facilities; that permission is requested that the Board grant parking in addition to the uses previously granted; and

WHEREAS, the applicant states that the present owner has held title to the property since October 19, 1956; that the assessed valuation of land is \$20,000 and of the building \$10,000 making a total of \$30,000; that the building was erected in 1956.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 19, 1955 by adding thereto:

that there may be under Section 7e, for a similar term, the parking and storage of motor vehicles provided such parking and storage is limited to pleasure cars only so parked on spaces unbuilt upon as not to interfere with the servicing of the station; that in all other respects the resolution as cited shall be complied with.

322-57-BZ

APPLICANT—Donato Socci, for Thomas Nastasi and Sons, Inc., owner.

SUBJECT—Application April 18, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a G-1 area district, the erection of a two (2) story and cellar one family dwelling with less than the required rear yard.

PREMISES AFFECTED—167-15 Cross Island Parkway, north side, 3.59 feet west of Utopia Parkway, Block 4619, Lot 42, Beechhurst, Borough of Queens.

APPEARANCES—

For Applicant: Donato Socci.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 4, 1958 after due notice by publication in the Bulletin; and laid over to March 25, 1958, for consultation with engineer as to revision of plans and for inspection and decision; hearing closed; then to April 29, 1958, for applicant to confer with examiner and submit a revised plan; then to May 27, 1958 to restudy plans; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Utopia Parkway, 14th Road, Barton Street and Cross Island Parkway are in a residence use, G-1 area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 21, 1957 acting on N.B. Applic. 1690-56, reads:

"1. Proposed 2 story and cellar one family frame dwelling in a 'G-1' area district shall not be erected nearer than 20 feet to rear line of lot as per Section 16C(d) Article IV of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 125.35 feet frontage by 60.177 feet in depth, presently unimproved; and

WHEREAS, the decision of the Borough Superintendent, dated April 3, 1958 acting on N.B. Applic. No. 1690-56, reads:

"2. Location of proposed 2 story and basement one family frame dwelling is contrary to Article IV Section 16c of the Zoning Resolution as same should be set back from Building Line at least 15'-0".

and

WHEREAS, the applicant states that at the time of acquisition of title the owner made the purchase with the intention and sole purpose of erecting thereon a suitable one family dwelling, for sale; that at such time the owner regarded such property as a corner lot and assumed that it was so regarded by the Building Department and that said land would lend itself to the erection of a structure in the form of a one family dwelling in conformance to the requirements for a G-1 area; that subsequent to such time of conveyance of title to this owner, it was learned that the rear yard requirements would prohibit the erection of a structure of the type and size contemplated by the owner; that such circumstances came to the attention of the owner when plans for the proposed building and an application for a building permit were submitted in the Building Department and such permit was refused; and

WHEREAS, the applicant further states that a rear yard requirement would limit any potential dwelling to such a minimum depth as to render such a dwelling impractical as a housing unit by reason of the impossibility of laying out practical size rooms therein; that the triangular shape of the lot also added to the difficulty of erecting a suitable dwelling in conformance with the rear yard requirement; that the owner initially expended the sum of \$1800 in the purchase of the lot, has since been paying taxes on the lot and was recently assessed for the payment of a sewer assessment; and that the erection of the proposed structure would not impair light and ventilation because the irregular, triangular shape of the lot and its location with respect to adjoining dwellings would both place it in such a unique position geographically so as to create little interference, if any, with the already erected and existing structures; that the three dwellings adjoining such lot would not suffer loss of light and ventilation; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the

application be and it hereby is *granted* under Section 21 to permit maintenance of proposed front and rear yards as now shown on revised plans marked, "Received May 21, 1958, four sheets," and as indicated on area plan marked, "Received December 23, 1957," and plans showing elevations marked, "Received April 18, 1957, eight sheets, on condition that the building and premises in all other respects shall comply with all laws, rules and regulations applicable thereto; and that all work shall be completed and permits obtained within the requirements of Section 22A of the Zoning Resolution.

671-57-BZ

APPLICANT—Max Siegel Associates, for Atomic Garage, Inc., owner (Temple Garage, lessee).

SUBJECT—Application September 17, 1957—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business use district, roof parking for passenger type motor vehicles on an existing garage building.

PREMISES AFFECTED—118-122 West 56th Street, south side, 275 feet west of Avenue of The Americas, Block 1008, Lot 44, Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 8, 1958 after due notice by publication in the Bulletin; laid over to April 22, 1958, applicant to file a brief with respect to application of Section 21A; then to May 20, 1958, for inspection and decision; hearing closed; then to May 27, 1958, for structural plans to be submitted; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a business use, B area, class 2 height district; West 56th Street and West 55th Street are in business and retail use, B area, class 2 height districts; 6th Avenue and 7th Avenue are in a retail use, B area, class 2 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 16, 1957 acting on Alt. Applic. No. 1234-57, reads:

"1. Proposed use of parking on the roof of the existing garage, located in a Business Use District, constitutes extension of a non-conforming use and is contrary to Art. II Sect. 4 and Sect. 6(a) of the Zon. Resol."

and

WHEREAS, the applicant states that the premises consist of a plot 75 feet frontage by 100 feet 5 inches in depth, on which there exists a six story, class 3 garage building, 70 feet in height, having an area of 75 feet by 96 feet on each floor; that the non-fireproof construction of the several floors above grade are now fire retarded with concrete over the wood beams and metal ceilings; that it is now proposed to use the roof for additional garage purposes by reconstructing the existing non-fireproof roof construction to a fireproof roof, to install a new vehicular elevator at the rear from first floor to roof, to raise the existing parapet walls to a height of five feet above the new roof and to provide concrete curb around the perimeter of the roof for protection of the parapets; that it is also proposed to extend existing stairs from top floor to roof with new iron stairs and a bulkhead on the roof and to extend existing fire escape at rear to new roof; that in addition thereto, certain interior columns on the lower floors will be removed; and

WHEREAS, the applicant states that the building is arranged with a vehicular elevator at the front, a stairway

MINUTES

extending from the street to the top floor and scuttle to roof, a fire escape at the rear from top floor to second floor with an exit to street through the adjacent building and a fire escape from top floor to second with a drop ladder to street, plus an additional fire escape from third floor to street; that there is a buried gasoline storage system with dispensing pumps on the street floor; that there is a boiler room at rear of first floor and office, driveways and curb cuts on the street floor; that this building was originally erected in 1876 as a stable and was converted to a garage prior to 1915; that the existing garage was established prior to the enactment of the original Building Zone Resolution and is a lawfully existing, non-conforming use under the present Zoning Resolution; and

WHEREAS, the applicant contends that the existing garage is located in an area where there is a great demand for off street parking facilities and the existing capacity cannot accommodate the increasing demand and providing additional facilities for off street parking within the existing garage building on its roof appears to be the most practical and desirable method of meeting this demand; that a grant of this application can in no way affect or be detrimental to the character of the neighborhood as there now exists in this same block other garages, hotels, theatres and primarily commercial developments; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that as now worded this proposed extension of use does not contravene Section 21A of the Zoning Resolution; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the use of the roof for additional storage of motor vehicles as proposed and as indicated on plans filed with this application marked, "Received September 17, 1957," seven sheets, as amended by revised plans marked, "Received May 22, 1958," three sheets, *on condition* that all of the work as indicated on such revised plans shall be carried out to the satisfaction of the Borough Superintendent including the extension of the elevator, stairway and reinforced parapet and curb bumpers as shown; that the roof storage shall be restricted to cars of the pleasure car type only; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

672-57-A

APPLICANT—Max Siegel Associates, for Atomic Garage, Inc., owner.

SUBJECT—Application September 17, 1957—Appeal from a decision of the Borough Superintendent, re Class 3 construction, increase in tabular height.

PREMISES AFFECTED—118-122 West 56th Street, south side, 275 feet west of Avenue of The Americas, Block 1008, Lot 44, Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 16, 1957 on Alt. Applic. 1234/57 reads:

2. "Proposed roof parking in a class 3 construction garage, which presently exceeds the tabular limit, con-

situtes a further increase in height and is contrary to C26-254 A.C."

and

WHEREAS, the applicant states that the building is 6 stories, 70 feet in height, 75 feet by 96 feet in area, of class 3 construction, erected 1876, located on a lot 75 feet front by 100 feet 5 inches in depth, a business use B area, class 2 height district, and used and occupied since prior to 1915 as follows:—1st floor—boiler room, office and garage for more than 5 motor vehicles, 2 persons; 2nd to 6th floors—garage for more than 5 motor vehicles, 2 persons each floor; that it is proposed to be used and occupied as follows: 1st floor—boiler room, office and garage for more than 5 motor vehicles, 2 persons; 2nd to 6th floors inclusive—garage for more than 5 private passenger cars, 2 persons each story; roof—parking for more than 5 private passenger cars; that the building is provided with one 3 foot wide interior iron stairs, enclosed in wood at 1st floor and unenclosed above; that the door to the stairway to the 1st floor is wood, not self-closing; that stairhall does not lead to street but is provided with a ladder and scuttle to roof; that there are 3 fire escapes extending to street by ladder with egress through an adjoining building, window and door openings on the course of the fire escape are fireproof self-closing; and

WHEREAS, the applicant states that the building was erected in 1876 as a stable and converted to a garage prior to 1915; that it is now proposed to use the roof for additional garage purposes by reconstructing the non-fireproof roof to a fireproof roof, installing new vehicular elevator at the rear from 1st floor to roof, raising the existing parapet walls to the height of 5 feet above the new roof; that it is proposed to provide concrete curbing around the perimeter of the roof for protection of the parapets; that the existing stairs will be extended from top floor to roof by a new iron stairs and bulkhead; that existing fire escape at the rear will be extended to the roof; and

WHEREAS, the applicant contends that the Borough Superintendent has determined that the proposed roof parking increases the existing building beyond the tabular limits of Section C26-254.0 of the Administrative Code; that such determination is erroneous; that the removal of the existing of the non-fireproof roof construction and substituting a fireproof roof as proposed without any increase in the height of the building is obviously not contrary to Section C26-255.0 of the Administrative Code; that the use of such new roof area for garage purposes does not increase the area of the structure as set forth under Section C26-256.0 of the Administrative Code, which area refers to the horizontal area between fire walls and not the gross area of the entire building; that the permitted area between fire walls for class 3 garage buildings under the tabular limits is 7500 square feet; that the area between the fire walls on each floor will be only 7200 square feet; that it is therefore requested that the Board reverse the decision of the Borough Superintendent as there is no increase in height proposed nor is there any increase in area proposed beyond the tabular area limits as specifically set forth in Section C26-254.0 of the Administrative Code; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application should be granted.

Resolved, that the decision of the Borough Superintendent, dated September 16, 1957, acting on Alt. Applic. 1234/57 No. 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall not be further increased in height or area and that the requirements and resolution adopted this date on Cal. No. 671-57-BZ shall be complied with.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 8, 1958 after due notice by publication in the Bulletin; laid over to April 22, 1958, for further hearing after applicant has filed a brief as to application of Section 21A; then to May 20, 1958, for inspection and decision; hearing closed; then to May 27, 1958, structural plans to be submitted; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a business-1 use, B area, class 2 height district; West 54th Street is in business-1 and retail-1 use, B area, class 2 height districts; Seventh Avenue is in retail-1 and retail use, B area, class 2 height districts; West 55th Street is in retail and business use, B area, class 2 height districts; Sixth Avenue is in a retail use, B area, class 2 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 9, 1957 acting on Alt. Applic. No. 1235-57, reads:

"1. Proposed parking on the roof of the existing garage, located in Business-1 district, constitutes extension of present non-conforming use and is contrary to Section 4D of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 100 feet 5 inches in depth, on which there exists a five story and part cellar, class 3 garage building, 64 feet 8 inches high, having an area of 50 feet by 95 feet on each floor; that the non-fireproof construction of the several floors above grade are now fire retarded with concrete over the wood beams, and metal ceilings; that it is proposed to use the roof for additional garage purposes by reconstructing the existing non-fireproof roof construction to a fireproof roof; that it is also proposed to extend the existing vehicular elevator for a new roof landing and to raise the existing parapet walls to a height of five feet above the new roof; that it is further proposed to provide a concrete curb around the perimeter of the roof for protection of the parapets; that in addition thereto, certain interior columns on the lower floors will be removed; and

WHEREAS, the applicant states that the building is arranged with a vehicular elevator at the rear, having a turntable on the street floor, an enclosed stairway extending from street to roof, a rear fire escape with a ladder to the roof and exit to street through the first floor; that there is a buried gasoline storage system with a dispensing pump on the street floor, and a fireproof enclosed boiler room in the part cellar; that office, driveway and curb cut are on the street floor; that this building was originally erected in 1882 as a stable and subsequently converted to a garage in 1914 under Alt. No. 1902-14; that as such, the existing garage was established prior to the enactment of the original Building Zone Resolution and is a lawfully existing, non-conforming use under the present Zoning Resolution; and

WHEREAS, the applicant contends that the existing garage is located in an area wherein there is a great demand for off street parking facilities and the existing capacity cannot accommodate the increasing demand; that providing additional facilities for off street parking within the existing garage building on its roof appears to be the most prac-

tical and desirable method of meeting this demand; that a grant of this application can in no way affect or be detrimental to the character of the neighborhood as there now exists in this same block other garages, parking lots, a theatre and primarily commercial developments; that the addition of the proposed roof parking will have no effect whatsoever on these adjoining properties; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1, 1944; that the assessed valuation of land is \$165,000 and of the building \$75,000 making a total of \$240,000; that the building was erected in 1882; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the use of the roof for additional storage of motor vehicles as proposed and as indicated on plans filed with this application marked, "Received September 11, 1957, five sheets," as amended by revised plans marked, "Received May 22, 1958, three sheets, *on condition* that all of the work as indicated on such revised plans shall be carried out to the satisfaction of the Borough Superintendent including the extension of the elevator stairway and reinforced parapet, and curb bumpers, as shown; that the roof parking shall be restricted to cars of the pleasure car type only; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—Max Siegel Associates, for The Mecca Garage, Inc., owner.

SUBJECT—Application September 11, 1957—Appeal from a decision of the Borough Superintendent, re Class 3 construction exceeding tabular limits.

PREMISES AFFECTED—153-155 West 54th Street, north side, 125 feet east of 7th Avenue, Block 1007, Lot 6, Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 9, 1957 on Alt. Applic. 1235/57 reads:

"3. Proposed roof parking, in a class 3 construction garage exceeds tabular limits and is contrary to Section C26-254 of the Administrative Code."

and

WHEREAS, the applicant states that the building is 5 stories and cellar, 64 feet and 8 inches in height, 50 feet front by 95 feet in depth of class 3 construction, erected 1882, located on a lot 50 feet front by 100 feet 5 inches in depth, now in a business 1 use B area, class 2 height district and used and occupied since 1914 as follows: Cellar—boiler room; 1st floor—storage, garage for more than 5 motor vehicles, 2 persons; 2nd floor to 6th floor inclusive—garage for more than 5 motor vehicles, 2 persons each floor; that it is proposed to be used and occupied without change except that the roof will be used for the parking of private passenger cars; that the building is provided with one 3 foot wide interior wood stairs enclosed in partitions of metal and wood studs equipped with fireproof self-closing doors with

MINUTES

wire glass panels; that stairhall leads from roof bulkhead direct to street; that in addition there is one fire escape at the rear extending to roof by ladder and to yard by stair with egress to street through 1st floor; that window and door openings on the course of the fire escape are fireproof self-closing; and

WHEREAS, the applicant states that the building was erected in 1882 as a stable and converted to a garage use in 1914, under Alt. Applic. 1902/14; that it is now proposed to use the roof for garage purposes by reconstructing existing non-fireproof to a fireproof roof by extending the existing vehicular elevator to the roof by raising the existing parapet walls to a height of 5 feet above the new roof, by providing a new concrete curb around the perimeter of the roof for protection of the parapets, all as indicated on plans filed with application for a zoning variance under Calendar No. 674-57-BZ; and

WHEREAS, the applicant contends that the Borough Superintendent has determined that the proposed roof parking increase the existing building under the tabular limits set in Section C26-254.0 of the Administrative Code; that such determination is erroneous and should be reversed as a matter of law; that existing garage building was created prior to the enactment of 1938 Administrative Code and prior to the 1916 Building Code; that existing garage floors are of fire retarded construction as permitted by the old code; that removing the existing non-fireproof roof and substituting a fireproof roof without any increase in height is obviously not contrary to Section C26-255.0 of the Administrative Code; that using the new roof construction for garage purposes does not increase the area, so as to exceed the tabular limits as set forth in Section C26-256.0; that the area referred to in this section is horizontal area between fire walls and not the gross area of the entire building; that the permitted area between fire walls for class 3 garage buildings under the tabular limits is 7500 square feet; that the existing roof and building area on each floor is only 4750 square feet; that it is therefore requested that the Board reverse the decision of the Borough Superintendent as there is no increase in height proposed nor any increase in area proposed beyond the tabular area limits permitted by Section C26-254.0 of the Administrative Code; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application should be granted.

Resolved, that the decision of the Borough Superintendent, dated September 9, 1957, acting on Alt. Applic. 1235/57, No. 3 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall not be further increased in height or area and that the requirements and resolution adopted this day on Cal. 674-57-BZ shall be complied with.

839-57-BZ

APPLICANT—Leonard F. Rothkrug, for 3rd and Avenue X Realty Corp., owner; Packers Supermarket, lessee.

SUBJECT—Application November 15, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in the residence use district portion of a lot located partly in a business and partly in a residence use district, the extension of an existing accessory patron parking lot to be used solely in conjunction with the supermarket for a term of 14 years.

PREMISES AFFECTED—258-272 Avenue X, southwest corner of West 3rd street, Block 7192, Lots 6 and 14, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Foley.. 4

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, West 3rd Street and Bouck Court are in residence and business use, C area, class 1 height districts; Avenue X and Shell Road are in a business use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 29, 1957 acting on Alt. Applic. No. 3363-57, reads:

"1. Proposed parking of cars, within residential portion of lot, is contrary to Art. 2 Sect. 3 of Zone Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 140 feet frontage by 140 feet in depth, on which is located a retail supermarket 100 feet 8 inches front on Avenue X by 80 feet in depth, class 3 construction, erected under N.B. 2441-55 and occupied in accordance with Certificate of Occupancy No. 148438 issued April 16, 1955 for use as follows: cellar—storage and toilets; first floor—food market—30 employees, 160 patrons, and parking for customers, no fees charged, on the unbuilt upon portion of the plot in a business use district; that it is proposed to extend the accessory patron parking—no fee to be charged—into the residence use district portion of the premises; and

WHEREAS, the applicant states that the supermarket is operated by Packers Supermarket under a lease with the owner for an unexpired term of fourteen years; that during the first year of business the lessee has realized an urgent need to extend the accessory parking facilities; that Avenue X has become a heavily trafficked business area and there is bumper to bumper traffic; that a grant of the variance will not adversely affect surrounding property owners; that the unbuilt upon portion of the premises in the business use district is presently used for patron parking and there are two existing curb cuts—one to Avenue X and one to West 3rd Street; that these same curb cuts will be able to service the extended parking area and no additional curb cuts will be proposed; that the premises abutting the site, fronting on McDonald Avenue is zoned business and is occupied by a factory use with accessory parking; that the building adjoining to the south has no openings or windows onto its side lot line, and it is proposed to erect a chain link fence and bumper at this point; and

WHEREAS, the applicant contends that additional off street accessory parking will prevent traffic congestion and will benefit the community; that no fee is to be charged for this parking and no over night parking will be permitted; that the lot will be used only when the supermarket is open; that the existence of a funeral chapel opposite the site on Block 7193, Lots 1, 2 and 3 causes a need for additional off street parking at this particular location; that all off street loading and unloading in connection with the operation of the supermarket will be in the vacant 20 foot portion in the business use district; that there will be no loading and unloading in the residence portion; and

WHEREAS, the applicant states that the present owner of the property has held title since November 10, 1955; that the assessed valuation of land is \$22,000 and of the building \$55,000 making a total of \$77,000; that the building was erected in 1956; and

WHEREAS, the application requested that the term should be for fourteen years to coincide with their lease of the portion permitted by the Borough Superintendent; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of fourteen years to permit the addition to the existing parking lot previously permitted by the Department of Buildings

MINUTES

and subject to Certificate of Occupancy No. 148438 *on condition* that such Lot 14 shall be leveled substantially to the grade of West Third Street and Avenue X and shall be surfaced with clean gravel or steam cinders and properly rolled and treated with a binder as shown on plans filed with this application marked received (Nov. 15, 1957 four sheets and April 3, 1958 1 sheet); that there shall be a fence not less than five feet six inches in height erected on a masonry base on the street building line of Avenue X and on the street line of West Third Street and on the side lot lines to connect with the existing fence in the portion of the premises now in use for parking with no openings therein except one gate to West Third Street where shown not over ten feet in width which shall be fitted with a gate, which gate shall be normally kept closed when the food market is not open for business; that opposite such gate there may be continued to be used the existing curb cut not over twelve feet in width; that sidewalks and curbing abutting the premises shall be repaired to the satisfaction of the Borough President; that no additional signs shall be constructed; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 18, 1958 after due notice by publication in the Bulletin; laid over to April 8, 1958, at the request of an objector; then to April 29, 1958, for inspection and decision; hearing closed; then to May 27, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 19th Avenue are in a residence use, C area, class 1 height district; 53rd Street and 54th Street are in business and residence use, C area, class 1 height districts; 18th Avenue is in a business use, C area, class 1 height district; that as of July 25, 1916 the site was in an unrestricted use district; that on October 3, 1924 that part of the site more than 100 feet from 53rd Street was placed in a residence use district and on October 10, 1924 the present use designation became effective; and

WHEREAS, the decision of the Borough Superintendent, dated December 13, 1957 acting on Alt. Applic. No. 3285-57, reads:

"1. Proposed change of use from motor vehicle repair shop to receiving, storage and shipping of United States servicemen's belongings, in a building located in a residence use district is contrary to Art. II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 199 feet 11¾ inches frontage by 100 feet 2¼ inches in depth, upon which is located a one story building of class 3 construction, being used as an office, and the

receiving, storage and shipping of belongings of United States servicemen; that the building was originally erected under N.B. Applic. No. 5586-24 for use as a public garage, and Certificate of Occupancy No. 45674 was issued July 29, 1927 for said use; that the building was later converted to a motor vehicle repair shop under B.N. Applic. No. 1512-31, and Certificate of Occupancy No. 91704 was issued April 26, 1939 for said use; that it is proposed to change the use of the building to office and receiving, storage and shipping of United States servicemen's belongings; that this variance is requested for a term of years to extend until April 15 of 1961, when the present lease for the above requested use will terminate; that it is further requested that after the termination of the present lease on April 15, 1961 the building be allowed to revert back to its legal use of motor vehicle repair shop; and

WHEREAS, the applicant contends that inasmuch as the legal use of motor vehicle repair shop is now a non-conforming use in the present residence zone, its conversion as proposed certainly cannot affect the community; that the rear of the building is adjoined by Lot No. 65 which is occupied as a public garage; that within the affected area, block 5479, lot 56 and block 5474, lot 6 is being used as a railroad cut, which does not help the residential aspect of 53rd Street; that the proposed use is an essential use to the United States Government and is of such nature as not to adversely affect the community; and

WHEREAS, the applicant states that the present owner has held title to the property since October 31, 1947; that the assessed valuation of land is \$48,000 and of the building \$52,000 making a total of \$100,000; that the building was erected in 1924; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *made a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of three years to permit the use of the building as proposed and as indicated on plans filed with this application marked, "Received December 24, 1957, six sheets," *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that all loading and unloading shall be done within the building; that upon the termination of this variance the building shall revert to the garage use as previously permitted; and that all permits shall be obtained and all work completed within six months and a certificate of occupancy shall be obtained.

962-57-A

APPLICANT—Lama, Proskauer and Prober, for T. Harry Glick, owner; North American Van Lines, Inc., lessee.

SUBJECT—Application December 24, 1957—Appeal from a decision of the Borough Superintendent; re area of Class III construction excessive.

PREMISES AFFECTED—1818-1840 53rd Street, south side, 127 feet, 11¼ inches east of 18th Avenue, 1st floor; Block 5480, Lot 14, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and T. H. Glick.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 13, 1957, on Alt. Applic. 3285/57 reads:

MINUTES

"2. Area of building exceeds tabular limits for a class 3 construction as per 4.2.1 of the Administrative Code."

and

WHEREAS, the applicant states that the building is 1 story, 14 feet in height, 199 feet 11 $\frac{3}{8}$ inches front by 100 feet 2 $\frac{1}{4}$ inches in depth, of class 3 construction, erected 1924, located in a residence use C area, class 1 height district, used and occupied since 1956 as follows: Cellar—boiler room; 1st floor—offices and receiving, storage and shipping of United States Servicemen's belongings, 6 persons; that no change in use or occupancy is now proposed; that the building is equipped with an approved standpipe system; and

WHEREAS, the applicant states that the building was erected under N.B. Applic. 5586/24 as a public garage; that Certificate of Occupancy 45674 issued in 1927 for this use; that the building was later converted to a motor vehicle repair shop under B.N. 1512/31 and Certificate of Occupancy 91704 issued April 26, 1939; and

WHEREAS, the applicant contends that as the building was originally approved for its present area and it is not being extended; that the occupancy will not be more hazardous than the previous legal occupancy; that although the building has 20,000 square feet of area, was originally approved for class 3 construction; that it is provided with a 4 inch standpipe system; that as the ceiling is covered with $\frac{1}{2}$ inch plaster boards and 26 gauge metal, in accordance with Fire Department requirements, dated December 6, 1957; that as the building is divided into an area of 5,000 square feet, and an area of 15,000 square feet by an 8 inch concrete block wall extending 12 inches above the roof, equipped with fireproof self-closing doors at all openings between the areas; that as it is proposed to equip the building with portable fire extinguishing equipment as may be directed by the Fire Commissioner, it is requested that a variance be granted; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application should be granted.

Resolved, that the decision of the Borough Superintendent, dated December 13, 1957, acting on Alt. App. 3285/57, objection 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the use of the building shall be as permitted by resolution adopted this day under Calendar No. 961-57-BZ, and varying the requirements of Objection 2 in view of the size of the building having been permitted when constructed in 1924 as a garage.

258-40-SM—Vol. II

APPLICANT—W. L. Gates for Celotex Corp., owner.
SUBJECT—Application reopened May 21, 1957 for amendment of resolution as to additional tile, named RWB Tile—re Celotex Acoustical Products; previously approved.

APPEARANCES—

For Applicant: William H. Pritchard.

ACTION OF BOARD—Resolution amendment in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar number 258-40-SM Vol. II.

Subject: Amendment of resolution as to additional tile.

W. L. Gates for Celotex Corp., New York requested by filing an application dated April 9, 1957 that the resolution adopted May 7, 1940 and amended May 5, 1953 under Calendar Number 258-40-SM Vol. I be amended so as to include additional tile. The application was reopened by a vote of the Board May 21, 1957.

Purpose

The material is an incombustible tile.

Description

The tile is made of mineral fibers and cellulose fibers pressed together and held together by a suitable binder. It is manufactured on a paper machine with the thickness controlled by mechanical calendars. The tile is manufactured in thickness ranging from $\frac{1}{2}$ inch to 1 inch and in various sizes. The perforations extend into the tile in various patterns.

Inspection and Test

The material was tested at the Armour Research Foundation and was found to be incombustible in accordance with the requirements of Federal Spec. SS-A-118b.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends that the resolution adopted May 7, 1940 and amended through May 5, 1953 under Calendar Number 258-40-SM Vol. II be amended so as to include the material known as Celotex Corp. RWB Tile on condition that the requirements of the resolution adopted May 7, 1940 under Calendar Number 258-40-SM Vol. I be complied with, except that as the tile is rated as incombustible the limitations as to its use shall be waived.

(Sgd.) SAMUEL L. BECKER,

Director,

JOHN A. DARTS,

Assistant Engineer,

GEORGE F. SKLENARIK,

Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of May 7, 1940 through May 5, 1953 in accordance with the above report.

232-46-SM

APPLICANT—Williamsburg Steel Products Company, owner.

SUBJECT—Application reopened February 4, 1958 for amendment of resolution as to additional type stiffener—re Williamsburg 3 Hr. Test Hollow Steel Door; previously approved.

APPEARANCES—

For Applicant: Sidney J. Rasner.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 232-46-SM.

Subject: Amendment of resolution as to additional type stiffener.

Williamsburg Steel Products Company, Brooklyn, New York requested by letter dated December 16, 1957 that the resolution adopted May 7, 1946 and amended November 13, 1957 under Calendar Number 232-46-SM be amended so as

MINUTES

to include an additional type of stiffener. The application was reopened by a vote of the Board February 4, 1958.

Description

The requested stiffener is in the form of an "H" section, consisting of two flattened "U" sections, with 90° offset off each leg. These sections are 20 gauge steel. The offsets are welded to the faces of the door on 6 inch centers. The construction conforms to drawings, 12-16-57 marked Received December 18, 1957.

Recommendation

The Committee on Test recommends that the resolution adopted May 7, 1946 and amended November 13, 1957 under Calendar Number 232-46-SM be amended so as to permit the use of stiffeners as herein described and as shown on drawings marked 12-16-57 and marked Received December 18, 1957 on condition that the requirements of the resolution adopted May 7, 1946 under Calendar Number 232-46-SM are complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of May 7, 1946 and November 13, 1957 in accordance with the above report.

204-49-SM

APPLICANT—Porete Manufacturing Company, owner.
SUBJECT—Application reopened January 7, 1958 for amendment of resolution as to additional use of Poretherm—re Porete and Poretherm Lightweight Concrete; previously approved.

APPEARANCES—

For Applicant: Michael Neiss.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 204-49-SM.

Subject: Amendment to resolution as to additional use of Poretherm.

Porete Mfg. Co., New Jersey, requested by letter dated November 19, 1957 that the resolution adopted October 18, 1949 under Calendar Number 204-49-SM be amended so as to extend the use of the material Poretherm. The application was reopened by a vote of the Board January 7, 1958.

Description

The material is the same as that approved by the Board, the requested difference being in the design mix; the approved mix contained 14 pounds of calcium chloride; the requested mix allows calcium chloride, not necessarily 14 pounds, but up to 14 pounds.

Recommendation

The Committee on Test recommends that the resolution adopted October 18, 1949 under Calendar Number 204-49-SM be amended so as to permit a mix as herein described and also to permit Poretherm 30lb./cu.ft. density to be used as a top filling under the provisions of C26-630.0 Administrative Building Code on condition that a wearing coat of concrete not less than 1 inch thick shall be applied on top of the Poretherm fill on condition that all requirements of the

resolution adopted October 18, 1949 under Calendar Number 204-49-SM be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of October 18, 1949 in accordance with the above report.

892-51-SA

APPLICANT—Mueller Climatrol Division of Worthington Corp., owner.

SUBJECT—Application reopened November 16, 1954 for amendment of resolution as to additional model of gas-fired conversion burner, namely Series 501—re Mueller Climatrol Gas-fired Conversion Burner, Models 500, 503, and 509; previously approved.

APPEARANCES—

For Applicant: P. E. Carter.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 892-51-SA.

Subject: Amendment of resolution as to additional model of gas-fired conversion burner.

Mueller Climatrol Division of Worthington Corp., requested by letter dated August 16, 1954 that the resolution adopted September 15, 1953 under Calendar Number 892-51-SA be amended so as to include an additional model of gas conversion burner. The application was reopened by a vote of the Board November 16, 1954.

Description

The requested model, Series 501 is similar to the models approved September 15, 1953 under Calendar Number 892-51-SA and differs only as to cabinet styling.

Recommendation

The Committee on Test recommends that the resolution adopted September 15, 1953 under Calendar Number 892-51-SA be amended so as to include the additional Model Series 501 Gas-Conversion Burner on condition that the requirements of the resolution adopted September 15, 1953 under Calendar Number 892-51-SA be complied with.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 313-54-SM.

Subject: Amendment of resolution as to additional type of shingles.

National Gypsum Company, Buffalo, New York requested by letter dated November 27, 1957 that the resolution adopted January 11, 1955 and amended through April 2, 1957 under Calendar Number 313-54-SM be amended so as to include Gold Bond Asbestos Cement Shingles. The application was reopened by a vote of the Board January 7, 1958.

Purpose

The material is to be used as an exterior finish on Class IV Buildings.

Description

The requested shingles are similar to the shingles approved April 2, 1957 and are composed of the same shingles as those previously approved and are used mainly for roofing shingles.

Recommendation

The Committee on Test recommends that the resolution adopted January 11, 1955 and amended April 2, 1957 under Calendar Number 313-54-SM be amended so as to include the following roofing shingles: Gold Bond Ranch Style Roof, Gold Bond Hexagonal Roofing Shingles, Gold Bond Hexagonal Roofing Starter Shingles, Gold Bond Dutch Lap Roofing Shingles, Gold Bond Roofing Eave Starters, Gold Bond Roofing Boston Hip and Ridge Shingles, Gold Bond Roofing Ridge Roll and Gold Bond Economy "250" Charleston Roofing Shingles on condition that the requirements of the resolution adopted January 11, 1955 and amended April 2, 1957 under Calendar Number 313-54-SM are complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 841-56-SA.

Subject: Amendment of resolution for additional oil burners.

American Radiator and Standard Sanitary Corp., requested by letter dated November 19, 1957 that the resolution adopted March 19, 1957 under Calendar Number 841-56-SA be amended so as to include their new model "DH" Oil Burner. The application was reopened by a vote of the Board January 7, 1958.

Description

The new model "DH" burners are similar to the previously approved models PH-1 and PH-2 Oil Burners. The difference is that the "DH" model has a formed housing incorporating a blower outlet air adjustment which consists of a sliding blower cut-off secured by a thumb screw. The firing range is from .65 to 3.00 gallons per hour of No. 2 Fuel Oil.

Recommendation

The Committee on Test recommends that the resolution adopted March 19, 1957 under Calendar Number 841-56-SA be amended so as to include the new "DH" Models on condition that the requirements of the resolution adopted March 19, 1957 under Calendar Number 841-56-SA be complied with.

APPLICANT—Heavy Oil Burner Distributors, Agent for Cleaver-Brooks Co., owner.

SUBJECT—Application March 26, 1957—Hev-E-Oil Burner, Models AMG, GL, and G, sizes, 2, 3, 4, 5, 6 and 7, approval of.

APPEARANCES—

For Applicant: Richard F. Wymbs, Jr.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 300-57-SA.

Subject: Hev-E-Oil Burner, Models AMG, GL and G, Sizes 2, 3, 4, 5, 6 and 7.

MINUTES

Cleaver-Brooks Company, Milwaukee, Wisconsin filed March 26, 1957 an application with the Board of Standards and Appeals for approval of the Hev-E-Oil Burner, Models AMG, GL and G, Sizes 2, 3, 4, 5, 6 and 7 under the provisions of the Oil Burner Rules of the Board and Article 12, Chapter 26 Administrative Building Code.

Purpose

The burners using either gas or oil or combination gas or oil are for heating in domestic and commercial installation.

Description

The AMG model burners are the same as approved by the Board for the Cleaver-Brooks Company for use with No. 5 Oil. The added gas equipment consisting of gas electric pilot which is used for ignition of both fuels. The gas pilot must be proven before main gas valve can be energized. A separate gas regulator and pilot solenoid valve are standard equipment. A diaphragm type main gas valve and gas shut-off valves are used.

A separate selector switch is used and marked for fuel selection. When switch is on gas firing all electrical circuits to oil equipment are disconnected and vice versa.

Among the controls are gas pilot, solenoid valve, gas pilot pressure regulator, gas pilot shut-off cock, main gas line shut-off cock and air interlock switch.

The Model GL is designed to burn light oil and gas. The gas equipment is the same as for the heavy oil and gas combination. The light oil equipment consists of standard light oil nozzle on the GL 2 and 3 a single nozzle is used; on the GL-5 a dual nozzle; on the GL-6 3 nozzles and GL-7 has 5 nozzles all operating at 100 psi pressure. When multiple nozzles are used, the step firing feature occurs. A low gallonage nozzle is lighted initially and by means of end switch on modutrol motor, oil is fed to other nozzles. The Webster fuel unit has an independent motor and operates only when burning oil. The main blower supplies secondary air for both fuels. All burners are equipped with electronic flame failure controls.

Inspection and Test

The appliance was examined by Asst. Engr. J. A. Darts Committee on Test. The appliance has been approved by the Underwriters Laboratory under MP1473.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Hev-E-Oil Burner, Models AMG, GL and G, Sizes 2, 3, 4, 5, 6 and 7 for use in New York City when installed in accordance with the Oil Burner Rules of the Board and Article 12 Chapter 26 Administrative Building Code for domestic and commercial industrial installation but not to be installed in garages and places of explosive atmospheres on condition that the appliance bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 300-57-SA."

R. H. Mitchell for Dura-Vent Corp., Redwood City, California filed July 24, 1957 an application with the Board of Standards and Appeals for approval of the material known as Dura-Vent Gas Vent Pipe (round and oval pipe and fittings) Models DVR and DVO under the provisions of C26-696.0 as amended by Local Law 35 of 1957 and C26-696.3.c Administration Building Code.

Purpose

The appliance is to be used as a flue for gas-fired appliances.

Description

The pipe is designed for gas appliances having a maximum outlet temperature of 550°F.

The piping and fittings are of double wall construction. The inner wall of the pipe is made of 0.016 inch aluminum and the outer wall is of 28 gauge galvanized steel.

The DVR is manufactured in sizes having an internal diameter of 3, 4, 5, 6, 7, 8, 10 and 12 inches and the DBO in one size having a flue passage area equivalent to 4 inch internal diameter pipe.

The spacing between inner and outer wall is ¼ inch for the 3 to 6 inch size and ½ inch for the 7 to 12 inch size.

Pipe elements of the 4 inch oval and to the 3 to 6 inch round are joined together by a push together and twist mechanism and the points of the 7 to 12 inch size are connected by screws.

Inspection and Test

Samples of the material were inspected by Asst. Engr. J. A. Darts Committee on Test and were found to meet the requirements of C26-88.0 Administrative Building Code.

The material has been approved by the Underwriters Laboratory under Misc. Hazard 6357. The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Dura-Vent Gas Vent Pipe (round and oval pipe and fittings) Models DVR and DVO, as having met the requirements of C26-88.0 Administrative Building Code, to be used as a flue pipe as permitted under C26-696.0 as amended by Local Law 35 of 1957 on condition that the minimum clearance shall not be less than 0'-1" and that the requirements of C26-696.3.c Administrative Building Code are complied with and further that each carton in which the material is marketed shall be tagged, stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 569-57-SM," and further that the material shall not be used with gas appliances having a maximum outlet temperature in excess of 550°F.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.
GEORGE F. SKLENARIK,
Asst. Engr.
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 640-57-SM.

Subject: Van Packer Gas Vent, Model G.

C. M. Montgomery for Van Packer Company, Division of Flintkote Company, Bettendorf, Iowa filed August 27, 1957 in application with the Board of Standards and Appeals for approval of the material known as Van Packer Gas Vent, Model G under the provisions of C26-696.0 as amended by Local Law 35 of 1957 and C26-696.3.c Administrative Building Code.

Purpose

The appliance is to be used as a flue for gas fired appliances.

Description

The material is a non-metallic gas vents and is made of clay tile with an asbestos-cement jacket. The sizes range from 5 to 7 inches in internal diameter.

The vent is made of 5/8 inch fire clay with a cement asbestos outer jacket. The basic unit is 2'-0" section and these sections are bonded together with an acid-proof joint cement and secured with metal drawbands. Above the roof it is covered by a brick panel housing made of cement asbestos.

Inspection and Test

Samples of the vent were examined by Asst. Engr. J. A. Darts, Committee on Test and the vents met the requirements of C26-88.0 Administrative Building Code. The vent has been approved by the Underwriters Laboratory under Misc. Hazard 6483.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Van Packer Gas Vent, Model G as having met the requirements of C26-88.0 Administrative Building Code to be used as a flue pipe as permitted under C26-696.0 as amended by Local Law 35 of 1957 on condition that the minimum clearance shall not be less than 1'-1" and that the requirements of C26-696.3.c Administrative Building Code are complied with and further that each carton in which the material is marketed shall be tagged, stamped or labeled as follows:

"Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 640-57-SM", and further that this material shall not be used with gas appliances having a maximum outlet temperature in excess of 550°F.

APPLICANT—Sun-Ray Burner Manufacturing Corp., owner.

SUBJECT—Application August 1, 1957—Sun-Ray Conversion Oil Burner (for No. 5 oil), Models J-3, J-5 and J-7, approval of.

APPEARANCES—

For Applicant: John Maxwell.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 647-57-SA.

Subject: Sun-Ray Conversion Oil Burner, Models J-3, J-5 and J-7.

Sun-Ray Burner Mfg. Corporation, Jamaica, New York filed August 1, 1957 an application with the Board of Standards and Appeals for approval of the Sun-Ray Conversion Oil Burner, Models J-3, J-5 and J-7 under the provisions of C19-57.0 of the Administrative Code and the Oil Burner Rules of the Board.

Purpose

Conversion burners designed to burn No. 5 fuel oil.

Description

The Sun-Ray Conversion Oil Burner is a mechanical draft pressure atomizing type of burner. It employs high tension electric ignition.

Operation of the burner is similar to that of conventional gun type burners employing primary safety controls and oil pressures not greater than 150 psi. It is suitable for installation in furnaces or boilers.

The burner is made with a built-in electric preheater as part of the nozzle assembly. It is thermostatically controlled. The purpose is to reduce the viscosity of the No. 5 fuel oil for ready atomization.

The nozzle fuel line is provided with a mechanical oil cut-off just behind the nozzle so that there is no oil in the nozzle on shut down and there is an assured column of oil on start.

The firing capacities of the various models are as follows:

J-3 — 3-6 gallons oil per hour.

J-5 — 6-12 " " " "

J-7 — 10-20 " " " "

Where the firing rate is 7 gallons or less per hour, a stack switch is usually installed for automatic shut-down in case of flame or ignition failure. In the larger sizes a photo-electric cell is used for that purpose.

Inspection and Test

A typical burner was inspected and tested at the laboratory of the applicant at 139-24 Queens Blvd., Jamaica, Queens by Asst. Engr. G. F. Sklenarik, Committee on Test.

The burner operated satisfactorily producing 11% CO₂ in the flue gases without smoke. These burners were also tested and approved by the Underwriters Laboratories under File MP-1039.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Sun-Ray Conversion Oil Burner, Models J-3, J-5 and J-7 for use in New York City in accordance with this report and the provisions of the Oil Burner Rules of the Board provided that each burner shall bear a label permanently affixed reading as follows: "Approved by the Board

APPLICANT—John Wood Co., owner.
SUBJECT—Application August 15, 1957—John Wood Fluid Heat Oil-fired Warm Air Furnace, Models OE-84, OE-95, OE-112, OE-123, OE-134, OE-168 OE-250, OE-335; OH-84, OH-112, OC-84, OC-95, OG-78, OS-84 and OS-112, approval of.

APPEARANCES—

For Applicant: R. E. McIntyre.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 659-57-SA.

Subject: John Wood Fluid Heat Oil Fired Furnaces.

R. E. McIntyre for John Wood Company, Conshohocken, Pennsylvania, filed August 15, 1957 an application with the Board of Standards and Appeals for approval of the appliance known as the John Wood Fluid Heat Oil Fired Furnaces, Models OE-84, OE-95, OE-123, OH-84, OH-112, OC-84, OC-95, OG-78, OS-84, OS-112, OE-112, OE-134, OE-168, OE-250 and OE-335 under the provisions of the Oil Burner Rules of the Board and Article 12 Chapter 26 Administrative Building Code.

Purpose

The appliance, oil fired warm air furnace is used for domestic and commercial installation.

Description

The furnace consists of the following component parts:

1. The exchanger of 12 gauge steel transfers the heat from the oil flame to the ventilating system; the jacket encloses the heat exchanger, the blower and blower motor; the blower is of the squirrel cage type and the motor is the split-phase type; the oil burner used in conjunction with the furnace is a pressure atomizing type and is of a type approved by the Board. The controls consist of fan and limit control which turns the fan on automatically when air temperature rises to a predetermined setting or shuts down the burner if temperature is excessive—Stack control which will automatically shut-off the burner in case the flame should be extinguished or if the oil should fail to ignite and can also start or stop the unit automatically when coupled with the thermocouple and thermostat.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts, Committee on Test, and the appliances have been approved by the Underwriters Laboratory, under MP 1766 and MP 2207.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as the John Wood Fluid Heat Oil Fired Furnace Models OE-84, OE-95, OE-123,

OH-84, OH-112, OC-84, OC-95, OG-78, OS-112, OE-112, OE-134, OE-168, OE-250 and OE-335 for use in New York City in domestic and commercial installations but shall not be installed in garages or places of explosive atmosphere on condition that all installations shall comply with the requirements of the Oil Burner Rules of the Board and Article 12 Chapter 26 Administrative Building Code and further that the appliance bears a label, permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 659-57-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 703-57-SM.

SUBJECT: Air-Jet Gas Vent.

F. C. McGready for General Products Company, Inc., filed September 11, 1957 an application with the Board of Standards and Appeals for approval of the material known as the Air-Jet Gas Vent under the provision of C26-696.0 as amended by Local Law 35 of 1957 and C26-696.3.c Administrative Building Code.

Purpose

This appliance is to be used as a flue for gas-fired appliances.

Description

The vent is made of aluminum pipe within a galvanized steel pipe. The sizes are 3, 4, 5, 6, 7, 8, 10 and 12 inches internal diameter. The thickness of the aluminum pipe is 0.012 inches and the outer or galvanized pipe is 0.018 inches. The space of 1/4 inch between the two pipes is maintained by the beaded and roll construction method.

Inspection and Test

Samples of the vent were examined by Asst. Engr. J. A. Darts, Committee on Test and were found to meet the requirements of C26-88.0 Administrative Building Code. The vents have been approved by the Underwriters Laboratory under Misc Hazard 6512.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Air-Jet Gas Vent as having met the requirements of C26-88.0 Administrative Building Code to be used as a flue pipe as permitted under C26-696.0 as amended by Local Law 35 of 1957 on condition that the minimum clearance shall not be less than 0'-1" and that the requirements of C26-696.3.c Administrative Building Code are complied with, and that, the material shall not be

APPLICANT—The H. B. Smith Co., Inc., owner.

SUBJECT—Application October 25, 1957—Smith Sun-Ray Boiler Burner Unit, Model SR 2504—5 to 10 sections (oil-fired), approval of.

APPEARANCES—

For Applicant: Richard W. Conway.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 808-57-SA.

Subject: Smith-Mills Boiler Burner Unit, Model 25J4, 5 to 10 Sections.

The H. B. Smith Co., Inc., Westfield, Massachusetts, filed October 25, 1957 an application with the Board of Standards and Appeals for approval of the Smith-Mills Boiler Burner Unit, Model 25J4 under the provisions of Article 12 Administrative Building Code and the Oil Burner Rules of the Board.

Purpose

An oil fired steam or hot water boiler.

Description

This unit consists of a fuel oil burner and a steam or hot water boiler. The boiler is a cast iron sectional type ranging in size from five to ten sections and covered with enamelled sheet steel.

A preformed high temperature refractory firebox of adequate size is built into each boiler.

The burners used with the boilers will be either Merco or Sun-Ray approved by the Board under Calendar Number 14-55-SA and Calendar Number 647-57-SA, respectively.

Each boiler will be provided with a photoelectric cell for automatic shut down in case of flame failure or ignition failure of the burner. Also suitable limit controls will be provided on the boiler. Temperature limit for hot water and low water and pressure limit for steam. A barometric damper is included.

Inspection and Test

A typical seven section boiler provided with a burner approved by the Board under Calendar Number 647-57-SA was inspected and tested at the premises of the Sun-Ray Burner Mfg. Corp., 139-24 Queens Boulevard, Jamaica.

The appliance operated satisfactorily burning No. 5 fuel oil. Flue gas CO₂ was better than 11% with a smoke reading between 0 and 1 on the Bacharach scale.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the

approval of the Smith-Mills Boiler Burner Unit, Model 25J4 when installed with an oil burner as approved by the Board under Calendar Number 114-55-SA or Calendar Number 647-57-SA provided that the installation will comply with the requirements of Article 12, Administrative Building Code and the Oil Burner Rules of the Board and further provided that each boiler shall bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 808-57-SA."

1027-57-SM

APPLICANT—Concrete Plank Co., Inc., owner.

SUBJECT—Application December 30, 1957—Concrete Plank Co., Inc., One Leg Precast Concrete Channel Roof and Floor Slabs, approval of.

APPEARANCES—

For Applicant: Edward A. Robinson.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 1027-57-SM.

Subject: One Leg Precast Concrete Channel Roof and Floor Slabs.

Concrete Plank Company, Inc., Jersey City, New Jersey, filed December 30, 1957 an application with the Board of Standards and Appeals for approval of the material known as One Leg Precast Concrete Channel Roof and Floor Slabs under the provisions of C26-618.0, C26-619. and C26-626.0 Administrative Building Code.

Purpose

The material is to be used as a floor or roof construction.

Description

The slab is a light weight precast concrete slab. The size is 24 inches wide, 4 inch leg and 1¼ inch web. The soffit or leg is reinforced by means of a 5/8 inch steel bar for the 8 feet 0 inch clear span and 3/4 for the 9 feet 8 inches clear span. The web reinforcement consists of a 4 inch by 4 inch electric welded wire mesh of 14 gauge protected by a 1/2 inch of concrete from the bottom. The mix used in the slab is 1 part of Portland cement to 4.3 parts (by volume) of approved aggregate.

Inspection and Test

The plant of the applicant was inspected by Asst. Engr. J. A. Darts, Committee on Test and H. C. Clarke, Prof Engineer, conducting the tests. The tests were conducted in accordance with the requirements of C26-626.0 Administrative Building Code.

For the test, three spans were lapped together and supported on both ends on Steel I beams; the third unit was used for continuous support of the free hanging side of the side unit.

The construction was so loaded that the load was applied at the 1/3 point of the span.

MINUTES

Results were as follows:

Span 8 feet 4 inches center to center; bearing 0 feet-2 inches—clean span 8 feet-0 inch
Area under load = 16.67 square feet
Test was carried to load of 4717 pounds; not ultimate
 $4717 \div 16.67 = 282.9$ lbs./sq. feet
Safe carrying capacity = $282.7 \div 4 = 70.7$ lbs./sq. feet
Safe carrying capacity (superimposed load) = 70.7 lbs./sq. feet
Span 10 feet 0 inch C to C bearing 0 feet 2 inch—clear
Span 9 feet 8 inches
Area under load = 20 sq. feet
Ultimate Load = 5350 lbs.
 $5350 \div 20 = 267$ lbs. per sq. feet
Safe carrying capacity (superimposed load) = $267 \div 4 = 66\frac{3}{4}$ lbs./sq. feet

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as One Leg Precast Concrete Channel Roof and Floor Slab for use in New York City as an incombustible roof plank under the provisions of C26-619. o.b. when the fire protective covering is omitted from roof trusses as provided for under C26-618.0.a.c. Administrative Building Code; with loads and spans as follows:

Slabs $\frac{5}{8}$ inch reinforcement — 8 feet 0 inch Clear Span — 70.7 lbs./sq. feet
Slabs $\frac{3}{4}$ inch reinforcement — 9 feet 8 inch Clear Span — $66\frac{3}{4}$ lbs./sq. feet

The Committee further recommends the approval of the plank under the provisions of C26-620.0.c.1.b in Class 2 fire protected structures as a floor plank when used with a $\frac{7}{8}$ inch gypsum on cement plaster on metal lath.

The Committee further recommends that all planks shall be tagged, stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 1027-57-SM," or in lieu thereof, the bill of lading, bills of material or invoices may be similarly marked.

The Committee further recommends that the plank may also be marketed under the trade name of Cantilite Lap Plank.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 36-58-SA.

Subject: Melco Roof Type Air Conditioning Units, MCR-81HA Combination Heating and Cooling and Model MCR-81A for cooling only.

Melchoir, Armstrong, Dessau Company, Ridgefield, New Jersey filed January 27, 1958 an application with the Board of Standards and Appeals for approval of the Melco Roof Type Air Conditioning Units, Models MCR-81HA and MCR-81A for use in New York City under the provisions of Article 18, Chapter 19 and Article 12, Chapter 26, Administrative Code.

Purpose

Heating and Cooling units for residential or commercial use.

Description

The Melco Model MCR-81HA is a combined heating and cooling unit designed for roof installation.

The cooling unit consists of a Copelametic $7\frac{1}{2}$ HP compressor with air cooled condenser. Refrigerant charge is 20 pounds of F-22. A fusible plug is provided on the receiver for pressure relief.

The heating element is a gas furnace. It is a Reznor Model DS-200 previously approved by the Board under Calendar Number 449-40-SA. It has a built-in draft diverter, automatic fan and limit control and a safety pilot of the thermocouple type with 100% shut-off.

The entire system is enclosed in an insulated weather-proof casing for outdoor operation. Conditioned air is supplied through an air duct joining the unit on the roof and the area below.

The cooling capacity is 87000 BTU per hour and the heat input rating is 200,000 BTU per hour.

The MCR-81A is the cooling unit only.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Melco Roof Type Air Conditioning Units, Models MCR81HA and MCR81A for use in New York City when installed in accordance with this report and the requirements of Article 18, Chapter 19, and Article 12, Chapter 26 Administrative Code except that the furnace need not be connected to a legal chimney or separate flue, all electrical work to conform to the Electrical Code of the City of New York and provided that each unit shall bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 36-58-SA."

Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 17, 1957 on Misc. Applic. 587/56 reads:

"1. The removal of primary water supply (gravity tank) in a structure exceeding 10,000 square feet in area and being over 75 feet in height, is contrary to Sections C26-1405.0 and C26-1381.0 of the Administrative Code, relating to Standpipe systems."

and

WHEREAS, the applicant states that the building is 6 stories, 83 feet 6 inches in height, 197 feet front by 98 feet 9 inches in depth at first floor, 197 feet front by 86 feet in depth at typical floor of Class 3 construction, erected 1894 located in an unrestricted use A area Class 2 Height District, and used and occupied since 1954 as follows: cellar—storage, no persons; first floor—storage and office, 5 persons; second to sixth floors—United States Bonded Warehouse, 12 persons in the entire building; that no change in use or occupancy is proposed, the building will be equipped with a dry standpipe system, there is an approved two-source sprinkler system throughout, there are two 3 foot 8 inch wide interior wood stairs fireproof enclosed equipped with fireproof self closing doors and leading from roof bulkhead direct to street and two fire escapes on the front extending to street by counter balance stair, window and door openings on the course of the fire escape are fire proof self closing; and

WHEREAS, Certificate of Occupancy #11479 issued October 4, 1926 against Alteration Application 847 of 1926 permits the use of the building throughout as a warehouse with an occupancy of 4 persons in the cellar; 10 on the first floor; 35 on the second and 10 on each of third to sixth floors inclusive; and

WHEREAS, the applicant states that the existing standpipe tank on the roof has deteriorated and is no longer efficient; and it is proposed to remove the tank and use the stand-

pipe system as a dry system; that the building is equipped with a two-source automatic sprinkler system with supervisory alarm service; that at the time of erection no standpipe system was required; and

WHEREAS, the applicant contends that while Section C26-1381 requires a standpipe for buildings over 10,000 square feet in area it also provides in paragraph 3(b) 2 that standpipes are not required in buildings two stories and 20,000 square feet in area where the occupancy is not hazardous; and that in paragraph 3(b) 3 no standpipe is required in buildings six stories or 75 feet in height provided the building is equipped with an approved sprinkler system with two approved sources of supply; and

WHEREAS, the applicant contends that the building is divided into two sections having an area of 7406 square feet and 12047 square feet on the cellar and first floor only; that above the first floor the areas are 5700 square feet and 9282 square feet; that if the wall thickness's were taken out these areas would be further reduced; that the areas above the first floor are less than would require a standpipe even if there were no sprinkler in the building; that as there is a two-source sprinkler system there should be no requirement for a standpipe; however, it is proposed to maintain the standpipe system as a dry system properly capped and to remove the old worn out standpipe tank.

Resolved, that the decision of the Borough Superintendent, dated May 17, 1958, acting on Misc. App. 587/56 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the existing standpipe system without a tank to be maintained as a dry system in view of the two-story sprinkler system throughout the building *on condition* that such sprinkler system shall comply with the requirements therefor; that supervisory alarm system shall be maintained; and that the building shall comply in all other respects with all laws, rules and regulations applicable thereto.

APPLICANT—Robert J. Crinnion, for Vincent Macri, owner.

SUBJECT—Application June 20, 1957—Appeal from a decision of the Borough Superintendent, re factory building, egress, live load, etc.

PREMISES AFFECTED—2239 Webster Avenue, northwest corner of East 182nd Street, Block 3143, Lot 175, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert J. Crinnion.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated June 17, 1957 on Alteration Application 540/56 reads:

"1. In a structure erected after October 1, 1913 (NB 2347/21) and to be converted to factory use, a fire escape may not be used as a required means of egress, Section 270 Labor Law.

2. Provide for 120 pounds of live load on 2nd floor for factory use. (7.3.2.3 B.C.).

3. Locate ladder and scuttle to roof in stair hall."

and

WHEREAS, the applicant states that the building is 2 stories, 25 feet in height, 31 feet front by 100 feet in depth at first floor, 90 feet in depth at typical floor, of Class 3 construction, erected 1921, located in a business use B area, Class 1½ height district, and used and occupied since 1955, cellar—storage for stores, no persons; first floor—stores, 10 persons; second floor—office, and now proposed to be used and occupied without change except that the second floor will be used for the manufacturing of ladies dresses with an occupancy of 30 persons; that the building is provided with one

MINUTES

3 foot 8 inch wide steel interior stairs enclosed at first floor with terra cotta blocks and at second floor with studs, wire lath and cement plaster, equipped with one-hour rated self-closing fireproof doors leading direct to street, there is an iron ladder to the roof located outside the building; that there is one existing fire escape on the south side of the building extending to roof by ladder and proposed to be replaced with a fire escape extending to roof by ladder and to street by a ladder; and

WHEREAS, Certificate of Occupancy No. 609 issued June 5, 1922 against New Building Application 2347 of 1921, describes the building as 2 stories brick construction, classified as public market and offices and permits an occupancy of 10 persons on the second floor there is a live load of 120 pounds on the first floor and 60 pounds on the second; and

WHEREAS, the applicant requests that the Board permit the installation of a new Labor Law fire escape with counter balanced stair leading from second floor direct to 182nd street; and

WHEREAS, the applicant contends that to provide an interior stair in a building of this size remote from the existing stair would be a practical difficulty and result in a substantial decrease in rentable floor area; and

WHEREAS, the applicant requests the Board permit the occupancy of the second floor for light manufacturing (dress shop) although the present floor construction is capable of sustaining only a superimposed live load of 100 pounds per square foot; and requests that the Board accept the location of the iron ladder to the roof just outside the building at the second floor and which leads to the roof of the main structure from the roof of the one story rear extension; and

WHEREAS, the owner was convicted and fined in Municipal Term Magistrate's Court February 19, 1957, on a charge of violation of the Building and Administrative Code; and

WHEREAS, Violation No. C520-56 was issued March 22, 1956 for changing the occupancy of the second floor from office and pool room to factory use without approval and a new Certificate of Occupancy; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 540/56, Objection Nos. 1, 2 and 3, and that the appeal be and it hereby is *granted*, to permit the two means of exit as proposed and shown on plans filed with this appeal, marked "Received June 20, 1957," 2 sheets and "May 9, 1958," 2 sheets, consisting of an interior stairs leading directly to East 182nd Street and a Labor Law fire escape from roof to street on the south side of the building, as shown on such plans, that as to Objection 2, the liveload of the second floor shall be not less than 100 lbs. per superficial foot; and as to Objection 3, that the ladder to roof shall be installed from the first story extension to the roof, as shown on such plans, provided there is a means of exit to the street or yard from such first story extension.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 29, 1958 on Alteration Application 1542/56 reads:

"1. Provide 2 legal means of egress from 3 story structure to conform with 6.1.2.2.3. A. C." and

WHEREAS, the applicant states that the building is 3 stories 38 feet in height, 155.01 feet front by 180.33 feet in depth; at first floor 50 feet front by 90.1 feet in depth at typical floor, of Class 3 construction, erected 1912, located in an unrestricted use B area Class 1½ height district, and used and occupied since 1946 for storage throughout, no occupants, no change in use is proposed but the number of occupants is now proposed to be increased to 4 persons per floor, the building is provided with a voluntary sprinkler system throughout with central station alarm, there is one 2 foot 10 inch wide wood stairs enclosed in partitions of wood stud/cement plaster, both sides equipped with kalamein self-closing doors leading direct to street and provided with a ladder and scuttle to roof and one fire escape on the rear extending to roof by stair and to street through yard by ladder with egress to 31st street across the one story roof of the sprinklered building to cantilevered fire stair leading to 31st street; and

WHEREAS, plans filed with this appeal indicate that the fire escape does not extend to roof by stairs but is provided with a steel ladder from the top balcony to the roof; and

WHEREAS, the applicant states that it acquired the one story building in 1932 and the three story building in question in 1946; that from 1946 to 1955 the three story building was used only for storage on the second and third floors and on the first floor for shipping and receiving; that the first floor is now used for storage of excess manufactured products, templates and moulds no longer used in manufacturing; that this three story building is sprinkled throughout and there is a central watchman's service seven days a week, 24 hours a day; that the building was erected in 1912 for use as stable and garage; that there is an existing outside fire escape which leads down to a roof of an adjoining building and thence to the street by a cantilevered fire escape stairway; and

WHEREAS, the applicant contends that the installation of an additional stairway would be a hardship as there are no occupants in the building above the first floor; and

WHEREAS, there was a conviction June 13, 1957 in Municipal Term Magistrate's Court on charge of violation of section C26-185.0 of the Administrative Code; and

WHEREAS, violation No. 1541/56 was issued by the Borough Superintendent for changing the occupancy by maintaining combined Buildings for single use with a certificate of occupancy covering all buildings on the plot; and

WHEREAS, Certificate of Occupancy No. 27042 was issued December 15, 1926 against New Building Application 15879 for a one story brick garage, Certificate of Occupancy No. 30783 was issued June 28, 1927 against New Building Application 21613 of 1926 for a one story brick factory, Certificate of Occupancy No. 30784 was issued June 28, 1927 against New Building Application 21614 of 1926, for a one story brick factory; and Certificate of Occupancy No. 30785 was issued June 28, 1927 against new building application 21615 of 1926 for a one story brick factory, and that no certificate of occupancy has been issued for the three story portion of the building now in question which was erected in 1912.

Resolved, that the decision of the Borough Superintendent, dated April 29, 1958, acting on Alt. App. 1542-56, Objection No. 1 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that across the rear one-story roof to reach the counterbalanced stairway to 31st Street there shall be a passageway of steel grid flame protected underneath from such stairway to the counterbalanced stair to street; that such steel passageway shall be not less than eight inches above the level of the roof; that there shall also be a means of crossing the parapet to the adjoining roof to provide another way of reaching a safer

MINUTES

condition; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the voluntary sprinkler system with central station alarm shall be maintained throughout the building.

11-58-A

APPLICANT—Martin J. Lipka, for Jewish Community Center of Springfield Gardens, owner.

SUBJECT—Application March 10, 1958—Appeal from a decision of the Borough Superintendent, re erection of Class 4 structures for religious and social gatherings—exits, etc.

PREMISES AFFECTED—144-42 180th Street, southwest corner of South Conduit Avenue, Block 13318, Lot 59, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Irving Siegel, Meyer A. Kaplan and Alfred D. Lerner.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 20, 1958, on Alteration Application 198/58 reads:

"1. The erection of a Class 4 wood frame structure (to be moved from another lot) as a Religious and Social gatherings building exceeding 600 square feet in area is contrary to 4.2.1 Table Building Code.

2. Width of exit doors indicated is contrary to 6.2.1 Building Code."

WHEREAS, the applicant states that the building is one story, 18 feet in height, 20 feet 4 inches front by 48 feet 4 inches in depth, of Class 4 construction; proposed to be erected on a lot 107.58 feet by 91.66 feet irregular in area, in a residence use E-1 area Class one-half height district; and used and occupied first floor religious and social gatherings, 70 persons; attic: files and coats, no persons; that the building is provided with one 3 feet 8 inch wide interior unenclosed wood stair which leads direct to street; and

WHEREAS, the applicant states that the building has been purchased from a church in the neighborhood and is proposed to be used for religious and social gathering purposes when erected on the lot in question; and

WHEREAS, the applicant contends that it cannot afford to put up a new building at this time, and cannot continue to meet in hired halls because the rental costs are prohibitive, and are depleting the congregation financial resources; and it is therefore requested that the Board grant permission to use the building as proposed; and

WHEREAS, Specification Sheet filed with Alteration Application 198/58 indicates the proposed occupancy of the first floor to be 50 persons, with 40 pounds live load and the second floor to have no occupancy and 60 pounds live load; and

WHEREAS, plans filed with such alteration application and with this appeal indicates that the first floor will consist of concrete floor on ground.

Resolved, that the decision of the Borough Superintendent, dated February 20, 1958, acting on Alt. App. 198/58, Objection No. 1 be and it hereby is *modified* and that the appeal be and it hereby is *granted* for a term of five years *on condition* that the building shall not be increased in height or area and shall comply with the requirements of the Zoning Resolution as to yards and courts and in all other respects shall comply with all laws, rules and regulations applicable thereto; that the building shall be as shown on plans filed with this appeal marked "Received May 16, 1958" one sheet, showing the coverage only as to the first floor with the second floor complying with such area; that there shall be no cellar under the building and no occupancy in the attic story.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 25, 1958 after due notice by publication in the Bulletin; laid over to April 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Rockaway Boulevard are in a business use, D area, class 1 height district; 87th Street and 88th Street are in business and residence use, D area, class 1 height districts; 97th Avenue is in a residence use, D area, class 1 height district; that there has been no change in these designations since July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated October 25, 1957 acting on N. B. Applic. No. 3449-57, reads:

"1. The proposed erection of a gasoline service station, auto washing (non-automatic), lubrication, office and accessory sales, minor repairs with hand tools only, parking and storage of motor vehicles and an auto safety inspection station on a lot in a business use district is contrary to Art. 2, Sec. 4(a) items 29 and 46 of the Z. R.

2. Proposed erection of a ground sign in a business district is contrary to Art. 2, Sec. 4(a) item 49 of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 137.46 feet frontage by 108-73 feet in depth, irregular; that the existing small frame dwelling and garage, together with the advertising sign and fences will be removed if this application is granted; that it is proposed to develop the site with a modern masonry building with face brick on all four sides; that pumps will be of the low approved type and will be located only on the Rockaway Boulevard frontage and will be set back fifteen feet from the building line; that a five foot high woven wire fence on a six inch concrete curb will be erected along the north and east lot lines and also along the 88th Street building line; that shrubbery will be provided wherever the fence is erected

MINUTES

and protected by a six inch by eight inch concrete curb; and

WHEREAS, the applicant contends that Rockaway Boulevard is a heavily travelled artery; that the site is also practically on the corner of 101st Avenue which is likewise a very heavily travelled artery; that adjoining the site on the west is a building material yard extending for the balance of the block; that there is a gas service station on the entire triangle of Rockaway Boulevard, 101st Avenue and 89th Street in block 9090, lot 21; that there is likewise a gas station on the southeast corner of Rockaway Boulevard and 8th Street in block 9090, lot 1; that there is a motor vehicle repair shop and auto parking in the northeast corner of Rockaway Boulevard and 89th Street in block 9093, lot 1 and adjoining this site, while not in the area, there is another gas station which was the subject of a grant by the Board under Cal. No. 865-55-BZ; that on the north side of Rockaway Boulevard between 87th Street and 86th Street, there is a building material storage yard, block 9058, lot 18, and also a motor vehicle repair shop in block 9058, lot 24; that there is also a lumber yard on the southeast corner of Rockaway Boulevard and 86th Street, block 9059, lots 33 and 36, and also a junk shop on 86th Street, block 9057, lot 69; that the predominant motor vehicle uses along Rockaway Boulevard indicate the feasibility of the proposed gas station; that there is no demand for additional stores in the area, the area being generally small single family dwellings, and the site could not support additional stores; and

WHEREAS, the applicant states that the present owners have held title to the property since January 24, 1957; that the assessed valuation of land is \$5,500 and of the building \$3,500 making a total of \$9,000; that the building was erected in 1923; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7f or a term of fifteen years to permit the premises to be occupied as a gasoline service station substantially as proposed and as indicated on plans filed with this application marked "Received November 20, 1957", 4 sheets, on condition that the accessory building shall be of the design and arrangement as indicated and shall be faced with face brick on all sides; that there shall be no cellar under the accessory building which shall comply in all other respects with the requirements of the Building Code; that pumps shall be of a low approved type erected not nearer than 15 feet to the street building line; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that on the exterior lot line to the east there shall be a woven wire fence of the chainlink type for a distance of forty feet from the accessory building toward Rockaway Boulevard and with suitable terminating post; that a similar fence shall be erected on the northerly lot line from the accessory building to the westerly corner of the plot and thence southerly to the street line of Rockaway Boulevard with suitable terminating post; that such fences as above required shall be on masonry bases to a stated height of five feet six inches; that curb cuts shall be restricted to two curb cuts to Rockaway Boulevard each not over thirty feet in width where shown and one not over 25 feet in width, as shown, on 88th Street; that along the fence there shall be a planting area maintained with suitable material, as shown, properly protected with masonry curbing not less than eight inches in height and six inches in width; that the balance of the site where not occupied by accessory building and planting shall be paved with concrete or asphaltic pavement; that such portable fire-fighting

appliances shall be maintained as the Fire Commissioner shall direct; that sidewalks abutting the premises shall be reconstructed or restored to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection within the intersection of a post standard for supporting a sign, which may be illuminated, advertising the brand of gasoline on sale and permitting such sign to extend beyond the building line, at right angles to Rockaway Boulevard, for a distance of not over four feet; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

PETITION AND CERTIORARI ORDER SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On May 28, 1958, Copy of Petition and Order of Certiorari was
served on the Board by Harry L. Marcus, attorney for petitioner,
Silver Crest Farms, Inc., owner, seeking a review of the Board's
denial on April 29, 1958 of their application under Section 7h of
the Zoning Resolution to permit in a local retail and residence use
district for a term of ten years the operation of a private parking
lot for more than five motor vehicles; Cal. No. 821-48-BZ—Vol. II;
premises 81-17 Caldwell Avenue and 60-30 82nd Street, northwest
corner, Block 2919, Lots 38, 42 and 47, Elmhurst, Borough of
Queens.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman.*

JUNE 10, 1958, 10 A.M.

NOTICE IS HEREBY GIVEN of a public hearing *Tuesday morning*, June 10, 1958, at 10 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

1106-48-BZ—Vol. II

APPLICANT—Michael Levine, for Lucky Star Realty Corp., owner.

SUBJECT—Application reopened September 24, 1957 as Vol. II—re decision of the Borough Superintendent, under sections 7e and 21 of the Zoning Resolution, to permit in a residence use, "E-1" area district, the erection of a one story and basement building to be used for factory purposes, the proposed building encroaches on the required side yard and setbacks and to occupy more than the permitted area coverage.

PREMISES AFFECTED—149-06 to 149-16 (149-10 official) New York Boulevard and 177-22 to 177-30 149th Avenue, southwest corner, Block 13383, Lots 63, 66 and 69, South Ozone Park, Borough of Queens.

Laid over from June 3, 1958 to June 10, 1958 at the request of the applicant.

273-39-BZ—Vol. II

APPLICANT—James E. Vassalotti, for Emma Ekholm and Charles Kotan, owners.

SUBJECT—Application reopened March 25, 1958—decision of the Borough Superintendent, under sections 7f, 7i and 7A of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station with accessory uses of lubricatorium, minor auto repairs, car washing, storage, office and sales and parking of cars waiting to be serviced with curb cuts and ground sign within 75 feet of a residence use district for temporary term of fifteen (15) years.

PREMISES AFFECTED—196-45 to 196-49 (196-47 official) Northern Boulevard and 42-50 to 42-72 Francis Lewis Boulevard, northwest corner, Block 5373, Lots 18 and 22, Bayside, Borough of Queens.

994-57-BZ

APPLICANT—Charles A. Buckley, Jr., for Frank Infuso and Henry Infuso, owners.

SUBJECT—Application December 30, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the use of the vacant lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—1627-1631 Undercliff Avenue west side, 349.8 feet south of West 176th Street, Block 2880, Lot 129, Borough of The Bronx.

862-56-BZ

APPLICANT—Morris Brody, for The Long Island Railroad Co., owner.

SUBJECT—Application December 18, 1956—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in an unrestricted and residence use district, the extension of a parking lot from the unrestricted portion to the residence portion of the plot.

PREMISES AFFECTED—1708-1726 Brooklyn Avenue west side, 417 feet 6 inches north of Avenue I, Block 7580, part of Lot 26 and Block 7581, Lot 27, Borough of Brooklyn.

745-56-BZ

APPLICANT—Louis Santangelo, for Michael Bunda owner.

SUBJECT—Application November 1, 1956—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in an E-1 area district, the change in occupancy of the existing two-story and basement, two-family dwelling to a three family dwelling.

PREMISES AFFECTED—3210 Middletown Road, south side, 73.46 feet east of Dwight Place, Block 5411, Lot 327, Borough of The Bronx.

71-58-BZ

APPLICANT—Charles M. Spindler, for Helena E. M. Arams, owner; Sun Oil Co., lessee.

SUBJECT—Application February 21, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a local retail and residence use district, the erection and maintenance of a gasoline service station together with minor repairs with hand tools only, safety inspection station and parking within the local retail use zone of cars awaiting service.

PREMISES AFFECTED—3770-3778 East Tremont Avenue and 2889-2897 Roosevelt Avenue, northeast corner, Block 5562, Lots 21, 25 and 28, Borough of The Bronx.

CALENDAR

108-58-BZ

APPLICANT—Samuel Rosenblum, for Yadbob Realty Corp., owner; Samoroff Building Inc., lessee.

SUBJECT—Application March 7, 1958—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a residence use district, in an existing three-story building, the change in use of the first floor from non-storage garage for five (5) cars to garage, photographic studio and darkroom and to continue the use of the second and third floors as dwellings.

PREMISES AFFECTED—172 East 73rd Street, south side, 175 feet west of 3rd Avenue, Block 1407, Lot 44, Borough of Manhattan.

716-56-BZ—Vol. II

APPLICANT—Larry Meltzer, for Jewish Center of New Hyde Park, Inc., owner.

SUBJECT—Application reopened January 7, 1958 as Vol. II—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a C area district, the erection of an extension to a present synagogue and occupying more than the permitted area.

PREMISES AFFECTED—771-779 East 49th Street, east side, 100 feet north of Avenue D, Block 4770, Lots 50, 52 and 53, Borough of Brooklyn.

158-23-BZ—Vol. II

APPLICANT—Philip Freshman, for Empire State Warehouse Corp., owner.

SUBJECT—Application reopened March 4, 1958 Vol. II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a retail and residence use district, the change in occupancy of an existing (9) nine-story building together with the adjoining eight (8) story and penthouse building and one-story garage from warehouse and garage to warehouse in the basement and first floor with accessory garage and the use of the upper floors for light manufacturing.

PREMISES AFFECTED—372-390 Gates Avenue and 390 Nostrand Avenue, southwest corner, Block 1812, Lot 42, Borough of Brooklyn.

07-58-BZ

970-57-BZ

APPLICANT—Haus and Bresin, for David Berlin, owner.

SUBJECT—Application December 26, 1957—decision of the Borough Superintendent, under sections 7e, 7h and 7A of the Zoning Resolution, to permit in a local retail and residence use district, the erection and maintenance of a gasoline service station, auto wash—non-automatic, lubrication, office, sale of auto accessories, minor repairs with hand tools only and the parking and storage of motor vehicles awaiting service with a show window and business sign within 75 feet of the residence use district for a stated term of fifteen (15) years.

PREMISES AFFECTED—195-12 to 195-20 Linden Boulevard and 117-02 to 117-10 196th Street, southwest corner, Block 12613, Lot 6, St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

ACTION OF BOARD—Laid over to June 24, 1958, at 10 A. M. at the request of applicant to file revised plans to meet the requirements of the proposed tenant. For further consideration; hearing previously closed.

977-57-BZ

APPLICANT—Burke, Green and Groh, for Albert Artsis, owner.

SUBJECT—Application December 27, 1957—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubrication, auto laundry—non automatic, minor repairs with hand tools only, office and accessory sales and the parking and storage of motor vehicles awaiting service.

PREMISES AFFECTED—223-06 Linden Boulevard, southeast corner of 223rd Street, Block 12740, Lot 55 (55 and 60), Springfield Gardens, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

ACTION OF BOARD—Laid over to June 17, 1958, at 10 A. M. for inspection and decision; hearing closed.

993-57-BZ

APPLICANT—Charles A. Buckley, Jr., for Pennsylvania Exchange Bank, owner.

SUBJECT—Application December 30, 1957—decision of the Borough Superintendent, under sections 7f, 7i and 7A of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, office, sales, storage room, lubritorium, auto wash, minor auto repairs and the parking and storage of more than five (5) motor vehicles with business entrances and show windows within 75 feet of the residence use district.

PREMISES AFFECTED—4728-4736 White Plains Road, and 701-707 St. Ouens Street, northeast corner, Block 5113, Lot 21, Borough of The Bronx.

APPEARANCES—

For Applicant: Maurice J. Schulkind.

For Opposition: None.

ACTION OF BOARD—Laid over to June 24, 1958, at 10 A. M. for inspection and decision; hearing closed.

1-58-BZ

APPLICANT—Reginald S. Hardy, for Margaret Smith Gilsenan Executrix under will of Edward L. Smith, deceased.

SUBJECT—Application December 31, 1957—decision of the Borough Superintendent, under sections 7c and 7h of the Zoning Resolution, to permit in a local retail and residence use district, the erection of a retail market or store, together with the use of a portion of said premises for the parking of motor vehicles belonging to customers,

MINUTES

patrons and employees of such market. In addition thereto, the application seeks permission to maintain a sign upon the wall of the proposed market.

PREMISES AFFECTED—99-30 Corona Avenue, 48-02 to 48-16 102nd Street, southwest corner and 99-11 to 99-27 Alstyne Avenue, Block 1926, Lot 13, Corona, Borough of Queens.

APPEARANCES—

For Applicant: Reginald S. Hardy.

For Opposition: None.

ACTION OF BOARD—Laid over to June 17, 1958, at 10 A. M. for inspection and decision; hearing closed.

6-58-BZ

APPLICANT—Fred C. Dahlem and Victor E. Block, for J. Starr Parking Service, owner.

SUBJECT—Application January 8, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for more than five motor vehicles on a vacant parcel of land.

PREMISES AFFECTED—1039-1041 Boynton Avenue, west side, 300 feet south of Watson Avenue, Block 3714, Lot 48, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem, Jacob Starr and Mildred Starr.

For Opposition: Samuel Shapiro, Della R. Goldschlag, Samuel Fine, Mavin Najberg and Joseph Porco.

ACTION OF BOARD—Laid over to June 24, 1958, at 10 A. M. for inspection and decision; hearing closed; and to await decision by Planning Commission as to application for parking use on lot in rear on Elder Ave., Block 3714, Lot 5, hearing on which was held June 4, 1958.

38-58-BZ

APPLICANT—Julian Roth of Emory Roth and Sons, for Metropolitan Life Insurance Co., owner.

SUBJECT—Application January 14, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a 1¼ and 2 times height district, to maintain the present 23 story building with 14 story tower above, making a total of 37 story and penthouse building, used as an office building, separate and apart from the building on block 1278, lot 67, designated as 2-4 East 44th Street not in conformity with Board of Standards and Appeals resolution Cal. No. 7-1-27-BZ.

PREMISES AFFECTED—519-521 5th Avenue, northeast corner of East 43rd Street, Block 1278, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Herman M. Glassner, Irwin Clavan and Julian Roth.

For Opposition: Edward Hoffman for City Construction Coordinator.

ACTION OF BOARD—Laid over to June 10, 1958, at 10 A. M. for further consideration.

39-58-BZ

APPLICANT—Julian Roth of Emory Roth and Sons for Bankers Trust Co., and Metropolitan Life Insurance Co., owners.

SUBJECT—Application January 14, 1958—decision of the Borough Superintendent, under sections 19A and 21 of the Zoning Resolution, to permit the separation of lot 67 from the Certificate of Occupancy of lot 1 and extend the 12 story building on lot 69 to 19 stories and erect thereto a 19 story extension of lot 67, eliminating the required loading and unloading berth.

PREMISES AFFECTED—2-4 East 44th Street and 523-529 5th Avenue, southeast corner, Block 1278, Lots 67 and 69, Borough of Manhattan.

APPEARANCES—

For Applicant: Herman M. Glassner, Irwin Clavan and Julian Roth.

For Opposition: Edward Hoffman for City Construction Coordinator.

ACTION OF BOARD—Laid over to June 10, 1958, at 10 A. M. for further consideration.

574-21-BZ—Vol. II

APPLICANT—Frederick A. Ketcher, for Emil Mosbacher, owner; Red and White Markets, Inc., lessee.

SUBJECT—Application reopened February 11, 1958 as Vol. II—re decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business and residence use district, the small area which is in the residence use district and which is now part of the present theatre, to be used as part of the proposed food market.

PREMISES AFFECTED—1-15 East Kingsbridge Road and 2658-2690 Jerome Avenue, northeast corner, Block 3317, Lot 6, Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

For Administration: John J. Saunders, B'd. of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 11, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 6, 1958 after due notice by publication in the Bulletin; laid over to June 3, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in business and residence use, B area class 1¼ height districts; that there has been no change in zoning since 1916; and

WHEREAS, the decision of the Borough Superintendent, dated January 22, 1958 acting on Alt. Applic. No. 54-58, reads:

"1. The change of use of that specific portion of the plot within the residence use district from theatre to supermarket is contrary to Ca. #574-21-BZ and Art. II Sect. 3 of the Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 221 feet 9 inches frontage by 160 feet, 147 feet and 155 feet in depth; that it is proposed to remove all interior theatre fixtures, seats and appurtenances; grade the floor to first floor level; erect new entrances to the market on Jerome Avenue and on Kingsbridge Road; enclose the side yard for use as storeroom and re-finish the interior with the most modern flooring, fixtures and lighting; and

WHEREAS, the applicant states that the original corner plot in 1921 was 147 feet 3 inches on Jerome Avenue and 160 feet on Kingsbridge Road; that the present plot is 221 feet 9 inches on Jerome Avenue by 160 feet; that the subject area, which is in the residence use district, is less than 4% of the area of the lot, and this said area, which will be used as part of the food market, is inside of the existing building and is entirely enclosed with unpierced walls; and

WHEREAS, the applicant further states that to the south Kingsbridge Road is 100 feet wide and in a business use district; that to the west, Jerome Avenue is 100 feet wide, in a business district; that the noisy elevated subway structure is overhead, the Armory is directly across the street and a school yard is on the northwest corner of 195th Street; that to the north, along the east side of Jerome Ave-

MINUTES

nue, the front of the plot is used for stores, the rear building is used for garage and ignition repair shop and the open yard area is used for unlimited parking; that to the east the unpierced theatre wall lining the adjoining residence use district will remain undisturbed as the unpierced wall for the food market; that no immediately adjoining residence properties would be affected in any manner different than by its present use inasmuch as all business activity will be confined within the unpierced walls of the building; that as regards the business area, there has been no appreciable change in the character of the neighborhood, except for 35 years of depreciation; and

WHEREAS, the applicant contends that the financial plight of the owner of the small moving picture theatre is well understood; that this owner, after several years of negotiation, has succeeded in obtaining a responsible chain store to take over the vacant theatre on a long term lease; that this has been the only sound and practicable offer received in years; that however, in the original negotiation the owner agreed to deliver a complete set of approved plans at an early date; that the zoning objection was not anticipated and now, the new contract is conditional; that the maintenance costs and annual taxes of \$22,600 have placed a heavy financial burden on the owner and if he were to lose this tenant it may be several more years before another responsible tenant could be found; that the granting of this application could in no way affect any one adversely, but would result in greater safety to the public in store operation and would improve the general appearance of the exterior of the premises on both streets; and

WHEREAS, the applicant states that the present owner has held title to the property since April 26, 1926; that the assessed valuation of land is \$425,000 and of the building \$140,000 making a total of \$565,000; that the building was erected in 1921; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which noted that the existing building covers the area in question, and recommended that the application be granted under certain conditions to permit change of use; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the existing building to continue as to the portion of the plot in the residence use district, as previously permitted as indicated on plans filed with this application, marked "Received January 28, 1958", 5 sheets, and "March 27, 1957", 1 sheet, and to permit change of use as proposed to a super market, *on condition* that the existing marquee on the building shall be removed; that the building and occupancy shall comply with all laws, rules and regulations applicable thereto and the building shall not be further increased in height or area; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

489-38-BZ—Vol. III

APPLICANT—Samuel Miller, for Esso Standard Oil Company, owner.

SUBJECT—Application reopened December 11, 1956 as Vol. III—re decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the extension to an existing gasoline service station accessory building for two additional service bays and the additional use of minor auto repairs with hand tools only, the parking of motor vehicles awaiting service, installation of two additional 550 gallon gasoline tanks and one additional dispensing pump, all for a term of 15 years.

PREMISES AFFECTED—219-01 North Conduit Avenue, northeast corner of Springfield Boulevard, Block 13085, Lot 4, Springfield, Borough of Queens.

APPEARANCES—

For Applicant: Joseph B. Lynch.

For Opposition: Edward Hoffman for Park Dept.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

Negative: 5

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on December 11, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 13, 1957 after due notice by publication in the Bulletin; laid over to March 19, 1957 for inspection and decision; hearing closed, then laid over for further study by the Board; date of determination to be set; then set for June 3, 1958; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, E-1 area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 26, 1956 acting on Alt. Applic. 2533-56, reads:

"1. The extension in area of an existing gasoline service station accessory building and the additional uses of minor auto repairs with hand tools only and the parking of motor vehicles awaiting service in a residence use district is contrary to Art. II section 3 of the Zoning Resolution and Cal. No. 489-38-BZ of the Board of Standards & Appeals."

and

WHEREAS, the applicant states that the premises consist of a plot, 320.58 feet and 119.88 feet frontage by 238.02 feet and 10 feet in depth; and

WHEREAS, the applicant states that the plot, which occupies a triangular block bounded on the south by North Conduit Avenue, the east by Springfield Boulevard and the north by 144th Avenue, is presently included in a residence use, class E-1 area and class ½ height; that on July 25, 1916 the plot was zoned residence use, D area, class 1 height; that the D area was changed to E-1 on May 24, 1956 (C.P. 12339), the class 1 height to class ½ height on May 27, 1953; that there is no contravention of section 21A of the zoning resolution; and

WHEREAS, the applicant states that existing conditions show that the gasoline service station was permitted by the Board on December 3, 1940 under Cal. No. 489-38-BZ, Vol. II, and the variance was granted under section 21 for a term of ten years; that at that time the plot was included in a residence use district; that the resolution was amended on October 24, 1944 extending the term of the variance for a period of ten years from the amended action and approving working drawings; that due to war conditions and federal restrictions, it was not permitted to erect this service station, and the time in which to obtain permits and complete work was extended annually through September 13, 1949; that work was started during the latter part of 1949 and the resolution was further amended on October 3, 1951 modifying the requirements for sidewalks and curbs and the setback of the pumps located on North Conduit Avenue; that subsequently certificate of occupancy No. Q-80744 was issued April 9, 1952 on approved N.B. Applic. 3290-36 permitting the premises to be used as a gasoline service station, lubricatorium and auto laundry for a term of ten years; expiring October 24, 1954; that on April 21, 1953 the resolution was further amended so as to permit the installation of two additional 550 gallon gasoline tanks for a total of ten tanks; that on March 15, 1955 the resolution, under Cal. No. 489-38-BZ, Vol. II, was further amended changing the vested authority of the zoning resolution from section 21 to section 7e, and permitting the term of the variance to be extended for an additional period of ten years from the date of this amended action; that certificate of occupancy No. Q-104489 was issued on August 29, 1955 under approved Alt. Applic. 488-55, permitting a gasoline service

MINUTES

station, lubritorium and auto laundry; that auto repairs were prohibited, and the ruling on the parking of motor vehicles awaiting service was not clear to the building department; and

WHEREAS, the applicant further states that existing conditions also indicate a two bay service station accessory building, ten 550 gallon gasoline tanks, six low approved type gasoline dispensing pumps on three concrete pump islands, with the pumps facing Springfield Boulevard set back 15 feet from the lot line and the pumps facing North Conduit Avenue set back 10 feet from the lot or building line of the proposed North Conduit Avenue, and not from the physical or existing North Conduit Avenue line; that the distance between the subject lot line and the physical or existing curb line of North Conduit Avenue is approximately 70 feet; that this area has been temporarily paved with black-top substantially as permitted by the amended resolution adopted October 3, 1951; that the area proposed for the widening of Springfield Boulevard is also temporarily paved with black-top as permitted by the same amended resolution; that all work, existing or proposed, is included entirely within the subject lot lines and no portion thereof is within the bed of any mapped street; and

WHEREAS, the applicant further states that the proposed work consists of the addition of two service bays to the existing accessory building, with layout and design similar to the present building, the installation of two additional 550 gallon gasoline tanks, for a total of twelve such tanks, and one additional low approved type gasoline dispensing pump; that the additional uses of minor auto repairs and hand tools only and the parking of motor vehicles awaiting service or repair are also requested; that it is also requested that the term of the variance be extended for a period fifteen years from the date of this amended action; that there will be no increase in metes and bounds of the property as approved in 1940; and

WHEREAS, the applicant contends that the increase in the number of motor vehicles makes it necessary to provide additional servicing facilities and also that competitive demands require the further modernization of this gasoline service station; that the gas station located at the northwest corner of North Conduit Avenue and Springfield Boulevard has been modernized or rehabilitated with the permission of the Board and numerous new gas stations are now being erected, or permission from the Board has been given for their erection along both sides of Southern Parkway with the streets better known as North and South Conduit Avenue; and

WHEREAS, the applicant states that the present owner has held title to the property since 1944; that the assessed valuation of land is \$37,000 and of the building \$13,000 making a total of \$50,000; that the building was erected in 1948; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on December 3, 1940, as thereafter amended by resolutions adopted through March 15, 1955, by adding thereto:

that the following changes may be made to the resolution as adopted on December 3, 1940, as now shown on revised plan marked, "Received May 7, 1958," one sheet, to permit the construction as shown thereon consisting of an addition to the accessory building towards the east and a fence wall along the line of 144th Avenue where shown and entrances across North Conduit Avenue assumed to be in the possession of the Park Department, on condition that entrance driveways and walls shall be in accordance with the requirements; that there may be two additional 550 gallon approved gasoline storage tanks and one additional pump located on present pump island which now accommodates three pumps; that under Section 7e there may be minor repairs maintained solely within the accessory building for adjustments with hand tools only; that where there is unbuilt upon space there may be parking of cars under Section 7e for a similar term; that there shall be no

parking on Park property; that the existing term expiring in 1965, by resolution adopted by the Board on March 15, 1955, is hereby extended for a term of 15 years from the date of this amended resolution; that where shown there may be a wooden rail and post fence maintained to protect the area to be landscaped; and that in all other respects the resolutions as above cited shall be complied with where not inconsistent with this amended resolution; that all permits shall be obtained and all work completed within the requirement of Section 22A of the Zoning Resolution.

1132-39-BZ—Vol. II

APPLICANT—De Rose and Cavalieri, for J. Clarence Davies, Inc., owner.

SUBJECT—Application reopened January 28, 1958 as Vol. II—decision of the Borough Superintendent, under Sections 7c and 21 of the Zoning Resolution, to permit in a retail and residence use district, the erection of a one-story extension to an existing one-story commercial building occupied by two retail stores into the residence use district.

PREMISES AFFECTED—31, 32, 33, 34 Westchester Square, west side, 185.515 feet south of Frisby Avenue and 2584-2588 Frisby Avenue and 1420-1434 Benson Street, Block 3984, Lots 4, 5, 6, 7, 8, 9 and 30, Borough of The Bronx.

APPEARANCES—

For Applicant: George J. Cavalieri.

For Opposition: None.

For Administration: John J. Saunders, Board of Education.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 28, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 29, 1958 after due notice by publication in the Bulletin; laid over to June 3, 1958, for inspection and decision; and for applicant to give consideration to removing sidewall further from lot line and to file revised plan, hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Frisby Avenue and Benson Street are in retail and residence use, D area, class 1 height districts; Lane Avenue and Westchester Square are in a retail use, D area, class 1 height district; that as of July 25, 1916 the portion of the property within 100 feet of Westchester Square was zoned as business and the remainder was zoned as residence use district; that on May 6, 1926 the business use district was expanded to include the portion of the property within 100 feet of Frisby Avenue and more than 100 feet of Benson Street; that as of July 25, 1916 the portion of the property within 100 feet of Westchester Square was zoned as a 1½ times height district and the remainder was zoned as a 1¼ height district, and as of the same date the property was zoned as a C area district; that the present use, height and area designations became effective on April 26, 1945; and

WHEREAS, the decision of the Borough Superintendent, dated December 4, 1957 acting on Alt. Applic. No. 1081-57, reads:

"1. The proposed extension of the commercial building into a residence use district is contrary to Sect. 3, Art. II Zoning Resolution.

2. The proposed extension of the existing commercial building into a residence district is contrary to Bd. of S. & A. Resolution Cal. #1132-39-BZ."

and

WHEREAS, the applicant states that the premises consist of

MINUTES

a plot, 94.17 feet frontage, irregular in depth; that there is erected on the plot a one story, cellar and penthouse building, also having an irregular shaped area and facing exclusively on Westchester Square; that the rear portion of the building that is in a residence use district, with a driveway leading to and from Frisby Avenue, was erected in 1940 after the Board granted a variation in the application of the use district regulations; that following completion of said rear portion, Alteration Certificate of Occupancy No. 834 was issued on September 6, 1940 for use as follows: cellar—stock, boiler, coal and paper rooms; first story—store; penthouse—girls' rest and coat rooms and toilet room; that the existing building has a ground area of approximately 13,116 square feet, of which 65% is within a retail use district and the remaining 35% in a residence use district; that the building is occupied and used as retail stores, under long term leases, by F. W. Woolworth and Miles Shoes; that it is proposed to build a one story cellarless addition for both the present tenants at the rear of existing building, or on that portion of the plot now vacant facing Benson Street; that the addition for F. W. Woolworth would have a frontage on Benson Street of 75.22 feet and a depth of 93.03 feet; that for Miles Shoes it would be an irregular shaped area, similar to a triangle; that the base would be approximately 48 feet and the altitude approximately 46.03 feet; that both additions would be set back from the street line of Benson Street, as follows: six feet for F. W. Woolworth addition and 99.03 feet for Miles Shoes; that the remaining, or unoccupied land area of the Benson Street portion would be fenced and landscaped; that no vehicular access from Benson Street would be provided to the new additions, and the only openings in the exterior walls would be for light, ventilation and emergency exits for the occupants; that with the new additions, the building would have a ground area of approximately 21,424 square feet; that 60% thereof would be in a residence use district and the remaining 40% in a retail district; that land coverage would be approximately 67%; and

WHEREAS, the applicant further contends that in this instance, the proposed extension of a commercial building into a residence use district would be in harmony with the general purpose and intent of the Zoning Resolution, and the character of the district would be safeguarded, for the following reasons: that the design and exterior materials of the Benson Street facade of the proposed addition for F. W. Woolworth would be in harmony with the public school on the opposite side of said street; that the fencing and landscaping of the unoccupied land to the south of the proposed Woolworth addition would eliminate the present untidy appearance and prevent littering of rubbish and debris; that there would not be any show windows or vehicular entrances on the Benson Street frontage, nor will commercial vehicles approaching these premises be loaded or unloaded on the Benson Street side; that an on-site loading berth now exists for F. W. Woolworth over the Frisby Avenue portion; that rather than adversely affect the character of the district, the proposed improvement would substantially better its present character; and

WHEREAS, the applicant states that the present owner has held title to the property since July 1929, March 1951 and November 1954; that the assessed valuation of land is \$156,400 and of the building \$85,000 making a total of \$241,400; that the building was erected August 30, 1940; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted under Volume I, January 9, 1940, as thereafter amended by amendment adopted through June 9, 1940, by adding thereto, as to Objections 1 and 2 that the additional area that is now proposed for addition to the building may be permitted under Section 7c as indicated on plans filed with this application marked, "Received March 19, 1958," "Received December 30, 1957," six sheets, March 19, 1958, one sheet, and May 14, 1958, four sheets; that the court proposed to be maintained adjacent to Lot 10 shall be maintained and no window shall be con-

structed in the wall facing on such court; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirement of Section 22A of the Zoning Resolution.

116-54-BZ—Vol. II

APPLICANT—Holtzman, Sharf, Mackell and Hellenbrand, for Eswin Construction Corp., owner.

SUBJECT—Application reopened October 8, 1957 as Vol. II —re decision of the Borough Superintendent under Sections 7e and 7h of the Zoning Resolution, to permit in the local retail portion of the plot, the erection and maintenance of a gasoline service station, lubritorium, auto laundry—non automatic, office and sale of accessories, storage and parking of cars to be serviced.

PREMISES AFFECTED—231-13 to 231-21 Linden Boulevard and 116-64 to 116-72 232nd Street, northwest corner, Block 11332, Lot 1, Springfield, Borough of Queens.

APPEARANCES—

For Applicant, Edward Sharf and I. S. Carner.

For Opposition: P. F. Le Panto and Joseph E. Thomas.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 8, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 13, 1958 after due notice by publication in the Bulletin; laid over to June 3, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 231st Street and 232nd Street are in local retail and residence use, D and G-1 area, class ½ height districts; Linden Boulevard is in a local retail use, D area, class ½ height district; 116th Avenue is in a residence use, G-1 area, class ½ height district; that as of July 25, 1916 the property was in a one times height district and a D area district, and the portion of the property within 100 feet of Linden Boulevard was zoned business and the remainder was residence; that on December 19, 1938 the portion of the property more than 100 feet from Linden Boulevard was rezoned to a class ½ height district and an E area district; that the present local retail district became effective on January 21, 1947 and the present class ½ height designation within 100 feet of Linden Boulevard and the G-1 district both became effective on June 30, 1952; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated March 21, 1958 acting on N.B. Applic. No. 1610-57, reads:

"1. Proposed gasoline service station, lubritorium, auto laundry (non-automatic), office, storage and sales of auto accessories, and parking of cars waiting to be serviced on a lot in a local retail district and extending into a residence district is contrary to Art. 2, Sec. 3 and Sec. 4-c of the Z.R.

2. Proposed sign and light standard in a local retail district is contrary to Art. 2, Sec. 4-c of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 103.435 feet frontage by 110.64 feet and 84.21 feet in depth; that it is proposed to erect a one story gasoline service station, lubritorium, non-automatic auto laundry, storage and sales of auto accessories, and parking of cars waiting to be serviced; that this proposed building is to be of modern design and will occupy only approximately 1244 square feet, or less than 17% of the total land, as against an allowable coverage of approximately 6170 square feet for an allowable business building; that it is further proposed

MINUTES

to set the building back fifteen feet from the rear line and seed and landscape this portion; that a five foot six inch brick wall will be erected along this lot line to 232nd Street, where a four foot high brick and picket fence wall will be erected; that this wall will be carried for 85.64 feet along 232nd Street, which will protect this street; and

WHEREAS, the applicant contends that the property to the west has a blank wall running almost completely to the rear lot line and these premises are used as stores, which provides an existing buffer for the proposed station; that Linden Boulevard is a heavily trafficked thoroughfare at this point and the need exists for a gas station to serve the area; that these premises cannot be used reasonably for stores as there exists within the immediate area the following group of stores—Block 12746, Lot 60; Block 11331, Lot 1; Block 11332, Lot 6; Block 12750, Lots 1, 2, 4 and 5, and many others within close proximity; that substantial changes have taken place in the area since the prior application under Cal. No. 116-54-BZ; that there have been steady and continued retail store failures and store vacancies that exist on Linden Boulevard in the immediate area of the site; that this application is but for a temporary period of years as may be prescribed by the Board and the proposed conditions will not block either light or air of the surrounding area; and

WHEREAS, the applicant states that the present owner has held title to the property since March 3, 1939 and that the assessed valuation of land is \$20,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application shall not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. #1610/57, Objection Nos. 1 and 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

584-56-BZ

APPLICANT—Herman Kron, for Gramercy Parking Terminal Inc., owner.

SUBJECT—Application September 5, 1956—decision of the Borough Superintendent, under Sections 7c and 7A of the Zoning Resolution, to permit in a local retail and residence use district, the reconstruction of the present gasoline service station and extend the use to include auto repairs, lubritorium, car washing, parking and storage of more than five (5) cars and the sale of used cars, with a business entrance less than 75 feet from the residence use district.

PREMISES AFFECTED—73-15 Parsons Boulevard, northeast corner of 75th Avenue, Block 6822, Lot 20, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Herman Kron.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 11, 1958 after due notice by publication in the Bulletin; laid over to April 8, 1958, for further hearing after applicant has corrected his plans; then to April 29, 1958, for applicant to file new list of owners; for inspection and for continued hearing, then to May 27, 1958, for continued hearing, then to June 3, 1958. Applicant to submit revised plans showing wall at the rear, and for decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 73rd Avenue and 75th Avenue

are in local retail and residence use, D and E-1 area, class 1 height districts; Parsons Boulevard is in a local retail use, D area, class 1 height district; 160th Street is in a residence use, E-1 area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 29, 1957 acting on N.B. Applic. No. 1367-56, reads:

"1. The use of the premises as a gasoline service station, auto repairs, parking and storage for more than five cars and sale of used cars located partly in a Local Retail Use District and partly in a Residence Use District is contrary to Art. II Sec. 4-c and Art. II Sec. 3 of Zoning Resolution.

2. The location of business entrance less than 75' from a Residence Use District is contrary to Art. II—7A Zoning Resolution".

and

WHEREAS, the applicant states that the premises consist of a plot, 80.26 feet frontage by 20 feet in depth, on which are located several buildings consisting of a gas station, auto repair, laundry, with one building being occupied as a restaurant; that it is proposed to demolish all buildings to the ground and reconstruct and build a four bay service building consisting of office, store, stockroom, lubritorium, auto repair, car wash, toilets, ten 550 gallon gasoline tanks, one 550 gallon fuel oil tank, one 550 gallon waste oil tank and gasoline pumps; that it is also proposed to install the necessary curb cuts on the three streets, and parking and storage for more than five motor vehicles; that it is also proposed to erect a rustic wooden fence on the rear lot line; that the building will be constructed of face brick, stainless steel and will be of modern design; and

WHEREAS, the applicant contends that the proposed use of these premises will be in harmony with the existing development of the neighborhood and its conduct will be such as not to interfere with the welfare of the inhabitants; that the owner is willing to surround the premises with such safeguards as the Board may deem necessary to protect the surrounding area; and

WHEREAS, the applicant states that the present owner has held title to the property since May 1, 1956; that the assessed valuation of land is \$10,000 and of the buildings \$27,000 making a total of \$37,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c and A to permit the continuance of a gasoline service station as constructed in 1924, as now located on streets as widened and station rearranged as proposed and as shown on plans marked, "Received August 22, 1957," two sheets, "January 30, 1958, one sheet, April 23, 1958, one sheet, as amended by revised plan marked, "Received May 29, 1958," one sheet, *on condition* that there shall be constructed along the rear lot line a masonry wall not less than five feet, six inches in height with face brick on the side facing Parsons Boulevard; that such wall shall extend to the west on the new building line on 73rd Avenue and also on the new building of 75th Avenue each for a distance of not less than 25 feet with masonry terminating posts; that the accessory building shall be of the design and arrangement as shown and located as indicated on revised plan marked, "Received May 29, 1958; that such building shall be constructed of masonry faced with face brick on all sides; that pumps shall be of the low-approved type erected not nearer than 15 feet to the building line of Parsons Boulevard; that gasoline storage tanks shall not exceed twelve, 550 gallons approved tanks; that existing tanks located toward the south and under the sidewalk or partly under the sidewalk shall be completely removed and

MINUTES

not filled; that the premises where not occupied by accessory building and pumps shall be paved with asphalt or concrete; that the sidewalks and curbing abutting the premises on Parsons Boulevard and on 73rd Avenue and 75th Avenue shall be constructed or repaired to the satisfaction of the Borough President with new curb cuts as indicated consisting of two curb cuts each 30 feet in width to 75th Avenue where shown, one curb cut to be 30 feet in width to 73rd Avenue and three curb cuts one 30 feet, and two 25 feet in width to Parsons Boulevard; that signs shall be restricted to permanent signs attached to the facade of the accessory building and illuminated globes of the pumps excluding all roof signs and all temporary signs advertising devices but permitting the erection within the two intersections of a post standard each supporting the sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that under Section 7i there may be repairing of motor vehicles maintained solely within the accessory building with hand tools only for adjustments; that under Section 7A in the entrance thereunder there may be permitted on condition that the requirements of this resolution shall be complied with; that such portable fire-fighting apparatus shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

256-58-A

APPLICANT—Herman Kron, for Gramercy Park Terminal Inc., owner.

SUBJECT—Application April 23, 1958—filed pursuant to Section 35, General City Law re premises within bed of mapped streets—proposed widening of 73rd and 75th Avenues.

PREMISES AFFECTED—73-01 to 73-15 Parsons Boulevard and 158-01 to 158-11 75th Avenue, northeast corner and 158-02 73rd Avenue, Block 6822, Lots 20, 21 and 26, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Herman Kron.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough of Superintendent dated April 21, 1958 on new building application 1367/56 reads:

“3. The use of the premises within the bed of a mapped street requires the approval of the Board of Standards and Appeals as per Article 35, General City Law.”

and

WHEREAS, the applicant states that the proposed building will be 1 story, 15 feet in height, 75 feet front by 35 feet in depth, of Class 3 construction, on a lot 202.56 feet by 122.81 feet irregular in depth, in a local retail and residence use B area Class 1 height district, used and occupied since 1924 as a gasoline service station, garage, restaurant and motor vehicle repair shop; and now proposed to be used as a gasoline service station, motor vehicle repair shop, lubricatorium, car washing, parking and storage of more than 5 motor vehicles and sale of used cars as more fully described under application for zoning variance filed under Cal. No. 584-56-BZ, and

WHEREAS, the applicant states that at the present time there are several buildings on the premises erected under new building application 9594/25 for garage; new building application 15782/24 for a gasoline station; new building application 2063/26 for garage and store (restaurant) and miscellaneous application 501/42 for a sign; and

WHEREAS, the applicant states that it is now proposed to

demolish all existing buildings and to reconstruct and build a four bay service building and to install tanks and pumps and curb cuts for use of the premises as proposed; that it is proposed to erect a rustic wooden fence on the rear line; and

WHEREAS, the applicant contends that the building will not be located within the bed of the map street widenings and therefore will not be in violation of Section 35 of the General City Law; and that for this reason it is respectfully requested that the board modify the decision of the Borough Superintendent and permit the erection of the building as proposed; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 1367/56, Objection No. 3 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, on condition that the requirement of the resolution adopted this day under Cal. No. 584-56-BZ, shall be complied with.

843-57-BZ

APPLICANT—John F. Fitzsimons, for William and Carmela Leonardo, owners.

SUBJECT—Application November 19, 1957—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a G-1 area district, the conversion of a one family dwelling to two family use.

PREMISES AFFECTED—110-01 225th Street, east side, 134.16 feet south of 109th Avenue, Block 11208, Lot 53, Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons and William Leonardo.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 13, 1958 after due notice by publication in the Bulletin; laid over to June 3, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 109th Avenue, 111th Avenue, 225th Street and 227th Street are in a residence use, G-1 area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 30, 1957 acting on Alt. Applic. No. 2066-57, reads:

“1. Conversion of one family dwelling to a two family dwelling in a G-1 area district is contrary to Article IV, Section 16-C(a) of Zoning Resolution.

2. Existing dwelling does not have the required 15 ft. setback required as per Article IV Section 16-C(b) of Zoning Resolution.”

and

WHEREAS, the applicant states that the premises consist of a plot, 48.13 feet frontage by 106.31 feet in depth; that it is proposed to convert a one family dwelling to two family use in a G-1 area district; and

WHEREAS, the applicant states that the building was erected under N.B. Applic. 2131-51 for which Certificate of Occupancy No. Q77047 was issued; that at the time of construction the premises were in an E area district; that the present owners purchased the premises on January 22, 1952, and on June 30, 1952 the present G-1 district became effective; that in 1955 the owners contracted to have the dwelling converted to a two family house, being unaware that such use was not permitted; that upon completion of the work the contractor submitted Certificate of Occupancy No. Q110912, calling for a one family occupancy, at which

MINUTES

time questioning by the owners developed the fact that the premises were in a G-1 area district; and

WHEREAS, the applicant contends that there are the following two family uses in the neighborhood: Block 11208, Lots 1, 8 and 33, granted by the Board, and Lot 54—Lot 54 abutting the side on the west; that on the west side of 225th Street in Block 11205, Lots 1 and 3, are two family dwellings; and

WHEREAS, the applicant contends as to Objection 2, to the effect that the existing dwelling does not have the required 15 foot setback for the G-1 area district, it is submitted that Section 19(g) permits an alteration to the existing building, providing the alteration does not further encroach upon any required open spaces; that in the present instance, no change in the envelope of the building is proposed—the present setback is a legal non-conforming condition; and

WHEREAS, the applicant states that the present owners have held title to the property since January 22, 1952; that the assessed valuation of land is \$1,900 and of the building \$10,300 making a total of \$12,200; that the building was erected in 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21, to permit in the present G-1 area, the conversion of a former one-family dwelling to a two-family use, substantially as proposed and indicated on plans filed with this application, marked "Received November 19, 1957," 5 sheets, and "April 2, 1958", 1 sheet, with each apartment completely separated from each other and complete with kitchen, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable to the two-family occupancy; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

920-57-BZ

APPLICANT—Reuben Rappaport, for David Meredith Hart, owner.

SUBJECT—Application December 17, 1957—decision of the Borough Superintendent, under sections 7e and 21 of the Zoning Resolution, to permit in a residence use, C area district, the erection of a one story extension occupying more than the permitted area and to be used as a sculptor's studio by the tenant owner.

PREMISES AFFECTED—34 Leroy Street, south side, 60 feet east of Bedford Street, Block 586, Lot 6, Borough of Manhattan.

APPEARANCES—

For Applicant: Reuben Rappaport.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 29, 1958 after due notice by publication in the Bulletin; laid over to May 6, 1958, for hearing; applicant to properly notify property owners within the affected area; then to June 3, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Carmine Street and Bleeker

Street are in a residence use, C area, class 1¼ height district; Leroy Street and Bedford Street are in a retail use, C area, class 1¼ height district; that prior to amendment of City Planning Commission dated July 12, 1945 this lot was zoned business use district, 1½ height district and B area district; and

WHEREAS, the decision of the Borough Superintendent, dated December 6, 1957 acting on Alt. Applic. No. 1412-57, reads:

"1. Proposed extension in rear of building is contrary to Sec. 13(b) of Z.R. since the 60% maximum coverage premises is exceeded.

2. Provide lawful rear yard as per Sec. 17 of Z.R.

3. Proposed use of rear extension for sculptor's studio is a business use in a residence district contrary to Sec. 3 of Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 18 feet frontage by 60 feet in depth; that on the front part of this lot, for a depth of 32 feet two inches, is a three story and cellar building of class 3 construction, 31 feet in height, built prior to 1890 and continuously occupied as a one family dwelling to the present time; that the entire building is presently being used by the owner for his own use as his home for his family as follows: cellar-storage, steam boiler, gas and electric meters; first floor—kitchen and library; second floor—three bedrooms and bathroom; third floor—one bedroom, study and storage room; that it is proposed to construct a one story extension, 18 feet wide and 27 feet ten inches in depth, of class 3 construction, to be used by the owner who will occupy the dwelling quarters as a sculptor's studio; and

WHEREAS, the applicant states that this lot is 18 feet in width by 60 feet in depth and has a total area of 1080 square feet; that the present building at the front of lot is 18 feet wide by 32 feet two inches deep and covers an area of 579 square feet; that the present rear vacant area is 18 feet wide by 27 feet 10 inches deep and has an area of 501 square feet, which it is proposed to cover in its entirety with a one story extension; that the permitted legal coverage is 60% of unoccupied area, which is 300.6 square feet, therefore leaving an excess coverage of 200.4 square feet; that the required rear yard for site building will only affect the first floor, due to the coverage by the one story extension; that the second and third floors will still have the present rear yard open; and

WHEREAS, the applicant contends that the studio will not be used for exhibitions or sales of sculptured articles and no signs of any kind shall be hung on the front of building; that the present one family appearance of the front of building shall be unaltered; that the owner works by himself and does not employ anybody; that to the east of the proposed new extension on lot 7 is a building 65 feet deep and five stories high, which completely blocks the new extension; that to the west of the new extension, only the first floor of buildings located on lots 3 and 4 will be blocked for light and ventilation; that these two buildings will still have their own rear yards for light and ventilation; that to the south of the new extension, all buildings have their own yards; that general observation of the rear yards in the entire block of the affected plot, indicate that the new extension will not change the light and ventilation aspect of the entire block; that the street, which site building fronts Leroy Street between Bedford and Bleeker Streets, is now developed with buildings of non-conforming uses, and generally speaking, the entire Leroy Street block has a commercial appearance; and

WHEREAS, the applicant states that the present owner has held title to the property since December 8, 1949; that the assessed valuation of land is \$6,500 and of the building \$6,000 making a total of \$12,500; that the building was erected prior to 1890; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

MINUTES

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21, for a term of five years, to permit the extension in the rear of the building, as proposed and indicated on plans filed with this application, marked "Received December 17, 1957", 11 sheets, and waiving the requirement for additional rear yard area, on condition that the proposed one story extension shall not be further extended in height; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, for occupancy specifically of the sculpture studio by the tenant-owner of the building; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

926-57-BZ

APPLICANT—Haus and Bresin, for M. L. M. Realty Co., and Robin Associates, Inc., owners.

SUBJECT—Application December 18, 1957—decision of the Borough Superintendent, under Sections 7f and 7i of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubricatorium, auto washing—non-automatic, office, sale of accessories, minor repairs with hand tools only, and the parking and storage of cars awaiting service for a temporary term of fifteen (15) years.

PREMISES AFFECTED—245-10 South Conduit Avenue, south side, 35.29 feet east of 245th Street, Block 13614, Lots 12 and 14 (new lot No. 12); Rosedale, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating,
Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 13, 1958 after due notice by publication in the Bulletin; laid over to June 3, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, South Conduit Avenue, Francis Lewis Boulevard and 245th Street are in a retail use, D area, class ½ height districts; 246th Street is in retail and residence use, D area, class ½ height districts; that on July 25, 1916 the site was located in a business use district and class 1 height district; that the use zoning was changed from business to retail on January 21, 1947 and the height designation was changed to ½ on June 30, 1952; that there has been no change in the area designation since 1916; and

WHEREAS, the decision of the Borough Superintendent, dated November 26, 1957 acting on N.B. Applic. No. 3807-57, reads:

"1. Proposed construction of gasoline service station, auto washing (non-auto.), lubrication, office, sale of auto accessory, minor repairs with hand tools only, parking and storage of cars awaiting service in retail use district is contrary to Article II Section 4-A of Zoning Resolution.

2. Proposed erection of ground sign is contrary to Article II Section 4-A (Retail use district) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of

a plot, 141.26 feet frontage by 81.38 feet in depth, triangular; that it is proposed to remove all existing buildings and uses on the site and to develop same as a modern gasoline service station; that the proposed service station building will have face brick facades facing the street and brick walls on both lot lines; that approved glass block panels will be provided in the rear wall, but no openings to adjoining lots will be provided in either lot line wall; that gasoline pumps will be of the low approved type and will be set fifteen feet back from the building line; that face brick fence walls, 5 feet 6 inches in height will be provided along all interior lot lines where walls of the proposed accessory building do not occur; that shrubbery and planting, protected by a concrete curb, will be provided as indicated on plans; that the repairing will consist of minor repairs with hand tools only and will be confined to the interior of the accessory building; and

WHEREAS, the applicant further states that this plot consists of two tax lots (12 and 14), which have been tentatively consolidated into a single lot—lot 12, for purposes of this application; that the irregular shape and small size of the two lots comprising the site was caused by a substantial street widening of South Conduit Avenue, which occurred about two years ago; that more than half of the original area of the site was acquired by the City for this street widening; that this acquisition required the dwelling on Lot 14 to be moved back since its old location was within the street widening area; that the dwelling on Lot 12 remains in its original location, but a triangular area was cut off the front corner of the building to make same conforming to the new building line; that the dwelling on Lot 12 was vacated prior to the street widening and has remained vacant to the present day, and because of the cut-off corner its appearance and utility as a dwelling has been markedly impaired; that the front porch of the dwelling on Lot 14 was removed during the widening and a small irregular brick front extension substituted, designed as a store, but never used as such since no prospective tenant was interested; and

WHEREAS, the applicant further states that there are three gasoline service stations within the affected area; that the easternmost of these stations in Block 13622, Lot 5, was rebuilt under Cal. No. 710-55-BZ, and a second gas station in Block 13614, Lot 23, located 59 feet east of the subject site was granted by the Board under Cal. No. 827-55-BZ; that the third gas station in Block 13599, Lot 25 was constructed under Cal. No. 419-55-BZ; that all of these gas stations were constructed or rebuilt as a result of the street widening that condemned a major portion of the subject site; that immediately adjoining the site to the east in Block 13614, Lot 28 is a beverage depot and building material storage yard, and directly opposite the site across South Conduit Avenue and Sunrise Highway is the Long Island Railroad embankment extending along the entire affected area; and

WHEREAS, the applicant contends that this street is one of the principal traffic arteries of Long Island, on which a gasoline station is an appropriate use; that the triangular shape of the lot makes development with a conforming use highly impractical and the proposed development will be an improvement over the present appearance of the site; and

WHEREAS, the applicant states that the present owners have held title to the property since January 16, 1956 and December 12, 1957; that the assessed valuation of land is \$2,800 and of the building \$5,000 making a total of \$7,800; that the building was erected in 1922; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions 7f and 7i of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 3807/57, Objection Nos. 1 and 2, be and it hereby is affirmed and that the application be and is hereby denied.

MINUTES

929-57-BZ

APPLICANT—Charles M. Spindler, for Anna Pfriemer, owner.

SUBJECT—Application December 18, 1957—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a retail and residence use district, on the retail portion of the plot, the erection and maintenance of a gasoline service station, lubrication, auto wash—non automatic, office, sale of accessories, minor repairs with hand tools only, auto safety inspection station and the parking and storage of motor vehicles with a ground sign for a term of fifteen years.

PREMISES AFFECTED—210-01 to 210-21 (210-11 official) Jamaica Avenue and 94-35 to 94-43 210th Street, northeast corner, Block 10543, Lot 3, Hollis, Borough of Queens.

Negative: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 13, 1958 after due notice by publication in the Bulletin; laid over to June 3, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 210th Street and 211th Street are in retail and residence use, D and E-1 area, class ½ height districts; Jamaica Avenue is in a retail use, D area, class ½ height district; 94th Road is in a residence use, E-1 area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 13, 1957 acting on N.B. Applic. No. 4155-57, reads:

"1. The proposed gasoline service station, lubrication, auto washing (non-automatic), office, sales of accessories, minor repairs with hand tools only, auto safety inspection, parking & storage of motor vehicles & construction of ground sign, located in the retail portion of a plot partially in a res. use dist. & partially in a retail use dist., is contrary to Art. 2, Sec. 4A & Sec. 3 of the Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 217.19 feet frontage by 107.77 feet in depth, irregular, presently occupied as a nursery; that it is proposed to construct a modern gasoline station; that the building will have face brick on all four sides; that a woven wire fence five feet high, set on a masonry base to a total height of five feet six inches, will be erected along the easterly lot line, where the building to the east does not adjoin, and also along the entire rear lot line, and will return along 210th Street approximately sixty feet; that wherever fences occur, and along the entire easterly lot line, there will be provided planting and shrubbery protected by a six inch by eight inch concrete curb; that the planting along the northerly lot line will conform to the zone line where a portion of the property is in the residential zone; that there will be no station service or station area within the residential zone; that the large advertising sign which is on the easterly lot line will be removed; and

WHEREAS, the applicant states that the parcel was purchased in 1941 by Jacob Pfriemer, who together with an associate, Lester Duly, operated the nursery; that Jacob Pfriemer died February 16, 1950 and his widow, Anna Pfriemer, together with Lester Duly, continued to operate the business until a short time ago; that Anna Pfriemer was unable to do the arduous work of attending the nursery and the major portion of this work fell on her associate, Mr. Lester Duly; that Mr. Duly is now in his late sixties and is unable to operate the business, and as a result of closing

the business neither Mr. Duly or Anna Pfriemer have an income, and they have let the taxes lapse for the 1956-57 fiscal year and also the current half of 1958; that the amount of taxes due is \$1,966 plus interest; and

WHEREAS, the applicant states that the present owner has held title to the property since November 25, 1941; that the assessed valuation of land is \$29,000 and of the building \$3,000 making a total of \$32,000; that the building was erected in 1941; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses, substantially as proposed and indicated on plans filed with this application, marked "Received December 18, 1957", 3 sheets, and "March 21, 1958", 1 sheet, on condition that all buildings and uses now on the premises shall be removed and the site arranged, constructed and maintained substantially as indicated on such plans; that the accessory building shall be faced with face brick on the front and two ends, and rear may be of cement blocks stuccoed; that there shall be no cellar; that doors or toilet rooms shall be so arranged as not to be contiguous; that there shall be no windows in the rear wall of accessory building; that such building shall be moved easterly for a distance of not less than ten feet; that in all other respects the building shall comply with the requirements of the Building Code and be of the design indicated; that gasoline pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line of Jamaica Avenue; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that curb cuts shall be restricted to four to Jamaica Avenue, each 30 feet in width, located where shown, and one on 210th Street as shown within the first 25 feet from the intersection of Jamaica Avenue; that no portion of any curb cut shall be nearer than five feet to a side lot line as prolonged; that within the intersection there shall be a block of concrete not less than 12 inches in height extending for five feet along either street line; that on the rear lot line, continuously except where wall of accessory building occurs, there shall be erected a masonry wall not less than 5 feet, 6 inches in height, faced with face brick and suitably coped; that such wall shall be continued along the street line of 110th Street for approximately 60 feet, except that for the last ten feet such wall may be reduced to 4 feet, 6 inches; that along the lot line to the east except where walls of masonry buildings occur on the lot line there shall be a continuation of the rear wall to the rear of any such building; that planting shall be maintained in areas where shown, properly protected with curbing 8" in height and 8" in width and that such areas shall be planted with suitable planting material and maintained in good condition at all times; that the balance of the premises where not occupied by accessory building and pumps shall be paved with asphalt or concrete; that curbing and sidewalks abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that under section 7i there may be minor repairs with hand tools only for adjustment maintained solely within the accessory building; that signs shall be restricted to permanent signs attached to the facade of the accessory building and the illuminated globes of the pumps, excluding all roof signs, temporary signs and advertising devices, but permitting the erection at either end of premises, on Jamaica Avenue, of a post standard to support a sign, which may be illuminated, advertising only the brand of gasoline on sale, which sign may extend beyond the building line not more than 4 feet; that under section 7e for a similar term there may be parking and storage in spaces unbuilt upon where such parking will not interfere

MINUTES

with the servicing of the station; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

978-57-BZ

APPLICANT—Charles M. Spindler, for Angelo Conde, owner; Sun Oil Co., lessee.

SUBJECT—Application December 27, 1957—decision of the Borough Superintendent, under Sections 7e, 7f, 7i and 7A of the Zoning Resolution, to permit in a business use district on a lot presently occupied as a used car lot, the erection and maintenance of a gasoline service station, lubricatorium, auto washing—non automatic, office, sale of accessories, minor repairs with hand tools only, auto safe inspection station, parking and storage of motor vehicles with show windows and signs within 75 feet of a residence use district for a stated term of fifteen (15) years.

PREMISES AFFECTED—1546-1556 Bushwick Avenue and 45-53 DeSales Place, southwest corner, Block 3468, Lot 34, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 13, 1958 after due notice by publication in the Bulletin; laid over to June 3, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Bushwick Avenue and Broadway are in a business use, C area, class 1 height district; DeSales Place and Aberdeen Street are in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated December 23, 1957 acting on N.B. Applic. No. 2250-57, reads:

"1. Proposed building and premises, in a Business Zone, to be used for gasoline service station, lubrication, auto washing (non-automatic), office, sale of accessories, minor repairs with hand tools only, auto safety inspection station, parking and storage of motor vehicles is contrary to Art. II, PP. 4a, Subsections 29 and 46 of the Zoning Resolution.

2. Proposed show windows and signs within 75' of a Residence Zone is contrary to Art. II, PP. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 90 feet in depth; that it is proposed to erect a modern gasoline service station building, together with twelve approved 550 gallon gasoline tanks; and

WHEREAS, the applicant states that the Long Island Railroad has a sub-surface easement running diagonally under practically the entire site, which tunnel is used for freight traffic; that the railroad has approved the construction of the proposed station and tank location; that this railroad tunnel is separate and distinct from the B.M.T. subway which lies east of the Long Island Railroad tunnel; and

WHEREAS, there is a courtyard 20 feet in width in front of the building line of the site; that this courtyard extends throughout the length of Bushwick Avenue; that the proposed pumps are shown on the building line; that the Board saw fit to grant pumps on the building line of Bushwick Avenue on all of the stations within the affected area and it is requested that permission be granted to place these pumps on the building line as shown; and

WHEREAS, the applicant contends that in view of it being practically impossible to use the site for other than a low building due to the Long Island Railroad's tunnel easement, and due to the preponderance of automotive uses within the area, it is requested that this variance be granted for a term of fifteen years; and

WHEREAS, the applicant states that the present owner has held title to the property since May 28, 1954; that the assessed valuation of land is \$33,600 and of the building \$300 making a total of \$33,900; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, e, i and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f, for a term of fifteen years, to permit the premises presently occupied as a used car lot, to be occupied and maintained as a gasoline service station with lawful accessory uses, substantially as proposed and indicated on plans filed with this application, marked "Received December 27, 1957, 3 sheets, and March 21, 1958", one sheet, *on condition* that all buildings and uses on the site shall be removed and the premises shall be reconstructed and arranged as indicated on plans above cited; that the setback of twenty feet from the courtyard line shall be maintained without structures therein, except there may be driving permitted over such space with curb cuts to Bushwick Avenue; that the accessory building shall be of the construction and design indicated on such plans and shall have no cellar and doors to toilet rooms, shall be relocated so as not to be contiguous; that the building shall be faced with face brick on all four sides; that along the rear lot line there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, six inches; that a similar fence shall be constructed for 60 feet from the rear line along the DeSales Place building line, and a similar fence along the interior lot line for the full depth; that suitable terminating posts shall be erected at the terminations of such fences; that in the event there is a similar fence or wall required by the Board along the common boundary between Lots 28 and 34, the fence at this point may be omitted with the approval of the owner of the gasoline station on Lot 28; that curb cuts shall be restricted to two on Bushwick Avenue, where shown, each 30 feet in width, and one twenty feet in width within the first 25 feet from the building line on DeSales Place; that pumps shall be of a low approved type, erected where shown, on the building line, in view of the twenty foot court required to be maintained in the front; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that under Section 7e for a similar term there may be parking and storage of motor vehicles, so arranged as not to interfere with the servicing of the station; that under Section 7i there may be minor repairing with hand tools only for adjustments, maintained solely within the accessory building; that under Section 7A, any show windows or signs within 75 feet of a residence use district may be permitted, provided the requirements of this resolution are complied with; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the site where not occupied by accessory building and pumps shall be paved with asphalt or concrete paving; that all signs shall be restricted to permanent signs attached to the facade of accessory building, facing Bushwick Avenue, and to the illuminated globes of the pumps, excluding all roof and temporary signs and advertising devices, but permitting the erection within the building line at the intersection of DeSales Place, of one post standard for supporting a sign which may be illuminated, maintained at right angles to the Bushwick Avenue street line, advertising only the brand of gasoline on sale, which sign may extend not more than 4 feet beyond the building line; that the gasoline storage tanks shall be

MINUTES

maintained to the satisfaction of the Long Island Railroad and any other transit system using the tunnel under this plot; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

187-58-A

APPLICANT—Charles M. Spindler, for Angelo Conde, owner; Sun Oil Co., lessee.

SUBJECT—Application March 27, 1958—Appeal from a decision of the Borough Superintendent, re gas pumps at building line; gasoline storage near subway tunnel, etc.

PREMISES AFFECTED—1546-1556 Bushwick Avenue and 45-53 DeSales Place, southwest corner, Block 3468, Lot 34, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 27, 1958, on new building application 2250/57 reads:

"1. Proposed gas pumps at Bldgs. Line are not as per Dept. of Regulations and constitute a pedestrian hazard in violation of 2.4.2.13.1 B.C. Proposed gasoline storage in close proximity to subway tunnel is contrary to C19-11.0, C19-69.0 and C19-59.0 m 3."

and

WHEREAS, the applicant states that the proposed building will be one story 14 feet 10 inches in height, 46 feet by 28 feet in area, of Class 3 construction located on a lot 100 feet front by 90 feet in depth, in a business use C area, Class 1 height district and used and occupied as a gasoline service station as more fully described under application for zoning variance filed under Cal. No. 978-57-BZ; the premises are now in use for the sale of used cars and for parking of more than five motor vehicles; and

WHEREAS, the applicant contends as to item 3 of the Borough Superintendent's decision; that the proposed gasoline dispensing pumps will be on the building line; that however, as there is a 20 foot courtyard in addition to the 19 foot sidewalk width the pumps will be located approximately 39 feet from the curb; and

WHEREAS, the applicant contends as to item 4 of the Borough Superintendent's decision; that the gasoline storage tanks, the waste oil and fuel oil tanks will be installed alongside the Long Island Railroad Tunnel, the roof of which is approximately 26 feet below grade; that this tunnel is used for freight; that this is the only portion of the plot where the tanks can be located so as to not be over the tunnel roof; that the approval of the Long Island Railroad has been obtained; and

WHEREAS, the applicant contends that as the tanks will be in the only available portion of the plot so as not to be over the tunnel roof and as the tanks will be encased in twelve inches of concrete and as the gasoline tank installation will be inspected by the Long Island Railroad to determine if it meets their requirements; it is requested that this appeal be granted; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated March 27, 1958, acting on N.B. Applic. 2250/57, Objection #1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted by the Board this day under Cal. No. 978-57-BZ shall be complied with; and *granted*

as to Objection C19-11.0, C19-69.0 and C19-59.0, *on condition* that the gasoline storage tanks shall be maintained to the satisfaction of the transit facilities using the tunnel.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 830-53-SA.

Subject: Amendment of resolution as to additional model gas-fired boiler.

National U. S. Radiator Corp., Johnstown, Pa., requested by letter dated March 12, 1958 that the resolution adopted March 23, 1954 under Calendar Number 830-53-SA be reopened and amended so as to include the 49 Series Boiler.

Description

The requested model, Series 49 is identically the same as the Series 22, approved March 23, 1954, under Calendar Number 830-53-SA, the difference being in the color of jacket.

Recommendation

The Committee on Test recommends that the resolution adopted March 23, 1954 under Calendar Number 830-53-SA be reopened and amended so as to include the Series 49, Gas-fired Boiler on condition that the requirements of the resolution adopted March 23, 1954 under Calendar Number 830-53-SA be complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 230-55-SA.

Subject: Amendment of resolution as to additional gas burner.

Power-Flame Division of Siemon Manufacturing Company requested by letter dated March 20, 1958 that the resolution adopted March 5, 1957 under Calendar Number 230-55-SA be amended and reopened so as to include additional models of gas burners.

Purpose

The appliance is a gas conversion burner.

Description

The requested models BFG-750E through BFG20000E are basically the same as the FG Series approved March 5, 1957 under Calendar Number 230-55-SA; the difference being that the firing head is of rectangular shape rather than the round tube type. The burners have been approved by the Underwriters Laboratory under MP-1836.

Recommendation

The Committee on Test recommends that the resolution adopted March 5, 1957 under Calendar Number 230-55-SA be reopened and amended so as to include the additional models, gas conversion burners, namely models BFG750E through BFG-20000E on condition that the requirements of the resolution adopted March 5, 1957 under Calendar Number 230-55-SA be complied with.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution of March 5, 1957 in accordance with the above report.

580-55-SA

APPLICANT—The Wayne Pump Company, owner.

SUBJECT—Application July 6, 1955—Wayne Remote Gasoline Pumps, (submersible gasoline pumps, to supply remote dispensers), Series 510, approval of.

APPEARANCES—

For Applicant: Ross Powell.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper.. 4

Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal No. 580-55-SA

Subject: Wayne Remote Gasoline Pumps—submersible gasoline pumps to supply remote dispensers—Series 510.

The Wayne Pump Company, Salisbury, Maryland, filed July 6, 1955 an application with the Board of Standards and Appeals for approval of the Wayne Remote Gasoline Pumps, Series 510, for use in New York City under the provisions of Section C19-69.0 and C19-73.0 Administrative Code.

Purpose

A submersible gasoline pump to supply remote dispensers.

Description

The Series 510 submerged pump is a centrifugal type for use with underground storage tanks in service stations.

The pump is assembled with an explosion proof $\frac{3}{4}$ H.P. 60 cycle AC 220V. single phase motor, capacitor start and run. The motor is sealed in oil. Pump is a three stage centrifugal unit made with bronze impellers.

Pump and motor are enclosed within a column pipe which is submerged in the storage tank through a 4 inch threaded opening.

The discharge head is provided with a 2 inch outlet and contains a check valve with built in relief valve to prevent pressure build up in the line. Air and vapor are eliminated by a constant by-pass flow through copper tubing and ball check valve mounted on the discharge head.

The discharge head and junction box are kept accessible through a covered pit. The space below the junction box is filled with clean sand.

The applicant supplies a special controller with capacitors, overload device, starter and terminal strip.

The pump is rated at 25 gallons per minute at 20 pounds per square inch.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

The Series 510 pump was tested and approved by the Underwriters' Laboratories under file numbers MH 1963, MH 6340 and MH 2315.

Recommendation

On the basis of the data submitted, the Committee on Test recommends the approval of the Wayne Remote Gasoline Pump, Series 510 under the provision of Sections C19-69.c and C19-73, Administrative Code when installed in service stations only and in accordance with this report and provided further that all electrical work will be in accordance with the Electrical Code of the City of New York and that each pump shall bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 580-55-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 931-55-SM

Subject: Amendment to resolution as to hangers of plastic ceiling.

Ceil-Lite Division of Fluorescent Company of America requested by letter dated April 23, 1958 that the resolution adopted September 25, 1956 under Cal. No. 931-55-SM be amended so as to permit the main carrying members to be carried on strap banding in lieu of rods.

Purpose

The ceiling is used as a light diffuser.

Description

The ceiling is basically the same as that approved September 25, 1956 under Cal. No. 931-55-SM, except that the ceiling will be hung on straps $\frac{3}{8}$ inches wide by .015 inches thick, known as strap banding.

Recommendation

The Committee on Test recommends that the resolution adopted September 25, 1956 under Cal. No. 931-55-SM be reopened and amended so as to permit the use of straps, as herein described, in lieu of $\frac{1}{4}$ rods, to carry the main carrying members on condition that all other requirements of the resolution adopted September 25, 1956 under Cal. No. 931-55-SM be complied with.

The Committee further recommends that the chloridvinyl acetate sheets may be formed into panels of various shapes but no panel shall be less than 2 feet 0 inches by 2 feet 0 inches in size.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 336-56-SM.

Subject: Amendment of resolution as to additional thickness of Rock Wool Insulation.

National Gypsum Company, Buffalo, New York requested by letter dated February 27, 1958 that the resolution adopted April 2, 1957 under Calendar Number 336-56-SM be amended so as to include additional thickness of rock wool insulation.

Purpose

The material is to be used as thermal insulation and as a fire stopping material.

Description

The material is the same as that approved April 2, 1957 under Calendar Number 336-56-SM the only difference being in the thickness of the batts.

Recommendation

The Committee on Test recommends that the resolution adopted April 2, 1957 under Calendar Number 336-56-SM be reopened and amended so as to include the Enclosed Rock Wool Blanket 4 inches thick and Rock Wool Blankets with membrane on one side only 4 inches and 6 inches thick on condition that the requirements adopted April 2, 1957 under Calendar Number 336-56-SM be complied with.

269-57-SM

APPLICANT—Johns-Manville Sales Corporation, owner.

SUBJECT—Application March 27, 1957—JM Suspension System, Models H, Z, U, E and T, approval of.

APPEARANCES—

For Applicant: Harold Perrine and Edward J. Dumender.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 269-57-SM.

Subject: J-M Suspension System H, Z, U, E and T.

Harold Perrine for Johns-Manville Sales Corporation filed March 27, 1957 an application with the Board of Standards and Appeals for approval of the J-M Suspension System under the provisions of C26-461.0 Administrative Building Code.

Purpose

The material is to be used as a suspension system for acoustical ceilings.

MINUTES

Description

H Bar for H & T Suspension System.—This metal suspension bar of .018 steel is used as a concealed carrier for acoustical tile of the mineral and wood fibre variety. The bar is attached to 1½" carrying channels 4' on center by means of the spring wire clip .11 inches in diameter.

Concealed Z Bar is used in the identical manner as the bar described above, differing only in the cross section and in the method of application. The Z bar is installed 12" on center where the H bar requires a cross T as the H bar is installed 2' on center.

U Bar is a metal bar used for the suspension of perforated Transite and is installed 12" on center directly beneath 1½" channels and is clipped to these channels every 4'.

Exposed Z bar is identical to above described Z Bar differing in that the bar is visible and can be installed either 12" on center or 2' on center.

J-M Runner Strip System—an exposed metal member which can vary in width from 3" to 10" and normally used in the 6¾" width. Attached directly under 1½" channels 4' on center by means of two spring wire clips.

T Bar used for the suspension of perforated metal pan acoustical units manufactured in 1", 1⅜" and 1½" widths depending on lighting requirements. Also attached beneath 1½" channels clipped on 4' on center, installed 2' on center.

Inspection and Test

Samples of the various systems were inspected by Asst. Engr. J. A. Darts at the applicant's plant and the metals were gauged and found to comply. It was also found that the systems were so designed as to safely carry in excess of the type of acoustical tile that would be used in this system.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the J-M Suspension Systems H, Z, U, E and T as herein described for use in New York City as a suspension system for acoustical ceilings on condition that the system be suspended from a grillage installed in accordance with the requirements of C26-461.0 Administrative Building Code on condition that all plans filed with the Building Department showing the proposed use of the system will be marked or stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 269-57-SM" and that all cartons in which the material is marketed shall be similarly marked.

The Committee further recommends that when combustible tiles are used, the installation shall comply with the Fiber Board Rules of the Board.

359-57-SA

APPLICANT—Empire Stove Co., owner.

SUBJECT—Application April 22, 1957—Empire Gas-Fired Recessed Wall Heater, Model WFA-35, approval of.

APPEARANCES—

For Applicant: Howard Simmons.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 359-57-SA

Subject: WFA-35 Empire Recessed Wall Heater.

H. A. Simmons for Empire Stove Company, Belleville, Illinois, filed April 22, 1957 an application with the Board of Standards and Appeals for approval of the appliance known as the WFA-35 Recessed Wall Heater (gas-fired) under the provisions of Article 12, Chapter 26, (Administrative Building Code.

Purpose

The appliance is used for domestic and commercial heating.

Description

The gas-fired appliance is rated at 35,000 BTU input and is intended for out-of the wall installation or on brick or masonry construction.

The overall dimension of the outer casing front panel is 16 inches wide by 75 inches long and is 9¾ inches deep at the top and 5¾ inches deep at the bottom and is constructed of 24 gauge steel. The cold air is taken from the top of the heater where the blower is located and the hot air is discharged at the bottom of the heater approximately 20 inches from the floor.

The combustion chamber is made of 5 tubes, 16 gauge 1¾ inch diameter by 36 inches long and are die formed to a hexagon shape at one end. The tubes are assembled in a bottom plate and are arc welded together.

The burner is made of cast iron with stainless steel crimped ribbons. The diverter is made of 20 gauge steel.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts, Committee on Test. The appliance has been approved by the American Gas Association under 4-(1540.0 & .01) .001 and 4- (1540.01 & -1.0) .001.

Recommendation

On the basis of the inspection and data filed by the applicant, the Committee on Test recommends the approval of the appliance known as the WFA-35 Empire Recessed Wall Heaters for use in New York City under the provisions of Article 12, Chapter 26, Administrative Building Code on condition that the appliance shall not be installed in garages or places of explosive atmosphere and that the clearance from combustible material shall be as required under Article 12 Chapter 26 and further that the appliance bear a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 359-57-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,

Negative: 0

MINUTES

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 822-57-SA.

Subject: Hoffman Perchloroethylene Stills, Models 21302, 21305.

C. M. Spindler for W. H. Nicholson & Co., owner-manufacturer, filed November 1, 1957 an application with the Board of Standards and Appeals for approval of the Hoffman Perchloroethylene Stills, Models 21302 and 21305 under the provisions of C26-191.0 Administrative Code and the Dry Cleaning Rules of the Board.

Purpose

A still for recovering spent perchloroethylene solvent.

Description

The Hoffman Perchloroethylene Stills are of the steam heated atmospheric type designed to remove soluble soil from perchloroethylene dry cleaning by evaporation.

The still consists essentially of a steam heated tubular evaporator mounted within a vapor tight cylindrical steel shell to which is attached a water cooled tubular condenser. A float operated level valve controls the liquid level over the evaporator.

Steam, from an outside source, entering the evaporator is controlled by a spring loaded diaphragm type pressure reducing valve.

Since the soluble soil encountered in dry cleaning has a higher boiling point than the solvent, it remains in the evaporator chamber as a residue which is drained at the end of the still operation.

The Model 21302 has a $\frac{3}{16}$ inch steel shell, 12 inches in diameter by 42 inches long with dished top and bottom heads. Four fabricated legs are welded to the shell.

The evaporator is made of $\frac{1}{2}$ inch boiler plate with vertical tubes of 1 inch O.D. copper clad steel expanded into the flue sheets.

The condenser is made of a steel pipe, vertically mounted, gasketed and bolted to the shell. The condenser coil is a helical finned copper tube with the coil ends expanded into the top condenser head.

The Model 21305 is of similar construction but larger—shell size is 16 inches diameter by 48 inches long.

Inspection and Test

All details of construction were examined by Asst. Engr., G. F. Sklenarik, Committee on Test. This equipment was inspected at 32 Palmer Ave., Bronxville, N. Y.

Recommendation

On the basis of the examination and data filed by the applicant, the Committee on Test recommends the approval of the Hoffman Perchloroethylene Stills, Models 21302 and 21305 for use in New York City in accordance with this report and the Dry Cleaning Rules of the Board provided each such appliance shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 822-57-SA."

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 823-57-SA.

Subject: Hoffman Filter—Petroleum Solvent—for Dry Cleaning Equipment, Models 33413, 33420, 33430, 33450, 33480, and 334100.

C. M. Spindler for W. H. Nicholson & Co., owner-manufacturer, filed November 1, 1957 an application with the Board of Standards and Appeals for approval of the Hoffman Filter, Models 33413, 33420, 33430, 33450, 33480 and 334100 under the provisions of C26-191.0 Administrative Code and the Dry Cleaning Rules of the Board.

Purpose

A sludge filter for use with dry cleaning equipment.

Description

The Hoffman Filters are tubular filters of the pressure type designed to remove suspended insoluble impurities from the petroleum dry cleaning solvent with the use of an inert celite filter aid. The filter consists essentially of a liquid tight vertical cylindrical pressure tank within which is mounted a series of vertical tubular wire cloth filter elements supported from a flue sheet.

Solvent is pumped from the cleaning unit into the filter tank where it flows under pump pressure through the filter elements into the internal drainage channels and back to the unit through a closed pipe circuit.

The filter is equipped with a back wash circuit to dislodge the accumulated filter aid and dirt from the outer surfaces of the filter element. A cone shaped sludge chamber is provided in the bottom of the filter for gravity separation of the sludge.

The cone sludge chamber is provided with a multi-vane sludge agitator. Sludge is ejected from the filter by pump pressure.

The Model 33413 is made of a welded steel shell, 20 inches in diameter with a 36 inch straight side. The cone is of 10 gauge steel sheet welded into tank shell. Four fabricated steel legs are welded to the shell. A flue sheet made of $\frac{3}{8}$ inch steel plate and reinforced with bar stock is welded to the tank shell and a $\frac{3}{16}$ inch dished head welded to an angle iron ring is bolted and gasketed to the flue sheet on the top. Filter elements are 60x40 mesh stainless steel wire cloth tube formed over steel back-up springs and crimped and soldered to a steel top ferrule. There are 64 such tubes of 1 inch outside diameter and 24 inches long.

The models 33420, 33430, 33450, 33480 and 334100 are similar in construction but are made in progressively larger sizes.

Inspection and Test

All details of construction were examined by Asst. Engr., G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Hoffman Filter Models 33413, 33420, 33430, 33450, 33480 and 334100 for use in New York City with petroleum solvent dry cleaning equipment, in accordance with this report and the Dry Cleaning Rules of the Board, provided that each filter shall bear a label, permanently

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 824-57-SA.

Subject: Hoffman H-Jet 290 Dry Cleaning Equipment, Models 30970, 30972, 30980, 30982, 30974, 30976, 30984, 30985, 30975, 30977, 30981, and 30983.

C. M. Spindler for W. H. Nicholson & Company, owner-manufacturer, filed November 1, 1957 an application with the Board of Standards and Appeals for approval of the Hoffman H-Jet 290 Dry Cleaning Equipment, Models 30970, 30972, 30980, 30982, 30974, 30976, 30984, 30985, 30975, 30977, 30981 and 30983 under the provisions of C26-191.0 Administrative Code and the Dry Cleaning Rules of the Board.

Purpose

A dry cleaning system for use with petroleum solvent.

Description

The Hoffman H-Jet 290 is a single cylinder self-contained dry cleaning unit. The unit is designed to wash and extract garments and other wearing apparel using either a Class II petroleum solvent having a flash point not lower than 100°F or a Class III petroleum solvent having a flash point not lower than 138.5°F.

All electrical equipment furnished for use in the dry cleaning room is explosion-proof Class I, Group D, as listed by the Underwriters Laboratories.

The H-Jet 290 unit has a rated capacity of 60 pounds and is furnished both as a washer-extractor without filters or pumps or as a complete unit with filters and pumps. The unit is furnished in single and two bath models with manual control or automatic control.

Filters and pumps are external and mount alongside the unit. Connections are through liquid tight piping and tubing.

SPECIFICATIONS

Base Tank—180 gallons working capacity. ¼ inch steel plate welded construction. Cleanout port ⅜ inch steel plate bolted and gasketed.

Rinse Tank, Two Bath Only—130 Gallons working capacity. ¼ inch steel plate. Same construction as Base Tank.

Shell—Girth sheet .134 sheet steel. Rear head ⅝ inch steel plate reinforced with stiffener ribs. Side sheets and front support ¼ inch steel plate, welded construction. Front plate .134 sheet steel flanged, bolted and gasketed.

Cylinder—End loading, 48 inches diameter by 20 inches deep. Four inwardly projecting truncated balancing tanks integrally formed with girth sheet. Girth sheet .104 sheet steel perforated. Front and rear heads .104 sheet steel flanged and welded. Net cylinder volume 20 cubic feet.

Drive—2 speed explosion-proof motor. V-belt primary reduction to a variable speed mechanical transmission. Final reduction through V-belts to cylinder trunnion shaft.

Jet Balancing Device—Hydraulic compensating balancing system. Mechanical proportioning arm and shutter responds to cylinder out-of-balance, controlling flow of solvent to cylinder balancing tanks. Automatically compensates for normal out-of-balance during extraction cycle. Safety switch prevents cylinder from coming to speed if abnormal out-of-balance exists.

Explosion Relief Port—A weighted and hinged port provided on upper part of shell.

Automatic Steam Fire Extinguisher—A ¾ inch thermal fused valve is provided which automatically floods the washing compartment with steam in the event of a fire or explosion.

Soap Filter—T-30 or T-50 Tubular Filter.

Rinse Filter—T-20 or T-30 Tubular Filter.

Manual Control—Spring wound cycle timer, explosion-proof push-button stations, manually operated quick opening solvent flow control valves.

Automatic Control—Selective synchronous motor driven timers mounted in explosion-proof case. Panel mounted on front of machine. Explosion-proof solenoid operated pilot valves controlling air operated flow control valves.

Hoffman H-Jet 290, Models 30970, 30972, 30980, 30982, 60 pound dry weight capacity combination washer extractor no filters or pumps. Manual control valves, single or two bath.

Hoffman H-Jet 290, Models 30974, 30976, 30984, 30985, 60 pound dry weight capacity dry cleaning unit with filters and pumps. Manual control valves single or two bath.

Hoffman H-Jet, Models 30975, 30977, 30981, 30983, 60 pound dry weight capacity dry cleaning unit with filters and pumps. Automatic control single or two bath.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Hoffman H-Jet 290 Dry Cleaning Equipment, Models 30970, 30972, 30980, 30982, 30974, 30976, 30984, 30985, 30981, 30975, 30977 and 30983 for use in New York City in accordance with this report and the Dry Cleaning Rules of the Board or Article 13, Administrative Code if the solvent flashpoint is below 138.2°F, provided all electrical work will conform to the Electrical Code of the City of New York and further provided that each cleaning unit shall bear a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 824-57-SA."

C. M. Spindler for W. H. Nicholson & Co., owner-manufacturer, filed November 1, 1957 an application with the Board of Standards and Appeals for approval of the Hoffman H-Jet 245 Dry Cleaning Equipment, Models 30735, 30738, 30739, 30740, 30741, 30736, 30737 and 30742 under the provisions of C26-191.0 Administrative Building Code and the Dry Cleaning Rules of the Board.

Purpose

A dry cleaning system for use with petroleum solvent.

Description

The Hoffman H-Jet 245 unit is a single cylinder self-contained dry cleaning unit designed to wash and extract garments and other wearing apparel using either a Class II petroleum dry cleaning solvent having a flash point not lower than 100°F. or a Class III petroleum solvent having a flash point not lower than 138.5°F.

All electrical equipment furnished with the unit for use in the dry cleaning room is explosion-proof Class I, Group D, as listed by the Underwriters' Laboratories.

The H-Jet 245 unit has a dry weight capacity of 30 pounds and is furnished both as a washer-extractor without filters or pumps, or as a complete unit with filters and pumps. The unit is furnished in single or two bath models with manual control or automatic control.

Filters and pumps are external and mount alongside the unit. Connections are through liquid tight piping and tubing.

SPECIFICATIONS

Base Tank—165 gallon working capacity. ¼ inch steel plate, welded construction. ⅜ inch steel plate cleanout port bolted and gasketed.

Rinse Tank, Two Bath Only—130 gallon working capacity. ¼ inch steel plate. Same construction as Base Tank.

Shell—Girth sheet .119 sheet steel, rear head sheet ¼ inch steel plate reinforced with stiffener ribs. Side sheets and front support ⅜ inch steel plate, welded construction. Front plate .119 sheet steel flanged, bolted and gasketed.

Cylinder—End loading, 36 inches diameter by 18 inches deep. Four inwardly projecting balancing tanks integrally formed with girth sheet. Girth sheet .089 hot rolled steel sheet, perforated. Front and rear heads .089 hot rolled sheet steel flanged and welded. Net cylinder volume, 9.66 cubic feet.

Jet Balancing Device—Hydraulic compensating balancing system. Mechanical proportioning arm and shutter responds to cylinder out-of-balance controlling flow of solvent to cylinder balancing tanks. Automatically compensates for normal out-of-balance during extraction cycle. Safety switch prevents cylinder from coming to speed if abnormal out-of-balance exists.

Explosion-Relief Port—A weighted, hinged port provided on upper part of shell.

Automatic Steam Fire Extinguisher—A ¾ inch thermal fused valve is provided which automatically floods the washing compartment with steam in the event of fire or explosion.

Soap Filter—T-20 or T-30 Tubular Filter.

Rinse Filter—T-13 or T-20 Tubular Filter.

Manual Control—Spring wound cycle timer, explosion-proof pushbutton stations, manually operated quick opening solvent flow control valves.

Automatic Control—Selective synchronous motor driven timers mounted in an explosion-proof case. Panel mounted on front of machine. Explosion-proof solenoid operated pilot air valves controlling air operated flow control valves.

Hoffman H-Jet 245, Models 30735, 30738—30 pound dry weight capacity combination washer-extractor, no filters or pumps. Manual control valves, single or two bath.

Hoffman H-Jet 245, Models 30739, 30740, 30741—30 pound dry weight capacity dry cleaning unit with filters and pumps. Manual control valves, single or two bath.

Hoffman H-Jet 245, Models 30736, 30737, 30742—30 pound dry weight capacity dry cleaning unit with filters and pumps. Automatic control, single or two bath.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Hoffman H-Jet 245 Dry Cleaning Equipment Models 30735, 30738, 30739, 30740, 30741, 30736, 30737 and 30742 for use in New York City in accordance with this report and the Dry Cleaning Rules of the Board or Article 13, Chapter 19, Administrative Code if the solvent flashpoint is below 138.2°F, provided all electrical work will conform to the Electrical Code of the City of New York and further provided that each cleaning unit shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 825-57-SA."

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 826-57-SA.

Subject: Hoffman Perchlorethylene Tubular Filter Models 33413, 33414, 33420, 33421, 33430, 33431, 33450 and 33451.

C. M. Spindler for W. H. Nicholson & Co., owner-manufacturer, filed November 1, 1957 an application with the Board of Standards and Appeals for approval of the Hoffman Perchlorethylene Tubular Filter, Models 33413, 33414, 33420, 33421, 33430, 33431, 33450 and 33451 under the provisions of C26-191.0 Administrative Building Code and the Dry Cleaning Rules of the Board.

Purpose

A sludge filter for use with dry cleaning equipment.

Description

The Hoffman tubular filters are of the pressure type, designed to remove suspended insoluble soil from the Perchlorethylene dry cleaning solvent with the use of an inert celite type filter aid. The filter consists essentially of a liquid tight vertical cylindrical pressure tank within which is mounted a series of verticle, tubular, wire cloth filter elements supported from a flue sheet.

Solvent is pumped from the cleaning unit into the filter tank where it flows under pump pressure through the filter elements into the internal drainage channels and back to the unit through a closed pipe circuit.

The filter is equipped with a back wash circuit to dislodge the accumulated filter aid and dirt from the outer surfaces of the filter elements. A sludge chamber is provided in the bottom of the filter for gravity separation of the sludge.

Two methods of sludge removal are employed. The Model 33413 filter utilizes a cone bottom sludge chamber which is equipped with a multi-vane agitator. Sludge is ejected from the filter by pump pressure.

The Model 33414 filter is constructed with a dished bottom sludge chamber equipped with an auxiliary disc type sludge filter. The excess liquid in the sludge is removed by air pressure. The dried sludge is removed from the filter through a cleanout part provided in the lower part of the filter shell.

MODEL 33413

Shell—10 Gauge hot rolled sheet steel, but welded, 20 inches diameter by 36 inches straight side. Cone 10 gauge hot rolled sheet steel, butt welded, 90° included angle. Cone inserted into tank shell and welded. 4 fabricated steel legs welded to shell.

Flue Sheet— $\frac{3}{8}$ inch steel plate reinforced by edge welded steel bar stock. Assembly welded to tank shell.

Inspection Port—Fabricated steel inspection port. Frame welded to tank shell with removable bolted and gasketed cover plate.

Tank Top— $\frac{3}{16}$ inch steel dished head welded to angle iron ring. Assembly gasketed and bolted to flue sheet.

Filter Elements—60x40 mesh stainless steel wire cloth tube formed over carbon steel back-up spring. Crimped and soldered to steel top ferrule. 64 tubes, 1 inch O.D. by 24 inches long.

The Models 33420, 33430 and 33450 are similar in construction but larger in size.

Shell—10 Gauge hot rolled sheet steel, butt welded, 20 inch diameter by 44 inches long. $\frac{3}{16}$ inch dished steel tank bottom welded to shell. 4 fabricated steel legs welded to shell.

Flue Sheet— $\frac{3}{8}$ inch steel plate reinforced by edge welded bar stock. Assembly welded to tank shell.

Cleanout Port—Fabricated steel cleanout port. Frame welded to tank shell with removable bolted and gasketed cover plate.

Sludge Filter— $\frac{1}{4}$ inch perforated steel disc, 60x40 stainless steel wire cloth and 10 ounce duck cover.

Tank Top— $\frac{3}{16}$ inch steel dished head welded to angle iron ring. Assembly gasketed and bolted to flue sheet.

Filter Elements—60x40 mesh wire cloth formed over carbon steel back-up spring. Crimped and soldered to top ferrule. 64 tubes, 1 inch O.D. by 24 feet long.

The Models 33421, 33431 and 33451 are similar in construction but larger in size.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Hoffman Perchlorethylene Tubular Filter, Models 33413, 33414, 33420, 33421, 33430, 33431, 33450 and 33451 for use in New York City in accordance with this report and the Dry Cleaning Rules of the Board provided that each filter shall bear a label, permanently affixed, reading "Approval by the Board of Standards and Appeals for use in New York City under Calendar Number 826-57-SA."

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 827-57-SA.

Subject: Hoffman Vaposaver Dry Cleaning Equipment, Models 9624, 9625 and 9630.

C. M. Spindler for W. H. Nicholson & Co., owner-manufacturer, filed November 1, 1957 an application with the Board of Standards and Appeals for approval of the Hoffman Vaposaver Dry Cleaning Equipment Models 9624, 9625 and 9630 under the provisions of C26-191.0 Administrative Building Code and the Dry Cleaning Rules of the Board.

Purpose

A drying tumbler and solvent reclaimer for use with dry cleaning equipment.

Description

The Hoffman Vaposaver is a combination drying tumbler and solvent reclaimer, furnished in two sizes with a rated capacity of 30 pounds for Models 9624 and 9625, and 40 pounds for Model 9630. The Vaposaver is designed for use with Perchlorethylene, only.

After the garments have been washed and extracted, they are transferred to the Vaposaver. The Vaposaver incorporates a rotating perforated metal cylinder within a vapor tight metal shell. The air within the machine is circulated by a direct connected motor driven fan through a steam

MINUTES

heated coil, then through the garments within the rotating perforated cylinder. The heated air vaporizes the solvent in the garments. The air vapor mixture is then circulated through a water cooled condenser, cooling the air and condensing the solvent vapors. The condensed solvent is trapped in the base of the shell and accumulated in a tank built into the base. The air is again heated and recirculated as above in a closed circuit.

A mechanical damper is provided to purge the machine at the end of the reclaiming cycle by circulating fresh air through the garments and discharging to the atmosphere through a sheet metal duct. The purge circuit thus provided permits a positive inflow of air through the loading door while the machine is being loaded or unloaded.

Shell—12 Gauge sheet steel, welded. Front sheet gasketed and bolted. Self locating hinged shell door, gasketed with quick opening spring loaded latch. Interior of shell in contact with solvent or solvent vapor, protected with a baked plastic coating.

Cylinder—End loading 36 inch diameter by 24 inch deep, Models 9624, 9625 or 30 inch deep Model 9630. Heads die-formed sheet steel. Rear head 12 gauge, front head 16 gauge. Cylinder girth sheet 18 gauge perforated. Four lifting ribs, 18 gauge. Entire cylinder assembly welded and either coated with baked plastic or zinc galvanized.

Drive—Ball bearing worm and gear reducer. "V" belt drive from $\frac{1}{3}$ H.P. motor.

Fan— $\frac{1}{2}$ H.P. direct connected flange mounted. Straight blade cast aluminum impellor.

Heating Coil—Drawer type, tinned copper, fin and tube heat exchanger.

Electrical Equipment—Open type ball bearing motors, open type motor control factory mounted and wired.

Inspection and Test

All details of construction were examined by Asst. Engr., G. F. Sklenarik, Committee on Test. This equipment was inspected at 32 Palmer Ave., Bronxville, N. Y.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Hoffman Vaposaver Dry Cleaning Equipment Models 9624, 9625 and 9630 for use in New York City in accordance with the report and the Dry Cleaning Rules of the Board, all electrical work to conform to the Electrical Code of the City of New York and provided that each unit shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals, for use in New York City under Calendar Number 827-57-SA."

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 828-57-SA.

Subject: Hoffman H-Jet 445 Dry Cleaning Equipment, Models 30632, 30634, 30635 and 30636.

C. M. Spindler for W. H. Nicholson & Co., owner-manufacturer, filed November 1, 1957 an application with the Board of Standards and Appeals for approval of the Hoffman H-Jet 445 Dry Cleaning Equipment, Models 30632, 30634, 30635 and 30636 under the provisions of C26-191.0 Administrative Code and the Dry Cleaning Rules of the Board.

Purpose

A dry cleaning system for use with perchlorethylene solvent.

Description

The Hoffman H-Jet 445 unit is a cold unit designed to wash and extract only. The unit is designed for perchlorethylene and has a dry load capacity of 30 pounds.

After the completion of the extraction cycle the load is transferred to a drying and reclaiming tumbler.

The 445 unit is also equipped with an automatic purge fan which operates when the loading door is opened.

This unit is furnished in the 1 Bath and 2 Bath Models.

Specifications:

Base Tank—165 gallon working capacity. $\frac{1}{4}$ inch Steel Plate, Welded Construction. Cleanout Port $\frac{3}{8}$ Steel Plate bolted and gasketed. Inside of tank covered with a baked plastic coating.

Rinse Tank—Two Bath Only—130 gallon working capacity. $\frac{1}{4}$ inch Steel Plate. Same construction as Base Tank.

Cylinder—End loading, 36 inches diameter by 18 inches deep. Four inwardly projecting truncated balancing tanks integrally formed with girth sheet. Girth sheet .093 stainless steel, perforated. Front and rear heads .093 stainless steel, flanged and welded. Net cylinder volume 9.66 cubic feet.

Jet Balancing Device—Hydraulic compensating balancing system. Mechanical proportioning arm and shutter responds to cylinder out-of-balance controlling flow of solvent to cylinder balancing tanks. Automatically compensates for normal out-of-balance during extracting cycle. Safety switch prevents cylinder from coming to speed if abnormal out-of-balance exists.

Purge Fan— $\frac{1}{4}$ H.P. direct connected motor driven with fabricated aluminum impellor.

Soap Filter—Tubular Filter. Flow Rate 2000 gallons per hour.

Rinse Filter—Two Bath Only—Tubular Filter. Flow Rate 1300 gallons per hour.

Pump—Marlow Vertical Self Priming Centrifugal. Direct Motor Driven $1\frac{1}{2}$ H.P.

Automatic Control—Selective Synchronous Motor Driven Timers, Panel Mounted on front of machine controlling Pilot Air Valves which control air operated flow valves.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test. This equipment was inspected at 32 Palmer Ave., Bronxville, N. Y.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Hoffman H-Jet 445 Dry Cleaning Equipment Models 30632, 30634, 30635 and 30636 for use in New York City in accordance with this report and the Dry Cleaning Rules of

829-57-SA

APPLICANT—Charles M. Spindler, for W. H. Nicholson and Co., owner.

SUBJECT—Application November 1, 1957—Hoffman H-Jet 440 Dry Cleaning Equipment, Models 30630, 30631 and 30633, approval of.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 829-57-SA.

Subject: Hoffman H-Jet 440 Dry Cleaning Equipment, Models 30630, 30631 and 30633.

C. M. Spindler for W. H. Nicholson & Co., owner-manufacturer, filed November 1, 1957 an application with the Board of Standards and Appeals for approval of the Hoffman H-Jet 440 Dry Cleaning Equipment Models 30630, 30631 and 30633 under the provisions of C26-191.0 Administrative Code and the Dry Cleaning Rules of the Board.

Purpose

A dry cleaning system for use with perchlorethylene solvent.

Description

The Hoffman H-Jet 440 unit is a single cylinder self-contained hot unit designed to automatically wash, extract, and dry garments and other wearing apparel using perchlorethylene, a Class IV solvent, which is non-inflammable and non-combustible. The unit has a dry weight capacity of 27 pounds and incorporates a mechanical balancing device which compensates for out-of-balance during the extraction cycle thus eliminating vibration from being transmitted to the foundation and building.

The washing and drying sections are built onto a base tank which holds the washing solvent. A separate rinse tank which mounts to the rear of the unit is furnished on 2 bath models.

Filters and pumps are external and mount along side of the unit. Connections are through liquid tight piping and tubing.

Welded or bolted gasketed joints are used throughout to prevent the escape of liquid or vapor. A purge fan is included which automatically starts when the loading door is opened. The purge fan is connected by a vapor tight sheet metal duct to the outside of the building and provides a positive in draft of air when the loading door is open.

Specifications

Base Tank—165 gallon working capacity. $\frac{1}{4}$ inch steel plate, Welded Construction. Cleanout Port $\frac{3}{8}$ Steel Plate bolted and gasketed. Inside of tank covered with a baked plastic coating.

Rinse Tank—Two Bath Only—130 gallon working capacity. $\frac{1}{4}$ inch Steel Plate same construction as Base Tank.

Shell—Girth Sheet, .119 sheet steel, rear Head Sheet inch Steel Plate reinforced with stiffener ribs, Side Sheets and Front Support $\frac{3}{16}$ Steel Plate, welded construction. Front Plate .119 Sheet Flanged, Bolted and Gasketed.

Cylinder—End loading, 36 inches diameter by 18 inches deep. Four inwardly projecting balancing tanks integrally formed with girth sheet. Girth sheet .093 stainless steel, perforated. Front and rear heads, .093 stainless steel flanged and welded. Net cylinder volume, 9.66 cubic feet.

Drying and Reclaiming Manifold— $\frac{1}{8}$ inch stainless steel, welded construction. Manifold flanged, gasketed and bolted to shell.

Heating Coil—Tubular finned, surface type. Steam heated.

Condenser Coil—Tubular finned, surface type. Water cooled.

Jet Balancing Device—Hydraulic compensating balancing system. Mechanical proportioning arm and shutter responds to cylinder out-of-balance controlling flow of solvent to cylinder balancing tanks. Automatically compensates for normal out-of-balance during extraction cycle. Safety switch prevents cylinder from coming to speed if abnormal out-of-balance exists.

Circulating & Reclaiming Fan— $\frac{3}{4}$ H.P. direct connected motor driven with cast aluminum impellor.

Soap Filter—Tubular Filter. Flow rate 2000 gallons per hour.

Purge Fan— $\frac{1}{4}$ H.P. direct connected motor driven with fabricated aluminum impellor.

Rinse Filter—Two Bath Only—Tubular Filter. Flow rate 1300 gallons per hour.

Pump—Marlow Vertical Self Priming Centrifugal. Direct Motor Driven $1\frac{1}{2}$ H.P.

Automatic Control—Selective Synchronous Motor Driven Timers, Panel Mounted on front of machine controlling Pilot air valves which control air operated flow valves.

Inspection and Test

937-57-SM

APPLICANT—Concrete Plank Co., Inc., owner.

SUBJECT—Application November 25, 1957—Concrete Plank Co., Inc., Precast Concrete Joists, to support Floors or roofs, approval of.

APPEARANCES—

For Applicant: Edward A. Robinson.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

MINUTES

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 937-57-SM.

Subject: Concrete Plank Co. Inc., Precast Concrete Joist.

Concrete Plank Company, Inc., Jersey City, New Jersey, filed November 25, 1957 an application with the Board of Standards and Appeals for approval of the material known as Concrete Plank Company, Inc. Precast Concrete Joist under the provisions of C26-468.0 Administrative Building Code.

Purpose

The material is a concrete beam used to support floors and/or roofs.

Description

The joists are manufactured in depths of 8 inch, 10 inch and 12 inch and in such span lengths and spacing as the job conditions require.

The joists for which approval is sought consists of the companies standard product which provides $\frac{3}{4}$ inch protection to the metal reinforcement and a similar type of joist with increased fire resistive protection as required under C26-519.0 wherein beams and girders are required to have $1\frac{1}{2}$ inches of concrete over all reinforcement.

The joists are made of a mix of 1 part of cement to 4 parts of approved aggregate using a water cement ratio to obtain a compressive strength of at least 3500 psi.

After the correct sizes and types of reinforcement have been determined in the design division, the reinforcing is cut and welded in a jig after which it is placed in a jig after which it is placed in the steel forms where the concrete is poured and the forms vibrated.

Inspection and Test

Sample panels, including the joists were load tested in accordance with the requirements of C26-626.0 Administrative Building Code in the presence of Asst. Engr. J. A. Darts Committee on Test and Hugh C. Clark, Licensed Professional Engineer representing the applicant.

Each assembly comprised three floor joists, laid parallel to each other at a center to center spacing of 2 feet 6 inches, supported at each end by a bearing of 6 inches for the 8 inch joists, and 8 inches for the 10 inch and 12 inch joists, on concrete block walls and brick masonry from bottom flange to top flange of joist. The soffits of the joists were approximately 3 feet above grade.

Two 12 inch steel eye beams ($16\frac{1}{2}\#$ per foot), 7'-6" long were placed across the joists at the third points. Three steel eye beams ($22\#$ per foot) 19'-6" long were placed upon the two short eye beams, parallel and in the same vertical plane with the three concrete joists. Cantilite precast concrete plank, manufactured by the Concrete Plank Company, were placed across the long steel beams and extended 1 foot, 3 inches beyond the center lines of the exterior joists, to form a complete decking, 7 feet 6 inches wide, for the entire length of the clear span of each panel. No fastening of any type was used on the concrete joists, steel joists or the concrete plank. There was no particular anchorage of the concrete joists on the end masonry walls. Bridging consisted of 4" x 4" timber at mid-points of the joists. The end joists had a piece of 4" x 4" timber between the joist and the web of a section of 10 inch steel beam which was embedded 3 feet in the ground and 3 feet above.

The joists used in this test were the standard joists in sizes of 8", 10" and 12" deep. The overall height were 8", 10" and 1". The widths were $3\frac{1}{2}"$, $3\frac{1}{2}"$ and 4". The stirrups consisted of $\frac{3}{8}$ inch diameter bars spaced 1" from the end, followed by spacing of 4", 5", 6", 7", 8" and 12"

to midsection and reversely repeated for the remaining half of the joist. The reinforcing steel used for both the longitudinal and web reinforcement conform to ASTM requirements.

The design of these joists is based on the Code of the American Concrete Institute (A.C.I. 218-56 and 711-53) except as noted:

$f'_c = 3750$ (A.C.I. Code)
 $f'_c = 3500$ (C26-364.0.2 Administrative Building Code)
 $f_c = 1688$ (A.C.I. Code)
 $f_c = 1600$ (C26-364.0.2.d Administrative Bldg. Code)
 $f_r = .06 f'_c$ } C26-364.0.2.d Administrative Bldg. Code
 $f_u = .05 f'_c$ }
 $f_s = 20,000$ psi
 $n = 8$

The 8 inch joist was tested on a clear span of 19.98' or 20 feet; joist spacing 30 inches; decking 2 inch concrete plank. The 10 inch joist was tested on 22.52 feet; joist spacing 30 inches; decking 2 inch concrete plank and the 12 inch was tested on 22.52 feet; joist spacing 30 inches; decking 2 inch concrete plank.

RESULTS WERE AS FOLLOWS:

	Joist Design Load	Joist Test Load	Fac- tor	Shear Design	Test	Factor
8	2656 lbs.	7036 lbs.	2.65	129	296	2.29
10	3508 lbs.	9000 lbs.	2.56	131	291	2.24
12	5832 lbs.	14000 lbs.	2.4	196	525	2.17

It was noted that failure in the 8" and 10" joist occurred by the reinforcing steel reaching its yield point which ranges around 50,000 psi; the 8" reached 53,000 psi, 10" reached 51,000 psi whereas, the 12" reached 48,000 psi as this joist was not carried to destruction.

A study of the deflection curves; computed against actual test deflection, show that in all cases the test deflections were on the safe side.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Concrete Plank Company, Inc. Precast Concrete Joist as manufactured by the Concrete Plank Company, Inc., New Jersey under C26-191.0 when designed in accordance with the accepted theory of flexure as provided in C26-468.0 as follows:

In Class I construction, as beams when protected as required under C26-509.0 except that standard joists with $\frac{3}{4}$ inch metal protection in areas 2500 sq. feet or less may be protected by a suspended ceiling with 3-hour fire resistive rating, provided such areas are completely fire stopped as provided under C26-615.0.a

In Class II construction, the joists to be protected in the manufacturers standard method, namely $\frac{3}{4}$ inch protection for reinforcement or when protected as provided under C26-615.0.b

For use in other classes of construction where no fire resistive rating is required or for use in such other classes of construction when protected so as to meet the fire resistive rating required for the proposed use.

It is further recommended that all concrete shall comply with the requirements of the Administrative Building Code, that all material shall be designed and manufactured as herein described, that all designs of the joist shall be certified to by a professional engineer, that all drawings submitted to the Department of Buildings showing the proposed use of this construction shall bear the following wording, "The manufacture, design and use of these joists are in accordance with the approval granted under Calendar Number 937-57-SM"; that adequate shoring to carry normal construction loads shall be provided as follows:

8"—No shoring up to 24'-0
10"—No shoring up to 25'-0
12"—No shoring up to 25'-0

MINUTES

that the joists shall be spaced as required by load conditions; that bridging be provided for as follows:

- 8" deep joists exceeding 16' in length
- 10" and 12" deep joists exceeding 20' in length

such bridging shall be in accordance with the methods as shown on Dwg. 1, marked Rec'd. May 2, 1958; that the precast joists may be used with flooring of either approved precast gypsum or concrete plank or poured concrete flooring the latter complying with C26-620.0 that where the ends of the joists on masonry walls or steel beams, in order that lateral support be provided, the spaces between the ends of the joists shall be filled with bridging blocks or other masonry units laid in mortar; that where framing exists around openings such as stairwells, the headers and the joists around such openings shall be double with the ends of the joists intersecting the headers supported by steel hangers; that where a non-load bearing partition is parallel to the joists, the joists below such partition shall be double and where the partition is at right angles to the joists, adequate compensation shall be made for carrying this non-load bearing partition by increasing the carrying capacity of the floor; that adequate supports, complying with C26-461.0 shall be provided when suspended ceilings are used with these joists except that ceilings not required to have a fire resistive rating, such attachment may be made by adequate wood nailing strips secured to the joists. It is further recommended that all welding shall comply with the Welding Rules of the Board.

953-57-SM

APPLICANT—Falcon Alarm Co., Inc., owner.
SUBJECT—Application December 10, 1957—Falcon Tank Overfill Alarm; Gas-operated Whistle activated by a float, approval of.

APPEARANCES—

For Applicant: S. L. Cone.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 953-57-SM.

Subject: Falcon Tank Overfill Alarm, Gas Operated Horn Activated by a Float.

Falcon Alarm Company, Inc., Summit, New Jersey filed December 10, 1957 an application with the Board of Standards and Appeals for approval of the Falcon Tank Overfill Alarm for use in New York City under the provisions of C26-191.0.a Administrative Building Code.

Purpose

An audible alarm for installation on petroleum storage tanks.

Description

The Falcon Tank Overfill Alarm is powered by carbon dioxide, freon, nitrogen or compressed air. The horn system consists of a 2 inch diameter steel cylinder of compressed gas, pressure gage, horn assembly and float operated valve assembly.

When the liquid level in the tank reaches the filling limit, the float actuates a mechanical linkage to the horn unit and opens a valve or a piercing mechanism with manual reset, releasing the compressed gas. The signal is rated at 116 to 122 decibels for a two minute duration.

A weatherproof metal hood is provided to shield the horn, valve assembly and pressure gauge for inclement weather. A surge guard is available to protect the float and push rod from damage by motion of the liquid in the tank.

The Falcon Tank Overfill Alarm may be adopted for installation on floating roof tanks by removing the ball float and installing a special mounting bracket.

Inspection and Test

A Falcon Alarm was inspected in the offices of the local distributor of these devices at 15 Park Row, New York, by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Falcon Tank Overfill Alarm for voluntary use in New York City when installed in accordance with this report and provided that each such alarm shall bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 953-57-SM."

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 981-57-SA.

Subject: Carter Pneumatic Ejectors, Eject-O-Matic, Eject-O-Pac and Eject-O-Flo, for pumping of solid laden liquids.

J. J. Conway for Ralph B. Carter Co., Hackensack, New Jersey, filed December 13, 1957 an application with the Board of Standards and Appeals for approval of the Carter Pneumatic Ejectors, Eject-O-Matic, Eject-O-Pac and Eject-O-Flo under the provisions of C26-1315.0 Administrative Building Code.

Purpose

To receive solid laden liquids and discharge them to a higher elevation.

Description

The Carter Pneumatic Ejectors are made in a range of sizes to handle 30 to 600 gallons of sewage per minute in single and duplex systems.

MINUTES

The single system consists of an ejector pot made of copper bearing steel or close grained cast iron and designed for a working pressure of 50 pounds per square inch. The interior walls are made smooth and are free of obstruction. Both the inlet and discharge sides of the ejector are equipped with gate valves and swing check valves. The check valves are so installed that the valve flappers make a 45° angle with the horizontal. Duplex systems are made up with two ejector pots manifolded together with suitable "Y" fittings.

Other accessories include one or more electrically driven air compressors, diaphragm air valves, air check valves, strainers and air safety relief valves. In some larger installations an air reserve tank is installed in the line. These tanks are designed in accordance with the ASME code for pressure vessels and are available in sizes ranging from 30" diameter by 60" long to 72" diameter by 120" long.

Two methods of controlling the ejection cycle are available. One method is float controlled, the other is electrode controlled.

In the float controlled system, a stainless steel float assembly is installed within the pot.

The cycle begins with sewage entering the pot by gravity flow. The rising level of the liquid elevates the float on the rod until it contacts the top float stop. A further rise in liquid level elevates float and float rod actuating a pilot air valve through a hermetically sealed lever arrangement. Compressed air from a residual air chamber then passes through the pilot valve to a 3 way diaphragm valve opening the air passage to the pot. The reduced pressure in the residual air chamber actuates a pressure switch starting the compressor motor. The compressor pumps air through the air chamber into the pot and the increasing pressure on the surface of the liquid in the pot closes the inlet check valve and forces the liquid through the discharge check valve and line and the float then descends to its original position closing the pilot air valve to cut off the air to the 3-way valve closing it.

The compressor continues to pump air into the air chamber restoring sufficient pressure to stop the compressor motor by means of the pressure switch.

The pot is vented to the outside atmosphere through the 3-way valve and the cycle repeats.

In the electrode controlled method, there is no residual air chamber or pilot air valve. The cycle is controlled by two electrodes of unequal length installed in the pot.

As the liquid level rises and reaches the short electrode, it completes a circuit and starts the compressor motor. The compressor pumps air through the main air line across a spring loaded check valve which builds up a slight back pressure to divert part of the air through the pilot air line to close the 3-way valve. Air from the compressor now enters the ejector pot. The remainder of the cycle is similar to the float controlled cycle.

The Eject-O-Pac is a packaged unit with its own compressor or compressors utilizing electrode controls for its operation. It is designed for flows up to 150 gallons per minute.

The Eject-O-Matic unit is available in all sizes in single and duplex designs and is adaptable to any form of air supply—compressor, air reserve system or central air supply. The control system is optional.

The Eject-O-Flo unit is made for flows up to 300 gallons per minute in single and duplex designs. It is adaptable to any form of air supply and utilizes the electrode control for operation. It incorporates specially designed check valves developed by the Ralph B. Carter Co. and designated as type ZN valves.

Inspection and Test

The plant of the applicant and typical ejector units and their component parts were inspected at Hackensack, New Jersey, by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test recommends the approval of the Carter Pneumatic Ejectors, Models Eject-O-

Matic, Eject-O-Pac and Eject-O-Flo for use in New York City when installed and operated in accordance with this report and the requirements of C26-1315.0 and C26-1316.0 Administrative Building Code, provided that each ejector shall bear a label, permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 981-57-SA".

1026-57-SM

APPLICANT—Concrete Plank Co., Inc., owner.

SUBJECT—Application December 30, 1957—Precast Concrete Channel Roof and Floor Slabs, approval of.

APPEARANCES—

For Applicant: Edward A. Robinson.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 1026-57-SM.

Subject: Precast Concrete Channel Roof and Floor Slabs.

Concrete Plank Company, Inc. Jersey City, New Jersey filed December 30, 1957 an application with the Board of Standards and Appeals for approval of the material known as Precast Concrete Channel Roof and Floor Slab under the provisions of C26-618.0, C26-619.0 and C26-626.0 Administrative Building Code.

Purpose

The material is to be used as a floor or roof construction.

Description

The slab is a light weight precast concrete slab. The size is 2'-0" wide, 0'-3¾" legs and 0'-1¼" web. The soffit or leg reinforcement consists of ⅝" steel bar. The web reinforcement consists of 4" x 4" welded mesh of 14 gauge protected by ½" of concrete from the bottom. The mix used in the slab is 1 part of portland cement to 4.3 parts (by volume) of approved aggregate.

Inspection and Test

The plant of the applicant, was inspected by Asst. Engr. J. A. Darts Committee on Test and H. C. Clarke Prop. Engr., conducting the tests. The test was conducted in accordance with the requirements of C26-626.0.

The construction was so loaded that the load was applied at the ⅓ point of the span.

Results were as follows:

Span 8'-4" center to center, bearing 0'-2" clear span = 8'-0"

Area under load = 16.67 sq. ft.

Test load was carried to 4709 lbs.

4709 ÷ 16.67 = 282 lbs./sq. ft.

Safe Carrying Capacity (superimposed load) = 282 ÷ 4 = 70½ lbs./sq.ft.

Complete report is on file with and is part of the record.

MINUTES

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Precast Concrete Channel Roof and Floor Slab for use in New York City as an incombustible roof plank, 8'-0" Span—70½ lbs./sq.ft. superimposed load under the provisions of C27-619.0.b when the fire protective covering is omitted from roof trusses as provided for under C26-618.0.a.c Administrative Building Code.

The Committee further recommends the approval of the plank under the provisions of C26-620.0.c.l.b in Class 2 fire protected structures as a floor plank when used with a ¾ inch gypsum or cement plaster on metal lath.

The Committee further recommends that all planks shall be tagged, stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 1026-57-SM," or in lieu thereof, the bills of lading, bills or material or invoices may be similarly marked.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

192-58-SA

APPLICANT—Duplex Corporation, owner.

SUBJECT—Application April 1, 1958—Duplex Washer-Extractor, Model DWE-1, approval of.

APPEARANCES—

For Applicant: Cyril Farny and John A. Dwyer.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 192-58-SA.

Subject: Duplex Washer—Extractor Model DWE-1.

Duplex Corporation, San Francisco, California, filed April 1, 1958 an application with the Board of Standards and Appeals for approval of the Duplex Washer Extractor Model DWE-1 under the provisions of the Submerged Inlet Rules of the Board.

Purpose

An automatic clothes washing machine.

Description

The Duplex Washer Extractor Model DWE-1 is a self-contained cylinder type of washing machine that performs automatically a prewash operation, one regular washing operation, a spray rinse, two deep rinses and a water extraction.

The machine has a capacity of 19 pounds and water consumption is approximately 39½ gallons per cycle.

During washing and rinsing cycles, the cylinder tumbles clothes at 52 R.P.M. In the extract cycle, the cylinder spins at 405 R.P.M. after a short period at 90 R.P.M. Cylinder size is 25-5/8" by 15-3/8".

The water supply—hot and cold water mixed—is intro-

duced into the side of the cylinder near the top with the supply tube kept 1¼ inches from the cylinder opening. The cylinder opening is provided with a copper wire mesh and two side openings to permit escape of soap suds in case an excess amount of soap was used.

Inspection and Test

A typical installation of these appliances was inspected in a Laundromat at 448 Beach 129th Street, Belle Harbor, New York.

The design of the Duplex DWE-1 is based on the Norge Model 8407 which was previously approved by the Board under Calendar Number 76-49-SA. The dies, tools and jigs were purchased by the Duplex Corporation from the Borg-Warner Corporation and only minor changes have been incorporated into the Duplex unit.

Recommendation

On the basis of the inspection and the data filed by the applicant the Committee on Test recommends the approval of the Duplex Washer Extractor Model DWE-1 under C26-191.0.a as meeting the requirements of Rule 2 of the Submerged Inlet Rules and as meeting the requirements of C26-1277.0.h when connected for the individual unit, and for more than one unit, provided that the connections to the waste line shall be in accordance with the following:

Maximum No. per Battery	Waste Line Diameter
3	2"
12	3"
30	4"

Slop Sink Requirements:

Water line diameter 2½ inches to 4 inches slop sink 3 ft. x 3 ft. x 3 ft. All slop sinks to have mushroom strainers having a diameter the same size as the waste line.

The foregoing table is based upon there being no specific provision for this type of equipment in C26-1291.0 wherein the fixture equivalents can be determined from the table contained therein for this equipment when connected in batteries and in addition, the discharge pump on each individual washing machine unit greatly facilitates the rate of discharge to the waste line. In all cases the size of the trap and branch to the soil stack from the slop sink to be one commercial size larger than the branch line header connection in the battery units. The requirements of the Electric Code shall be met.

It is further recommended that each unit bear a label reading as follows: "Approved in New York City by the Board of Standards and Appeals under Calendar Number 192-58-SA" and that all installations in batteries be submitted to the Department of Buildings and Department of Water Supply, Gas and Electricity for inspection in order that the requirements of this approval to be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 184-58-SA.

Subject: Gilbarco Gasoline Dispensers, Models FMP-2, FMP-3 and FMP-4.

Gilbert & Barker Mfg. Co., West Springfield, Massachusetts, filed December 31, 1957 an application with the Board of Standards and Appeals for approval of the Gilbarco Gasoline Dispensers FMP-2, FMP-3 and FMP-4 under the provisions of Section C19-69.c Administrative Code.

Purpose

Gasoline dispensing pumps.

Description

The FMP gasoline dispensers are made up with a $\frac{1}{4}$ H. P. explosion proof motor that drives a positive displacement rotary pump to raise product from the storage tank and furnish a pressure just under 20 p.s.i. for proper metering. The motor is turned on and off by means of a pull and push handle located at the hose and nozzle hang-up bracket. This arrangement provides a means of locking and pump when not in use.

All three model pumps are equipped with an external hose attached to a hose outlet on the outside of the pump housing. The hose is 8 feet in length and is equipped with a non-automatic nozzle. Each model has a built-in combination strainer—check valve with relief located in the pumping unit. This valve provides pressure relief in the system during hot weather.

The FMP-4 has a roller clock and adjustable meter.

The FMP-2 has a circular 20 gallon dial and standard meter.

The FMP-3 has no meter.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

The FMP dispensers were tested and approved by the Underwriters' Laboratories under file MH 1941.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Gilbarco Gasoline Dispensers, Models FMP-2, FMP-3 and FMP-4 for use in New York City in accordance with this report and the provisions of Section C19-69.c Administrative Code, provided that all electrical work will conform to the Electrical Code of the City of New York and that each pump shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 184-58-SA".

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 21, 1958, on New Building Application 138/56 reads:

"3. Vertical openings in floor for conveyor belts and equipment, etc. to be protected with 3 hour construction as per Section 270(6) of the Labor Law.

4. All windows shall be fire windows as per Section 264(6C) of the Labor Law. Proposed windows do not comply since lights exceed 720 square inches."

and

WHEREAS, the applicant states that the building will be 21 stories, 332 feet, 1¾ inches in height, 878 feet front by 270 feet, ¾ inch in depth at street level, 358 feet, 4 inches front by 148 feet 8 inches in depth at typical tower floor level, of Class 1 construction, located in an unrestricted use A area, class 2 height district and used and occupied as follows: sub-cellar—mechanical equipment and ink storage, 6 persons; cellar—paper storage and presses, 250 persons; first intermediate story—machine shop, presses and loading, 1200 persons; second intermediate story—presses, controls, toilets, lockers, 1,000 persons; first floor—mail room, loading and paper storage, 600 persons; second floor—mail room, fan room, paper storage, 500 persons; third floor—offices and paper storage, 660 persons; fourth floor—composing room and paper storage, 660 persons; fifth and sixth floors—offices and paper storage, 660 persons each; seventh floor—dining rooms, kitchen, offices, paper storage, recreation rooms, auditorium, 1607 persons; eighth and ninth floors, offices, 470 persons each; tenth to fourteenth floors—offices, 476 persons each; fifteenth to eighteenth floors—offices, 482 persons each; nineteenth and twentieth floors—offices, 488 persons each; fan room, mechanical equipment and elevator machine rooms, 3 persons; that the building will be provided with a two-source sprinkled system throughout and an approved standpipe system; that there will be an approved interior fire alarm system, fire drills will not be maintained; that there will be fourteen interior fire proof stairs, enclosed in masonry equipped with fire proof self-closing doors and leading from roof bulkhead to street; and

WHEREAS, the applicant states that, in stages, it is proposed to construct the plant which will cover the entire site except the right of way to the railroad sidings at the south and southwest; that the ultimate building will consist of a six story masonry enclosed south wing, a seven story masonry enclosed north wing and a 21 story metal and glass enclosed central section; that the cellar and 7 stories above will be used for newspaper printing operations, related activities, office and paper storage; that the tower section comprising the eighth to twentieth floors will be used as general and executive office space, and for mechanical equipment on the 21st floor; and

WHEREAS, the applicant contends as to objection 3 issued by the Borough Superintendent, that a masonry shaft enclosure for the conveyors would constitute a severe hardship and hamper the mechanical operations of it's business; that where a conveyor passes through a slab a minimum clear opening of 17 inches by 42 inches is required; that it is proposed to enclose the vertical sections of the conveyors in the two mail room stories with removable enclosures of 14 gauge metal on angle iron with openings therein for the horizontal part of the conveyor; that the horizontal sections of the conveyor in the mail room and the small portion entering the second mail room story due to the floor slab openings being offset, will remain unenclosed because of the requirement for accessibility; that sprinkler protection will be provided inside of the conveyor enclosures; that in addition all floor areas will be fully sprinklered and provided with fire extinguishers, standpipe, fire alarm and watchmen service protection; that the building will be manned by employees twenty-four hours a day; that no conveyor will extend through more than two floor slabs; that there will be 24 such conveyor openings in the first mail room floor slab in the north wing and approximately 6 such conveyors extending through the future second mail room floor slab;

MINUTES

that in the future south wing there will be about 26 such conveyor openings in the first mail room floor slab and approximately 6 of these conveyors will extend through the second mail room floor slab; and

WHEREAS, the applicant contends that to objection 4, issued by the Borough Superintendent, that it has been decided by the Department of Buildings that since the plant's population will be more than 10% of the population of the building the entire building must comply with the Labor Law as to fire windows glazed with $\frac{1}{4}$ inch thick plate glass, no light of which shall exceed 720 square inches in area; and

WHEREAS, the applicant states that in the north and south wings, the plant areas will be enclosed in masonry walls with no windows except access panel openings provided for fire department use; that the central section was designed in a metal and glass enclosure through the use of single light aluminum pivoted windows, porcelain enamel spandrels and aluminum verticals; that the windows will be approximately 4 feet wide and 6 feet in height incombustible, of an approved type and glazed with $\frac{1}{4}$ inch thick plate glass and will comply with all of the requirements except for the size of the light panels; and

WHEREAS, the applicant contends that the entire tower from the 8th to the 20th floors will be used for offices and the plant operations and related activities will utilize all of the masonry enclosed wings and the metal and glass around central section below the 8th floor; that if the windows were sub-divided into panels of 720 square inches the architectural effect would be undesirable that pivoted windows are much tighter fitting easier and safer to clean; that since the proposed building will be in the area of The Lincoln Square Development project, it has been designed to conform with the aesthetic character envisioned for the buildings proposed in that project and all possible measures of protection have been taken to afford the needed safety throughout the building; and

WHEREAS, the proposed building will have no exposure to other buildings as it is erected on a large plot between the railroad yard and West End Avenue.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on NB App. 138-56, Objection No. 3 and that the appeal be and it hereby is *granted, on condition* that all vertical openings for conveyors and equipment shall be protected with steel construction and sprinkler heads as proposed and shown on plans filed with this application marked "Received March 19, 1958", 17 sheets, and specifically as shown on plan SK113 showing such conveyor protection; that as to Objection No. 4, the fire windows approximately four feet by six feet shall comply in all other respects with the requirements therefor except as to the size of the lights of the glass which may be as proposed and as shown; that in all other respects, the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the two-source sprinkler system shall be maintained throughout the building with connection to fire headquarters through an approved central station; and that an approved standpipe system and an approved interior fire alarm system shall be maintained.

THE RESOLUTION—

WHEREAS, this application was granted by the Board on May 7, 1957, on certain conditions; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 7, 1957, as thereafter *amended* by resolution adopted December 17, 1957, only as it relates to the location of the proposed masonry fence along East 12th Street, so that as *amended* this portion of the resolution shall read:

"that in view of statement by applicant that survey shows the distance between the building line of East 12th Street and the curb to be 35 feet, that such proposed masonry fence along East 12th Street may be relocated five feet eastwardly to the building line *on condition* that in all other respects the requirements of the resolution above cited shall be complied with." (Amdt. to N.B. App. 1942/56, disapproved 10/23/57.)

* Correction—In the last line of the resolution, "N.B. App. 1492-56" changed to "N.B. App. 1942-56".

WHEREAS, this application was granted by the Board on May 7, 1957, on certain conditions; and

WHEREAS, the resolution was amended on December 17, 1957 and January 28, 1958; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 7, 1957 and *amended* by resolutions adopted through January 28, 1958, by adding thereto:

“that the wall along the building line of East 12th Street shall be as proposed and as shown on revised plan marked ‘Received May 2, 1958’ one sheet, of masonry faced with face brick not less than five feet six inches in height, extending for the distance as shown on such plan, namely, approximately 150 feet; that there may be a dividing wall to separate a portion of the parking lot not now proposed to be used, which shall be a masonry wall as shown on such plans, with no openings therein except one opening three feet in width to permit access to the portion of the premises proposed to be unused; and that in all other respects the resolution above cited shall be complied with; and to extend the time to complete work by adding thereto:

“and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.” (N.B. 1942/56)

* Correction—In the last line of the resolution, “N.B. 1492-56” changed to “N.B. 1942-56”.

APPLICANT—Michael Levine, for Louise E. De Vito, owner (Morania Oil Company, Inc., lessee).

SUBJECT—Application reopened March 26, 1957 as Vol. II—re decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a retail use district, the extension of the present gasoline

service station, auto laundry, lubritorium and office to include minor repairs with hand tools only, the maintenance of another gasoline pump and the erection of a post standard sign.

PREMISES AFFECTED—175-14 Horace Harding Boulevard, south side, 117.71 feet west of Utopia Parkway Block 6891, Lot 26, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Michael Levine and Louise E. De Vito.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on March 26, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 13, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Horace Harding Boulevard are in a retail use, D area, class 1 height district; Utopia Parkway and 64th Avenue are in retail and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated March 12, 1957 acting on Alt. Applic. No. 2591-56, reads:

“1. The extension of the use of the premises to include minor repairs principally with hand tools and for an additional gasoline pump is contrary to Board of Standards and Appeals Resolution 410-31-BZ, Vol. II and contrary to Art. II Sec. 3 and Art. II, Sec. 4A of the Zoning Resolution and is referred back to the Board for reconsideration.

“2. The erection of a post standard sign in a Retail Use District is contrary to Art. II Sect. 4A of Zoning Resolution.”

and

WHEREAS, the applicant states that the premises consist of a plot, 112.16 feet frontage by 65.8 feet in depth, upon which there exists a modern gasoline service station used for the sale of gasoline and is also used as auto laundry, lubritorium and office; that it is proposed to maintain an existing post standard and sign advertising only the brand of gasoline on sale; that no provision for this customary sign was made in the previous Resolutions; that there are four existing gasoline pumps on the premises, although only three were shown on the original plans; that permission to maintain the present pumps is requested; and

WHEREAS, the applicant states that the minor repairing, principally with hand tools, as is done in practically all service stations in the City, is not permitted under existing Resolutions covering this case, and it is requested that such use be authorized by the Board; and

WHEREAS, the applicant contends that his client has experienced difficulty in obtaining the Certificate of Occupancy under the above Resolution for the reason that the present use apparently conflicts with the original Resolution in several respects; that the Board is specifically referred to his letter dated October 23, 1956 in which attention is called to the fact that a violation has been placed on the premises because of such discrepancy; that it would work a hardship to require the owner to be denied the right to permit minor repairs to be made or to reasonably advertise the products sold or to increase the pumps; that nothing will be conducted on the premises which will in any manner adversely affect the neighborhood or surrounding territory; and

WHEREAS, the applicant states that the present owner has held title to the property since July 1, 1929; that the as-

MINUTES

essed valuation of land is \$16,000 and of the building \$12,000 making a total of \$28,000; that the building was erected in 1931; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on April 29, 1932, as hereafter amended by resolutions adopted through April 10, 1956 by adding thereto:

"As to objection one, that there may be an additional gasoline pump as proposed and as shown on plans filed with this request for amendment marked "Received March 14, 1957", 2 sheets, "February 28, 1958", 2 sheets, and "April 2, 1958", one sheet, making a total of four pumps as shown on such plans showing actual conditions and proposed conditions, and also to permit under Section 7i minor repairing with hand tools only for adjustments maintained solely within the accessory building.

As to objection two, that there may be a post standard ground sign maintained at the location shown on plans above referred to, for advertising only the brand of gasoline on sale and permitting such sign, which may be illuminated, to extend beyond the street line for a distance of not more than four feet, on condition that in all other respects the building and occupancy shall comply with the resolutions above cited; and that all permits shall be obtained and all work completed within six months from the date of this amended resolution and that a new certificate of occupancy shall be obtained.

* Correction—An additional clause relative to the permission of a post standard advertising the sale of gasoline, inserted in the resolution, as indicated in italics.

* CORRECTION

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 11, 1958 after due notice by publication in the Bulletin; laid over to March 11, 1958, for inspection and decision; hearing closed; then to April 8, 1958, for inspection and decision; hearing closed; then to May 6, 1958, for

applicant to file plan showing proposed fencing of existing lot and adjoining lot 65, to May 13, 1958, for the applicant to file plans showing fencing; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Cross Bay Boulevard and 158th Avenue are in a business use, D area, class ½ height district; 157th Avenue and 95th Street are in business and residence use, D area, class ½ height districts; that prior to November 13, 1925 the premises were in an undetermined area and on that date they were incorporated in a business district; that the premises were originally in a one times height and D area district, but these designations were changed to the present ones on July 22, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated August 28, 1957 acting on N.B. Applic. 2850-57, reads:

"1. Proposed erection of a gasoline service station, lubritorium, auto laundry (non-automatic), minor auto repairs with hand tools only, parking of motor vehicles awaiting service on a lot in a business use district is contrary to Art. 2, Sec. 4a, items 29 and 46 of the Z.R.

"2. Proposed erection of a ground sign in a business use district is contrary to Art. 2, Section 4a, item 49 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 115 feet frontage by 90 feet in depth, vacant; that it is proposed to level the premises substantially to the grade of the abutting streets and to erect a one story accessory building to be used as office, sales room, lubritorium, non-automatic auto laundry, and for the making of minor repairs to motor vehicles, along the easterly lot line; that this building will have a frontage of 57 feet and a depth of 30 feet, and its walls will be faced on all sides with face brick; that it is also proposed to install twelve 550 gallon approved underground gasoline storage tanks and six low vending pumps located on two islands; that one of these islands will be located along the Cross Bay Boulevard frontage and the other along the 157th Avenue frontage; that all of the pumps will be set back fifteen feet from the building lines; that entrance to the gas station will be had by means of four 30-foot curb cuts, two leading from Cross Bay Boulevard and two from 157th Avenue; that the premises, where not occupied by the accessory building, will be suitably paved and portions thereof will be used for the parking of motor vehicles awaiting service; and

WHEREAS, the applicant states that Miriam Mandel and Marion Kroll contracted to purchase this property from The City of New York on May 22, 1957, but title, however, has not closed because of certain objections thereto; that they, as the equitable owners of the property, submit this application instead of The City of New York; that it is anticipated that title will close shortly and that they will be the owners of record at the time of the hearing upon this application; and

WHEREAS, the applicant further states that arrangements have been made with one of the major oil companies to lease the premises and to operate the gas station thereon if the Board acts favorably on this application; and

WHEREAS, the applicant contends that Cross Bay Boulevard is a principal thoroughfare, 150 feet wide, running in a north-south direction; that it is heavily travelled at all times, the traffic during the warmer months of the year being exceptionally heavy; that 157th Avenue runs in an east-west direction and because of the fact that Shell Bank Basin is a short distance to the south, it is the only thoroughfare which connects the property west of Cross Bay Boulevard, with that lying to the east of Shell Bank Basin; that at the present time 157th Avenue is sixty feet wide, but it is proposed to widen it to eighty feet, as shown on the radius diagram; that proceedings to acquire title to the property necessary to accomplish this widening have not been instituted, but it is understood that the preliminary maps are in the course of preparation and that the proceeding will be commenced shortly; that for that reason, the ten foot

3

Serials Dept.
Urbana, Ill.

MINUTES

strip which will be acquired by the City from the site under appeal has been excluded; and

WHEREAS, the applicant further contends that the easterly side of Cross Bay Boulevard at this point is mostly vacant and unimproved; that a plot of land on that side to the north of 157th Avenue, block 14148, lot 45, is improved with a gas station erected while the property was in an undetermined area; that it was, however, rebuilt and modernized pursuant to a Resolution of the Board adopted under Cal. No. 82-39-BZ; that the northeasterly corner of Cross Bay Boulevard and 157th Avenue, block 14148, lot 33, is occupied by a one story refreshment stand or restaurant and the balance of the property is for the parking of cars of the customers of such business; that the easterly side of Cross Bay Boulevard south of the premises is entirely vacant; that the former owners of most of this property failed to pay taxes thereon and the title thereto has been acquired by The City of New York in In Re proceedings; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as proposed as a gasoline service station as indicated on plans filed with this application marked "Received September 17, 1957," 5 sheets, and "May 6, 1958," one sheet, *on condition* that all buildings and uses on the premises shall be removed and the premises shall be constructed and arranged substantially as indicated on such plans; that the accessory building shall be in the location and of the design and arrangement as indicated on such plans, without cellar and faced on all sides with face brick; that pumps shall be of a low approved type erected not nearer than 15 feet to the street building line as shown; that tanks shall not exceed twelve 550 gallon approved gasoline storage tanks; that on the lot line to the south there shall be erected a woven wire fence of the chain link type erected on a masonry base to a total height of not less than 5 feet six inches with suitable terminating post at the building line of Cross Bay Boulevard; that along the easterly lot line where the wall of the

accessory building occurs there shall be erected a similar fence except that it may be constructed of aluminum panels; that no window openings shall be constructed in the accessory building except that *openings along the easterly wall* shall be filled with glass block as approved for exterior walls; that the balance of the premises shall be paved with concrete or asphaltic pavement except that there shall be planting along the easterly wall on either side of the accessory building as proposed and shown not less than five feet in width; with suitable planting material and suitably protected with a curbing not less than eight inches in height and six inches in width; that sidewalks and curbing abutting the premises on both streets shall be constructed or repaired as required by the Borough President; that there may be to 157th Avenue two curb cuts each 30 feet, where shown, and two curb cuts of similar width to Cross Bay Boulevard, with no portion of any curb cut nearer than five feet to a side lot line as prolonged; that at the intersection there shall be constructed and maintained a block of concrete extending for a distance of five feet along the building lines from the intersection not less than twelve inches in height; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing Cross Bay Boulevard excluding all roof signs and temporary signs and advertising devices but permitting the erection of a post standard within the intersection for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to Cross Bay Boulevard for a distance of not more than four feet beyond the building line; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that there may be under Section 7i minor auto repairing with hand tools only for adjustments maintained solely within the accessory building; that under Section 7e there may be, for a similar term, parking of motor vehicles awaiting service provided such parking does not interfere with the servicing of the station; that no trees shall be removed from the sidewalks adjoining the premises unless permitted by the Borough President or Park Department, whichever has jurisdiction, and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—In the resolution, the date of plans marked "Received March 6, 1958" changed to "May 6, 1958" and reference to window openings clarified so as to apply to the *easterly wall*, as indicated in the resolution in italics.

Notice of Public Hearing on Proposed Rule for the In-
terpretation of Section 19-A of the Zoning Resolution.

PETITION AND CERTIORARI ORDER SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On June 10, 1958, Copy of Notice and Petition was served on the Board by Charles A. Buckley, Jr., attorney for Samuel Brause and Milton Brause, adjoining property owners, seeking a review of the Board's denial on May 21, 1958 of their appeal from a decision of the Borough Superintendent re Revocation of Permit issued re N.B. 102-56; Cal. No. 1039-57-A; Premises 730 3rd Avenue, west side, from East 45th to East 46th Streets, Block 1300, Lots 31 and 41, Borough of Manhattan.

* * * * *

COURT DECISIONS.

Matter of Schumacher vs. Board:—On April 30, 1957, the Board denied a variance under Section 7, subdivision e, of the Zoning Resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, ground sign, auto washing, lubrication, office, accessory sales, minor repairs and an auto safety inspection agency; Cal. No. 146-52-BZ, Vol. II; Premises 271-01 to 271-15 Union Turnpike, northeast corner of 271st Street, Bellerose, Borough of Queens.

At Special Term, Supreme Court, Mr. Justice Stier sustained the Board in a decision which reads in part as follows: (New York Law Journal, May 6, 1958, page 12)—

"The Board considered the proposal of the petitioners and determined that it was not a proper and valid reason for granting the application for a variance, and that the drainage system proposed by the petitioners would be inadequate to alleviate the floor condition. The record discloses that the Board acted upon a reasonable basis and on sufficient evidence to permit the exercise of its discretionary powers under Subdivision (e) of Section 7 of the Zoning Resolution. Since it acted within its jurisdiction, the determination cannot be set aside."

Matter of William Endico vs. Board:—On October 6, 1956, the Board denied a variance under Sections 7e, 7f, 7h and 7A of the Zoning Resolution, to permit in a residence and retail use district for a term of fifteen years the erection and maintenance of a gasoline service station, lubricatorium, auto washing, motor vehicle repairs, storage and sale of accessories and an office, with business entrances (curb cuts) nearer the residence use district than is permitted and to permit the parking and storage of motor vehicles on unbuilt upon portion of the plot; Cal. No. 268-55-BZ; Premises 3903 East Tremont Avenue, southeast corner of Dewey Avenue, Borough of The Bronx.

At Special Term, Supreme Court, Mr. Justice Greenberg sustained the Board and "ordered that the determination of the Court is without prejudice to a renewal of the application in event actual condemnation proceedings are not commenced within six months." (N.Y.L. Journal, June 20, 1957.)

Matter of Joseph Coscia vs. Board:—On May 29, 1956, the Board denied a variance under Sections 7c and 21 of the Zoning Resolution to permit in a residence use and C area district the extension and reconstruction of a structure used as a garage for more than 5 motor vehicles for use and storage garage for motor vehicles, lubricatorium, minor auto repairs, wheel alignment, brake testing, car washing, office and sales, using more than the permitted area, without the required rear yard; Cal. No. 441-51-BZ, Vol. III, Premises 353-367—91st Street, north side, 154 ft. 8½ in. west of 4th Avenue, Borough of Brooklyn.

At Special Term, Supreme Court, Mr. Justice Hart sustained the Board in a lengthy decision, reading in part as follows: (New York Law Journal, May 2, 1958)—

"As a matter of law it cannot be said that the determination denying the variance under the said section is without evidence to support it. Under Section 7(c) variances are permitted providing the change may be made without violation to the general zoning plan. The facts presented may very well lead to the conclusion that the restricted residential district will not be safeguarded should the variance be allowed. Accordingly, the Board's determination pursuant to section 7(c) will not be interfered with by the court (Peo. ex rel. Healy v. Leo, 194 App. Div. 912).

"Neither should the Board's refusal to exercise its discretion in favor of petitioner pursuant to Section 21 of the Zoning Reso-

Further Sections will be published, containing other approved materials and appliances.

CALENDAR

JUNE 17, 1958, 10 A.M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, June 17, 1958, at 10 o'clock in Room 1013, Municipal Building, Manhattan on the following matters:

1106-48-BZ—Vol. II

APPLICANT—Michael Levine, for Lucky Star Realty Corp., owner.

SUBJECT—Application reopened September 24, 1957 as Vol. II—re decision of the Borough Superintendent, under sections 7e and 21 of the Zoning Resolution, to permit in a residence use, "E-1" area district, the erection of a one story and basement building to be used for factory purposes, the proposed building encroaches on the required side yard and setbacks and to occupy more than the permitted area coverage.

PREMISES AFFECTED—149-06 to 149-16 (149-10 official) New York Boulevard and 177-22 to 177-30 149th Avenue, southwest corner, Block 13383, Lots 63, 66 and 69, South Ozone Park, Borough of Queens.

Laid over from June 3, 1958 to June 10, 1958 at the request of the applicant; then to June 17, 1958, at request of an objector.

902-57-BZ

APPLICANT—Julius S. Rapson, for The Queens National Bank of New York, owner.

SUBJECT—Application December 12, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a retail and residence use district, a parking lot for the Bank's customers on a plot partly in a retail district and extending into the residence use district.

PREMISES AFFECTED—134-15 Springfield Boulevard, east side, 109.14 feet south of Merrick Boulevard, Block 13010, Lot 49, Springfield Gardens, Borough of Queens.

903-57-A

APPLICANT—Julius S. Rapson, for The Queens National Bank of New York, owner.

SUBJECT—Application December 12, 1957—filed pursuant to section 35, General City Law re premises partly in bed of mapped street—217th Street.

PREMISES AFFECTED—134-15 Springfield Boulevard, south side, 109.14 feet south of Merrick Boulevard, Block 13010, Lot 49, Springfield Gardens, Borough of Queens.

251-35-BZ—Vol. IV

APPLICANT—Richard Shutkind, for Nordlaw Realities Inc. and State Engineering Corp.; owners, Jaynat Realty Corp., lessee.

SUBJECT—Application reopened September 24, 1957 as Vol. IV—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a retail and residence use district, the maintenance of a parking lot for more than five (5) motor vehicles.

PREMISES AFFECTED—2119 Caton Avenue, north side, 91 feet $\frac{5}{8}$ inches west of Flatbush Avenue, Block 5063, Lot 69, Borough of Brooklyn.

209-58-BZ

APPLICANT—Lama, Proskauer and Prober, for David and Joseph Goldstein, and Nathan Machimson, owners.

SUBJECT—Application April 8, 1958—decision of the Borough Superintendent, under section 7c and 21 of the Zoning Resolution, to permit on a plot partly in a C area and partly in an E-1 area district, the erection of a six-story multiple dwelling extending into the E-1 area district, the portion in the E-1 area district occupies more than the permitted area, eliminates the required setback and side yard and having less than the required outer court.

PREMISES AFFECTED—1140-1146 Pelham Parkway South and 2140-2150 Williamsbridge Road, southeast corner, Block 4310, Lots 1 and 53, Borough of the Bronx.

120-33-BZ—Vol. IV

APPLICANT—Irving H. Passel, for Robert A. Stella, owner; Pursuant under contract: Esso Standard Oil Co., lessee.

SUBJECT—Application reopened April 9, 1958 as Vol. IV decision of the Borough Superintendent, under sections 7f and 7h of the Zoning Resolution, to permit in a retail use district, the extension in area of an existing gasoline service station, motor vehicle repair shop for adjustments and garage for more than five (5) motor vehicles previously granted by the Board under Cal. No. 120-33-BZ Vols II and III and to include the additional uses of lubricatorium, non-automatic auto laundry and parking of motor vehicles on the unbuilt portion of the plot, for a term of fifteen (15) years.

PREMISES AFFECTED—2100 Hylan Boulevard, southeast corner of Hamden Avenue, Block 3688, Lot 5, Grant City, Borough of Richmond.

783-55-BZ

APPLICANT—Hurley and Hughes, for Managements Audits, Inc., owners.

SUBJECT—Application September 30, 1955—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a residence use district, the change of use of the present four story, one family residence, to offices in the basement, first and second floors and the third and fourth floors as a duplex apartment.

PREMISES AFFECTED—125 East 38th Street and 314 Lexington Avenue, northwest corner, Block 894, Lot 17, Borough of Manhattan.

645-57-A

For Opposition: None.

ACTION OF BOARD—Application withdrawn at request of the applicant after full hearing in view of the many objections filed.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

74-33-BZ—Vol. III

APPLICANT—Joseph Schafran, for Bermont Operating Corp., Owner.

SUBJECT—Application reopened April 15, 1958 as Vol. III—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business and residence use district, at the existing two-story and cellar building, presently occupied as an auto showroom and garage for more than 150 cars, the change in use of a portion of the first and second floors to bowling alleys with accessory restaurant, kitchen, bar and lunch counter and the remainder to retain the garage for more than 150 cars.

PREMISES AFFECTED—4650-4656 Broadway and 2-16 Sherman Avenue, northeast corner, Block 2175, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph Schafran and Robert J. Crinnion.
For Opposition: None.

MINUTES

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on April 15, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Dongan Place and Arden Street are in business and residence use, B area, class 1¼ height districts; Broadway and Sherman Avenue are in a business use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 14, 1958 acting on Alt. Applic. No. 949-54, reads:

"1. Proposal to change the use of the 2nd floor and 1st floor of this bldg. (located partly in a Business Use District and partly in a Residence Use District) from garage to bowling alleys and garage on the 2nd floor and to garage and bowling alleys on 1st floor (with accessory restaurant, bar, kitchen and lunch counter thereon) is contrary to Art. II, Sect. 3 and Sect. 6a of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 180 feet 5⅞ inches frontage by 96 feet 9-5⅞ inches and 204 feet 4-3⅞ inches in depth, on which is located a two story and cellar fireproof class one building, formerly occupied throughout by the Packard Company containing a public garage with a capacity of more than 150 motor vehicles, automobile salesrooms, shop for repair and adjustment of motor cars with hand tools, car wash racks, lubrication racks and lifts; that it is now proposed to eliminate portions of the garage and automobile showroom on the first floor and a portion of the garage on the second floor—the first floor portion for bowling alleys, restaurant, bar, kitchen, lunch counter, locker room, check room and toilets; the second floor portion for bowling alleys, meeting room and toilets; that the live loads for which the building was designed and the present exits are adequate for this new use; and

WHEREAS, the applicant states that request for extension of time to obtain permits and complete the work for the use of the second story for light manufacturing was granted by the Board on January 10, 1956 but this privilege was not exercised by his client; that he has had numerous opportunities of renting the second floor but has withheld doing so until he could find a desirable tenant; that at this time it is requested that the Resolution adopted under Cal. No. 74-33-BZ, Vol. II be amended as to occupancy; also obtaining permits and Certificate of Occupancy be extended for one year; and

WHEREAS, the applicant contends that his client has a tenant under a tentative lease for the use of the first and second floors for bowling alleys pending the outcome of the decision of the Board; that if a favorable decision is granted, they will immediately proceed with the installation of the bowling alleys; that the bowling alley use is a conforming use in the business portion of the subject site and a small percentage of this use extends into the residence portion of the site; that the present garage use is a legal non-conforming use as indicated by Certificate of Occupancy No. 45552-56; that previous Certificate of Occupancy No. 38526-51, which was limited to a term of five years and required renewal, has since been changed to permanent Certificate of Occupancy No. 45552-56; that this matter was the subject of a public hearing duly held by the City Planning Commission on December 6, 1950, Cal. No. 31, with the following remarks: it is quite evident

that the garage under consideration is serving an unquestioned need for off street parking facilities in its locality and that provision for insuring its permanent functioning is most desirable; and

WHEREAS, the applicant contends that due to existing conditions of street parking and night and day parking lots, the owner is faced with the difficulty of renting garage space; that the garage is less than 40% rented and there is no prospect of improvement; that the parking of bowling alley patrons' cars will greatly improve this condition; and

WHEREAS, the applicant further contends that in all respects, conditions imposed by all previous Resolutions have been complied with and as the building will still have, after this proposed change, garage capacity of more than 150 cars and as the premises are not being substantially altered nor is the site being increased, the conditions imposed by the Board of Estimate under Cal. No. 109 under date of December 21, 1950 are complied with; that all the windows along the rear and side property lines abutting the residential portion will be bricked up and it is felt that this will be a solution for the major objections brought up by the property owners affected, as a sound barrier; that the parking of patrons' cars within the garage space will ease the street parking situation; and

WHEREAS, the applicant states that the present owner has held title to the property since December 28, 1945; that the assessed valuation of land is \$175,000 and of the building \$285,000 making a total of \$460,000; that the building was erected in 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions, inasmuch as the Board has permitted some previous variance for garages on the premises; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7 c, to permit a portion of the building to be occupied on the first and second floors as bowling alleys with accessory uses of restaurant, kitchen and lunchcounter, in addition to the garage use heretofore permitted in other portions of the building, and as now shown as to the bowling alley use on the plans filed with this application, marked "Received March 18, 1958", 5 sheets, and "April 29, 1958", 3 sheets, *on condition* that windows on the first and second floors facing north and east relative to the spaces proposed to be occupied by the bowling alleys shall be bricked up; that the stairway at the northwest corner may be removed, provided a new stairway complying with the requirements of the Building Code therefor is constructed where shown, leading to Broadway; that the bowling alley equipment shall be of the noiseless type and the walls to the north and east shall be treated so as to deaden noise; that any signs erected shall be as permitted in a business use district; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

193-37-BZ—Vol. II

APPLICANT—Reginald S. Hardy, for L.B. Oil Company, Inc., owner.

SUBJECT—Application reopened March 6, 1956 as Vol. II—decision of the Borough Superintendent, under Sections 7e, 7f, and 7i of the Zoning Resolution, to permit in a business and residence use district, the erection and maintenance of a gasoline service station, lubritorium, non-automatic auto laundry, minor auto repairs with hand tools only and the parking and storage of motor vehicles awaiting service for a stated term of fifteen (15) years.

MINUTES

PREMISES AFFECTED—1016-1030 Broadway and 874-876 Willoughby Avenue, southwest corner, Block 1593, Lots 23, 28, 29, 30 and 31, Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating,

Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 6, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 18, 1958 after due notice by publication in the Bulletin; laid over to April 8, 1958, for inspection and decision; hearing closed; then to May 13, 1958, for applicant to file revised plans and to permit inspection; then to May 27, 1958, at the request of the applicant; then to June 10, 1958, for further inspection if required and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in business and residence use, B area, class 1½ height district; Broadway is in a business use, B area, class 1½ height district; Hart Street and Willoughby Avenue are in business and residence use, B and C area, class 1 and class 1½ height districts; Stuyvesant Avenue is in a residence use, C area, class 1 height district; that there have been no changes in zoning designations since July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated January 6, 1956 acting on N.B. Applic. No. 2810-55, reads:

"1. Proposed building and premises, on a lot partly in a Residence and partly in a Business Zone, to be used for gasoline service station, lubritorium, auto laundry (non-automatic), minor auto repair shop with hand tools only and parking of motor vehicles awaiting service is contrary to Article II, PP. 3 and Article II, PP. 4a, subsections 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 124 feet 10½ inches frontage by 82 feet 11½ inches in depth, improved with a one story brick building and four, three story frame buildings; that these buildings were erected many years ago, the exact dates being unknown to the present owner; that each of these buildings is in such condition that it would be impossible to rehabilitate them; that it is proposed to demolish the existing buildings and to level the premises substantially to the grade of Broadway; that it is also proposed to erect a one story office and accessory building along the easterly lot line, that perpendicular to Broadway, where shown on plans; that this building will have a frontage of 67 feet and a depth of 28 feet 4 inches; that the front walls will be constructed of face brick, with porcelain enamel trim; that the building will be designed to be used as a lubritorium, non-automatic auto laundry and for minor repairs with hand tools only; that provision will also be made for the inclusion of an office and accessory salesroom; that it is also proposed to install twelve 550 gallon gasoline storage tanks and six dispensing pumps, located on two islands; that none of these pumps will be closer than 15 feet to any street line; that access to the premises will be had by means of four curb cuts, two, 35 feet wide will be located along the Broadway frontage and two, 20 feet wide will be located along the Broadway frontage and two, 20 feet wide along the Willoughby Avenue frontage; that the entire property, where not occupied by the building, will be paved with asphalt or concrete and portions thereof will be used for the parking of motor vehicles awaiting service; that it is also proposed to install a four foot, six inch chain link fence, on a one foot high concrete base, along the rear and side lot lines, where not occupied by the walls of the accessory building; that there will be no signs displayed on

the premises except those affixed to the walls of the accessory building and a sign, located at the intersection of Broadway and Willoughby Avenue, advertising the brand of gasoline sold, which will project not more than four feet beyond the building line; that the entire plot will be suitably lighted and will be properly maintained in conformity with the usual standards maintained by the owner; and

WHEREAS, the applicant states that Broadway extends from the East River, at or near the Williamsburg Bridge in a general southeasterly direction to East New York Avenue, near the junction between the Boroughs of Brooklyn and Queens, and is 70 feet wide at this point; that it is traversed throughout the greater part of its length by the elevated structure of the Broadway Rapid Transit Line; that Willoughby Avenue extends in a generally easterly direction from Borough Hall to Broadway, except where interrupted by Fort Greene Park; that it turns somewhat to the north at Broadway and continues to the Borough line; that it is 70 feet wide in front of the subject premises and it is extensively used at that point; that substantially all of the property located along Broadway in the vicinity of the premises under appeal is improved with buildings erected many years ago; that these buildings were designed for business use on the street floors and, in many cases, for residential use on the upper floors and for many years they were fully occupied, for this area was considered a prosperous and active retail district; that however, the area presents an entirely different picture at this time; that many of the buildings have been devoted to the marginal type of uses which are generally found in districts where there is no demand for retail or conventional business occupancy; that typical of these uses are the many upholstery shops, factories, woodworking establishments, roofing contractor's shops and similar businesses; that a considerable number of buildings designed for retail stores are used for light manufacturing and general factory purposes; that an inspection of the area will reveal that there is not a single building along Broadway, within the area affected by this application, which was erected in the past few years; that all of them were built many years ago and obviously, none of these properties could be improved today with any type of conforming establishment which would yield a fair return upon the present cost of such an improvement; that the adjoining property to the west, block 1593, lot 20, is improved with a four story brick building used for the manufacture and upholstery of furniture; that a plot located a short distance further to the west, block 1593, lot 13, was improved with a two story building which was used as a factory when this application was filed; that that building has been demolished and the property is now used as a parking lot; that the northwesterly corner of Broadway and Willoughby Avenue, block 1590, lot 20, is occupied by the bakery of the Vita Doughnut Corp., no part of it being used for retail purposes; that many of the buildings to the northwest along Broadway are either vacant or devoted to marginal type use of the character described above or to factory uses, and a similar condition exists on the opposite side of Broadway; that the street floors of a number of buildings are devoted to factory uses; that many of the upper floors are vacant and others are used for loft and manufacturing purposes; that Willoughby Avenue, some distance to the west of the premises, is located within a residence use district and is devoted to residential occupancy, but most of the buildings are old and many of them evidence a great lack of repairs and proper maintenance; that conditions in the area are the product of many years of steadily declining business and there is nothing to indicate that the future will be any more promising than the past; and

WHEREAS, the applicant contends that there are two factors which have a depressing effect upon this property; that one is the generally depressed business conditions which prevail throughout this area and which have prompted many of the business organizations to seek other locations, and the other factor is the existence of the elevated structure in front of the property; that this structure is a wide one, supporting three tracks, which darkens the entire width of the

MINUTES

street, and there are no plans to eliminate this structure; that the buildings on the premises are in such a condition that rehabilitation is practically impossible and the owner is therefore faced with the necessity of finding some new improvement for the property which would yield a fair return upon the investment; that there are a number of vacant stores in the area at the present time; that the rents of the occupied stores are so small that they cannot yield a fair return upon an investment based on present construction costs, and the property therefore cannot be profitably improved for retail use; that the premises are not adaptable to manufacturing as they are irregular in shape and inadequate in size to permit the erection of a factory of any consequence; that the erection of the proposed gas station would have no detrimental effect on other property in the area; but would in fact be a tremendous improvement over present conditions; that although there are no gas stations in close proximity to the premises on either Broadway or Villoughby Avenue, the area is improved in a manner which is more compatible with a manufacturing than a business use district; and

WHEREAS, the applicant states that the present owner has held title to the property since August 11, 1954; that the assessed valuation of land is \$24,500 and of the building \$40,300 making a total of \$64,800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, under Volume I a similar application was withdrawn after hearing and inspection; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c, f and i of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 2810-55, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

453-46-BZ—Vol. II

APPLICANT—Henry J. Nurick, for Herman Birnbaum, owner.

SUBJECT—Application reopened January 7, 1958 as Vol. II—decision of Borough Superintendent, under sections 7c and 7A of the Zoning Resolution, to permit in a business and residence use district, the reconstruction of an existing gasoline service station for the following uses: office, lubricatorium, auto repairs with hand tools only, auto laundry and the parking of cars awaiting service with a curb cut and show windows within 75 feet of a residence use district.

PREMISES AFFECTED—3437-3445 Fort Hamilton Parkway and 2-12 Chester Avenue, southwest corner, Block 5302, Lot 48, Borough of Brooklyn.

APPEARANCES—

For Applicant: Henry J. Nurick.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened on January 7, 1958 subject to regular procedure, as Vol. II; and

WHEREAS, a public hearing was held on this application on April 29, 1958 after due notice by publication in the Bulletin; laid over to May 27, 1958, for inspection and decision; hearing closed; then to June 10, 1958, for applicant to submit revised plans, space be left as previously required next to adjoining house on Chester Avenue, pumps to be 15 feet

from street; accessory building to be set back from Chester Avenue; a tree to be saved and protected from injury; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Chester Avenue are in business and residence use, C area, class 1 height district; Minna Street is in a residence use, C area, Class 1 height district; Fort Hamilton Parkway is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 25, 1957 acting on N.B. Applic. No. 1877-57, reads:

"1. Proposed building and premises, on a lot partly in a Business Zone and partly in a Residence Zone, to be used for gasoline service station, office, lubricatorium, auto repairs with hand tools only, auto laundry and parking of cars awaiting service is contrary to Art. 11, PP. 3 and PP. 4a, subsections 29 and 46 of the Zoning Resolution.

"2. Curb cut and show window on Chester Ave. within 75 feet of a Residence Zone is contrary to Art. II, PP. 7-A of the Zoning Resolution.

"Note: Premises were subject of B.S. and A. action under Cal. No. 453-46-BZ."

and

WHEREAS, the applicant states the premises consist of a plot 100 feet frontage by 102 feet $\frac{1}{4}$ inch in depth, used as a gasoline service station since 1924; that it is proposed to improve the present gas station by demolishing the existing office and accessory building and removing the present open air lubrication equipment, and replacing with a one story masonry building to house the office and salesroom, equipment for lubrication, auto laundry, minor motor vehicle repairs with hand tools only, and the parking of cars awaiting service; that the new one story masonry structure will be 100 feet in length, 30 feet in depth and 13 feet in height; and

WHEREAS, the applicant states that the present owner has held title to the property since May, 1932; that the assessed valuation of land is \$30,000 and of the building \$4,000 making a total of \$34,000; that the building was erected May 23, 1924; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 14, 1947, as thereafter amended by resolutions adopted through January 11, 1949, by adding thereto:

"that the reconstruction of the gasoline service station may be permitted as now proposed and indicated on plans filed with this request for amendment, marked 'Received "November 8, 1957," 5 sheets, April 18, 1958,' 1 sheet, "May 2, 1958," 2 sheets, March 21, 1958," 1 sheet and "June 4, 1958," 1 sheet, *on condition* that such buildings and equipment as are proposed to be removed shall be removed and the building shall be reconstructed and pumps relocated as indicated on revised plans filed marked "Received June 4, 1958; that the accessory building shall not be nearer to the street building line of Chester Avenue or the rear line than as shown on such revised plan marked, "Received June 4, 1958"; that under Section 7A, any curb cuts or show windows deemed contrary thereto may be permitted, provided the requirements of this resolution are complied with; that the existing curb cuts previously permitted may be continued; that in all other respects the resolutions above cited shall be complied with where not inconsistent with this amendment; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

916-46-BZ—Vol. II

APPLICANT—Henry George Greene, for Joseph Carrollo, owner.

SUBJECT—Application reopened July 23, 1957 as Vol. II—decision of the Borough Superintendent, under sections

MINUTES

7e and 7A of the Zoning Resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor car repairs, office, sales area, storage and utility room.

PREMISES AFFECTED—35-12 to 35-22 (35-12 official) Frances Lewis Boulevard and 36-07 to 36-11 194th Street, southeast corner, Block 5318, Lot 25, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: J. G. L. Molloy.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commission Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 23, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 6, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a local retail use, D area, class ½ height district; that the area was changed from C to D on March 25, 1954; the use was changed from business to local retail on May 4, 1953 and the height was changed from 1 to ½ on October 29, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated June 20, 1957 acting on Alt. Applic. No. 609-57, reads:

"1. Proposed alteration from existing store to store, gasoline service station, lubritorium, minor car repairs, office, sales area, storage and utility room in a local retail district is contrary to Art. II Sec. 4c of the Zoning Resolution.

2. Proposed advertising sign is contrary to Art. II Sec. 4c as per Sec. 4 subdiv. 49 of the Zoning Resolution.

3. Curb cut on 194th Street is contrary to Art. II Sec. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 109.86 feet frontage by 68.92 feet in depth, irregular, occupied by a one story store building; and

WHEREAS, the applicant states that this case has been before the Board on two separate occasions, the first time under Cal. No. 303-29-BZ; that the application was brought under Section 21 and was denied on November 26, 1929; that the second time the application was brought under Section 7f and was denied on September 23, 1947; that in 1950 it was again submitted under Section 21 but the application was not followed through; that since the previous applications there have been substantial changes in the section of Francis Lewis Boulevard where these premises are located; that among these changes are a gas station now being constructed almost directly opposite this site on the other side of Francis Lewis Boulevard, the erection of an auto laundry to the northwest across Crocheron Avenue, the elimination of the frontage on Crocheron Avenue, the reduction of the frontage on 194th Street and the rapid growth of business uses for the section from 23rd Avenue to 47th Avenue, a considerable distance from this site in both directions; that in addition, there is a nursery adjoining these premises to the south and east; that the nursery has a curb cut and its trucks are parked on the premises; that the nursery is distinctly a business use with buildings and various signs; and

WHEREAS, the applicant contends that the owner has attempted to use the premises for other uses and has built a small store at the easterly end, but for the whole area he is still unsuccessful in creating any use after many years effort; that the premises are so shaped that a gasoline

service station is the only use for which they are adaptable; that there is only one gas station on the westerly side of Francis Lewis Boulevard, the side on which this site is located, for the entire distance from the northerly end of Francis Lewis Boulevard to the point where this boulevard meets the intersection of Hollis Court Boulevard and Horace Harding Boulevard; that the station is particularly needed on this side of Francis Lewis Boulevard and can in no way be harmful either to the section or surrounding property owners, and will be a distinct improvement of the site; and

WHEREAS, the applicant states that the present owner has held title to the property since October, 1945; that the assessed valuation of land is \$3,500 and of the building \$4,300 making a total of \$7,800; that the building was erected November 21, 1950; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e and Section 7A of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 609-57, Objection No. 1, 2 and 3 be and it hereby is affirmed and that the application be and it hereby is denied.

871-49-BZ—Vol. III

APPLICANT—Frederick A. Ketcher, for Melmar Development Corp., owner, Rayco Auto Seat Covers, Inc., lessee.

SUBJECT—Application reopened January 28, 1958 as Vol. III—decision of the Borough Superintendent, under Section 7i of the Zoning Resolution, to permit in a business and residence use district, a fifteen (15) foot rear extension to an existing auto seat cover establishment to provide a one bay minor motor vehicle repair shop for the replacement of muffler and tailpipes.

PREMISES AFFECTED—591 East Fordham Road, north side, 128 feet east of Hoffman Street and 584-588 East 191st Street, Block 3273, Lots 261 and 263, Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on January 28, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 22, 1958 after due notice by publication in the Bulletin; laid over to May 13, 1958 for inspection and decision; hearing closed; then to June 10, 1958, for re-inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Hoffman Street and Hughes Avenue are in business and residence use, B area, class 1¼ height districts; East Fordham Road is in a business use, B area, class 1¼ height district; East 191st Street is in a residence use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated January 7, 1958 acting on Alt. Applic. No. 1214-57, reads:

"1. The proposed extension of use of the premises for minor motor vehicle repairs (hand tools only), limited to muffler & tail pipe installation & service in Business & Residential use zones is contrary to Article II, Section 3 and 4 of the Zoning Resolutions and Cal. #871-49-BZ, Vol. II of B.S.A. Res."

and

MINUTES

WHEREAS, the applicant states that the premises consist of a plot 83.68 feet frontage by 183 feet in depth, irregular; that at the front, facing Fordham Road, lot 261, there is a one story building which is used for sales, display and installation of auto seat covers and patron parking; that these legal uses are entirely within the business use district and a copy of the Certificate of Occupancy is submitted with this application; that at the rear, on 191st Street, lot 263, there is legal patron parking for more than five motor vehicles in the residence use district, as per Resolution adopted by the Board on October 15, 1957, Vol. II; that the parking is not a part of this application; that it is proposed to maintain the existing legal uses, and in addition application is made for a permanent variation under Section 7i to permit minor motor vehicle repairs with hand tools only; that the type of work will be limited exclusively to muffler and tail pipe replacement and service; that all such work will be restricted to a specific location at the rear of the building and will be within the business use district; and

WHEREAS, the applicant further states that there will be no change in the appearance of the facade facing Fordham Road; that all cars will continue to enter and exit on Fordham Road, as the entrance to the muffler bay is at the rear of the building; that the walls and ceilings of this bay will be fire retarded and the interior door will be fireproof, self-closing; that there will be room for only two cars at any time; that the small area allotted to muffler replacement is only 15% of the area of the building and 4% of the area of the plot; that the sole lessee of the entire premises will operate and maintain this service in conjunction with its present seat cover services; and

WHEREAS, the applicant contends that it will not be a motor vehicle repair shop as commonly understood as there will be no automotive—moving parts—repairs, no painting and no body work, and it will not be a nuisance as there will be no smoke, odors or fumes; that the building is almost entirely surrounded by non-conforming uses; that to the rear of the building there is patron parking under the same ownership; that on the east there is an iron shop, a steel yard and a gas station, and on the west there is a two story building with stores, auto show room and lofts; that on the south the building faces on Fordham Road, along which, both east and west on both sides, more than 70% of the frontage is devoted to non-conforming and automotive uses; that the granting of this application for the limited use, for muffler and tail pipe replacement and service, would enable the owner to make a reasonable and just use of his property without affecting anyone adversely, and such a service would inure to the convenience of the public; and

WHEREAS, the applicant states that the present owner has held title to the property since September 30, 1956; that the assessed valuation of land is \$15,600 and of the building \$20,000 making a total of \$35,600; that the building was erected March 1, 1957, and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which noted that the requirements of the resolution adopted by the Board under Vol. II have now been complied with; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

Resolved, that the Board of Standard and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7i, for a term to coincide with that previously granted for parking, expiring on October 13, 1962, by permitting the extension of the existing building for the use as proposed and as indicated on plans filed with this application, marked "Received January 13, 1958", 6 sheets, *on condition* that such repairs shall be limited to minor repairs, namely replacement of mufflers and tail pipes and minor adjustments to cars, excluding all collision and heavy chassis or similar type work; and that in all other respects the resolution adopted

by the Board and previously referred to shall be complied with; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

215-50-BZ—Vol. II

APPLICANT—Elliot Saltzman, for Hannah Schwartz, owner.

SUBJECT—Application reopened January 21, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7h, 7e and 21 of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, auto laundry—non automatic, minor auto repair shop with hand tools only, office and auto accessory salesroom, and parking and storage of more than five (5) motor vehicles for a term of twenty-five (25) years.

PREMISES AFFECTED—2228-2250 Linden Boulevard, south side, from Ashford Street to Cleveland Street; 797-805 Ashford Street and 886-896 Cleveland Street, Block 4359, Lots 1 and 6, Borough of Brooklyn.

APPEARANCES—

For Applicant: Elliot Saltzman.

For Opposition: C. J. Cammarata, N. Y. C. Housing Authority.

ACTION OF BOARD—Application denied.

THE VOTE—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 21, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 6, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Linden Boulevard are in a residence use, DD area, class $\frac{3}{4}$ height district; Ashford Street and Cleveland Street are in residence and local retail use, D and DD area, class $\frac{3}{4}$ height districts; Stanley Avenue is in a local retail use, D area, class $\frac{3}{4}$ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 20, 1957 acting on N.B. Applic. No. 2224-57, reads:

"1. Proposed building and premises, located on a plot which is in a Residence Zone to be used for gasoline service station, lubrication, auto washing (non-automatic), minor repairs with hand tools only, office and sales of auto accessories, and parking and storage of more than 5 cars, is contrary to Art. II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 85 feet and 105 feet in depth, now vacant except for a frame shanty; that it is proposed to erect a concrete retaining wall along a major portion of the interior lot line, fill in the lot level to the grade of the adjoining streets and erect a modern gasoline service station of masonry construction, faced with porcelain enamel, having a frontage of 75 feet and a depth of 30 feet, to be located on part of the southerly lot line 65 feet east of Ashford Street, 55 feet south of Linden Boulevard and 60 feet west of Cleveland Street; that it is also proposed to install one 1000 gallon waste oil tank, twelve 550 gallon gasoline storage tanks and six dispensing pumps, located on one island along the Ashford Street frontage, 15 feet east of the building line, and two islands along the Linden Boulevard frontage 15 feet south of the building line; that access to the station will be by two 30 foot curb cuts located on Ashford Street, by four 30 foot curb cuts located on Linden Boulevard and by one 25 foot curb cut located on Cleveland Street; and

MINUTES

WHEREAS, the applicant further states that the adjacent property along the south lot line will be protected in part by a retaining wall and a 5 foot 6 inch high brick and iron picket fence, and in part by a 20 foot wide slope and 5 foot 6 inch high brick and iron picket fence, where not occupied by the wall of the proposed accessory building; that provision has also been made to protect the fences and the adjoining property with a 6 inch by 8 inch concrete curb located three feet north of the fences, and planting between the fence and the concrete curb; and

WHEREAS, the applicant also states that the owner has owned this land for sixteen years and has been a part owner since 1929; that it fronts on a heavily trafficked street, the intersections are controlled by traffic lights, parking is difficult and the area is not suitable for residence use; that the owner has tried to interest prospective purchasers and tenants in this property on innumerable occasions since acquiring this property, but none of these efforts have proved successful; and

WHEREAS, the applicant contends that the proposed use would benefit from the heavy traffic of Linden Boulevard and the nearby housing project, whose occupants require service and fuel for their motor vehicles, and it is therefore felt that the proposed use is especially suited to this location until future development of the area warrants further development of the site; that the Board has recently granted approval for construction of a station nearby under similar circumstances; that the station has been so arranged and designed so as not to interfere with the neighborhood and the owner is willing to conform to any requirements of the Board to further safeguard the neighborhood; that repairs will be limited to minor work with hand tools only as found in a typical gas station; that all automobile washing will be done indoors, with non-automatic equipment; that the large accessory building and large outdoor parking areas are necessary, as experience at stations located near large housing projects has shown that automobiles are most often left all day for servicing; that the existing condition of the site is a hazardous one, with steep banks, and trash present which might injure anyone crossing it, or using it as a play area, and in addition is an eyesore; that the proposed occupancy will definitely serve as an improvement; and

WHEREAS, the applicant states that the present owner has held title to the property since March 2, 1942 and that the assessed valuation of land is \$10,700; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e and h of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 2224-57, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

231-52-BZ—Vol. II

APPLICANT—Fred C. Dahlem and Victor E. Block, for J. Starr Parking Service, owner.

SUBJECT—Application reopened February 4, 1958 as Vol. II—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the extension of the parking lot for more than five (5) motor vehicles.

PREMISES AFFECTED—1124-1140 Nelson Avenue, east side, 150 feet north of West 166th Street and 1131-1139 Woodycrest Avenue, Block 2513, Lots 44, 46, 48, 66 and 83, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem and Jack Starr.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. 11 on February 4, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 13, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and West 166th Street are in a residence use, B area, class 1¼ height district; Nelson Avenue and Woodycrest Avenue are in local retail and residence use, B area, class 1¼ height districts; West 167th Street is in a local retail use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 23, 1957 acting on Alt. Applic. No. 1170-57, reads:

"1. Proposed parking & storage of more than five motor vehicles in a residence use district is contrary to Art. II Sect. 3 of the Z.R. and Cal. #231-52-BZ and the Bd. of S. & A."

and

WHEREAS, the applicant states that the premises consist of a plot, 125.33 feet frontage by 212.88 feet in depth, partly used as a parking lot; and

WHEREAS, the applicant further states that there is a difference of over twenty feet between the levels of Nelson Avenue and Woodycrest Avenue; that solid rock starts its outcrop about 46 feet in from the building line on Nelson Avenue and runs up very steep to the Woodycrest Avenue level; that erecting a retaining wall dividing the Nelson Avenue area from the Woodycrest Avenue area and having separate entrance for the Woodycrest Avenue level, this property can be operated quite efficiently as a parking lot for the tenants of both Nelson Avenue and Woodycrest Avenue; that in fact, the demand for space far exceeds the area for parking; and

WHEREAS, the applicant contends that the Board granted the lot on Nelson Avenue and people were very happy at the chance to park although the area was small, but since the lot on Woodycrest Avenue has been purchased from The City of New York, the parking area has been greatly improved if the Board grants this additional portion; and

WHEREAS, the applicant states that the present owner has held title to the property since August 22, 1957; that the assessed valuation of land is \$22,825 and of the building \$300 making a total of \$23,125; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the extension of the parking area, as proposed and as indicated on plans filed with this application, marked "Received December 31, 1957", 3 sheets, and "April 2, 1958", 1 sheet, *on condition* that the plot shall be arranged as indicated on such plans and that the existing lot shall be fenced in accordance with the requirements of the Building Department when permitted; that the addition shall have fences on all lot lines of a woven wire chain link type, not less than 5 feet,

MINUTES

6 inches in height with only one opening to Woodycrest Avenue, where shown, which shall be fitted with gates normally kept closed when the parking lot is not in operation; that in view of the various levels of the plot, retaining walls shall be constructed and maintained and against such retaining walls and fences there shall be bumpers maintained at a suitable distance therefrom for protection of retaining walls and fences; that the existing retaining wall at the rear of existing parking lot shall be extended in height as proposed and with stair constructed to reach the lower level; that signs shall be restricted to those previously permitted by the Borough Superintendent and the sign at the entrance on Woodycrest Avenue, which shall not exceed five square feet, shall not be illuminated nor extend beyond the building line, advertising only the rates charged and such other information as the Commissioner of Licenses may require; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the parking lot shall be surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

267-57-BZ

APPLICANT—Henry Kohler, for Anna Losquadro, owner.
SUBJECT—Application March 25, 1957—decision of the Borough Superintendent, under sections 21 and 7e of the Zoning Resolution, to permit in a D area, business use district, the continuance of an existing building occupying more than the permitted area, due to a sub-division of the plot and extend the present use of storage of building materials to include the parking of not more than five (5) motor vehicles for a stated term of fifteen (15) years.

PREMISES AFFECTED—1675 Utica Avenue, east side, 295 feet north of Avenue I, Block 7754, Lot 21, Borough of Brooklyn.

APPEARANCES—

For Applicant: Henry Kohler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 6, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a business use, D area, class 1 height district; that no use, height or area designations affecting this plot have been changed since July 25, 1916, and none are under consideration at this time; and

WHEREAS, the decision of the Borough Superintendent, dated March 14, 1957 acting on Alt. Applic. No. 732-57, reads:

"1. With change in dimensions of lot, this bldg. will now exceed area for a D district.

2. Provide 2 means of exit; note bldg. exceeds 2500 sq. ft.

3. Change of occupancy to storage & sale of bldg. materials & storage of more than 5 cars violates Art. 2, Sect. 4a-15 of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 30 feet frontage by 100 feet in depth, occupied by a one story, class 3 masonry building; that it is proposed to extend its use to include the parking of not more than five motor vehicles; and

WHEREAS, the applicant further states that when erected, this masonry building was intended for the specific purpose of rental to a building materials firm; that it has been discovered that a suitable tenant cannot be secured for this specific occupancy at a rental sufficient to cover taxes and maintenance costs; that there is a lack of public garage facilities nearby and the undesirability of parking motor vehicles overnight in the street is a problem in this area; that the income from this additional use would be of great help in making this property self-supporting; that a variance is required to permit the storage of five motor vehicles in this building, which is in a business district; and

WHEREAS, the applicant contends that when originally constructed, this building was one of several on a super-sized lot—lot No. 14—170 feet by 100 feet; that the building was sold to its present owner with its lot, 30 feet by 100 feet, now known as lot No. 21; that the building completely covers this lot and thus now exceeds the allowable area for a D district and a variance is required; that the site has an area of 3,000 square feet and in a D area district the permitted coverage is 55% or 1,650 square feet; that the actual coverage is 3,000 square feet, making an excess of 1,350 square feet; that since this building is over 2,500 square feet, it requires a secondary means of egress, but as it now covers the entire lot, with its walls right on the lot lines on both sides and rear, no secondary means of egress is possible; that a variance of this section is therefore required to permit the legal use of this building as it now exists; and

WHEREAS, the applicant states that the present owner has held title to the property since September, 1956; that the assessed valuation of land is \$4,800 and of the building \$4,200 making a total of \$9,000; that the building was erected in 1953; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to use and area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21 for a term of fifteen years to dimensions of the lot as to Objection No. One on condition that the building as now proposed and as indicated on plans filed with this application marked "Received March 25, 1957", 2 sheets, and "March 28, 1958", 3 sheets; that as to Objection No. 2, two means of exit shall be furnished as indicated on such plans showing exit to Utica Avenue and exit by door to adjoining Lot No. 17, with the approval of the owner therefor; that copy of such approval shall be filed with the Borough Superintendent and with this Board; to permit occupancy only as proposed as a non-storage garage in lieu of any other uses which shall be discontinued and for occupancy for owners trucks only, on condition that the building shall not be extended in height or area and in all other respects shall comply with all laws applicable; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

378-57-A

APPLICANT—Henry Kohler, for Anna Losquadro, owner.
SUBJECT—Application May 7, 1957—Appeal from a decision of the Borough Superintendent, re means of exit.
PREMISES AFFECTED—1675 Utica Avenue, east side, 295 feet north of Avenue I, Block 7754, Lot 21, Borough of Brooklyn.

APPEARANCES—

For Applicant: Henry Kohler.

ACTION OF BOARD—Appeal granted on condition.

MINUTES

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 23, 1957 on alteration application 732/57 reads:

"3. Building over 2500 square feet requires two means of exit as per Section 6.1.2.2(2) of the Building Code."

and

WHEREAS, the applicant states that the building is one story, 16 feet in height, 30 feet by 100 feet in area of Class 3 construction, erected in 1953, located in a business use D area, Class 1 height district and used and occupied since 1955 for the storage and sale of building material with loading space, 3 persons; and proposed to be used and occupied as follows: storage and sale of building material with loading space; storage of not more than 5 motor vehicles, 5 persons; and

WHEREAS, the applicant contends that the building was erected for the specific purpose of rental to a building material firm; and that unfortunately at the same time several other similar buildings were erected in the same area and the owner found himself unable to rent the building; that to help defray the financial obligations he decided to use the building himself as storage space for his own trucks, thus saving the cost of garaging them elsewhere; and

WHEREAS, the applicant requests a variance be granted as to the exits from the first floor; and

WHEREAS, the premises were inspected by a committee of the Board and the committee recommended that the appeal should be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated April 23, 1957, acting on Alt. App. 732-57, Objection No. 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted this day under Cal. No. 267-57-BZ shall be complied with and that there shall be no occupancy except storage of owners trucks as proposed.

463-57-BZ

APPLICANT—Larry Meltzer, for M.J.F. Realty Corp., owner.

SUBJECT—Application June 18, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the parking and storage of more than five (5) motor vehicles for patrons and employees of the factory.

PREMISES AFFECTED—94-21 83rd Street, east side, 100.16 feet north of 95th Avenue, and 94-16 84th Street, Block 9014, Lot 13, Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Larry Meltzer.

For Opposition: Mr. and Mrs. George Haff.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 6, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 83rd Street, 84th Street, Atlantic Avenue and 95th Avenue are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 13, 1958 acting on Alt. Applic. 125-57, reads:

"1. Customers' & employees' parking for more than 5 motor vehicles in conjunction with retail appliance

store at 82-11 Rockaway Blvd. and Sunday parking for Church goers, located in a residence use district is contrary to the Zoning Resolution, Article II Section 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 160.25 feet frontage by 100.13 feet and 200.26 feet in depth, unimproved and enclosed on all sides with a five foot six inch high chain link fence; that it proposed to properly grade the lot and to use it for the parking of the cars of patrons and employees of 82-11 Rockaway Boulevard; that to accommodate night customers, proper lighting will be installed in such a manner as to reflect away from adjacent occupancies; that it is proposed to use the lot also for Sunday parking for Church goers of Church located in Block 9015, Lot 1; and

WHEREAS, the applicant states that the lot is located across the street from 82-11 Rockaway Boulevard, a sales and factory building; that the occupants of this building do a large volume of business and in order to accommodate patrons and employees, find it necessary to provide parking space in addition to that already provided; and

WHEREAS, the applicant further states that there are dwellings located on the west side of 83rd Street in Block 9011, Lot 6 to 13 inclusive; that these dwellings actually front on 82nd Place, with their rear yards fronting on 83rd Street, and the garages for these dwellings open on 83rd Street; that thus, the street is substantially a common driveway; that although the site is located in a residential use district the existing factory and commercial occupancies make it unsuitable for residential development; that on the southeast corner of Atlantic Avenue and 84th Street is a Church; that because of the large amount of traffic on the surrounding streets, it is difficult for those attending Church services to find adequate parking for their cars; that it is therefore also proposed to use this parking lot on Sundays for the parking of cars belonging to those who are attending Church services; that a gate is provided on the 84th Street side for their convenience; that there will be no parking fees for the use of the parking lot; and

WHEREAS, the applicant contends that since 82-11 Rockaway Boulevard is located between Atlantic Avenue and Rockaway Boulevard, both heavily trafficked streets, patrons now seeking a place to park must circle the block to find parking; that this creates traffic tie ups and many of these cars are eventually parked in front of local residences; that these residences will benefit from the proposed parking lot since patrons of the building will use the parking lot rather than the street in front of their homes; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1, 1956 and that the assessed valuation of land is \$9,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for parking and storage of motor vehicles without any fees charged limited to patrons and employees of the nearby factory and on Sundays limited to the parishioners of the nearby church, as proposed, and indicated on plans filed with this application marked "Received June 18, 1957," 3 sheets, *on condition* that all uses now on the plot shall be removed and the plot leveled substantially to the grade of 83rd Street and 84th Street and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type on masonry base to a total height of not less than

MINUTES

five feet six inches with no openings therein except two to 83rd Street and one to 84th Street each of which shall be fitted with gates which shall be kept closed when the parking lot is not in operation; that opposite such openings there may be curb cuts on each street (two to 83rd Street and one to 84th Street) not over 14 feet in width; that signs shall be limited to permanent signs attached to the fence at each entrance advertising the use of the plot for customers and employees only and for the church parishioners as above cited; that each such sign shall not exceed five square feet in area and shall not be illuminated and shall not extend beyond the building line; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that during the term of this variance the premises shall be occupied for no other use and no buildings shall be erected thereon; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

539-57-BZ

APPLICANT—Leonard F. Rothkrug for Estate of Casper P. Colla, for Anthony DiGiovanni, owner; Shell Oil Company, lessee.

SUBJECT—Application July 18, 1957—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection of a one story extension to an existing building and maintain a gasoline service station, auto repair shop, auto safety inspection, auto laundry—non automatic, lubricatorium, sale of auto accessories and parking of motor vehicles awaiting service for a stated term of fifteen (15) years.

PREMISES AFFECTED—141-145 Throop Avenue and 199-203 Hopkins Street, northeast corner, Block 1723, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 11, 1958 after due notice by publication in the Bulletin; laid over date to be set; then set for May 6, 1958, to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Hopkins Street are in a business use, C area, class 1 height district; Throop Avenue is in business and unrestricted use, B and C area, class 1 and class 1½ height districts; Flushing Avenue is in an unrestricted use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 16, 1957 acting on Alt. Applic. 1898-57, reads:

"1. Proposed change of occupancy in a Business Zone, to gasoline service station, auto repairs, auto safety inspection, auto laundry and auto lubrication, and sale of auto accessories is contrary to Art. II, Par. 4a, subsections 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 80 feet in depth, presently improved with a 20 foot by 45 foot one story masonry building located on the northeast corner of the plot; that this building is now occupied as a four car garage and the balance of the plot is used for the storage of cars, sale and display of used cars, in accordance with Certificate of Occupancy No. 126404; that it is proposed to eliminate the use of storage of cars, sale and display of used cars, and to develop the site as a modern gasoline service station; that it is also

proposed to build a one story masonry extension to the present building and to use same for auto repairs, auto safety inspection, auto laundry and auto lubrication, and sale of auto accessories; that the balance of the vacant ground will be properly paved; and

WHEREAS, the applicant contends that there are many non-conforming uses within the affected area and also a good many buildings which are in a dilapidated condition; that on block 1723, the same block with the property in question, there is a five story factory building on lot 21, sheet metal shop on lot 75; that lot 74 has a two story frame building, formerly a dwelling and now being used as a sheet metal shop in conjunction with the building on lot 75; that lots 72 and 73 are being used for the parking of cars; that there is a gas station on block 2274, lot 16 and another one on block 2276, lot 1; that there are several factory buildings within this area—a two story metal casing factory on block 2274, lot 1 and a one story metal shop on block 1722, lot 21, which extends from Flushing Avenue to Hopkins Street; that on block 2276, lot 37 there is a four story factory and a car parking lot on lots 11, 12 and part of lot 37; that there is a three story factory on block 1727, lot 21 where iron and chromium dinette sets are manufactured; that block 1728, lot 3 has a two story sportswear factory and block 1733, lot 21 has a five story factory; that many of the stores within the affected area are being used for manufacturing, repair of store fixtures, metal and iron shops; that the neighborhood within the affected area is in general undesirable for improvement of the site in accordance with a business use district; that it is therefore felt that a modern gasoline service station on the site in question, which will be operated by the owner, will be an improvement over the present use; and

WHEREAS, the applicant states that the present owner has held title to the property since 1956; that the assessed valuation of land is \$10,350 and of the building \$2,750 making a total of \$13,100; that the building was erected June 5, 1950; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f to permit the premises to be occupied as proposed as a gasoline service station and as indicated on plans filed with this application marked "Received July 18, 1957", one sheet, and "March 27, 1958", four sheets, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be arranged and constructed as indicated on such plans and in accordance with the requirements of this resolution; that the accessory building shall be of the design and location as indicated on such plans including the existing building which is to be incorporated in the accessory building as shown on such plans; that there shall be no cellar under the accessory building; that the accessory building shall be faced with face brick with stainless steel trim as proposed and as shown on such plans; that the face brick may be omitted on the elevations north and east; that pumps shall be of a low approved type, erected not nearer than fifteen feet to the street building line of Hopkins Street and Throop Avenue; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that where not occupied by accessory building and pumps the plot shall be paved with concrete or asphaltic pavement; that on the exterior lot lines from the accessory building to Throop Avenue and from the accessory building to Hopkins Street there shall be erected on a masonry base a woven wire fence of the chain link type to a total height of five feet six inches; that curb cuts shall be restricted to two curb cuts to Hopkins Street, where shown, each 30 feet in width, and two of similar width to

MINUTES

Throop Avenue, with no portion of any curb cut nearer than five feet to a lot line as prolonged; that at the intersection within the premises there shall be erected a block of concrete extending for a distance of not less than five feet in either direction from the intersection and not less than twelve inches in height; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs and advertising devices but permitting the erection at the intersection on the building line of one post standard for supporting a sign, which may be illuminated, advertising the brand of gasoline on sale and permitting such sign to extend beyond the building line at right angles to Throop Avenue for a distance of not more than four feet; that sidewalks and curbing abutting the premises, on both streets, shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7e there may be parking and storage of more than five cars and the sale of used cars where such operation will not interfere with the servicing of the station; that under Section 7i, for a similar term, there may be repairing with hand tools only for adjustments maintained solely within the accessory building; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

612-57-BZ

APPLICANT—Morris Hannes, for Kroy Realty Corp., owner; York Auto Trading Corp., lessee.

SUBJECT—Application August 20, 1957—decision of the Borough Superintendent, under sections 7c, 7b and 21 of the Zoning Resolution, to permit in a business and residence use district, the use of the sale of used cars to extend from the business use district into the balance of the lot which is located in the residence use district.

PREMISES AFFECTED—878-888 Coney Island Avenue, west side, 158 feet 10 $\frac{5}{8}$ inches north of 18th Avenue, Block 5403, Lot 21, Borough of Brooklyn.

APPEARANCES—

For Applicant: Morris Hannes.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; applicant to advise the Board as to whether this owner has right to use the right-of-way and also to correct his plan to show opening in the fence, not now shown on plan; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 18th Avenue and Ditmas Avenue are in business and residence use, C area, class 1 height districts; Coney Island Avenue is in a business use, C area, class 1 height district; East 9th Street is in a residence use, C area, class 1 height district; that the portion of the property within 100 feet of Coney Island Avenue is presently zoned as a business district and the remainder is zoned as a residence district; that as of July 25, 1916 the portion of the property lying between Coney Island Avenue and the bisector of the angle formed by prolonging the street lines of Coney Island Avenue and East 9th Street to an intersection, was zoned as a business district, and the remainder, if any, was zoned as a residence district; that the Amended Use District Maps of June 3, 1947, which became effective on October 15, 1947 reduced the business district on the westerly side of Coney Island Avenue to its present depth of 100 feet; and

WHEREAS, the decision of the Borough Superintendent, dated July 30, 1957 acting on Alt. Applic. No. 584-57, reads:

"1. Extending business use into a residential use district is contrary to Art. II Sec. 3 of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet 3 $\frac{1}{8}$ inches frontage by 166 feet in depth; that it is proposed to remove the wood frame structure about 25 feet by 45 feet by 12 feet in height, which does not show on plan with Permit N.B. 3554-37, and the Board permit a building in the business portion of the lot in accordance with the requirements of the Administrative Building Code; and

WHEREAS, the applicant states that the plans with N.B. Applic. No. 3554-37, upon which Certificate of Occupancy No. 135101 was issued on April 2, 1953 for storage and sale of used cars, limited this use to a size of 100 feet by 100 feet, and the portion of the lot in the residence use district to remain vacant; and

WHEREAS, the applicant contends that in reviewing the plans and application with N.B. Applic. No. 3554-37, he found that an error was made in 1937 in interpreting the location of the use district boundary line separating the residence portion from the business portion of the lot when approved in 1937; that this boundary line was given as 100 feet west of the building line of Coney Island Avenue; that this location was in error according to the use district map designation rules shown in the appendix, and should have been located along the center line of the block between Coney Island Avenue and East 9th Street; that this is so according to rules 4(a) and 4(b) where there are no fixtures shown; that according to rule 4(a) where streets are parallel, the use district boundary coincides with the center line of the block; that in the subject case, these streets are not quite parallel, so Rule 4(b) will apply, and the use district boundary which is not otherwise fixed is construed as the bisector of the angle formed by prolonging the street lines to an intersection; that this use district boundary will then be along the center line of the block; that the center of the block at the northerly portion of the lot is about 154 feet 3 $\frac{3}{4}$ inches west of the building line of Coney Island Avenue, and on the southerly portion of the lot 158 feet west of the building line of Coney Island Avenue, which portions, in 1937, were located in the business use district, and the balance of about 4 feet 3 $\frac{3}{4}$ inches on the north and about 8 feet on the southerly lot line, were then in a residence use district; that this would place only about 6 feet 2 inches average in the residence district, and it is requested that this small additional area be permitted in connection with the used car lot; and

WHEREAS, the applicant further contends that there now exists non-conforming uses on Block 5393, Lot 45, which is occupied as a gas service station, and an advertising sign on the southerly brick wall of the adjoining building at the north designated as Block 5403, Lot 16; that Permit 5344-37 issued on Applic. 6237-37 for sign structure was approved, for which registration No. 8888 was issued May 14, 1937 for ground sign; that this is shown on plan as being 98 feet long and 2 feet 6 inches in height; that Items 3 and 5 of Violation No. 1734-54 shows ground signs 4 feet by 25 feet and 4 feet by 30 feet, which is now two signs instead of one sign as previously approved; that these two signs combined are less in length than originally approved under Permit 5344-37, and it is requested that these signs be permitted in connection with the used car lot; that other signs mentioned in this violation have been removed; that it is also requested that signs permitted by the Administrative Code be allowed, when requested; and

WHEREAS, the applicant states that the present owner has held title to the property since April 1937; that the assessed valuation of land is \$22,000 and the building \$2,000 making a total of \$24,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended the application be granted under certain conditions; and

MINUTES

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of the sale and storage of used cars into the more restricted district, substantially as proposed and indicated on plans filed with this application, marked "Received August 20, 1957", 3 sheets, "April 2, 1958", 1 sheet and revised plan, marked "Received June 3, 1958", 1 sheet, *on condition* that where walls of adjoining buildings do not occur on the lot lines, there shall be constructed and maintained a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches; that the existing gate on the rear lot line shall be closed where the new chain link fence is to be constructed; that this portion of the premises shall be used only as an extension of the permitted use on the front of the site; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

742-57-BZ

APPLICANT—Office of Alfred Easton Poor, for Chase Manhattan Bank, owner.

SUBJECT—Application October 16, 1957—decision of the Borough Superintendent under section 21 of the Zoning Resolution, to permit in a class two and one-half height district, the erection of a 21 story commercial building exceeding the permitted height.

PREMISES AFFECTED—24 Pine Street, north side, 94 feet 1½ inches east of Nassau Street, Block 44, Lot 106, Borough of Manhattan.

APPEARANCES—

For Applicant: M. H. Swanke and Harold Collins.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for further consideration after applicant has decided whether to file application in the Building Department as a new building or an addition to existing building; also to obtain objection as to rear yard, if such is required; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Nassau Street, Pine Street, Cedar Street and William Street are in a business use, B area, class 2½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 23, 1957 acting on N.B. Applic. No. 96-57, reads:

"1. Proposal to erect a 21 story commercial bldg., located in a Business, B, 2½ times district with front wall on the bldg. line to a height of 208.467 and thence to setback at a slope of approximately 1:5 is contrary to Art. III Sect. 8(h) and Sect. 9(e) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 57 feet 9 inches frontage by 71 feet 2¾ inches in depth, presently improved by a four story and basement, class 3 construction, office building, erected in 1903 and presently occupied as a portion of the banking premises of the Chase Manhattan Bank; that it is proposed to erect a new 20-story building at the premises 24 Pine Street; and

WHEREAS, the applicant states that there is an area additional to this premises, consisting of a small gore contiguous

to the east lot line of the premises and of an area of 380 square feet, the use of which, above grade, is a part of the basic premises by an easement agreement between the contiguous owners; that the premises in question consists, therefore, of a total area of 4,351 square feet; that the premises at 24 Pine Street is under contract for sale by the Chase Manhattan Bank to the Chemical Corn Exchange Bank, and the easement for the contiguous gore to the east will be granted by the Chase Manhattan Bank to the Chemical Corn Exchange Bank; and

WHEREAS, the applicant further states that the existing premises at 18 Pine Street, improved with a class 1 construction building of 30 stories and 5 cellars, and presently occupied by the Chase Manhattan Bank, is under contract for sale by the Chase Manhattan Bank to the Chemical Corn Exchange Bank for ultimate occupancy by the latter as its head office when the Chase Manhattan Bank moves to its new head office currently under construction to the north; that on completion of the Chase Manhattan project, which includes all of blocks 44 and 45, with the exception of the premises at 18-24 Pine Street, plus the small easterly gore of 380 square feet, the Chemical Corn Exchange Bank will be the only other owner in occupancy in those two blocks; that thus the actual coverage will be small and light and air in this area will be considerably more than required by the Zoning Resolution; and

WHEREAS, the applicant contends that when the existing building at 18 Pine Street was erected in 1927, the Zoning Resolution then in force required that the first setback from Pine Street, after taking advantage of the excess heights of adjoining properties, be at the 15th story and that subsequent setbacks be in a ratio of 1 to 5; that the current provision of the Zoning Resolution, after applying allowable excess accruing from excess heights of adjoining owners, provides that the first setback be at the 10th floor and that setbacks above that level be in a ratio of 1 to 4; that this application for a variance requests that the building at 24 Pine Street be constructed on the line of the building at 18 Pine Street to the first setback of the premises 18 Pine Street at the 16th floor level, and that the second setback be established at a ratio of 1 to 5, with the termination of the building at 24 Pine Street at the 22nd floor level; and

WHEREAS, the applicant further contends that it is inescapable that the premises 18-24 Pine Street, to be occupied as headquarters of the Chemical Corn Exchange Bank, will be a part of the overall development of the two blocks 44 and 45, forming the Chase Manhattan Development; that the bank is anxious to insure that its structures are harmonious with the general character of the entire Chase Manhattan Development; that it is obvious that 24 Pine Street is presently an underimprovement of the land and is incongruous with the general character of the Chase Manhattan Development; that it is the intention of the Chemical Corn Exchange Bank to erect the new structure at 24 Pine Street as an ultimate extension of the premises 18 Pine Street, and that they together form a single mass in relation to the overall Plaza development, it being assumed that irregularities above the 22nd floor will not be too obvious from street level; that if the complete zoning envelope allowable for premises 24 Pine Street were filled, a building of 1,153,362 cubic feet could be built; that this appeal requests that the Board grant a variance to allow the construction of a building containing 1,105,232 cubic feet in harmony with the existing building; that the building at 24 Pine Street will become in fact a part of the premises 18 Pine Street; that buildings will have common elevators, stairs and services and will contain a common contiguous arcade on Pine Street, as separately provided in the basic agreement for the development of the Chase Manhattan Bank between the Board of Estimate and the Chase Manhattan Bank; and

WHEREAS, the applicant states that the present owner has held title to the property since October, 1944; that the assessed valuation of land is \$540,000 and of the building \$2,722,700 making a total of \$3,262,700; that the building was erected in 1903; and

MINUTES

WHEREAS, it appears that the plans should have been filed with the Borough Superintendent as an Alteration rather than as a new building, but the building to which this building is in fact to be an extension was already subject to an alteration application and an additional alteration application was unacceptable; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to height on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the height district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 as to height; to permit the setbacks on Pine Street as proposed and as indicated on plans filed with this application marked, "Received October 16, 1957", one sheet and "April 24, 1958", 12 sheets; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that in the event the owner desires to have this building as an addition to the existing building adjoining to be occupied by the Chemical Corn Exchange Bank, such may be permitted under amended alteration application to be filed therefor, in which case the decision of the Board as herein made may be deemed to apply.

768-57-BZ

APPLICANT—Arthur Jovis, for Ly-Bar Realty Corp., owner.

SUBJECT—Application October 28, 1957—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the parking and storage of more than five (5) motor vehicles, it being intended to provide such storage on a monthly not transient basis.

PREMISES AFFECTED—2145 Barnes Avenue, west side, 100 feet north of Lydig Avenue, Block 4221, Lot 70, Borough of The Bronx.

APPEARANCES—

For Applicant: Arthur Jovis and Norman Winer.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 13, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Pelham Parkway are in a residence use, C area, class 1¼ height district; Wallace Avenue and Barnes Avenue are in local retail and residence use, C area, class 1¼ height districts; Lydig Avenue is in a local retail use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 3, 1957 acting on Alt. Applic. No. 941-57, reads:

"1. In a residence district the proposed parking of motor vehicles is contrary to Art. II, Sect. 3 of the Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 65 feet frontage by 100 feet in depth; that it is proposed to re-grade the entire lot with a four inch bed of clean cinders and porous binder approximately to curb level; to erect an anchor post fence, or equal, with sliding gates at access aisle, to enclose entire area to such height as the Board may direct; that it is also proposed to install bumper strips to protect adjoining property and to install a curb cut at Barnes Avenue; and

WHEREAS, the applicant states that the area adjacent to these premises has been developed, with few exceptions, with large, modern six story apartment houses, having from 50 to 200 families in each such building; that none of these apartment buildings have any accommodations for the parking of tenants' cars, nor are there any other adequate parking facilities available for the many car owners living in this vicinity; that it is estimated that there are nearly 750 cars in use in this immediate vicinity that park overnight in the street for want of off-street parking facilities; that daytime parking, while a problem, is not nearly so acute as the need for overnight parking, since many cars are in use and away from the vicinity during the daytime; that photographs filed with this application were taken on a mild, sunny afternoon when many car owners were on the road enjoying a pleasant week-end, and even so these pictures show that the streets in question were filled with parked cars; that this situation is far worse during the week and more particularly at night; and

WHEREAS, the applicant contends that not only has the owner of these premises received no return on his investment during the more than nearly twelve years of his ownership, but he has always paid the taxes thereon during that time; that the granting of this application will not adversely affect the character of the neighborhood; that it will serve the public's needs and overcome in part the hazards and inconveniences caused by overcrowded street parking; and

WHEREAS, the applicant states that the present owner has held title to the property since December 4, 1945 and that the assessed valuation of land is \$10,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board whose report recommended granting of the application on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the plot to be occupied for the parking and storage of motor vehicles, limited to the pleasure car type only, substantially as proposed and indicated on plans filed with this application, marked "Received October 28, 1957", 1 sheet, and "April 10, 1958", 1 sheet, on condition that all buildings and uses now on the site shall be removed and the premises graded substantially to the grade of Barnes Avenue, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on the lot lines, except where masonry walls of adjoining building occur, a woven wire fence of the chain link type on a masonry base, not less than 5 feet 6 inches in total height with no openings therein except one to Barnes Avenue, where shown, with curb cut opposite not more than 12 feet in width; that such opening shall be fitted with gates, normally kept closed when the parking lot is not in operation; that users of parking space to whom the spaces are to be assigned shall be furnished with a key to the gates; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

850-57-BZ

APPLICANT—Michael Alfano, for Prospect Parking, Inc., owner.

SUBJECT—Application November 26, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a retail and residence use district, on the residential portion of the plot the parking and storage of more than five (5) motor vehicles of the pleasure type for a term of five (5) years.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bulletin; and laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Prospect Avenue and Southern Boulevard are in retail and residence use, B area, class 1¼ height districts; East 185th Street is in a residence use, B area, class 1¼ height district; East 187th Street is in a retail use, B area, class 1¼ height district; that the retail use was changed from business use on May 26, 1955; and

WHEREAS, the decision of the Borough Superintendent, dated November 7, 1957 acting on Alt. Applic. No. 31-57, reads:

1. The proposed extension of the existing parking lot within the retail use district and extending into the residence use district is contrary to Art. II, Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 93 feet in depth; that it is proposed to obtain a variance for the parking and storage of more than five motor vehicles of the pleasure car type, on the residential portion of the plot, for a term of five years; and

WHEREAS, the applicant states that on June 6, 1940 Certificate of Occupancy No. 172 was issued permitting the thirty foot portion of the plot in the then business use district to be used for parking and storage of not more than five motor vehicles; that Drop Curb Permit was issued on April 3, 1940; that on February 14, 1956 the Department of Buildings filed a zoning violation against the premises for parking and storing for more than five motor vehicles; that this violation was served on the Estate of Giovannina P. Monaco, Lucille Petrucelli, Executrix, who was the owner at the time; that because of her failure to comply with the pending violation the Executrix was served with a Magistrates Court summons on August 28, 1956, at which time she was fined \$10; that an attempt to legalize the condition was made by the former owner on January 10, 1957 when Alt. Applic. No. 31-57 was filed with, and approved by the Building Department, permitting the parking and storing of more than five motor vehicles on the retail use portion of the plot, providing the residential portion of the plot was completely fenced off so as to prevent its being used for parking; that since the fencing off was never done and a new Certificate of Occupancy for the parking of more than five motor vehicles was never obtained, on May 14, 1957 another Magistrates Court summons was issued against the former owner and again she was fined \$10; and

WHEREAS, the applicant contends that the need of a parking lot in this neighborhood is very urgent and further, the existing street parking not only prevents the proper cleaning along the curb, it is also a fire hazard; that the plot is located in an apartment house neighborhood where week-long parking is prevalent and many cars are parked from Sunday night to Saturday morning; that a sign advertising the parking and storage use and rates charged will not exceed ten square feet; that the surface of the lot will be covered with gravel or steam cinders; that access to plot

will be over existing drop curb for which Permit D.C. No. 147-40 was issued on April 3, 1940; that the limitation of the term of use to five years will serve as a protection to the future of the neighborhood in the event its present character should change; and

WHEREAS, the applicant states that the present owner has held title to the property since July 20 and August 1, 1957 and that the assessed valuation of land is \$13,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the extension of the existing use on the business portion of premises into the more restricted area, substantially as proposed and indicated on plans filed with this application, marked "Received November 26, 1957", 2 sheets, and "April 3, 1958", 1 sheet, *on condition* that all uses now on the site shall be removed and the premises shall be leveled substantially to the grade of Prospect Avenue, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type, not less than 5 feet, 6 inches in height, including a masonry base, with no openings therein except one where shown, which shall be fitted with gates and with a curb cut opposite not exceeding 12 feet in width; that such gates shall be kept closed when the parking lot is not in use; that parking shall be restricted to motor vehicles of the pleasure-car type only; that suitable bumpers shall be maintained along all lot lines for protection of fences, located at a sufficient distance to accomplish this result; that signs shall be restricted to a permanent sign attached to the fence at the entrance, advertising only the parking and storage use, rates charged and other information required by the Commissioner of Licenses; that such sign shall not exceed ten square feet in area, extend beyond the building line or be illuminated; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that during the term of this variance the premises shall be occupied for no other use than that herein permitted; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

842-57-BZ

APPLICANT—Michael Alfano, for Filippo Aprea, owner.

SUBJECT—Application November 18, 1957—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection of a one story building for use as a retail store and use of the unbuilt upon portion for the parking of more than five (5) motor vehicles for patrons only for a term of fifteen (15) years.

PREMISES AFFECTED—901-905 East 213th Street and 3600-3604 Bronxwood Avenue, northeast corner, Block 4684, Lot 32, Borough of The Bronx.

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bul-

MINUTES

letin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Bronxwood Avenue, East 213th Street, East 214th Street and Paulding Avenue are in a residence use, C area, class 1¼ height district; that it was changed from business to residential use on October 18, 1949; that the area has been unchanged since July 25, 1916 and the height was changed from 1 to 1¼ on July 1, 1924; and

WHEREAS, the decision of the Borough Superintendent, dated October 25, 1957 acting on N.B. Applic. No. 1250-57, reads:

"1. In a residence district the proposed store, storage & parking for more than 5 cars for patrons is contrary to Art. II Sect. 3 Zoning Res. and is therefore denied." and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 74.92 feet in depth; that it is proposed to erect a structure of modern design, having Norman size face brick on street fronts, with Common brick at rear and north walls; that the overhang facia and store front sash mouldings will be of aluminum; that the design and appearance of the building will be an asset to the neighborhood; that the gravel surfaced parking area will be fenced in with a chain link fence 6 feet high, with an opening and curb cut on Bronxwood Avenue; and

WHEREAS, the applicant states that on March 15, 1947 the owner rented a store for grocery use at 3601 Bronxwood Avenue, directly across the street from the affected premises; that he signed a five year lease calling for a rental of \$100 per month and an increase of \$60 per year every year after the first year, until the expiration of the lease on March 14, 1952; that since then he has been on a month to month basis; that at present he is paying \$130 per month, but the landlord is now demanding \$150; that realizing that he would be at the mercy of the landlord at the expiration of the lease, he began negotiating for the subject plot in June 1950 with the thought that some day he would erect a building for his business; that on June 25, 1952 he acquired title to the property; and

WHEREAS, the applicant contends that because of the many stores in the immediate neighborhood, the owner concluded that his plot was in a business use district; that as a matter of fact, on August 18, 1952 he retained an architect to prepare plans for a two story building containing two stores and one family on the first floor, with two families on the second floor; that in view of the excessive cost to erect this type of building, the project was abandoned, and since plans were never filed with the Building Department the owner was still unaware that a commercial structure was not permitted on his plot; that it was not until August 3, 1957 that the owner learned that the plot was in a residential use district; and

WHEREAS, the applicant further contends that the limitation of the term of the use to fifteen years will serve as a protection to the future of the neighborhood in the event the present character should change; and

WHEREAS, the applicant states that the present owner has held title to the property since June 25, 1952 and that the assessed valuation of land is \$5,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, for a term of fifteen years, to permit the construction of a one-story masonry store building, and the use of the unbuilt upon portion of the premises for the parking of cars, as proposed and indicated on plans filed marked, "Received November 18, 1957", 4 sheets, limited to those of the pleasure-car type,

on condition that the building shall comply with the requirements of the Building Code; that there shall be erected on the interior lot lines to the north and east, a woven wire fence of the chain link type on a masonry base, not less than 5 feet, 6 inches in total height, with no openings therein; that such fence shall continue along the street line of East 213th Street to the rear of the proposed building and to be continued along a line parallel to Bronxwood Avenue and 5 feet east of the building line, as shown, fitted with a gate which shall be kept closed when the parking lot is not in operation and with a curb cut opposite not less than 12 feet in width; that five feet along the front of the premises shall be maintained with grass and shrubs; that the parking lot shall be surfaced with clean gravel or steam cinders treated with a binder and properly rolled; that a sign advertising the parking use may be maintained, provided such sign is not over five square feet and is attached to the fence near the entrance, is not illuminated or extend beyond the building line; that any signs on the property other than the sign for parking hereinbefore specified shall be in accordance with the requirements for a similar building erected in a local retail district; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

864-57-BZ

APPLICANT—Leonard F. Rothkrug, for Sovereign Homes, Inc., owner.

SUBJECT—Application November 29, 1957—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, car wash (non-automatic), lubritorium, motor vehicle repair shop with hand tools only, office and sales all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—2-8 Bay 49th Street and 2356-2366 Stillwell Avenue, northwest corner, Block 6903, Lot 47, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: C. J. Cammarata, N. Y. C. Housing Authority.

ACTION OF BOARD—Application granted on condition.

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

Negative: 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 25, 1958 after due notice by publication in the Bulletin; laid over to April 15, 1958, for inspection and decision; hearing closed; then to May 13, 1958, for further inspection and decision; then to June 3, 1958 for inspection and decision; hearing closed; then to June 10, 1958, for applicant to file revised plans showing relocation of accessory building; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Stillwell Avenue are in a local retail use, D area, class 1 height district; Bay 49th Street and 28th Avenue are in local retail and residence use, D area, class 1 height districts; Harway Avenue is in a residence use, D area, class 1 height district; that on July 25, 1916 the premises was in a business use district and rezoned to its present designation on February 8, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated November 22, 1957 acting on N.B. Applic. No. 2109-57, reads:

"1. Proposed building and premises partly in a Local Retail and partly in a Residence district to be used for gasoline service station, auto laundry (non-automatic),

MINUTES

auto repair shop (hand tools only) and lubritorium is contrary to Article II, PP. 3 and 4-c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 160 feet 6¼ inches frontage by 100 feet in depth, irregular in area, presently vacant, except for an advertising ground sign proposed to be removed; that it is proposed to erect a modern one story gasoline service station with accessory motor vehicle repair shop with hand tools only, car washing—non-automatic—lubritorium, office and sales; that the rear and side lot lines, except where there is the wall of an adjoining building, will be improved with a five foot six inch high brick fence; and

WHEREAS, the applicant states that the premises are located in a poorly and sparsely developed neighborhood; that the elevated tracks of the BMT line are in the center of Stillwell Avenue and a spur track of this elevated line, leading to the train yards, runs off to the east opposite the site; that these unattractive physical conditions have stunted the development of Stillwell Avenue to the north and the south; that there has been no new construction, except for Marlborough Housing, along Stillwell Avenue; and

WHEREAS, the applicant contends that the premises cannot be economically developed with a conforming use; that these premises are presently in a local retail use district, and was rezoned from business on February 18, 1954; that the rezoning took place in connection with the Marlborough Housing Development which is being completed on the west side of Stillwell Avenue, several hundred feet north of the site and outside the affected area; that the Board has granted variances for proposed supermarkets on both 86th Street and on Avenue V to serve the new Marlborough Housing; that there is a need for a gas station at this location as the erection of Marlborough Housing has created a new demand for the essential community service provided by a gasoline service station; that the same reasons which have created the new demand for a retail shopping center on Stillwell Avenue apply to development of these premises as proposed; that there is no appropriately zoned area conveniently near the housing development in which the proposed use would be conforming; and

WHEREAS, the applicant states that the present owner has held title to the property since September 4, 1957 and that the assessed valuation of land is \$6,800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and inspection has been made and recommended that the application should be granted under revised plans as filed for the use of the premises for gasoline service station and uses accessory thereto; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of 15 years, to permit the premises to be occupied as proposed as a gasoline service station and lawful accessory uses substantially as proposed and as indicated on plans filed with this application marked, "Received November 29, 1957", 4 sheets, as amended by the revised plans marked, "Received June 6, 1958", 3 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be constructed and arranged and maintained as indicated on such plans; that the accessory building shall be located as indicated on revised plans above cited, marked, "Received June 6, 1958", 3 sheets; that the premises shall be leveled substantially to the grade of Stillwell Avenue and Bay 49th Street; that the accessory building shall be of the design and arrangement as indicated, without cellar and faced on the east, north and south with face brick; that along the rear such building may be constructed of cinder block stuccoed; that the pumps

shall be low approved type erected not nearer than 15 feet to the street building line of Stillwell Avenue; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that on the side lot line to the south there shall be erected a brick wall not less than 5 feet 6 inches in height properly flashed against the existing frame building with the consent of the owner thereof; that a similar fence shall be erected on the northerly lot line or a facing of brick against the existing building for a height of 5 feet 6 inches, with the approval of the owner thereof; that curb cuts shall be restricted to 2 curb cuts each 25 feet in width to Stillwell Avenue and one width in the first 25 feet on Bay 49th Street from the intersection of Stillwell Avenue; that sidewalks abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that wherein unbuilt upon the premises shall be paved with asphalt or concrete paving; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the front facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs, temporary signs and advertising devices, but permitting the erection at the intersection of a post standard ground sign for supporting a brand sign advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 feet; that under section 7i for a similar term there may be repairing maintained solely within the accessory building with hand tools only for adjustments; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—H. M. Karson, for Hong Yick Realty Corp., owner; Min Sang Laundry, lessee.

SUBJECT—Application December 3, 1957—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business use district, the construction of a mezzanine floor, elevate the roof and extend the laundry use.

PREMISES AFFECTED—60-06 55th Drive and 55-63 60th Street, southeast corner, Block 2702, Lot 102, Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: H. M. Karson and E. Breger.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert,

Commissioner Foley and Commissioner Sleeper 4

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 15, 1958 after due notice by publication in the Bulletin; laid over to May 6, 1958, for hearing at request of objector; applicant to send new notices by registered mail to property owners in the area of notification; then to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 60th Street are in a business use, D area, class 1 height district; 55th Drive and 56th Avenue are in business and residence use, D area, class 1 height districts; 61st Street is in a local retail use, D area, class 1 height district; that from 1916 to 1947 the site was in an unrestricted use and on March 23, 1954 was changed from unrestricted to business use; and

WHEREAS, the decision of the Borough Superintendent, dated December 2, 1957 acting on amendment to Alt. Applic. No. 841-56, reads:

MINUTES

"1. Proposed addition of a mezzanine floor for wet wash factory (laundry) in a business zone is contrary to Art. II Sec. 4 of Zoning Res.

2. Proposed extension in height of an existing wet wash factory (laundry) in a business zone is contrary to Art. II Sec. 4 of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 50 feet in depth on which there exists a legal non-conforming use—wet wash laundry in a business use district—erected under N.B. Applic. 7884-19, superseded by N.B. Applic. 381-20 and has been in continuous use as a laundry since erected; that under Alt. Applic. 9691-33 the building was extended to its present size of approximately 47 feet by 100 feet; that existing Certificate of Occupancy No. 2912-1934 indicates approval for use as a laundry and garage; that it is proposed to erect an open mezzanine with an area of 2330 square feet; that the area of the building is 4730 square feet, of class 3 construction; that the height of the building will be increased from the present height of 14 feet 9 inches to 20 feet to provide required head room above and below mezzanine; that it is proposed to use the mezzanine for rest room, toilets, kitchen, employees' dining, offices and mangling; that with the creation of a mezzanine and the relocating of existing mangles from first floor to mezzanine, space would be provided for off street loading of laundry, using existing curb cuts; that this would improve conditions in the street; and

WHEREAS, the applicant states that amendment to Alt. Applic. No. 841-56 states that the garage portion of the building was continually used as a wet wash laundry instead of a garage during and since 1951, and prior to March 25, 1934, when zone was changed from unrestricted to business use; that said amendment also notes letter from the New York City Fire Department stating that no garage was in use on premises since 1951 and no garage permit issued thereafter; and

WHEREAS, the applicant further states that the previous owner had operated the premises as a wet wash laundry from November 7, 1929 to January 1, 1951, at which time the present owner leased premises for the continued use of the wet wash laundry for a ten year period with renewable option to purchase; that the present owner exercised his option to purchase as soon as funds became available on January 3, 1956; that at the time of leasing with option to purchase, there were no violations of record; that Violation No. 933-56 dated February 23, 1956 relates to Alt. Applic. 9691-33; that purchase was prior to date of current violation; that neither at time of purchase nor at time of closing were there any violations of record in the Building Department; and

WHEREAS, the applicant contends that the proposed condition would be an improvement because it would eliminate objections from the neighbors and the Building Department and because it would be in harmony with the general purpose of the Zoning Resolution; and

WHEREAS, the applicant states that the present owner has held title to the property since January 3, 1956; that the assessed valuation of land is \$2,400 and of the building \$14,600 making a total of \$17,000; that the building was erected in 1921; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted for the reason that the condition of the building structurally and the housekeeping does not warrant the proposed extension; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 841-56, Objection No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

889-57-BZ

APPLICANT—Charles M. Spindler, for John Scotti, owner.

SUBJECT—Application December 11, 1957—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a business use district, the change in occupancy from a building material supply yard and the manufacture of cement blocks to automobile wrecking yard, sale of new and used car parts, sale and display of new cars on a portion of the lot and the sale of new and used plumbing supplies and the storage of lumber on a portion of the lot.

PREMISES AFFECTED—114-15 New York Boulevard (114-11 to 114-35), East side, 87.14 feet south of Linden Boulevard, Block 12327, Lot 8, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 6, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, New York Boulevard and 115th Avenue are in a business use, D area, class 1 height district; Marsden Street and Linden Boulevard are in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated March 7, 1958 acting on Alt. Applic. No. 2293-57, reads:

"1. Proposed change in use from a diner, manufacturing of cement blocks in a business use district, to diner, offices, automobile wrecking yard, sale of new & used car parts, sales and display of used cars, storage of lumber, and sale of new and used plumbing supplies is contrary to Art. II Sec. 4 (26) of the Zoning Resolution.

2. The establishment of automobile wrecking yard, storage of scrap metal and junk within 50 feet of a residence use district is contrary to Art. II 7-B(b) of the Z. R.

3. The erection of more than one non-accessory building on a lot is contrary to Art. I Sec. 1(v) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 252.06 feet frontage by 98.5 feet and 208.85 feet, irregular in depth; that it is proposed to discontinue the manufacture of cement blocks and also the sale and storage of building materials; that it is proposed to use the northerly portion of the plot for auto wrecking, sale of new and used car parts, sale and display of new and used cars; that the diner will be continued undisturbed; that it is also proposed to continue the use of the southerly 80 feet of the plot for the sale of new and used plumbing supplies and the storage of lumber; that the entire northerly portion of the plot, with the exception of the space occupied by the diner, will be enclosed in an eight foot high solid fence of uniform color; that the 80 foot portion of the plot to be occupied for sale of new and used plumbing supplies and the storage of lumber will be likewise enclosed; and

WHEREAS, the applicant states that the property has been in the same ownership since 1937; that the owner purchased it at that time from a cement block manufacturer who had been using the site for the manufacture of cement blocks

MINUTES

for six or seven years and he continued this use together with the sale of building material supplies; that he has a tenant for the southerly 80 feet who uses this 80 feet for the storage of lumber, also the sale of new and used plumbing supplies; that the remainder of the plot, with the exception of the space used by the diner, is occupied for the manufacture of cement blocks, also for building material, sale and storage; and

WHEREAS, the applicant further states that the G. I. Auto Wreckers occupies a plot on New York Boulevard south of and adjacent to the Long Island Railroad, which crosses New York Boulevard south of 115th Avenue; that the property of the G. I. Auto Wreckers was condemned by the New York City Housing Authority and they are forced to vacate their premises; that the G. I. Auto Wreckers have occupied their premises as lessee for approximately eight years and are in desperate need to find a location in the immediate area; that they have conducted their business in a most orderly manner and should the Board see fit to grant this variance, will continue to do so in the proposed site; that the proposed site will be enclosed with an eight foot high solid metal fence; that there will be no burning of materials on the premises; that the G. I. Auto Wreckers presently have a Fire Department Bonfire Permit, which has seldom if ever been used; that should the Board grant this appeal, it is recommended that one of the Board's conditions prohibit bon-fires on the site; that the NEWS carried an article dated February 23, 1958 indicating that fifteen Long Island Railroad grade crossings would be eliminated, including the crossing at New York Boulevard, and this article stated that work was to commence during the month of March; that in the course of this elevation it will be necessary for the Long Island Railroad to acquire a temporary easement of approximately thirty feet to the south for temporary location of their tracks in order to proceed with the job of elevation; that this project will probably not be completed for a number of years and after its completion the site will be effectively screened from the proposed housing which is to be erected south of the Long Island Railroad; and

WHEREAS, the applicant contends that there are numerous non-conforming uses directly in the area; that adjoining the site is a gas station in block 12327, lot 21; that block 12320, lot 4 has a gas station and repair shop and on block 12180, lot 26 there is another gas station; that block 12335, lots 60 and 61 contain a motor vehicle repair shop and used car lot, and block 12335, lots 66, 69 and 70 contain a lumber yard; that directly opposite the site is the bus garage, repair shop, gasoline service and bus parking of the Jamaica busses; that this occupancy occupies the entire block front on New York Boulevard, from Linden Boulevard to the Long Island Railroad; and

WHEREAS, the applicant contends as to Objection No. 2, that as the owner of the site is likewise the owner of the majority of the property adjoining the site on the rear, it is requested that the entire parcel be used as requested by the placing of the fence enclosure on the rear lot line; that as to Objection No. 3, the Building Department regards the diner on the same lot with the proposed uses as a non-accessory use, hence the reason for the objection, and it is requested that the non-accessory use be permitted; that it is requested that this variance be granted for a temporary term of ten years; and

WHEREAS, the applicant states that the present owner has held title to the property since July 5, 1938 and that the assessed valuation of land is \$11,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use dis-

trict regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years to permit the use of the premises as proposed and as indicated on plans filed with this application marked "Received December 11, 1957", 2 sheets, and "March 21, 1958," one sheet, *on condition* that the plot shall be limited to the limitation of area as shown on plan of proposed conditions excluding a certain area occupied by a one-story diner and the plot to the south occupied for storage of lumber *on condition* that the balance of the plot shall be leveled substantially to the grade of New York Boulevard and in accordance with the fencing and other requirements of Section 7B, Subdivision a of the Zoning Resolution and on condition that all permits issued by any Administrative Department permitting the use of their present nearby location shall be surrendered and no similar applications shall be issued for the proposed plot which shall include no work except the actual motor vehicle wrecking without the use of burning; and that all permits shall be obtained and all work completed within six months from the date of this resolution.

914-57-BZ

APPLICANT—Patrick D. Concagh, for Mona Donner, owner; Atlas Bazaar Equipment and Supply Co., Inc., lessee.

SUBJECT—Application December 16, 1957—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business and retail use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, minor auto repairs, storage and sale of auto accessories and accessory parking.

PREMISES AFFECTED—3770-3788 Boston Road and 3481-3489 Baychester Avenue, southwest corner, Block 4887, Lot 7, Borough of The Bronx.

APPEARANCES—

For Applicant: P. D. Concagh.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Baychester Avenue are in business and retail use, C area, class 1 height districts; Boston Road is in a business use, C area, class 1 height district; DeReimer Avenue is in business and residence use, C area, class 1 height districts; that Boston Road at this point is located in a business use district to a depth of 100 feet and Baychester Avenue, to a depth of 100 feet, is located in a retail use district; that the area designation is C and the height is class 1 and both these designations go back to 1916 without change; that on July 25, 1916 Boston Road, to a depth of 100 feet was placed in a business use district, but beyond that 100 foot depth it was residential; that on August 26, 1954 the use district designation along Baychester Avenue, on both sides to a depth of 100 feet, was changed from residence to retail and this change extended southward to Tillotson Avenue; and

WHEREAS, the decision of the Borough Superintendent, dated November 20, 1957 acting on N.B. Applic. No. 1405-57, reads:

"1. In a business and retail use district the proposed gasoline service station, lubritorium, car wash, sales, storage rm. for auto accessories, minor repairs, parking

MINUTES

& storage of more than 5 motor vehicles is contrary to Section 4 and 4-A Art. II of the Zoning Resolution." and

WHEREAS, the applicant states that the premises consist of a plot, 100.15 feet frontage by 117.02 feet in depth, presently improved by a Kiddie Ride Amusement Center with a small frame structure used as a combination ticket office and lunch counter for the use of children patronizing the Center; that this use was installed under Alt. Applic. No. 509-55 for which Certificate of Occupancy No. 16549 was issued on June 24, 1955; that it is proposed to demolish all structures upon the site, level the plot substantially to grade and construct an attractive gasoline service station of modern design; that the accessory building will be located at the extreme southwest corner of the lot, but within the business use portion; that thus located, it will be away from the dispensing pumps and there will thus be provided sufficient space for maneuverability of cars awaiting service; that the building will be built of face brick and will consist of three bays for lubricatorium, non-automatic car wash and for minor repairs with hand tools only; that there will be an office for the sale of auto accessories and storage space in the rear for storage of such accessories, that it is also proposed to construct four 30-foot curb cuts, two on Boston Road and two on Baychester Avenue; that due to a difference in grade along Boston Road and Baychester Avenue, these differences have been indicated on the plot plan; that the difference is approximately 3 or 3½ feet in 100 feet; that the location and design of both the curb cuts and dispensing pumps show that there will be no interference with the free flow of cars in and out of the station; and

WHEREAS, the applicant states that the plot is under lease by the owner of Mack Kassow who operates the present business use under the corporate name of Atlas Bazaar Equipment and Supply Co. Inc., of which he is president; that the lease is for a term of ten years from July 1955 to August 1965; that the lessee, in addition to paying a substantial rental for the property has to pay the annual taxes on a highly assessed valuation; that he also has a three year option to buy the property, which expires in August of 1958, for which option he pays a substantial amount each year during its duration; and

WHEREAS, the applicant further contends that the lessee has been negotiating with a major oil company regarding the construction of the proposed station; that this company, although being aware of an existing station across the way and the grant by the Board of another station on the northeast corner, is nevertheless willing to construct a gas station upon the site, provided approval is given by the Board; that it is the opinion of most of these companies that the opening of the Thruway will have one important effect, i.e., auto traffic now using Boston Road will be diverted into the Thruway; that Baychester Avenue will become a very heavily trafficked artery and main feeder line into the Thruway and the location of a modern gas station at this point will serve a public need by providing a service station on the westerly side of Baychester Avenue, which will service automobile traffic moving southward and just before entering the Thruway; and

WHEREAS, the applicant states that the City of New York acquired this property several years ago in an In Rem proceeding due to default in the payment of taxes and was subsequently sold by the City at auction at a tax sale; that the present owner acquired it in 1955 and a grant of this application would prevent its reverting to City ownership by keeping it on the tax rolls; that far from having any adverse effect on real estate values upon adjoining properties, it will greatly enhance such values in this sparsely settled neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since September 30, 1955; that the assessed valuation of land is \$17,000 and of the building \$3,000 making a total of \$20,000; that the building was erected in 1955; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as proposed, as a gasoline service station and uses lawfully accessory thereto, substantially as proposed and as indicated on plans filed with this application, marked "Received December 16, 1957", 4 sheets and "April 16, 1958," 3 sheets, *on condition* that all buildings and uses now on the site shall be removed and the premises shall be constructed and arranged as indicated on such plans; that the accessory building shall be of the design, arrangement and location shown, without cellar, and faced with face brick on all sides, and in all other respects comply with the requirements of the Building Code; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line of Boston Road and Baychester Avenue; and that gasoline storage tanks shall not exceed twelve 550 gallon approved gasoline storage tanks; that along the interior lot lines to the south and east there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches; that such fences shall have suitable terminating posts at the building lines; that the plot where not occupied by accessory building, tanks and pumps shall be paved with concrete or asphalt; that there may be two curb cuts to Baychester Avenue and two to Boston Road, each 30 feet in width; that the sidewalk and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the facade of accessory building and the illuminated globes of the pumps excluding all roof and temporary signs and advertising devices, but permitting the erection of a post standard for supporting a sign, at the intersection, which sign may be illuminated, advertising only the brand of gasoline on sale and which may extend beyond the building line not more than 4 feet; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

947-57-BZ

APPLICANT—Andrew Di Camillo, for Vincenza Mon-drone, owner; James Scaffa, lessee.

SUBJECT—Application December 20, 1957—decision of the Borough Superintendent, under section 7i of the Zoning Resolution, to permit in a business use district, the change in occupancy of two two-car garages to motor vehicle repair shop.

PREMISES AFFECTED—2237-2247 (2229 displayed, Bath Avenue and 166-172 (160 displayed) Bay 32nd Street, northwest corner, Block 6416, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Andrew Di Camillo.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 6, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

MINUTES

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Bath Avenue are in a business use, D area, class 1 height district; Bay 31st Street and Bay 32nd Street are in business and residence use, D area, class 1 height districts; Benson Avenue is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 18, 1957 acting on Alt. Applic. No. 4042-57, reads:

"1. Proposed change of occupancy to motor vehicle repair shop in a business zone is contrary to Art. II, PP. 4a, subsection 29 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 73 feet 4 inches frontage by 96 feet 9 inches in depth, occupied by a two story frame, two family dwelling and two, two-car garages; that the westerly portion of the building, built prior to 1920, 20 feet by 35 feet 6 inches, was occupied as a motor vehicle repair shop prior to the purchase of premises by present owner; that it was the owner's understanding that said shop was legal at the time of purchase, but unfortunately discovered later that such was not the case, and therefore the reason for this appeal; that the other portion of premises 20 feet by 24 feet 6 inches, adjoining to the east, was erected in 1956 under Certificate of Occupancy No. 147403 for a two car garage and is so occupied; that it is proposed to use both sections for said motor vehicle repair shop; and

WHEREAS, the applicant contends that a motor vehicle repair shop has been operating in the premises at least since 1949; that it is kept in orderly fashion with no apparent inconvenience to the neighborhood; that adjoining premises, lot 6 on the same block 6416, is to be improved with a gasoline service station, motor vehicle repair shop, lubricatorium and auto laundry; that this was recently granted by the Board under Cal. No. 562-56-BZ; that the premises are small, caters to local trade and is neat in appearance; that the operator of the shop enjoys a fine reputation for the manner in which he conducts the establishment; that the granting of this appeal will in no way adversely affect surrounding properties and the owner will scrupulously adhere to all conditions as may be set by the Board; and

WHEREAS, the applicant states that the present owner has held title to the property since March 25, 1954; that the assessed valuation of land is \$8,000 and of the building \$8,000 making a total of \$16,000; that the building was erected in 1920 and 1956; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board whose report recommended granting; and

WHEREAS, information from the plans indicates that under N.B. Application 53/55 a garage for two cars was approved as accessory for the existing two family residence building and that Certificate of Occupancy #147403 was issued on February 1, 1956, to cover the accessory use of the two-car garage; apparently the other garage for two cars existed for some years; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7i, to permit the existing garages to be occupied as a motor vehicle repair shop, substantially as proposed and as indicated on plans filed with this application, marked "Received December 20, 1957", 3 sheets and "March 31, 1958", 2 sheets, *on condition* that such repairing shall be restricted to minor repairs and adjustments, excluding all collision work and heavy chassis work and other work of a similar type; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that any torch shall be subject to a permit issued by the Fire Commissioner; that the requirements of the law as to an accessory garage or park-

ing for the existing dwelling shall be complied with; that signs shall be restricted to the existing signs and that curb cuts may be as now existing; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 6, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 30th Avenue are in a residence use, D area, class 1 height district; 80th Street and 81st Street are in residence and retail use, D and C area, class 1 height districts; 31st Avenue are in a retail use, C area, class 1 height district; that as of July 25, 1916 the property was zoned unrestricted, C area, class one height district; that on December 14, 1934 the use district was changed from unrestricted to the present residential use, and on July 31, 1947 the area use was changed from C to D; and

WHEREAS, the decision of the Borough Superintendent, dated December 23, 1957 acting on Alt. Applic. No. 2237-57, reads:

"1. The proposed change in occupancy from garage to a factory in a Residence Use District is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth, presently completely developed—100 feet by 100 feet—with a one story masonry garage, for which Certificate of Occupancy No. 41588 was issued on August 2, 1929; that the building is wide open except for a small office and toilets located at the right front of the building; that a boiler room, enterable from the side walk only, is located under this office portion; that the two present curb cuts will remain unchanged and no additional cuts will be installed; that it is proposed to change the occupancy from garage, to a factory for food processing; that in order to comply with the Labor Law, the present office doors will be enlarged and re-hung, and a new exit door installed at the left side of the building; that the two gasoline pumps inside the building at the front wall will be removed and the two 550 gallon gasoline tanks, which are buried under the floor, will be discontinued and sealed; that it is also proposed to install dressing rooms behind the office; that a new truck well for loading and unloading will be constructed at the northerly entrance door, and it is proposed to erect a small sign on the front wall, near the office; and

MINUTES

WHEREAS, the applicant contends that for years the premises have been used as a garage for the parking and repairing of heavy trucks; that the proposed change of use will be for the betterment of the neighborhood as it will be a much less offensive use, there will be much less noise and there will be no night work involved; and

WHEREAS, the applicant states that the present owner has held title to the property since October 3, 1957; that the assessed valuation of land is \$17,500 and of the building \$32,500 making a total of \$50,000; that the building was erected July 31, 1929; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that the lawful non-conforming use as a garage, while out of keeping in the area should be allowed to continue but not for any other non-conforming use; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 2237-57, Objection One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

1019-57-BZ

APPLICANT—William I. Hohauser, for Arthur Enterprises Inc., owner; New York State Unemployment Insurance, lessee.

SUBJECT—Application December 30, 1957—decision of the Borough Superintendent, under sections 7e and 7c of the Zoning Resolution, to permit in a business and residence use district the use of the lower level of the subject premises, heretofore occupied as a motion picture theatre, for a supermarket for the sale of food, vegetables and similar merchandise, and the extension of the mezzanine (second floor) to cover the entire area to be used for offices.

PREMISES AFFECTED—560 West 181st Street, south side and 549-559 West 180th Street, north side, 100 feet east of St. Nicholas Avenue, Block 2153, Lot 81, Borough of Manhattan.

APPEARANCES—

For Applicant: William I. Hohauser, Arthur Selig and Morris Lane.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and West 180th Street is in business and residence use, B area, class 1½ height districts; St. Nicholas Avenue, Audubon Avenue and West 181st Street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 8, 1958 acting on amendment to Alt. Applic. No. 1245-57, reads:

"C4. Change of use of an existing building from motion picture theatre and office to stores, offices, loading and unloading berths, and extension, partly in busi-

ness and partly in a residence use district is contrary to Section 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet and 150 feet frontage by 119.6 feet and 100 feet in depth; that the building erected thereon, now used as a moving picture theatre, is a fireproof brick structure, with a lobby entrance on 181st Street and three openings on the 180th Street frontage leading to 180th Street, each of which said openings is approximately six feet wide; that the building also contains one double entrance also located on West 180th Street, which is approximately ten feet wide; that on the east side of the plot there is an areaway approximately 16 feet wide, now being used as a fire exit for the theatre, leading into 180th Street; and

WHEREAS, the applicant further states that the theatre proper, for which application for a variance is herein made, is that portion of the property which is located on West 180th Street on the north side thereof, between St. Nicholas Avenue and Audubon Avenue, and extends 150 feet on West 180th Street beginning at a point 100 feet east of St. Nicholas Avenue and ending 100 feet west of Audubon Avenue; that this portion of the structure is 100 feet in depth; and

WHEREAS, the applicant also states that on the northeast corner of the intersection of 180th Street with St. Nicholas Avenue is a six story elevator multiple dwelling with stores located on the street floor; that on the northwest corner of the intersection of 180th Street with Audubon Avenue is a six story walk-up multiple dwelling with stores located on the street floor; that on the southwest corner of the intersection of 180th Street with Audubon Avenue is a six story walk-up multiple dwelling with stores located on the street floor, and in the middle of the south side of 180th Street, between St. Nicholas and Audubon Avenues are located two, five and one-half walk-up multiple dwellings; that on the southeast corner of the intersection of 180th Street with St. Nicholas Avenue is a six story elevator apartment house with stores located on the ground floor; that the nearer of the two nearest supermarkets is the Safeway located on Broadway between 177th and 178th Streets; that there are not enough food markets to serve the residents of this congested area; and

WHEREAS, the applicant states that the building on the subject premises was erected in 1915 as a market under N. B. Applic. No. 78-1915 before the zoning regulation came into existence, and in 1918 was converted into a roller skating rink under Certificate of Occupancy No. 793-1918; that in 1933 the use of the building was changed to a motion picture theatre under Certificate of Occupancy No. 14441-1933 and from August 1953 to July 1957 was occupied as such by one of the Brandt chain of amusement houses; that the use of the premises as a theatre has not met with success and the Brandt management was forced to relinquish the premises in July 1957 to the owner thereof; that despite the failure of this well known chain to successfully operate the theatre, the said owner has endeavored to continue the use of the building as a motion picture house in the hope of obtaining some return on his investment; that in the last few years the neighborhood has altered in character and has obviously become unsuitable for a motion picture theatre and as a result the owner, instead of obtaining some return on his investment, has sustained financial losses of approximately over \$800 weekly; that the owner has been compelled by circumstances to keep the premises open in order to avoid the completely ruinous consequences that would result from vandalism, which would occur if the premises were closed; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, for a term of fifteen years, to permit the occupancy of the building, formerly a motion picture theatre, as a supermarket on the first floor and mezzanine, as proposed to be extended, and on the second floor for offices, as proposed and indicated on plans filed with this application, marked "Received December 30, 1957", 9 sheets, "May 9, 1958", 2 sheets and "May 21, 1958", 1 sheet, *on condition* that such building and occupancy shall comply in all other respects with all laws, rules and regulations applicable thereto; that the existing marquee on the building shall be removed; that a sign shall be permitted as would be permitted for a similar building located in a retail use district; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

23-58-BZ

APPLICANT—343 East 76 Realty Corp., owner

SUBJECT—Application January 23, 1958—decision of the Borough Superintendent, under section 7i of the Zoning Resolution, to permit in a retail use district, the change in occupancy of an existing one story building from a non-storage garage to a motor vehicle repair shop.

PREMISES AFFECTED—343 East 76th Street, north side, 247 feet east of 2nd Avenue, Block 1451, Lot 11, Borough of Manhattan.

APPEARANCES—

For Applicant: Richard E. Bauman.

For Opposition: Theresa Saccullo.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 13, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and First Avenue are in a retail use, B area, class 1½ height district; Second Avenue is in a local retail use, B area, class 1½ height district; East 76th Street is in retail and local retail use, B area, class 1½ height district; East 77th Street is in residence, retail and local retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 27, 1957 acting on amendment to Alt. Applic. No. 1740-57, reads:

"1. Motor vehicle repair shop is not permitted in a Retail Use District. Article II Section 4A, 4(a) 29 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 102 feet 2 inches in depth, presently occupied by a one story building which covers the entire lot; that there is one larger vehicular doorway and one small doorway on the street side—front of the premises—with a curb cut directly in front of the vehicular doorway; that it is proposed to occupy the premises as a motor vehicle repair shop; and

WHEREAS, the applicant states that both the east and west walls of this building are flush with the adjoining premises, that is lots 10 and 12 in block 1451; that the rear wall—north—has two window openings and there are three skylights on the roof; that the entire interior of the

premises is an open area with the exception of two toilets, one shower and a small office in the front of the building; that there is a Certificate of Occupancy for the premises filed with the Building Department for a non-storage garage; that the building was occupied under a lease until April 1957 by Keefe & Keefe, Inc., to maintain their ambulances and hospital equipment; that they vacated the premises in April 1957 and it has been vacant since; and

WHEREAS, the applicant contends that the only structural change will be a new mezzanine in the rear of the premises, 6 feet by 17 feet 4 inches and 6 feet from the first floor, to be used solely for the storage of equipment and inventory; that the granting of this variance would not substantially alter the nature of the occupancy of the premises; that under the existing Certificate of Occupancy the premises may be used, and has been used as a garage in the maintenance of motor vehicles and equipment; that in the event of approval of the use of the premises for a motor vehicle repair shop, the only difference in use would be minor and general repair work on automobiles; that no body work or painting will be done and no inflammable materials will be stored; that a grant of this application would not materially alter the complexion of the business uses on 76th Street; that there are the following on this street: four garages—Block 1451, Lot 14 and 17; Block 1450, Lots 34 and 43; tire repair shop—Block 1451, Lot 1, and two automobile repair shops—Block 1450, Lots 30 and 37; and

WHEREAS, the applicant states that the present owner has held title to the property since October 9, 1946; that the assessed valuation of land is \$15,000 and of the building \$17,000 making a total of \$32,000; that the building was erected in 1947; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7i for a term of five years, as shown on plans filed with this application, marked "Received January 23, 1958", 3 sheets, and "April 8, 1958", 3 sheets, to permit the building to be occupied as a motor vehicle repair shop limited to hand tools and light repairs only, excluding all collision work and heavy chassis and similar type work and requiring a permit if a torch is to be used; on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and in accordance with the requirements of the retail zone; that there shall be no windows opening on adjoining properties; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—George Rubenfeld, for 12-10 30th Avenue Corp., owner.

SUBJECT—Application March 6, 1958—filed pursuant to section 35, General City Law erection of building par-

MINUTES

tially in bed of a mapped Street—proposed curb cuts and fence in bed of 31st Road.

PREMISES AFFECTED—133-15 32nd Avenue, northwest corner Downing Street, Block 4405, Lot 29, Block 4366, Lot 1, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: George Rubenfeld.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 28, 1958, on New Building Application 4159/57 reads:

"1. The use of portion of the plot within the bed of a mapped street for the purpose of computing permitted coverage of proposed building and erection of a fence constitutes the erection of a building within a mapped street and therefore requires the approval of The Board of Standards and Appeals pursuant to Section 35 of General City Law."

and

WHEREAS, the applicant states that premises consist of a zoning lot fronting 675.17 feet on Downing Street with a depth of 100 feet irregular therefrom, located in a manufacturing and business use A and D area, Class 1 and Class 1½ Height district, upon which it is proposed to erect a 1½ story 20 feet, 8 inches high Class 1 constructed building, 544.64 feet front by 99 feet in depth and to use and to occupy the building as follows: first floor—bottling plant and warehouse for carbonated beverages; mezzanine—offices and syrup room, 30 occupants on the first floor and 23 on the mezzanine; that the building will be provided with two 3 feet 8 inch wide interior steel stairs enclosed in 2-hour partitions equipped with Kalamien self closing doors, and stairs will extend to street and be provided with a ladder and scuttle to roof; and

WHEREAS, the applicant states that the proposed building will contain 49,765 square feet on the first floor and that the zoning lot upon which the building will be erected has an area of 63,800 square feet, upon which a building 51,338 square feet is permitted by the Zoning Law; that however, since the mapped street (31st Road) runs through the property the Borough Superintendent has disapproved the plans and refused to issue a permit under Section 35 of the General City Law without the approval of the Board; and

WHEREAS, the applicant states that it is not proposed to build on the mapped street except for the erection of fences thereon as indicated on plans filed with this application; and it is therefore requested that the bed of the mapped street which is in the same ownership as the balance of the zoning lot be permitted to be used for computing the permitted building coverage; and that fences be permitted as proposed and the land within the bed of the mapped street be permitted to be used in conjunction with the proposed building; and

WHEREAS, the applicant contends that not to permit the erection of the building and use of the bed of the mapped street as proposed would deprive the owner of all rights in the land in the bed of the street which it owns and would amount to condemnation without compensation.

Resolved, that the decision of the Borough Superintendent, acting on NB. App. 4159/57, Objection No. One be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the portion of the premises to be included in the bed of 31st Road as a portion of the plot and used as a basis of computing the coverage of the building *on condition* that no building shall be erected on this portion of the plot and that in the event the City of New York decides to construct 31st Road the payment therefor, as to land only, shall be as determined by the Court.

207-58-A

APPLICANT—Little Neck Country Club, Inc., lessee; 251-18 GCP Corporation, owner.

SUBJECT—Application April 8, 1958—Appeal from an order of the Fire Commissioner re storage of liquefied chlorine.

PREMISES AFFECTED—250-10 Grand Central Parkway, south side, 286.21 feet west of Little Neck Parkway, Block 8401, Lot 660, Little Neck, Borough of Queens.

APPEARANCES—

For Applicant: Barnett Guthartz.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, Order No. 2350-8 issued by the Fire Commissioner on March 13, 1958 reads:

"With reference to your application indicated above, it is regretted that this department is without power to grant such a permit for the following reason:

"Storage and use of liquefied chlorine would violate C-19-95.0-d-6, Administrative Code, City of New York."

You shall therefore, comply with the following order and notify this department promptly when such order has been complied with:

1. Discontinue storage and use of liquefied chlorine. C-19-95.0, Administrative Code."

and

WHEREAS, the applicant states that premises consists of a lot 239.23 feet front by 282.83 irregular in depth, located in a residence use F area, class 1 height district, upon which there is now under construction a one story concrete block building for use as lockers and shower rooms, a one story concrete block open front dance pavilion and a swimming pool and chlorine filter vault for use as a membership club with an occupancy of 318 persons; and

WHEREAS, plans filed with this appeal indicate that it is proposed to construct a concrete chlorine vault adjacent to the pool and located below grade with access thereto by a ship's ladder through a hatchway door; that within the vault it is proposed to use one 150 pound chlorine cylinder connected to a chlorinator feeding the inlet pipe to the adjacent pool and to have one additional 150 pound chlorine cylinder in reserve; that both cylinders will be attached to the vault wall with a non ferrous strap; that the cylinder in use will have a shower head over same with a quick open valve located adjacent to the hatch door outside the vault; that six louvers will be provided in the door leading to the chlorine room within the vault; and

WHEREAS, the applicant contends that the use of liquid chlorine is more efficient and less hazardous than the use of hypo-chloride solution to which the Fire Department would have no objection.

The connecting of a 150 lb. cylinder results in the absence of dust or fumes as compared to the use of hypo-chloride which often damages the operator's clothing.

The installation as proposed provides adequate safeguards against any hazard that may be involved and it is therefore requested that the order be modified to permit two 150 lb. chlorine cylinders, one to be in reserve and one in use.

Resolved, that the decision of the Fire Commissioner, dated March 13, 1958, acting on Order No. 2350-8 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the equipment shall be installed as proposed as set forth in detail in applicant's proposal made part hereof and as indicated on plans filed with this application marked "Received April 8, 1958", 3 sheets, and

MINUTES

shall be maintained to the satisfaction of the Fire Commissioner; and that the valve for controlling the chlorine shall be of a type approved by the Board.

287-58-A

APPLICANT—Harrison and Abramovitz, for News Syndicate Co., Inc., owner.

SUBJECT—Application May 2, 1958—Appeal from a decision of the Borough Superintendent, re fire alarm system and sprinkler system required.

PREMISES AFFECTED—767-781 2nd Avenue, west side, from East 41st to East 42nd Streets, 223-247 East 41st Street and 220-238 East 42nd Street, Block 1315, Lot 24, Borough of Manhattan.

APPEARANCES—

For Applicant: Alvin F. Gunther, John F. O'Brien, W. H. James and J. R. Schoemer.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper. 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 21, 1958 on amendment to Alt. Applic. 622/57 reads:

"A factory building requires a fire alarm system throughout the entire building, Sect. 279 L.L.

A factory building over seven (7) stories or 90 feet in height requires a sprinkler system throughout the entire building, Sect. 280 L.L."

and

WHEREAS, the applicant states that existing building is 37 stories, 451 feet 5 $\frac{1}{8}$ inches in height, 198 feet 8 $\frac{1}{2}$ inches front by 197 feet 5 inches and 329 feet 10 $\frac{5}{8}$ inches in depth, erected in 1930, located on a lot 197 feet 5 inches front by 354 feet 10 inches in depth, in a business, manufacturing and retail use, B area, class 1 $\frac{1}{2}$ height district, and used and occupied since 1930 as follows: Office Portion of Building: cellar—engineer's office, electrical service room, storage room, workshop, lobby, machine room, pump and fan room, elevator pit and locker room; 1st floor—lobby, store and bank; 2nd floor—upper part of entrance lobby and office space; 3rd floor—upper part of entrance lobby and office space; 4th to 9th floors—offices; 10th floor—office and tank room; 11th floor—offices, tank room and elevator machinery room; 12th floor—tank house, office and tank room; 13th floor—tank house, tank room and offices; 14th floor—tank room and offices; 15th to 24th floors—offices; 25th floor—offices, elevator machine room; 26th floor—tank room and offices; 27th to 36th floors—offices; 37th floor—storage; Newspaper Printing Plant Section:—Cellar—storage, mechanical equipment rooms and loading platform; 1st floor—loading docks, mail room and restaurant; 2nd floor—reel room, mechanical conveyor, electrical equipment shop; 3rd floor—1st gallery, 2nd gallery and mezzanine—press room, control rooms, stereotype room, and locker rooms; 4th floor—paper storage; 5th floor—paper storage and fan room; 6th floor—etching rooms, locker room, fan room, kelly press, file room and offices; 7th floor—library, dark rooms, studio, editorial offices, artist work-room and real estate offices; 8th floor—office, library, dark rooms, vault, accounting and bookkeeping offices, purchasing department stock room and telephone room; 9th floor—production department, addressograph, art department, circulation department, auditing department, storage and offices; 10th floor—TV studio, offices, tank house, and tank rooms; 11th floor—TV studio, elevator machine room, tank house and tank room; and

WHEREAS, the applicant states that it is now proposed to

alter and extend the building so that it will be 18 and 37 stories, 175 feet 3 $\frac{3}{4}$ inches and 451 feet 5 $\frac{5}{8}$ inches in height, 197 feet 5 inches front by 329 feet 10 $\frac{5}{8}$ inches in depth at street level, 158 feet $\frac{1}{4}$ inch front by 329 feet 10 $\frac{5}{8}$ inches in depth at typical floor level, of class 1 construction, and used and occupied as follows: Office Building Portion:—Sub-cellar—storage, 5 persons; Cellar—Bank, switch gear room, engineer's office, electrical service room, storage room, workshop, lobby, machine, pump and fan room, elevator pit and locker room, 239 persons; 1st floor—entrance lobbies and bank, 114 persons; 2nd floor—upper part of entrance lobby and office spaces, 177 persons; 3rd floor—upper part of entrance lobby and offices spaces, 84 persons; 4th floor—offices, 150 persons; 5th floor—offices, 162 persons; 6th floor—offices and manufacturing, 141 persons; 7th floor—offices, 164 persons; 8th floor—offices, 164 persons; 9th floor—offices, 164 persons; 10th floor—offices, tank room, tank house, projection room, control room and elevator machine room, 352 persons; 11th floor—offices, tank rooms, machine rooms and tank house, 329 persons; 12th floor—tank house, offices, tank and fan rooms, 288 persons; 13th floor—tank house and offices, 328 persons; 14th floor—tank room and offices, 328 persons; 15th floor—offices and elevator machine room, 195 persons; 16th floor—offices and elevator machine room, 193 persons; 17 floor—offices, fan room and elevator machine room, 193 persons; 18th floor—offices and fan room, 204 persons; 19th floor—offices, fan room and stair penthouse, 90 persons, 20th to 24th floors, offices, 90 persons each floor; 25th floor—offices, fan room and elevator machine room, 90 persons; 26th floor—offices and tank room, 90 persons; 27th floor—offices, 90 persons; 28th through 33rd floors—offices, 80 persons each floor; 34th and 35th floors—offices, 60 persons each floor; 36th floor—offices, 60 persons; 37th floor—storage, 10 persons: Newspaper Printing Plant Section: Cellar—storage, mechanical equipment rooms, loading platform, electric control rooms, telephone terminal room, 15 persons; 1st floor—loading docks, mail room, delivery room and information center, 351 persons; 2nd floor—reel room, mechanical conveyor, electrical equipment shop and press room; 3rd floor, 1st gallery, 2nd gallery and mezzanine—press room, control rooms, stereotype room, locker rooms and upper part of future press room, total occupancy from 2nd floor through mezzanine, 341 persons; 4th floor—office and fan rooms, 150 persons; 5th floor—offices, 100 persons; 6th floor—etching rooms, locker rooms, fan room, file room and offices and linotype, 247 persons; 7th floor—library, dark rooms, studio, editorial offices, artist work rooms, real estate offices and fan room, 162 persons; 8th floor—office, library, dark rooms, vaults, accounting and bookkeeping offices, purchasing department, stock room, telephone room and fan room, 130 persons; 9th floor—production department, addressograph, art department, circulation department, auditing department, storage, offices and fan room, 198 persons; 10th floor—television projection and control rooms and offices, 352 persons; 11th floor—offices, 329 persons; and

WHEREAS, the applicant states that the existing structure consists of two separate portions, a thirty-seven story tower portion and a nine story plant portion; that in the latter are found the equipment used in the publication of the "NEWS"; that the entire nine floors of the plant portion are fully sprinklered, as are those areas located on the first nine floors of the tower portion which are used for plant purposes; that the plant portions used for plant purposes are within the definition of "factory" and are constructed in accordance with the Labor Law: that it is now proposed to erect an 18 story tower addition along 42nd Street and Second Avenue and a five story addition to the plant: that the occupancy of these new additions will be predominantly for office use; that on the 6th floor the factory use will extend into the new tower; that the 6th floor of the plant is used for dark rooms, composing and engraving, and this use will be maintained, and since a portion of the factory use plant will extend into the new structure, the Borough Superintendent has rule that the entire new structure must be sprinklered; that when the building was erected the Board acting under Calendar Number 48-29-A, rendered a resolution which modified

MINUTES

the Superintendent's decision by classifying the structure as one of mixed occupancy on conditions:

"That the factory portion of the premises shall be separated from the business portions of the premises by walls of approved masonry and separated horizontally at the 9th floor by reinforced concrete construction not less than 10 inches in depth; that the portion of the premises intended for use and coming within the Labor Law requirements shall be constructed, operated and maintained in strict conformity with the Labor Law requirements; that the portion of the premises intended for use and occupancy as business building shall be constructed in strict accordance with the requirements of the Building Code for business building classification . . .";

and

that accordingly, the first 9 floors of the News Building, including all the plant area and that portion of the 1st 9 floors of the tower used for plant purposes have been fully sprinklered and fed by a two-source supply and the business portion of the building is separated from the plant portion horizontally and vertically by approved fire wall construction; that the entire new structure will be used for offices, with the exception of the 6th floor and part of the first, second and third floors; that it is proposed to remove the existing wall on the sixth floor of the plant building and install fire door cut-offs at the east end of the existing tower and the east end of the new elevators; that it is proposed to omit the fire wall between the existing space on the sixth floor of the plant and the office area of the new building to provide a more flexible area so that additional composing or engraving apparatus can be installed therein in the future, if necessary; that at the sixth floor level, in lieu of the fire wall separating the office area of the new structure from the plant area of the existing building, it is proposed that the new office area be sprinklered throughout, as is the adjoining present plant area; that the slab above the new sixth floor will be of eight inch concrete; that hence, with the exception of the sixth floor, the plant portion of the building will be separated from the business portion by a proved vertical fire wall and horizontal reinforced concrete construction; that it is requested that the decision appealed be modified so as to permit the business portions of the new structure to be treated apart from the plant portions; that the entire new structure not be classified as a factory; that the resolution of the Board in acting on Calendar Number 48-29-A pertaining to the mixed occupancy of the existing building be applied to the proposed new conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Amdt. to Alt. App 622/57, Objections dated April 21, 1958 and that the appeal be and it hereby is *granted*, on condition that the proposed two source sprinkler system shall be installed and maintained in all floors of the building as proposed where manufacturing work for a factory is carried on; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto except that a fire alarm system shall be installed; and that the work as hereinbefore permitted shall be in accordance with and as shown on plans filed with this appeal marked "Received May 2, 1958," 21 sheets.

293-58-A

APPLICANT—Leonard F. Rothkrug, for Jowein Operating Corp., owner; May's Department Store, lessee.

SUBJECT—Application May 12, 1958—Appeal from a decision of the Borough Superintendent, re installation of escalators.

PREMISES AFFECTED—168-23 to 168-45 Jamaica Avenue, northwest corner of 169th Street, Block 9799, Lot 1, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating and Commissioner Sleeper 3
Negative: 0
Absent: Commissioner Kleinert and Commissioner Foley 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 9, 1958 on N.B. Applic. 4359/57 reads:

"1. The amendment to approved plans to install escalators from cellar to first floor, and from first to second floor, and from second to third floor as per drawings A-3, A-4, A-5, A-6 constitutes a shaft and must be enclosed as per 10.5.1 Building Code."

and

WHEREAS, the applicant states that the building will be 3 stories, 67 feet in height, 294.69 feet by 241.21 feet irregular in area, of class 1 construction, located in a business use, B area, class 1½ height district, and used and occupied as follows: Cellar—sales, storage and equipment, 1200 persons; 1st floor—department store, stores, restaurant, and supermarket, 3000 persons; 2nd floor—department store, store, and storage, 900 persons; 3rd floor—department store, storage, restaurant and lockers, 1125 persons; roof—air conditioning, boiler room and equipment, no persons; that the building will be provided with an approved 2-source sprinkler system and an approved fire alarm system and regular monthly fire drills will be maintained; that there will be 4 interior fireproof 3 foot 8 inch wide stairs from roof bulkhead direct to street; and

WHEREAS, the applicant states that it is proposed to install two escalators from cellar to the 3rd floor in the department store portion of the building; that the proposed escalators will be constructed of fireproof material throughout; that the sides of the well opening and soffits will be plaster on metal lath and metal furring; that there will be a fireproof balustrade finished with plaster on both sides and the well opening will be provided with a rolling shutter in a horizontal position at the top of the balustrade, such shutter to be manually operated; that the well opening below will be protected by a 24 inch baffle, extending below the general ceiling level with automatic sprinkler curtain with ½ inch heads approximately 4 feet on centers, 12 inches outside the perimeter of the baffle; that an automatic electrical device will be installed to stop the escalator upon closing of the shutter; that where sprinkler heads are closer than 4 feet, a metal reflector will be installed to prevent water cooling; that the rolling shutters will be of an approved type, readily operated by hand by means of a chain, securely fastened by a heavy ring to the bottom rail of the shutter and supported on brackets so as to be at all times readily available; that the chain will weigh no less than ¼ lb. per running foot; that on all shutters directly above the bottom rail there will be painted in red letters not less than 3 inches in height, the words "CLOSE SHUTTER TO FLOOR" with an arrow pointing downwardly; that a gong will be installed at each escalator run operated by means of push button, centrally located, two to a floor so that upon pushing such button gongs will be rung on all floors as a signal to close the escalator curtains; that instructions will be given to all superintendents and section managers so that in addition to general instructions as to the use of fire extinguishing equipment and exits and fire drills, instructions as to closing of escalator curtains so that the responsibility will be at all times fixed on the attendants on the floors, to the end that curtains are immediately closed upon the sounding of the gong signal and the closing of the curtains will automatically stop all escalators; and

WHEREAS, the applicant contends that the proposed escalators are typical for department stores of this nature and are required for the convenience of patrons; that safe-

MINUTES

guards proposed are those previously required by the Board for similar appeals.

Resolved, that the decision of the Borough Superintendent, dated May 9, 1958, acting on N. B. App. 4359/57, Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the escalators as proposed and as shown on plans marked "Received May 28, 1958, 6 sheets, shall comply with the requirements of the Board as stated in detail in this application.

"that under Section 7c, there may also be parking and storage of motor vehicles maintained on such portions of premises as are unbuilt upon that do not interfere with the servicing of the station, and as passed on by the Borough Superintendent under Alt. application 2946/54 decision of May 20, 1958; and that all permits required shall be obtained, including a new certificate of occupancy and all work completed within six months from the date of this *amended* resolution.

742-56-BZ

APPLICANT—Lama, Proskauer and Prober, for Dora Fein and Herman J. Zawin, owners.

SUBJECT—Application for consideration—reopening for extension of time to complete—re Application, decision of the Borough Superintendent; previously granted on condition, under Sections 7f and 7i of the Zoning Resolution, permitting in a business use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs, car washing, office, storage and storage of motor vehicles.

PREMISES AFFECTED—18-22 Avenue B and 200-204 East 2nd Street, northwest corner, Block 398, Lots 36, 37, 38 and 39, Borough of Manhattan.

APPEARANCES—

For Applicant: Eugene S. Ginsberg.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating and Commissioner Sleeper 3

Negative: 0

Absent: Commissioner Foley and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 11, 1957, on certain conditions; and

WHEREAS, the resolution was amended on October 15, 1957; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 11, 1957, as thereafter *amended* by resolutions adopted through October 15, 1957, only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings, but the work has not been started, that all permits required, including a certificate of occupancy, shall be ob-

tained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (N.B. App. 142/56)

733-57-BZ

APPLICANT—Paul Friedman, for Harry Augen & Anna Palenychka, owners; Esso Standard Oil Company, conditional vendee.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under Sections 7e and 7h of the Zoning Resolution, permitting in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, auto washing, non-automatic, minor repairs with hand tools only, office, sales and storage of auto accessories, and parking and storage of cars awaiting service, with ground sign in a residence use district, for a stated term of 15 years.

PREMISES AFFECTED—111-02 to 111-18 (111-10 official) Springfield Boulevard and 216-40 to 216-48 111th Avenue, southwest corner, Block 11144, Lots 26 (26, 31, 32, 33, 34 and 35) Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating and Commissioner Sleeper 3

Negative: 0

Absent: Commissioner Kleinert and Commissioner Foley 2

THE RESOLUTION—

WHEREAS, this application was granted by the Board on March 25, 1958, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 28, 1958, by adding thereto:

"that in the event the owner desires to relocate the accessory building as now shown on plans, marked 'Received May 14, 1958', 2 sheets, and as passed on by the Borough Superintendent under N.B. 2817/57, objection dated May 9, 1958, such change may be permitted, provided the requirements of the resolution as above cited are complied with in all other respects."

212-35-BZ—Vol. III

APPLICANT—Frederick A. Ketcher, for Maria DePalma, owner. Rayco Auto Seat Covers Inc., owner.

SUBJECT—Application for consideration—reopening as Vol. III subject to regular procedure—re Application, decision of the Borough Superintendent; previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a business use district, the occupancy of a plot for sale and display (parking & storage) of more than 5 motor vehicles for a temporary term.

PREMISES AFFECTED—6501-6509 Fort Hamilton Parkway and 948-962 65th Street, southeast corner, Block 5750, Lot 42, Borough of Brooklyn.

(Continued from Front Page)

lution be upset. Under said section the Board has authority to grant variances 'where there are practical difficulties or unnecessary hardships (Matter of Ryback v. Murdock), 1 A D 2nd 132). The record is barren upon these points. 'To characterize the situation as a hardship without more does not tend in any substantial degree to enlighten a reviewing court. There must be disclosure of the facts from which hardship is inferred (Peo. ex rel. Fordham Manor Ref. Church v. Walsh (244 N.Y. 287). Under the circumstances the refusal of the Board to exercise its discretion in favor of petitioner was proper.'

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of calendars of the Board, each case being set down by calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

PUBLIC HEARING

PROPOSED RULE FOR THE INTERPRETATION OF SECTION 19-A OF THE ZONING RESOLUTION OF THE CITY OF NEW YORK

(385-58-SR)

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on Friday, June 27, 1958, at 10 A.M. in Room 1013, Municipal Building, Manhattan, on the following Proposed Rule for the Interpretation of Section 19-A of the Zoning Resolution of The City of New York.

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2, of the New York City Charter pertaining to Article IV, Section 19-A of the Zoning Resolution.

"19-A. REQUIRED OFF-STREET LOADING BERTHS FOR NEW CONSTRUCTION, ENLARGEMENTS AND CONVERSIONS. Every building or part thereof hereafter constructed which is used, or arranged, intended or designed to be used, for any of the uses specified in the schedule below, and in which the aggregate gross floor area so used, arranged, intended or designed is greater than the minimum number of square feet of gross floor area specified for those uses in said schedule shall be provided with off-street loading berths in accordance with said schedule, under rules and regulations promulgated by the Commissioner of Housing and Buildings. For the purpose of this section, a group of buildings hereafter constructed under common ownership and located within a single block shall be considered a single building."

Purpose:

The purpose of this rule is to provide an interpretation of the words in the above section which read as follows: "... aggregate gross floor area so used," as a basis for determining the number of off-street loading berths required under this section.

Rule 1.

The words "aggregate gross floor area so used" contained in the first paragraph of this section shall be interpreted to mean the area of a building devoted to the use or uses which necessitate the installation of off-street loading berths; that is, the area devoted to hospitals, undertaking establishments and funeral parlors, hotels and offices, retail sales and services uses, wholesale, manufacturing and storage uses. In computing such area or areas for the purpose of determining the number of off-street loading berths required under this section, walls, partitions, areas devoted to mechanical equipment, exits and similar areas, the use of which does not contribute to the regular shipments to or from the building, shall not be included.

This Proposed Rule for the Interpretation of Section 19-A of the Zoning Resolution of the City of New York, as printed herein, is as suggested by The Real Estate Board of New York.

COURT DECISION

Matter of Bram vs. Board of Standards & Appeals of City of N. Y.:
—On November 13, 1957, the Board denied an application under
Section 7, Subdivisions e and h of the Zoning Resolution to permit in
a local retail use district the erection and maintenance of a gasoline
service station, lubricatorium, office and sales, parking and storage of
motor vehicles, car washing, minor auto repairs for a stated term of
20 years; Cal. No. 124-57-BZ, Premises 1048-1072 New Lots Avenue,
south side, from Logan to Milford Streets, 662-672 Logan Street,
389-393 Milford Street and 1147-1169 Dumont Avenue, Borough of
Brooklyn.

At Special Term, Supreme Court, Kings County, Mr. Justice
Beekinnella sustained the Board in the following decision: (New York
Law Journal May 29, 1958, page 11):

"Motion by respondent for an order vacating an order of
certiorari, affirming the determination of respondents and dis-
missing the petition herein. Petitioner, owner of a plot of vacant
land, in a local retail use district, filed an application with re-
spondent board for a variance of the use district regulations
under section 7, subdivisions e and h of the Zoning Resolution,
to permit erection and maintenance of a gasoline station. After
a hearing and an inspection of the premises respondent board
found that there was no justification for the exercise of dis-
cretion to grant the application. The application was denied.
Respondent upon the argument of the motion requested the court
to disregard petitioner's replying affidavit on the ground that
there is no authority for the service or consideration of such af-
fidavit. The court, in considering the proceeding under review,
is limited to the return plus such additional proof as it deems
necessary. There is no necessity or authority for a replying
affidavit (see Davis Engineering Corp'n v. Murdock, New York
Law Journal, June 11, 1946, p. 2314, c. 2; Seinfeld v. Murdock,
2 Misc. 2d 525). The court has, therefore, disregarded the
replying affidavit. The court may not overrule the exercise by
the Board of Standards & Appeals of its power in the field
unless there be clear abuse of discretion (Matter of Dunne v.
Walsh, 235 App. Div. 72). Nor may the court substitute its
judgment for that of the Zoning Board unless the latter acted
arbitrarily (People ex. rel. Sullivan v. McLaughlin, 266 N. Y.
519). It may not be said on this record that the determination
of respondent is arbitrary or capricious or contrary to law. The
determination of respondent is affirmed, the order of certiorari
vacated and the petition dismissed. Settle order on notice."

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

81-58-BZ

APPLICANT—James E. Vassalotti, for Thomas A. Cangem, owner.

SUBJECT—Application February 25, 1958—decision of the Borough Superintendent under section 7f of the Zoning Resolution, to permit in a business use district, the change in use of two adjoining one-story buildings from processing and fabricating of gold for jewelry manufacturing and storage of five (5) motor vehicles to a garage for the parking and storage of more than five (5) motor vehicles for a temporary term of fifteen (15) years.

PREMISES AFFECTED—267-269 Elizabeth Street, west side, 83 feet, 5¾ inches south of East Houston Street, Block 508, Lot 28, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Frances Pillitteri, Rosaria Nuccio, Carmela Marchello and Antonio Pillitteri.

ACTION OF BOARD—Laid over to July 8, 1958, at 10 A. M. for inspection and decision; hearing closed.

128-58-BZ

APPLICANT—Charles M. Spindler, for Robert Miller, owner; Esso Standard Oil Co., Lessee.

SUBJECT—Application March 13, 1958—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubricatorium, auto laundry—non automatic, office, sale of accessories, minor repairs for adjustments with hand tools only, safety inspection station and parking and storage of motor vehicles for a stated term of fifteen (15) years.

PREMISES AFFECTED—285-303 Oakland Street, west side, from India Street to Java Street, Block 2541, Lot 30, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Laid over to July 1, 1958, at 10 A. M. for inspection and decision; hearing closed.

140-58-BZ

APPLICANT—Haus and Bresin, for The Cord Meyer Co., owner.

SUBJECT—Application February 20, 1958—decision of the Borough Superintendent under sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station with accessory uses of auto washing—non automatic, lubrication, office, sale of auto accessories, minor repairs with hand tools only and parking and storage of more than five (5) motor vehicles for a temporary term of fifteen (15) years.

PREMISES AFFECTED—93-24 Roosevelt Avenue and 40-02 to 40-10 94th Street, southwest corner, Block 1562, Lot 25, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Joseph Haus.

For Opposition: Michael Gallo, Anthony M. Ohnikian, Jack Azzaretto, Jose Santis and Salvatore Cannistraci.

ACTION OF BOARD—Laid over to July 1, 1958, at 10 A. M. for inspection and decision; hearing closed.

209-58-BZ

APPLICANT—Lama, Proskauer and Prober, for David and Joseph Goldstein and Nathan Machimson, owners.

SUBJECT—Application April 8, 1958—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit on a plot partly in a C area and partly in an E-1 area district, the erection of a six-story multiple dwelling extending into the E-1 area district, the portion in the E-1 area district occupies more than the permitted area, eliminates the required setback and sideyard and having less than the required outer court.

PREMISES AFFECTED—1140-1146 Pelham Parkway South and 2140-2150 Williamsbridge Road, southeast corner, Block 4310, Lots 1 and 53, Borough of The Bronx.

APPEARANCES—

For Applicant: Alfred A. Lama, David Goldstein, H. Herbert Lilien, Nathan Nachimson and Joseph Goldstein.

For Opposition: Martin D. Eile, Rose Lockser, Bertha Meltzer, Rose Teich, Josephine M. Lustig, Adela Sapofsky, Olga Biller, Mrs. S. Iacobacci, Abe Marchasin, Hyman Waldman and Josephine Marziano.

ACTION OF BOARD—Laid over to July 8, 1958, at 10 A. M. for inspection and decision; hearing closed.

251-35-BZ—Vol. IV

APPLICANT—Richard Shutkind, for Nordlaw Realities Inc. and State Engineering Corp., owners (Jaynat Realty Corp., Lessee).

SUBJECT—Application reopened September 24, 1957 as Vol. IV—re decision of the Borough Superintendent under section 7h of the Zoning Resolution, to permit in a retail and residence use district, the maintenance of a parking lot for more than five (5) motor vehicles.

PREMISES AFFECTED—2119 Caton Avenue, north side, 91 feet 5/8 inches west of Flatbush Avenue, Block 5063, Lot 69, Borough of Brooklyn.

APPEARANCES—

For Applicant: None.

For Opposition: None.

ACTION OF BOARD: Dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

70-37-BZ—Vol. III

APPLICANT—Charles M. Spindler, for Felix De Vito, owner.

SUBJECT—Application reopened January 7, 1958 as Vol. III—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a retail use district, the alteration of an existing garage and warehouse, for use as a garage service station, auto-wash (non-automatic), lubrication, parking of automobiles, office, sale of auto accessories, minor repairs with hand tools only and safety inspection station for a stated term of fifteen years.

PREMISES AFFECTED—70-07 to 70-21 (70-15 Official) Astoria Boulevard and 22-16 to 22-24 71st Street, northwest corner, Block 1002, Lot 13, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 7, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; laid over to June 3, 1958, at request of objector, applicant concurring; then to June 17, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Astoria Boulevard North are in a retail use, D area, class 1 height district; 70th Street and 71st Street are in retail and residence use, D and E area, class 1 height districts; Ditmas Boulevard is in a residence use, E area, class 1 height district; that as of July 25, 1916 the portion of the property within 100 feet of Astoria Avenue, as then mapped, was zoned as a business district and the remainder was zoned as a residence district; that on December 14, 1934 the portion of the property within 100 feet of Astoria Boulevard was zoned as a business district and the remainder as a residence district; that the present retail designation for the property became effective on November 29, 1956; that as of July 25, 1916 the property was zoned as a C area district and the present D area designation became effective on December 14, 1934; that the height designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated October 22, 1957 acting on Alt. Applic. No. 1986-57, reads:

"1. Proposed change of occupancy from warehouse & garage for five (5) motor trucks to gasoline service station, auto washing (non-automatic) lubrication, parking of automobiles, office & sale of auto accessories, minor repairs with hand tools only & auto safety inspection station located in a retail use district is contrary to Art. II Sec. 4A of the Zoning Resolution.

2. Proposed ground sign in a retail use district is contrary to Art. II Sec. 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 155.66 feet frontage by 97 feet 7 inches in depth, irregular; that it is proposed to alter the garage building and use same as a service station building, with minor repairs with hand tools only and an auto safety inspection station; that it is also proposed to erect a modern gasoline service station; that the gasoline pumps will be set back a minimum of 15 feet from the building lines and there will be installed eleven 550 gallon gasoline tanks, which will be in addition to the existing 550 gallon gasoline tanks presently on the premises; that the existing gasoline pumps on the premises, which was used for the servicing of motor trucks, will be removed; that it is also proposed to erect a woven wire fence on a concrete base to a total height of 5 feet 6 inches along the 71st Street building line; that it is proposed to shrub this area and return the shubbery along the present dwelling, protected by a 6 inch by 8 inch concrete curb; that the proposed curb cut on 71st Street will comply with Section 7-A; and

WHEREAS, the applicant states that the owner is a heating and oil burner installer and also is in the fuel oil business; that he resides in the dwelling and uses the garage for the storage of his oil trucks and also for warehousing some of his supplies; that he has recently erected a new garage and office on the corner of Astoria Boulevard and 70th Street in Block 1002, Lot 26, an adjoining lot, for the conduct of his business; and

WHEREAS, the applicant states that the present owner has held title to the property since May 8, 1953; that the assessed valuation of land is \$4,400 and of the building \$14,400 making a total of \$18,800; that the building was erected in 1936; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate

case in which to exercise discretion to grant under Section 7, Subdivisions e, f and i of the Zoning Resolution.

Resolved, that the Board of Standard and Appeals does hereby make a variation in the application of the use district regulation of the zoning resolution and that the application be and it hereby is granted under Section 7f, for a term of fifteen years, to permit the alteration of the existing garage and warehouse as a gasoline service station with lawful accessory uses, as proposed and shown on plans filed with this application, marked "Received November 15, 1957", 4 sheets, "April 11, 1958", 1 sheet, and amended plan marked "Received June 6, 1958", 1 sheet, on condition that all buildings and uses not proposed to be retained shall be removed and the premises constructed and arranged as indicated on such plans particularly the plan showing proposed conditions and elevations; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line; that the number of gasoline storage tanks shall not exceed a total of twelve 550 gallon approved tanks; that any existing tanks shall be tested by the Fire Commissioner for structural condition; that the accessory building shall be altered as shown on such plan and be without cellar; that on the lot line to the north, the adjoining building, under the same ownership on lot 26, shall have the wall facing Astoria Boulevard North faced with face brick agreeing with that of the accessory building; that along the lot lines to the north and east on 71st Street there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches, with suitable terminating post at the building line of Astoria Boulevard North; that in front of such fence, where shown, and against the existing residence building, there shall be maintained an area planted with suitable plant material, properly protected with a masonry curbing not less than 8 inches in height and 8 inches in width; that the balance of the premises where not occupied by accessory building, planting and pumps shall be paved with concrete or asphalt; that the number of curb cuts shall not exceed three to Astoria Boulevard, each 30 feet in width and one to 71st Street within the first 25 feet from the intersection, where shown; that there shall be erected at the intersection a block of concrete not less than 12 inches in height, extending for 5 feet along each building line from the intersection; that the sidewalks and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be obtained as the Fire Commissioner shall direct; that signs shall be restricted to a permanent sign attached to the facade of the accessory building, and to the illuminated globes of the pumps, excluding all roof signs and temporary signs and advertising devices, but permitting the erection within the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 feet; that the present sign of the Astoria Federal Savings Bank with the clock now shown overlooking the premises to Astoria Boulevard shall be removed; and that under section 7i, there may be repairing with hand tools only, for adjustments, maintained solely within the accessory building; and that under section 7e for a similar term there may be parking of motor vehicles on spaces unbuilt upon, where such parking shall not interfere with the servicing of the station; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

93-38-BZ—Vol. II

APPLICANT—Otto J. and Warren A. Sambach, for Coastal Sales Corp., owner.

SUBJECT—Application reopened December 3, 1957, as Vol. II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a business and residence use district, the erection of a one story building

MINUTES

for use as a motor vehicle repair shop for front wheel alignment and brake adjustments, this work will require the use of portable electric machines in addition to hand tools.

PREMISES AFFECTED—27-11 30th Avenue, north side, 50.39 feet west of 29th Street, Block 575, Lot 23, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Warren A. Sambach.

For Opposition: Mary Richluck.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on December 3, 1957, subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; applicant to file corrected plans showing proposed treatment of pit to permit car crossing; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 27th Street and 29th Street are in business and residence use, B area, class 1¼ height districts; Newtown Avenue and 30th Avenue are in a business use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 8, 1957, acting on N.B. Applic. No. 2089-57, reads:

"1. The proposed car repair shop (front end, tires)—parking of more than 5 cars—storage in a business use district is contrary to Art. II Sec. 4a-15 & 29 of the Zoning Resolution, and Art. II Sec. 3 of the Zone Law."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 104-42 feet in depth, mainly in a business use district extending into a residence use district; that it is proposed to erect a class three building, one story, with masonry walls, wood roof beams supported on structural steel and masonry walls, poured concrete floor, that the building will be built to the rear of the business zone, not into or on the residence zone portion of the property; that this residential portion of property behind the building is to be used for storage of tires before removal from the premises; and

WHEREAS, the applicant further states that the building will be used for changing of tires indoors during inclement weather, checking of front wheel alignment and brakes on a scientific automatic machine installed in the floor of the building where the pit is provided for on the plans; that repairs to the front wheel alignment and brakes are to be accomplished by the use of hand tools and portable electric machines such as electric driven socket wrenches, screwdrivers, etc.; that the owner has been operating in the adjoining building to the east since 1946 in Block 575, Lot 22, selling car accessories, appliances, batteries, tubes, tires, toys, etc., as a Firestone Company distributor, and since that time their business has expanded in the tire division in that they are specializing in all types of tires for the automotive industry; and

WHEREAS, the applicant contends that in 1955 the owner bought the now in question vacant land property to be used as a parking lot for customers and employees, with no fee charge; that there has been such a demand for front wheel alignment when new tires are bought that the owner had to refer customers to other places to have the work accomplished, and they feel that they have been losing a certain amount of tire business, and they therefore now wish to install their own machine in their own building; that although the use of the proposed building is contrary to the business district, the presence of this type of building among

the numerous business uses on this street cannot be considered detrimental to the interests or character of such adjacent properties; that off street parking will be provided for waiting cars and a waiting room for customers has also been provided for in the proposed new building; and

WHEREAS, the applicant states that the present owner has held title to the property since May, 1955, and that the assessed valuation of land is \$8,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the construction of the building and use of the premises substantially as proposed and as indicated on plans filed with this appeal marked "Received November 22, 1957," 6 sheets, and "April 3, 1958," one sheet, as amended by revised plans marked "Received June 11, 1958," 3 sheets, as a one-story building for wheel alignment and brake adjustments and garage and the balance of the premises to be occupied for parking provided the construction of the building shall comply with the requirements of the Building Code; that the portion to be used for parking shall be leveled substantially to the grade of 30th Avenue and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that the exits from such lot may be by means of entrance at 30th Avenue where shown, 20 feet in width, fitted with gates, with curb cut opposite not exceeding 14 feet in width; that along the lot lines there shall be constructed a woven wire fence of the chain link type on a masonry base to a total height of not less than five feet six inches and including the portion of the premises within the residential district, as shown, and across the easterly lot line of Lot 21 adjoining owned by others; that the sidewalk and curbing in front of the premises shall be reconstructed or restored to the satisfaction of the Borough President; that under Section 7e there may be motor vehicle repairing including front wheel alignment and brake adjustment requiring the use of hand tools and portable electric machines; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the parking herein permitted shall be solely used by the Firestone Tire Company, occupant of the adjoining one-story brick building on Lot 22, and for its customers and employees; that the gates in the fence to 30th Avenue shall be normally closed when the lot is not in use; that nearby streets shall not be used for testing brakes; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

721-39-BZ—Vol. III

APPLICANT—New York Telephone Company, owner.

SUBJECT—Application reopened March 25, 1958 as Vol.

III—decision of the Borough Superintendent, under sections 7d, 9A and 21 of the Zoning Resolution, to permit in a residence use, "E-1" area and class ½ height district, the extension of the existing telephone exchange building by erecting a third floor to the existing two-story and cellar building, the proposed third story encroaches on the required setbacks, exceeds the permitted area coverage, exceeds the permitted height and is located within two (2) miles of an airport.

PREMISES AFFECTED—182-08 to 182-26 140th Avenue, south side, from 182nd to 183rd Streets; 140-01 to 140-09 182nd Street and 140-02 to 140-10 183rd Street, Block 13040, Lot 1, Springfield Gardens, Borough of Queens.

ert and Commissioner Sleeper 3

Negative: 0

Absent: Vice Chairman Keating and Commissioner
Foley 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on March 25, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; and

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 140th Avenue, 182nd Street, 183rd Street and 141st Avenue are in a residence use, E-1 area class ½ height district; that as of July 25, 1916 the property was zoned as an undetermined use district, class 1 height and D area district; that effective June 3, 1927 the property was rezoned from undetermined use to residence use district; that effective June 30, 1952 it was rezoned from class 1 to class ½ height district and from D to E-1 area district; that there is no petition pending before the City Planning Commission for any change in these designations; and

WHEREAS, the decision of the Borough Superintendent, dated February 25, 1958 acting on Alt. Applic. No. 301-58, reads:

"1. The proposed extension of a commercial bldg. on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R.

2. Provide the req'd setback in an E-1 district as per Sec. 15A(c) of the Z.R.

3. The proposed extension exceeds the permitted coverage in an E-1 district and is contrary to 15-A(d) of the Z.R.

4. The height of the proposed extension is contrary to Art. 3, Sec. 8(b) of the Z.R.

5. The existing building is within 2 miles of the New York International Airport and the proposed extension is contrary to Sec. 9-A of the Z.R.

6. The total floor area now exceeds 2.5 and 1.9 of the area of the lot and the additional area due to the extension is contrary to Sec. 15-A(e) of the Z.R.

The premises have been the subject of a variance by the Board under Cal. #721-39-BZ. Secure approval from the Board for the proposed changes."

and

WHEREAS, the applicant states that the premises consist of a plot, 119.5 feet frontage by 200 feet in depth; that it is proposed to erect a third story upon the existing building, which would increase its height to 59 feet 1¼ inches; that the building is of fire resistive construction with steel framework and reinforced concrete floors and roof; that the exterior masonry walls are faced with red brick and ornamented with limestone trim; that the proposed addition will be architecturally and structurally in keeping with the existing building; and

WHEREAS, the applicant states that the owner purchased these premises in two separate parcels; that in July, 1926 the Company acquired title to the major portion of the premises with frontage of 200 feet on 140th Avenue and 100 feet on 182nd Street and 183rd Street; that in December 1946 the remaining portion which abutted the south side of the original parcel and extended 200 feet through the block between 182nd and 183rd Streets, with frontages of 19.5 feet on each street, was purchased; that the original portion of the existing building was a two story and base-

ment structure which the Company erected in January 1928 on the parcel acquired by it in 1926; that it was L shaped, extending 95 feet and 103 feet 3 inches along 183rd Street and 140th Avenue, respectively; that in order to meet the increased demands for telephone service in the area served by this Exchange, the Company constructed in June, 1940 a two story and basement lateral extension 60 feet by 54 feet at the rear of the original building, making it almost square in shape, and in 1948 the Company erected a two story and partial basement lateral extension at the rear of the then existing building, on the parcel acquired by it in 1946, which extended the building to 182nd Street; that the 1940 and 1948 extensions were made pursuant to variations granted under Cal. No. 721-39-BZ; and

WHEREAS, the applicant states that due to the rapidly expanding New York International Airport, which is served by the Laurelton Exchange Building, and the very extensive building development taking place in the remainder of the area served by this Exchange, there is now a greatly accelerated increase in the demand for telephone service, and as a result, this Exchange has almost reached its capacity; that at present it houses 38/10 crossbar dial units; that equipment additions scheduled for completion this year will enlarge the capacity to four full size units which will exhaust all available space in the building; that on the basis of current estimates, this additional equipment will be adequate to care for the telephone demands in the Laurelton Exchange area until the middle of 1959, which is prior to the time that the proposed addition can be completed; that present schedules contemplate the completion of the proposed addition by February 1959 and installation of the new central office equipment by August 1959, provided that the Company is permitted to proceed with the proposed addition at the earliest possible date; that the original Exchange Building was erected in 1928 on property purchased in 1926 as the most suitable site for a central telephone exchange building to serve this area and it was not until 20 years later that the New York International Airport was erected at Idlewild; that the subject property is located about one mile from the boundaries of this airport; that under the provisions of Section 9A, the height exception based on setbacks, are inapplicable to property located within two miles of such boundaries except pursuant to a variance granted by the Board; that as stated above, effective June 30, 1952 the property was rezoned from class 1 to class ½ height district; that strict compliance with Section 9A presents practical difficulties and unnecessary hardships in that at this time there is a compelling necessity for enlargement of the building, which would be frustrated by the application of the provisions of Section 9A; and

WHEREAS, the applicant contends that in view of the fact that this Exchange Building was established 20 years before the Airport, a grant of the requested height variance would be in harmony with the general intent of the Zoning Resolution; and

WHEREAS, the applicant further contends that Objections 1, 2 and 3 issued by the Borough Superintendent are largely technical in nature for the reason that the portion of the residence use district involved is already occupied for telephone exchange purposes, and plans provide for no construction at ground level but merely the addition of a third story to an existing building; that the height of the existing building, although conforming to the regulations in effect at the time of construction, is in excess of that now permitted; that a further variation is requested so that the outside walls of the proposed addition may be aligned with the outside walls of the existing building; that strict compliance with the setback provisions of Section 8b presents practical difficulties and unnecessary hardships in that a building conforming therewith would not permit proper arrangement of, or sufficient space for the required central office equipment; that in order to provide the required wall setback on the 140th Avenue side of the building, it would be necessary to reinforce the steel frame of the present roof—future third floor; that this would introduce unusual construction difficulties and constitute a potential hazard to

MINUTES

the existing telephone equipment on the second floor during the construction period; that a further factor which makes strict compliance with this Section difficult is that the required setback on the third floor along the 140th Avenue side of the building would force abandonment of the existing wall cable ducts which will be necessary to carry cable between the basement cable vault and a main distributing frame which is planned to be located on the third floor along the 140th Avenue side of the building, in keeping with sound engineering practice; that with respect to objection No. 6, the property was zoned since 1916 as a Class D area until 1952 when it was rezoned as Class E-1 area district; that at that time the floor area provisions of Section 15e of the Resolution became applicable to the existing building; that under the circumstances present here, strict enforcement of these provisions would impose not only great practical difficulties but unnecessary hardships; and

WHEREAS, the applicant states that the present owner has held title to the property since July 1926 and December 1946; that the assessed valuation of land is \$15,600 and of the building \$3,733,200 making a total of \$3,748,800; that the building was erected in 1928, 1940 and 1948; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted in the public interest; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions d and 9A of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7d, 9A and 21, to permit the extension in area and height of the building, as proposed and indicated on plans filed with this application, marked "Received March 4, 1958", 22 sheets, and "April 25, 1958", 1 sheet, *on condition* that the building shall not be further increased in height or area than as now proposed, and that in all other respects shall comply with all laws, rules and regulations applicable thereto; that the building may be continued to be occupied by the New York Telephone Company or its successors; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

370-42-BZ—Vol. III

APPLICANT—Andrew DiCamillo, for Joseph Coscia, owner.

SUBJECT—Application reopened January 28, 1958, as Vol. III—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, auto laundry, lubritorium, motor vehicle repairs and storage and parking of more than five (5) motor vehicles on the unbuilt upon portion of the site.

PREMISES AFFECTED—9243-9251 4th Avenue, east side, 129 feet 11 $\frac{3}{8}$ inches north of 94th Street and 9240-9248 5th Avenue, Block 6108, Lots 7, 9 and 11, Borough of Brooklyn.

WHEREAS, this application was reopened as Vol. III on January 28, 1958, subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 13, 1958, after due notice by publication in the Bulletin; laid over to May 20, 1958, at the request of the objector; then to June 17, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 4th Avenue, 92nd Street, 94th Street and 5th Avenue are in a retail use, C area, class 1 $\frac{1}{4}$ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 18, 1957, acting on N.B. Applic. 2225-57, reads:

"1. Proposed building and premises, on a plot in a retail district, to be used for gasoline service station, auto repairs and lubritorium and storage of motor vehicles on the open space is contrary to Art. II, PP. 4-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 103 feet 11 $\frac{1}{2}$ inches frontage by 102 feet 8 inches and 74 feet 2 $\frac{1}{2}$ inches in depth; that lots 7 and 9, with a frontage of 83 feet 11 $\frac{1}{2}$ inches on 4th Avenue and the full depth of the plot through to 5th Avenue is presently occupied for used car sales, parking and storage of more than five motor vehicles and for which Certificate of Occupancy No. 133063 has been issued; that lot 11, with a frontage of 20 feet 9 $\frac{1}{2}$ inches on 4th Avenue and a depth of 102 feet 8 inches is now vacant, with the exception of a small vacant office; that it is proposed to construct a one story brick and concrete block building 30 feet by 60 feet and 14 feet in height, to be used for auto repairs, lubritorium, auto laundry and office; that it is proposed to use the open area as a gasoline service station and parking of motor vehicles, and a variance is requested for this occupancy; and

WHEREAS, the applicant states that the proposed improvements will enhance the character and appearance of the property over that which now legally exists; that the premises will be improved with a modern building and the area fully paved; that the premises will be architecturally treated with some landscaping and brick walls, separating subject premises with adjoining properties; that the premises will have a feeling of openness, rather than a lot crowded with cars, as at present; and

WHEREAS, the applicant contends that there is at this time a non-conforming use on the adjoining plot—Block 6108, Lot 12, namely an automobile laundry; that Fourth Avenue is a heavily trafficked avenue and a gas station at this point would not be hazardous for the neighborhood; that the immediate neighborhood is well developed, not only with small dwellings, but apartment houses as well and therefore there will be considerable local as well as transient support for said occupancy; that there is no gas station in the area of notification; that this plot does not economically lend itself to any other improvement than that requested; that the owner will scrupulously adhere to all rules and regulations for safeguards as may be set by the Board, and a variance is requested for a term of fifteen years; and

WHEREAS, the applicant states that the present owner has held title to the property since October 30, 1951; that the assessed valuation of land is \$25,100 and of the building \$500 making a total of \$25,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term

MINUTES

of fifteen years to permit the premises to be occupied as a gasoline service station substantially as proposed and as indicated on plans filed with this application marked "Received December 20, 1957," 5 sheets, "March 6, 1958," 2 sheets, "April 2, 1958," one sheet, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be arranged, constructed and designed and landscaped as indicated on plans above cited; that the accessory building shall be of the location where shown, without cellar and shall comply with the requirements of the Building Code; that on lot lines where walls of adjoining buildings do not occur there shall be erected a masonry wall not less than five feet six inches in height; that where walls of buildings occur on the lot lines the walls shall be faced with brick with the consent of the adjoining owner; that curb cuts shall be restricted to two curb cuts to Fifth Avenue each 30 feet in width and the existing curb cuts to Fourth Avenue may be continued where shown provided the curb cuts do not exceed 30 feet in width each and the curbing is restored for the balance of the frontage; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved storage tanks; that the premises shall be paved with asphalt or concrete where not occupied by accessory building and pumps; that sidewalks and curbing abutting the premises on Fifth Avenue and Fourth Avenue shall be constructed or reconstructed and restored to the satisfaction of the Borough President; that under Section 7i there may be motor vehicle repairing with hand tools only for adjustments with hand tools maintained solely within the accessory building; that under Section 7e for a similar term there may be parking of motor vehicles of the pleasure car type only on such portions of the site as will not interfere with the servicing of the station; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection within the building line of Fifth Avenue and also on Fourth Avenue, where shown, post standards each for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such signs to extend beyond the building line for a distance of not more than four feet; that such portable fire-fighting appliances shall be maintained as the Fire Commisisoner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

569-46-BZ—Vol. III

APPLICANT—Abraham N. Horwitz, for Harry and Harriet Weiner, owners.

SUBJECT—Application reopened March 4, 1958 as Vol. III—decision of the Borough Superintendent, under sections 7c and 7e of the Zoning Resolution, to permit in a residence use district the maintenance of an office and warehouse for the distribution of books, magazines, periodicals and newspapers and the installation of a gasoline tank and pump.

PREMISES AFFECTED—49-10 47th Avenue, south side, 30 feet east of 49th Street, Block 2287, Lot 28, Woodside, Borough of Queens.

APPEARANCES—

For Applicant: Abraham N. Horwitz.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on March 4, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin;

laid over to June 17, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 47th Avenue, 49th Street and 48th Avenue are in a residence use, C area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 13, 1958 acting on Alt. Applic. No. 2213-57, reads:

"1. Proposed change in occupancy from office & warehouse to office & warehouse (distribution of books, magazines, newspapers & periodicals), storage of motor vehicles & installation of gasoline tank & pump is contrary to Art. II Sec. 3 of the Zoning Resolution & not in accord with the Resolution by the B.S.&A. under Cal. #569-46-BZ, Vol. 31, Bull. 39."

and

WHEREAS, the applicant states that the premises consist of a plot, 99.53 feet frontage by 115.05 feet in depth, irregular; that it is proposed to permit the maintenance of an office and warehouse for the distribution of books, magazines, periodicals and newspapers and the installation of a gasoline tank and pump; and

WHEREAS, the applicant states that the premises under appeal has been the subject of prior variations by the Board; that the variance heretofore granted permitted the change in occupancy from a public garage to storage warehouse and office; that pursuant to said variance as amended, the premises were leased for use as a paper storage warehouse and offices to a jobber of paper and twine; that the said tenant has removed from the premises, which remained vacant for some time; and

WHEREAS, the applicant further states that the owner has secured a new tenant engaged in the business of distributing books, magazines, periodicals and newspapers; that in addition, the tenant desires to store its small delivery trucks and install and maintain one 550 gallon gasoline tank for use in connection with the operation of said distributing business; that the gasoline is not to be sold to the public and is to be used solely by the tenant in the operation of its business; and

WHEREAS, the applicant contends that the substitution of the present occupant in place of the paper and twine tenant under such safeguards and requirements of the Board would be in harmony with the general purpose and intent of the Building Zone Resolution; and

WHEREAS, the applicant states that the present owners have held title to the property since May 25, 1929; that the assessed valuation of land is \$28,000 and of the building \$33,000 making a total of \$61,000; that the building was erected in 1924; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the Committee recommended that the application should be granted.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted by the Board under Vol. II on September 17, 1946, as thereafter amended by resolutions adopted through October 29, 1954, to permit the change of use as now proposed and indicated on plans filed with this application, marked "Received February 18, 1958", 4 sheets, *on condition* that such change of use may be for a term of five years; that the existing tank and pump near the entrance may be maintained; and that in all other respects the requirements of the above cited resolutions shall be complied with; that all permits shall be obtained and all work completed within six months from the adoption of this resolution.

171-53-BZ—Vol. II

APPLICANT—Samuel Rosenblum, for Pacwest Realty Corp., owner.

SUBJECT—Application reopened January 21, 1958 as Vol. II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a restricted retail use district, facilities for gasoline service or oil selling for

MINUTES

occupants only in connection with the garage, presently approved, located in the sub-cellar, cellar, first floor and mezzanine of a 22 story building now under construction.
PREMISES AFFECTED—660-666 Madison Avenue, 8-28 East 61st Street, southwest corner and 13-19 East 60th Street, Block 1375, Lot 56, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum.

For Opposition: None

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating,

Commissioner Kleinert and Commissioner Sleeper.... 4

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 21, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; laid over to June 3, 1958, for further consideration; hearing closed; then to June 17, 1958, for revised plans as to proposed gasoline tank storage installation; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 60th Street and Madison Avenue are in a restricted retail use, B area, class 1½ and class 2 height district; East 61st Street and Fifth Avenue are in restricted retail and residence use, B area, class 1½ and class 2 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated December 10, 1957 acting on amendment to N.B. Applic. No. 16-1953, reads:

"4. Gasoline service or oil selling station is not permitted in a restricted retail use district. Bldg. located in a restricted retail and residence use district."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 feet, 100 feet and 127 feet 5 inches frontage by 200 feet 10 inches in depth; that it is proposed to install in the sub-cellar four gasoline tanks of 550 gallon capacity each, properly encased in 12 inch concrete and installed in complete conformance with the regulations of the Fire Department and Building Department; that pumps for the filling of cars will be at the first floor level; that the use of these facilities are for tenants or their employees, customers or patrons of the building; that it is not intended to supply the general public or outsiders and no exterior advertising signs are to be installed; that the proposed office building is now under construction as per plans previously approved and in accordance with the variations heretofore granted by the Board under calendar number 171-53-BZ; and

WHEREAS, the application has been considered by the Board not only on the basis of what the Administrative Code provides but as to a revised plan with tanks enclosed so inspection could be made, in view of the proposed gasoline equipment being in the sub-basement and the pumps on the street floor; and the Board also considered that this would be an undesirable precedent for gasoline storage installations in buildings having garages below grade in connection with office structures; and the Committee found that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on amendment to N.B. App. 16/53, Objection No. 4 be and it hereby is affirmed and the application be and it hereby is denied.

939-53-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Iandor Realty Corp., owner; Roadside Tavern, Inc., lessee.

SUBJECT—Application reopened February 4, 1958, as Vol. III—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a

residence and business use D1 area district, the erection of a two story extension and second floor addition to an existing one and two story building for use as waiters' dressing room and storage on the first floor, and storage, kitchen, dressing and reception, office and banquet room on the second floor, the proposed extension to encroach on the required setbacks and provide a 60 foot extension to the existing parking lot.

PREMISES AFFECTED—2544 Flatbush Avenue and 4201-4223 Avenue V, northwest corner and 2245-2283 Hendrickson Street, Block 8559, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Abraham Waldman, Sara Quade, Lucille Sacona, Friede Demott and E. Fernandez.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on February 4, 1958, subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 20, 1958, after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; applicant to report to Board as to opening on Hendrickson Street, not previously permitted by the Board, and also as to proposal for grading the property; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Avenue V are in residence and business use, D and D-1 area, class ½ height districts; Flatbush Avenue is in a business use, D area, class ½ height district; Avenue U is in business and retail use, D area, class ½ height districts; Hendrickson Street is in residence and retail use, D and D-1 area, class ½ height districts; that as of July 25, 1916, the entire premises were in an unrestricted use district, class one height district and a class D area district; that the present use designations became effective July 29, 1940, and the present height designation became effective August 25, 1955; that the present area designation for that part of the site within 100 feet of Hendrickson Street became effective July 25, 1955; and

WHEREAS, the decision of the Borough Superintendent, dated January 9, 1958, acting on Alt. Applic. No. 3634-57, reads:

"1. The proposed extension abutting Hendrickson Street which is located in a residence use district, D-1 area district, is contrary to Art. II Sec. 3 and Art. IV Sec. 14A, subdiv. (d) of the Zoning Resolution.

"2. The proposed increase in height of portions of the existing building located partly in a residence use district and partly in a business use district, is contrary to Art. II Section 3 of the Zoning Resolution and to terms of a conditional variance granted by the Board of Standards and Appeals under Cal. No. 939-53-BZ.

"3. The proposed increase in size of the existing parking lot partly in a residence use district and partly in a business use district is contrary to Art. II Section 3 of the Zoning Resolution and to the conditional variance granted by the Board of Standards and Appeals under Cal. No. 939-53-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 400 feet frontage by 200 feet in depth, presently developed with a one and two story building of class 1 and class 3 construction, having a frontage of 140 feet and a depth of 180 feet and now occupied as follows; cellar—boiler room, storage and dressing rooms; first floor—restaurant, dancing, dining, cabaret, catering; mezzanine—dining and dancing; second floor—office; that the open area is being used for parking of patrons' cars—fee charged; that it is proposed to erect a two story extension of class 1 construc-

MINUTES

tion 19 feet 5 inches by 71 feet 4 inches facing Hendrickson Street, extend the second floor by erecting two new extensions of class 1 construction, 39 feet by 85 feet and 42 feet by 55 feet; that it is further proposed to maintain the present legal uses as mentioned above; that it is proposed to add new uses on the first floor of waiters' dressing room and storage, and to add the new use on the second floor of storage, kitchen, dressing and reception rooms, offices and banquet room; that it is also proposed to maintain in the open area the parking of patrons' cars—fee charged; and

WHEREAS, the applicant states that Department of Buildings records show that under Alt. Applic. No. 1919-1952 and under Cal. No. 939-53-BZ and Cal. No. 940-53-A, permission was granted to use the building as follows: cellar—boiler room, storage and dressing rooms; first floor—cabaret and catering, restaurant, dancing, dining; mezzanine—dining and dancing; second floor—room for caretaker; open area—parking of patrons' cars; and

WHEREAS, the applicant contends that the omission of the required setback on Hendrickson Street cannot possibly have an adverse effect upon adjoining properties that start at least 300 feet to the north of the proposed extension; that the increase in height of the building is permitted for that portion of the building in the business use district, and inasmuch as the extension is upward, it cannot possibly affect any of the adjoining properties to the north of the site; that the increase in the parking area is permitted in the business portion of the plot; that the increased size of the parking area helps to make the operation of this restaurant a self-contained unit; and

WHEREAS, the applicant states that the present owner has held title to the property since March 31, 1955 and October 25, 1956; that the assessed valuation of land is \$70,700 and of the building \$285,200 making a total of \$355,900; that the building was erected in 1937; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board and the committee recommends that the application for extension of the building and the parking area should be granted under certain conditions designed to protect adjoining owners including no entrance or exit at any point to Hendrickson Street.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 22, 1954, under Vol. II, by adding thereto:

that in the event the owner desires to extend the building as indicated on plans filed with this application marked "Received January 16, 1958," 6 sheets, "January 13, 1958," one sheet, "April 4, 1958," one sheet and "April 16, 1958" two sheets, such extension to the building may be permitted as indicated on such plans consisting of proposed addition to the kitchen and pantry, and an artist's reception room and dressing room, and to permit under Section 7e additional parking area to the north *on condition* that such area shall be paved similar to the adjoining parking area; that along the lot lines adjoining Lots 27 and 54 there shall be erected a woven wire fence of the chain link type not less than five feet six inches in height on a masonry base to which shall be attached on the adjoining owner's side split saplings of similar height with the finished side of the saplings toward the adjoining owner; that there shall be no openings of any kind for motor vehicles to enter Hendrickson Street; that the requirement of the previous resolution that there shall be no such entrance shall be adhered to, and the entrance thereto shall be removed and closed with the required fencing; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution.

940-53-A—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Iandor Realty Corp., owner; Roadside Tavern, Inc., lessee.

SUBJECT—Appeal filed from a decision of the Borough

Superintendent reopened February 4, 1958, to consider an extension in area.

PREMISES AFFECTED—2544 Flatbush Avenue and 4201-4223 Avenue V, northwest corner and 2245-2283 Hendrickson Street, Block 8559, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the decision of Borough Superintendent dated January 9, 1958, on Alteration Application 3634/57 reads:

"1. Area of Class III building with proposed extension will exceed the permissible area under Section 4.2.1 of the Administrative Code."

and

WHEREAS, the applicant states that the building is two stories, 26 feet in height, 200 feet front by 140 feet in depth, of Class 1 and Class 3 construction, erected in 1937, located on a lot 400 feet front by 200 feet in depth and in a business and residence use D and D-1 area, Class ½ height district and used and occupied since 1937 as follows: cellar—boiler room, storage and dressing room, 15 persons; first floor—restaurant, dancing, dining, cabaret and catering, 1550 persons; mezzanine—dining and dancing, 275 persons; second floor—offices, 2 persons; and

WHEREAS, Certificate of Occupancy No. 150561 issued September 20, 1956 against Alteration Application 1919/52, permits the following use and occupancy: cellar—boiler room, storage and dressing room, number of persons not stated; first floor—restaurant, dancing, dining, cabaret and catering, 1550 persons; mezzanine—dining and dancing, 275 persons; second floor—room for caretaker, and permits the use of the open area of the lot for the parking of patron's cars or in accordance with resolutions adopted by the Board under Cal. No. 939-53-BZ and 940-53-A; and

WHEREAS, the applicant states that the existing building is 1 and 2 stories, Class 1 and Class 3 construction, having a frontage of 140 feet and a depth of 180 feet; that it is proposed to erect two, 2 story extensions of Class 1 construction, 19 feet 5 inches by 71 feet 4 inches in area facing Hendrickson Street, and extend the second floor by erecting two new extensions of Class 1 construction, 39 feet by 85 feet and 42 feet by 55 feet in area; and to maintain the present legal uses; and to add on the first floor the additional use of waiter's dressing room and storage and on the second floor the additional use of storage, kitchen, dressing and reception room, offices and banquet room; and

WHEREAS, the applicant contended in that the entire building as extended will have an area of 25,570 square feet; that the allowable area for Class 3 construction fronting on three streets is 17,500 square feet so that the proposal exceeds the allowable area by 8,070 square feet; that inasmuch as at least 75% of the building is of Class 1 construction and the new extensions will be of Class 1 construction and as the building faces on three streets and is more than 250 feet from the northerly lot line it is requested that this application be granted on condition that such portable fire extinguishing apparatus be installed as may be directed by the Fire Commissioner; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal should be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated January 9, 1958, acting on Alt. App. 3634-57, Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution as adopted this day under Cal. No. 939-53-BZ, Vol. III are complied with; and that the building shall not be further extended in area or height.

MINUTES

787-55-BZ—Vol. II

APPLICANT—J. G. L. Molloy, for B. Kerner & Son, Inc., owner.

SUBJECT—Application reopened April 29, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a business use district, the increase in the area of the gasoline service station by the addition of the adjoining lot 49 in block 345.

PREMISES AFFECTED—160-168 Ridge Street and 339 East Houston Street, southeast corner, Block 345, Lots 44, 48 and 49, Borough of Manhattan.

APPEARANCES—

For Applicant: J. G. L. Molloy and Irving Kerner.

For Opposition: Hiram Kleinstein, David Schwartz, Lewis Glusman and Sophie Glusman.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 29, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 17, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East Houston Street, Stanton Street, Ridge Street and Pitt Street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 18, 1958 acting on amendment to N.B. Applic. No. 132-55, reads:

"1. The proposed increase in area of site for a gasoline service station, lubritorium, minor car repairs with hand tools only, car washing, office, sales area, utility room and parking and storage for more than 5 motor vehicles, in process of being erected under B.S. & A. Cal. #787-55-BZ, located in a Business Use District, is contrary to Art. II, PP. 4 (15) (29) (46) & (52) Zoning Resolution and must therefore be referred back to the Board of Standards & Appeals to include same."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 feet frontage by 100 feet in depth, occupied as a gasoline service station; and

WHEREAS, the applicant states that on February 5, 1957, the Board granted, for a term of fifteen years, permission to occupy the subject premises as a gas station and accessory uses on certain conditions, and thereafter the owner proceeded in accordance with the resolution and the new structures are now under construction; that however, since the adoption of the resolution and commencement of construction, the owner purchased lot No. 49 in block 345, which lot adjoins the subject premises to the east; that the owner thereupon filed a new plan for the layout of the premises, with lot 49 included, and received an objection from the Building Department dated February 4, 1958; that submitted with this application is a copy of plan showing change in the layout as proposed; that the pumps are shown 18 feet from the street building line, and the two curb cuts on Ridge Street are shown as 30 feet each, as previously granted by the Board; that the curb cut on East Houston Street is shown as 30 feet since the increase in area increases the frontage on East Houston Street from 25 feet to 50 feet for the full depth of the entire plot; and

WHEREAS, the applicant contends that the increase in area will enable the owner to have a substantially better and much more efficient gas station and will be a decided improvement for the neighborhood; that the inclusion of the additional area does not affect any additional owners other than those affected on the previous application, all of whom had of course notice of the previous application; that this

is so because the extension of the 400 foot distance east along East Houston Street another 25 feet does not bring in any new owners in the affected area; and

WHEREAS, the applicant states that the present owner has held title to lots 44 and 48 since March 1949 and to lot 49 since December 16, 1957; that the assessed valuation of land is \$34,500 and of the building \$22,500 making a total of \$57,000; that the building is now under construction; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 5, 1957 by adding thereto:

"To permit the extension of area by inclusion of Lot 49 as now proposed and indicated on plans filed with this request for amendment filed under Volume 2 and marked, "Received April 2, 1958", 1 sheet, and "May 14, 1958", 3 sheets, on condition that the brick walls of the adjoining building on Lot 50 shall be faced with brick or stucco with the consent of the owner; that from such building to that rear lot line there shall be erected a woven wire fence of the chain link type not less than 5 feet 6 inches in height; that in view of the removal of buildings on lots at the rear facing on Pitt Street similar fences shall be erected along the side lot lines and rear line to provide a complete enclosure of the gasoline station's area as previously permitted and as herein amended; that in all respects the requirements of the resolution as adopted on February 5, 1957, shall be complied with where not inconsistent with the terms of this resolution; and that all permits shall be obtained and work completed within six months from the date of this amendment."

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 69th Street are in a residence use, D area, class 1 height district; Calamus Avenue is in a residence use, C area, class 1½ height district; 52nd Avenue and 69th Place are in a residence use, D area, class 1 height district; that as of July 25, 1916 the property was zoned as a business district and the present residential zoning became effective on March 25, 1954; that the height and area designations have not been changed since July 25, 1916 and no zoning amendments are pending at the present time; and

WHEREAS, the decision of the Borough Superintendent

MINUTES

dated February 7, 1957 acting on Alt. Applic. No. 2577-55, reads:

"1. Proposed use of premises located in a residence use district as an office and tinsmith shop is contrary to Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 100 feet in depth; that the building in question is 35 feet by 24 feet, one story, of concrete block construction, with a brick facade and without cellar; that it is situated to the rear of a 75 foot by 100 foot plot—Block 2456, Lot 15—and was constructed and used as a two truck garage since its construction in 1941 under N.B. Applic. No. 6397-41; that it is situated to the rear of the said tax plot and in the center thereof with approximately 25 feet from east side lot line; that there is a two family frame residence fronting the street on the same plot, which building will not be affected and no variance is sought as to the residence; and

WHEREAS, the applicant further states that the lessee has been storing its material in said building since it rented the same and has installed toilet facilities and sink and maintained an office in said garages without filing plans; that they received a violation and paid a ten dollar fine; and

WHEREAS, the applicant contends that the only machines maintained on the premises are a manual type to crimp sheet metal into forms for gutters and like products; that there is only one man left on the premises who answers the phone, crimps the metal, etc.; that the primary use of said building, outside of this one machine, is for storage of the sheet metal materials; that the lessee has been in possession of said premises since 1954 and, as can be seen from the large number of consents filed with this case, has not in any manner or means disturbed his neighbors; that he now desires to legalize the use of said building by obtaining a variance from the Board to permit the use of said premises as per plans filed with this case; and

WHEREAS, the applicant states that the present owner has held title to the property since October 28, 1954; that the assessed valuation of land is \$4,500 and of the building \$6,500 making a total of \$11,000; that the building was erected in 1941; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 2577/55, Objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

388-57-BZ

APPLICANT—Morris Hannes, for Elizabeth Russo, owner; Michael Ezzo, lessee.

SUBJECT—Application May 14, 1957—decision of the Borough Superintendent under sections 7e, 7g and 7h of the Zoning Resolution, to permit in a residence use district, a garage for more than five (5) motor vehicles, motor vehicle repairs with hand tools only and the parking and storage of more than five (5) cars on the unbuilt upon portion of the lot.

PREMISES AFFECTED—2822 West 22nd Street, west side, 155 feet south of Neptune Avenue, Block 7016, Lot 17, Borough of Brooklyn.

APPEARANCES—

For Applicant: Morris Hannes.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bulletin; and

Laid over from May 20, 1958, to June 17, 1958, for inspection and decision; hearing closed. Applicant to amend his application to omit parking in rear portion of plot and file revised plans.

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1 height district; West 22nd Street and West 23rd Street are in business, local retail and residence use, C area, class 1 height districts; Neptune Avenue is in a business use, C area, class 1 height district; Mermaid Avenue is in a local retail use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 3, 1957 acting on Alt. Applic. No. 2719-56, reads:

"5. Proposed change of occupancy to Garage for more than 5 motor vehicles and motor vehicle repairs with hand tools only and parking and storage of more than 5 motor vehicles on the unbuilt portion of the lot in a Residence Zone is contrary to Art. II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 feet frontage by 118 feet 9¾ inches in depth, on which is located a building erected in 1920 as a garage for two motor vehicles and storage, and occupied by a builder and contractor for his trucks and storage of building materials; that he did minor repairs to his own motor vehicles used in his business; that at the time of erection the building, which is 20 feet by 68 feet in area, was located in a business use district; that it is proposed to use this one story building for storage for a maximum of six cars, which is the maximum that the building can accommodate, with the privilege of providing facilities for minor repairs with hand tools only in the building, and the parking of motor vehicles in the yard; and

WHEREAS, the applicant contends that at the time of erection of the building, it was legal to use this building for the storage of five motor vehicles in the then business use district in 1920; that this building for two car garage and storage became a non-conforming use when the Zone was changed to residence on September 25, 1921; and

WHEREAS, the applicant further contends that there will be no signs erected indicating minor repairs as this will be confined to regular customers of the lessee; that the only signs will be that required by the License Department and the space for parking will be assigned to certain persons living in the neighborhood, and not to transients; that the use of six cars in the building is only one more than was legal to use at the time of erection in 1920, and the minor repairs to the cars is a continuance of the minor repairs to the motor vehicles owned by the contractor who stored them on the premises; and

WHEREAS, the applicant states that the present owner has held title to the property since August 1948; that the assessed valuation of land is \$2,000 and of the building \$1,200 making a total of \$3,200; that the building was erected in 1920; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e and 7i for a term of five years to permit the existing garage building to be occupied for motor vehicle repairs with hand tools only and for storage of more than five motor vehicles within the building and the rear yard as proposed, provided

MINUTES

the rear yard is paved with asphalt and fences of the woven wire chain link type are erected on the lot lines to the east, west and south; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

519-57-BZ

APPLICANT—Albert Melniker, for Jo Mar Di Realty Corp., owner.

SUBJECT—Application July 9, 1957—decision of the Borough Superintendent under Sections 7f and 7i of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, sale of accessories, minor motor vehicle repairs with hand tools, parking of more than five (5) motor vehicles for a stated term of fifteen (15) years.

PREMISES AFFECTED—2071 Victory Boulevard and 8 Bradley Avenue, northwest corner, Block 462, Lot 35, Fairview Heights, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker and Peter Cirillo.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1958 after due notice by publication in the Bulletin; laid over to March 25, 1958, for further consideration after applicant has filed an administrative appeal under Section 35 of the General City Law; then laid over, date to be set, for inspection and decision; hearing closed; now set for June 17, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Victory Boulevard, Bradley Avenue, Mann Avenue and Marble Street are in a retail use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 5, 1957 acting on N.B. Applic. No. 73-57, reads:

1. Proposed gasoline service station, lubritorium, sale of accessories, minor motor vehicle repairs with hand tools, parking for more than 5 motor vehicles and sale of motor vehicles located in a Retail Use District is contrary to Art. II Sect. 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100.26 feet frontage by 162.10 feet in depth; that it is proposed to construct a one story, three bay masonry service station of an attractive design; that it will be well set back from the streets in order that there will be no interference with the clear and unobstructed view of intersecting traffic; that architecturally, the building will enhance and improve the general appearance of the area inasmuch as this will represent the latest in modern service design; and

WHEREAS, the applicant states that the site in question will be paved to provide a complete finish over the entire property; that the present site is heavily wooded and creates a barrier to visibility at this corner; that in addition, the site now has a stream traversing from south to north, which stream will be piped in and covered to meet the street grade elevations; that the adjacent property, namely the northeast corner of Mann Avenue and Victory Boulevard, is surrounded by a high hedge forming a physical barrier between the property in question and the adjoining property; that in addition to this, both Mann Avenue and Byrne Avenue are dead end streets and are not physically open

to Marble Street; that the arrangement of the proposed building and the pump island for ingress and egress have been designed to conform with the traffic pattern and for easy circulation and for lack of congestion with the traffic on Victory Boulevard and Bradley Avenue; that this property has the advantage of having a 100 foot frontage on Victory Boulevard and a 155 foot depth on Bradley Avenue, making it easily accessible to motorists approaching the proposed station from all sides; that the property in question is in a retail use district, with a depth of retail from Victory Boulevard to Watchogue Road and Marble Street, making this entire block in a retail zone; that the retail zone extends 150 feet north of Watchogue Road, with no residential areas abutting the property in question; and

WHEREAS, the applicant contends that the traffic situation, as it relates to this site, involves the feeding of automobiles and trucks into Victory Boulevard from the east and west directions, together with the feeding of vehicles into Victory Boulevard from Bradley Avenue, thus providing a concentration in the immediate area; that Victory Boulevard is designated as State Highway Route No. 439-A; that it is a connecting artery between the New York and Brooklyn ferries and Richmond Avenue, which is the connection to the Bayonne Bridge, Goethals Bridge and Outerbridge Crossing; that Victory Boulevard will also be the connection to the proposed system of Staten Island Parkways, namely, the West Shore, the Willowbrook Parkway and the Richmond Parkway; that the above parkways are scheduled for construction; and

WHEREAS, the applicant further contends that this station will be owned by the present owners and will be operated by a major oil company; that inasmuch as the proposed financing will require an amortization period of not less than fifteen years, request is made that if granted, the term be for fifteen years; that the premises at the present time are vacant and unimproved; that the proposed service station will be an improvement to the general appearance and character of this neighborhood and will render a much needed service to both the business and residential community as well as to transient traffic; and

WHEREAS, the applicant states that the present owner has held title to the property since May 10, 1957 and that the assessed valuation of land is \$7,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f, for a term of fifteen years to permit the premises to be occupied as a gasoline service station and lawful uses accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received July 9, 1957", two sheets, "February 18, 1958", one sheet, "March 5, 1958", two sheets, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of Victory Boulevard and shall be constructed and arranged and designed as indicated on plans above cited; that the accessory building shall have no cellar and shall be in compliance with the Building Code and shall be faced on all sides with face brick; that the requirements of resolution adopted this day under Calendar Number 102-58-A shall be complied with; that on all interior and rear lot lines there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than five feet six inches; that on Bradley Avenue and Victory Boulevard there may be curb cuts as shown, namely two to Bradley Avenue each 30 feet in width and two to Victory Boulevard of similar width; that the space mapped for

MINUTES

street widening along Victory Boulevard may be occupied for entrance and exit from the station but not for any building construction or equipment; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building line; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i, for a similar term, there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that under Section 7e, for a similar term, there may be parking of more than five motor vehicles so parked on spaces unbuilt upon so as not to interfere with the servicing of the station; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection within the present building line of one post standard which may carry a sign advertising only the brand of gasoline on sale and permitting such sign to extend over the building line for a distance of not more than four feet and permitting illumination of the sign; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

102-58-A

APPLICANT—Albert Melniker, for Jo Mar Di Realty Corp., owner.

SUBJECT—Application March 5, 1958—filed pursuant to section 35, General City Law re Curb cuts in bed of a mapped Street—proposed widening of Victory Boulevard.

PREMISES AFFECTED—2071 Victory Boulevard, and 8 Bradley Avenue, northwest corner, Block 462, Lot 34, Fairview Heights, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker and Peter Cirillo.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 3, 1958 on N.B. Applic. 23/57 reads:

"1. Proposed curb cuts located in bed of a mapped street is contrary to General City Law, Art. 3 and variance must be obtained from Board S & A."

and

WHEREAS, the applicant states that the premises consists of a lot 100.26 feet on Victory Boulevard with a depth of 162.10 feet, located in a retail use D area, class 1 height district, upon which it is proposed to erect a 1 story, 12 foot high, class 3 constructed building, 62 feet front by 30 feet in depth for use as a gasoline service station, lubritorium, sales of auto accessories, minor motor vehicle repairs with hand tools, parking of more than 5 motor vehicles and sale of motor vehicles; that it is more fully described under application of a zoning variance under Calendar Number 519-57-BZ; and

WHEREAS, the applicant states that the final maps of the Department Engineers of the Borough of Richmond, indicate an adopted widening of 20 feet plus or minus; that the proposed station would require 2 curb cuts on Victory Boulevard, which curb cuts would fall in the bed of the mapped street widening; that a request is therefore made for permission to install the curb cuts, sidewalks and paving of the portion of the property in question; and

WHEREAS, the Board has been advised by the President of the Borough of Richmond, under date of March 12, 1958, that Victory Boulevard within the described limits was adopted as a 100 foot street by the Board of Estimate, February 23, 1950; that since there are no proceedings pending

or proposed at the present time to establish and improve this street to its full adopted width; that it is not considered objectionable for granting permission to locate curb cuts on the existing curb line of this street; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 23/57, Objection No. One, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted, on condition* that the curb cuts and the space proposed to be acquired by the City for street widening of Victory Boulevard may be located and used as permitted in the resolution adopted this day under Cal. No. 519-57-BZ; that when acquired by the city for street widening as mapped, the post standard ground sign and curb cuts, curbing and sidewalks shall be reinstated at similar locations in relation to the new street line and compensation for the mapped area shall be as determined by the Court.

607-57-BZ

APPLICANT—John F. Fitzsimons, for Santa and Dominick LoPrete, owners.

SUBJECT—Application September 3, 1957—decision of the Borough Superintendent under sections 7e and 21 of the Zoning Resolution, to permit in a residence use, F area district, or an irregular plot presently occupied by a one family dwelling, the construction of a two-car garage as accessory to the additional use of premises for the sale of nursery stock including flowers, shrubs, trees, etc. and without the required 15 foot setback from the street line.

PREMISES AFFECTED—242-08 Hillside Avenue, south side, 9.91 feet west of 84th Road, Block 7961, Lot 43, Bellerose, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE—

Affirmative: 0
Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper... 4
Absent: Commissioner Foley..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Cross Island Parkway are in a residence use, F area, class ½ height district; Hillside Avenue and 85th Avenue are in residence and local retail use, D and F area, class ½ height districts; 241st Street is in a local retail use, D area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 19, 1957 acting on N.B. Applic. No. 2416-57, reads:

"1. The sale of nursery stock, etc. in a residential use district is contrary to Art. 2 Sec. 3 of Zone Regulations.

"2. The front wall offset of the garage is contrary to Art. 4 Sec. 16(a) of Zone Regulations."

and

WHEREAS, the applicant states that the premises consist of a plot 143.38 feet frontage by 85.82 feet in depth, irregular; that it is proposed to construct the two car garage one foot from the store buildings and one foot from the rear lot line, the front setback ranging from one foot at the westerly side wall of the garage to approximately 12 feet at the easterly side wall; that the portion of the property between the existing dwelling and the proposed garage would be devoted to the display of nursery stock; that a permit for a nine foot curb cut, as indicated on plans, was issued in connection with the construction of the existing dwelling; and

MINUTES

WHEREAS, the applicant contends that diagonally across the street at the northwest corner of Hillside Avenue and 242nd Street there is a gas station; that the premises is back to back with lots fronting on 85th Avenue, along the rear line of which lots, there are garages accessory to the dwellings erected thereon; that the proposed garage will be back to back with one of those accessory garages; that the proposed additional uses and the accessory garage will not detrimentally affect the character of the neighborhood; that the depth of the lot at its westerly side precludes the possibility of constructing a garage at that location in conformity with the requirements of the F area district regulations regarding setbacks; and

WHEREAS, the applicant states that the present owners have held title to the property since July 24, 1956; that the assessed valuation of land is \$2,800 and of the building \$8,300 making a total of \$11,100; that the building was erected in 1955; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on NB App 2416-57, Objections No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

677-57-BZ

APPLICANT—Degenhardt, Miller and Lindberg, for A. J. Fritschy Corp., owner.

SUBJECT—Application September 20, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a "C" area district, the erection of a two-story building to be used in conjunction with the existing structural steel and ornamental iron fabrication shop, the proposed addition will occupy more than the permitted area coverage.

PREMISES AFFECTED—220 Dupont Street, 121-135 Provost Street, southwest corner and 237-251 Eagle Street, Block 2497, Lot 23, Borough of Brooklyn.

APPEARANCES—

For Applicant: Harry B. Lindberg.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Provost Street, Dupont Street, Eagle Street and Oakland Street are in an unrestricted use, C area, class 2 height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 21, 1958 acting on Alt. Applic. No. 2417-57, reads:

"1. The structure as proposed exceeds the area permitted in a "C" area district by the Zoning Res., Art. IV, Sec. 13."

and

WHEREAS, the applicant states that the premises consist of a plot, 175 feet frontage by 200 feet in depth; that it

is proposed to construct a new two story addition 50 feet by 200 feet, of class one construction, for manufacturing use as an extension to the existing plant; that the yard area will be closed off at both streets with roll up steel shutters, and loading activities will be confined within the property lines; and

WHEREAS, the applicant states that the present structure and adjoining yard is used for the fabrication of ornamental iron and structural steel; that it is a modern brick and steel structure built in 1949 and now occupies 55% of the entire lot; that present zoning restrictions in a C district, even though the use is unrestricted, would limit area coverage to an additional 8346 square feet of new construction; that because of the bulky nature of the materials used in the manufactured product, usually in forty foot lengths, requiring the use of traveling overhead cranes, a minimum coverage of 10,000 square feet is very desirable; that the requested coverage would increase the permissible percentage of ground coverage from 77.8% to 82.6%, an excess of 4.8%; and

WHEREAS, the applicant contends that when present plant facilities were erected in 1949 they were adequate for the needs and means of it's owners; that today they are faced with the necessity of expansion and they are limited, of necessity, by the area of the present lot; that the neighborhood is mostly industrial in character and the trend seems to be towards industrial uses of a substantial kind; that the proposed addition to the plant will be in keeping with this trend; that it would be a hardship for the owners to be denied this needed improvement to it's facilities; and

WHEREAS, the applicant states that the present owner has held title to the property since February, 1946; that the assessed valuation of land is \$25,500 and of the building \$87,500, making a total of \$113,000; that the building was erected in 1949; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21, to permit the extension in area of the building, as proposed and as indicated on plans filed with this appeal, marked "Received September 20, 1957", 3 sheets, "April 25, 1958", 1 sheet, "May 22, 1958", 4 sheets, *on condition* that the building shall not be increased in height or area and in all other respects as to building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

834-57-BZ

APPLICANT—Sidney H. Kitzler, for Lucy Formica and August Gassillo, owners; S and R Auto Service, lessee.

SUBJECT—Application November 14, 1957—decision of the Borough Superintendent, under sections 7c and 7i of the Zoning Resolution, to permit in a business use district, the extension of the existing gasoline service station building and the extension of the uses to include motor vehicle repairs and the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—6401-6405 New Utrecht Avenue and 1458-1468 64th Street, southeast corner, Block 5748, Lot 53, Borough of Brooklyn.

APPEARANCES—

For Applicant: Sidney H. Kitzler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

MINUTES

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 17, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, New Utrecht Avenue, 64th Street, 65th Street and 15th Avenue are in a business use, C area and Class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 18, 1957, acting on Alt. Applic. 2038-57, reads:

"1. Proposed extensions to building and change of occupancy of existing gasoline station, auto laundry and accessory store to Gasoline station, lubritorium, auto washing, motor vehicle repair shop, office and accessories and parking and storage for more than 5 motor vehicles, in a Business Zone, is contrary to Art. II, P. 4a subsection 29 and 46 of the Zoning Resolution and Art. II P. 6 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 66 feet 9 inches frontage, by 98 feet 3 inches in depth; that it is proposed to build a roof and enclose the existing lubritorium, enlarge the auto laundry and repair shop, and legalize the use of the open rear portion for the parking and storage for more than 5 motor vehicles; and

WHEREAS, the applicant contends that the plot is now improved with a gasoline station established in 1922 as indicated by the Fire Department certification dated August 13, 1957, filed herewith, a one story auto laundry erected under N.B. Permit 6236-27 and for which Certificate of Occupancy 45974 is now in force and a one story office and accessory store erected under N.B. Permit 5641-22 and for which Certificate of Occupancy 16966-22 is now in force; that there is an open lubritorium on the northerly side of the plot and vacant space at the rear, used for parking and storage for more than 5 motor vehicles, for which use there is no Certificate of Occupancy; that a two car garage was built under N.B. Permit 5636-22 for which Certificate of Occupancy 13758-22 was issued, which garage has been removed; that another garage was built under N.B. Permit 5794-20 for which Certificate of Occupancy 34898-25 was issued, which has also been removed; that motor vehicles repairing has been in existence on this plot since the erection of the first garage in 1920; that the parking and storage of more than 5 motor vehicles was likewise in existence since that time; that the lubricating of motor vehicles has also been in existence since that time and is currently operating by virtue of Fire Department Permit E557000 which permits the storage of 100 gallons of lubricating oil and an air compressor for air pressure and greasing; that the business conducted on this site consists mainly in the servicing of trucks owned and operated by local firms; that the entire place closes up at 9:00 P.M. every weekday evening and at 3:00 P.M. on Sunday; that one block to the south there are gasoline stations on the northeast and southeast corners of New Utrecht Avenue and 65th Street; that adjoining the southeast corner gasoline station there is a motor vehicle repair shop and auto laundry; that adjoining the northeast corner gasoline station, there is a motor vehicle repair shop; that this appeal is based on Sections 7c and 7i of Article II of the Zoning Resolution since the character of the neighborhood will in no way be harmed because the present conditions have been in existence for about 37 years, and no radical change is being sought; that New Utrecht Avenue has an overhead elevated subway line which produces a great deal of noise 24 hours a day; that motor vehicle repairing on this site stops completely at 9:00 P.M. every weekday night; that no repairing is done and the station closes up at 3:00 P.M. on Sunday; that at the time the first garage was erected

in 1920, motor vehicle repairing was a legal permitted use in same and said use has been continued uninterruptedly ever since; that it is respectfully requested that the Board consider favorably my appeal for permission to make the improvements described and to legalize the uses required to continue the conduct of the business, which has been in existence for so many years; and

WHEREAS, the applicant states that the present owner has held title to the property since June 17, 1956; that the assessed valuation is \$12,000 and of the building \$6,000, making a total of \$18,000; and that the building was erected in 1920; and

WHEREAS, the surrounding area was previously inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c to permit the extension of use of the existing gasoline service station as originally erected in 1927, substantially as proposed and as indicated on plans filed with this application marked, "Received November 14, 1957", 5 sheets, and under Section 7i to permit the motor vehicle repairing for minor adjustments and the extension as proposed to house the greasing arrangements as indicated on plans above cited; that the rear portion of the premises may also be used for parking and storage as indicated, provided that on the lot lines there shall be erected a woven wire fence of the chain line type on a masonry base to a total height of not less than 5 feet 6 inches; that the parking area shall be paved with clean gravel or steam cinders, treated with a binder and properly rolled; that the entrance to such parking lot may be from 64th Street with a curb cut not to exceed 20 feet in width; that the existing continuous curb cut on 64th Street shall be restored and in addition to the curb cut hereinbefore permitted there may be two additional curb cuts each not over 20 feet in width with no curb cut nearer than 5 feet to a side lot line as prolonged; that the building, as shown on plans shall comply in all respects with the Building Code including signs but requiring that any roof signs or structures for a roof sign shall be removed and that all permits shall be obtained and work completed within the requirements of 22A of the Zoning Resolution.

APPLICANT—Guerino Salerni, for U-Park-It System, Inc., owner.

SUBJECT—Application November 25, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the use of vacant land for parking motor vehicles.

PREMISES AFFECTED—32-78 and 32-80 34th Street, west side, 100 feet north of 34th Avenue, Block 621, Lots 68 and 69, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Guerino Salerni.

For Opposition: Otto A. Weiss and Vincent Zanat.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper.. 4

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; 33rd Street and 34th Street are in residence and local retail use, B area, class 1½ height dis-

MINUTES

tricts: 34th Avenue is in a local retail use, B area, class 1½ height district; Broadway is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 30, 1957 acting on Alt. Applic. No. 2060-57, reads:

"1. The parking of more than five motor vehicles in a residence use district is contrary to the Zoning Resolution, Article II Section 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage by 97.48 feet in depth; that it is proposed to use the vacant land in the residence use district for the parking of motor vehicles; and

WHEREAS, the applicant contends that the property is located in a densely populated area where parking space is very difficult to obtain; that the plot is on level ground, has an old curb cut and has been used for parking motor vehicles for several years; that permission for this use has not been obtained and violations of building laws have not been issued against the premises; that the owner at this time would like to obtain a Certificate of Occupancy for a parking lot for motor vehicles; that the property has a high assessed valuation, is located at the edge of an industrial area and is not suitable for residential development at this time; that by granting this appeal, the Board will not only help the owner to use the land for gainful purposes but will also provide a much needed useful public service; and

WHEREAS, the applicant states that the present owner has held title to the property since November 26, 1955 and that the assessed valuation of land is \$5,750; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. #2060-57, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 17, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 217th Street and 134th Road are in retail and residence use, D and E-1 area, class ½ height districts; Merrick Boulevard and Springfield Boulevard are in a retail use, D area, class ½ height district; that this property was zoned residence D in 1916, changed to business D and residence on July 1, 1924, and to retail D and residence June 3, 1947 and has not been changed since; and

WHEREAS, the decision of the Borough Superintendent, dated December 5, 1957 acting on Alt. Applic. No. 1214-57, reads:

"1. Proposed Bank's customers parking of motor vehicles on a plot partly in a retail district and extending into a residence use district is contrary to the Zoning Resolution—Article II, Section 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 74.35 feet frontage by 190.09 feet in depth; and

WHEREAS, the applicant states that this plot has been used as a parking field for the Bank for over 20 years, on a lease basis; that the property was purchased by the Queens National Bank on January 15, 1957 and it is their wish to legalize this parking field; and

WHEREAS, the applicant contends that Wells Avenue, while in use, is not a legal street on the City Maps; that the parking lot is graded and drained and the bank is requesting the approval of a parkway type wooden fence and bumper to enhance the appearance of the bank and parking field; that this plot has been used as a parking field for the bank's customers for many years and no charge has ever been made; and

WHEREAS, the applicant states that the present owner has held title to the property since January 15, 1957 and that the assessed valuation of land is \$10,900; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the plot to be occupied for parking of motor vehicles as proposed and indicated on plans filed marked, "Received December 12, 1957", 2 sheets, and "May 7, 1958", 1 sheet, *on condition* that any uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of the abutting streets and shall be surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all sides a woven wire fence of the chain link type on a masonry base to a total of not less than 5 feet 6 inches in height, with two openings therein to Wells Avenue, where shown, which shall be fitted with gates and with curb cuts opposite each such opening not over twelve feet in width; that the gates shall normally be closed when the parking lot is not in operation; that there may also be an opening to 217th Street of similar width, as shown, fitted with gates; that suitable bumpers shall be maintained against the fences at all points for the protection thereof; that the uses of this parking lot shall not be for general use but for the convenience of the customers and employees of the bank and no fee shall be charged; that there shall be no signs erected except a sign attached to the fence at the entrances stating the limitation of parking use and such other information as may be required by the Commissioner of Licenses; that such signs shall not exceed five square feet each, shall not be illuminated and shall not extend beyond the building line; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that in lieu of the woven wire fence hereinbefore required there may be maintained a post and rail type of wooden fence, stated as a parkway type, and maintained with gates on all four sides, of a design agreeing with the style and design of such fence; that the requirements of resolution adopted this day under Calendar Number 903-57-A shall be complied with; that all permits shall be obtained and all work completed within six months.

Absent: Commissioner Foley..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 6, 1957, on Alteration Application 1214/57 reads:

"1. Secure approval of Board of Standards and Appeals as per article #3, section 35 of General City Law, as part of premises is located within bed of mapped street."

and

WHEREAS, the applicant states that premises consist of a lot 7435 feet front by 190.09 feet in depth, located in a retail and a residence use D area, Class ½ height district and used and occupied since 1936 without a certificate of occupancy as a parking field for more than five motor vehicles (customer parking); no change in use or occupancy is now proposed; and

WHEREAS, the applicant states that the premises have been used as a parking field for over 20 years on a lease basis and was purchased by the owner in January 15, 1957, and now that the bank is the owner of the property, it is desirous of legalizing the parking field; and it is therefore requested that this application be granted.

WHEREAS, the Board has been advised by the President of the Borough of Queen, that 217th Street as indicated at a width of 50 feet on the Final Map of the Borough of Queens, adopted by the Board of Estimate and Apportionment on April 12, 1935; that there is an indicated widening of irregular width about 10 to 15 feet on the easterly and westerly side of 217th Street; that there are no proceedings now pending to acquire title to the proposed widening.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Appl. 1214/57, Objection No. 1 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the occupancy of the property including the portion of the plot as mapped for street widening, as proposed in resolution adopted this day under Calendar No. 903-57-BZ on condition that the requirements of such resolution adopted thereunder shall be complied with; in the event the street is widened, payment for such land as may be required by the city for such widening shall be in the amount as determined by the Court.

904-57-BZ

APPLICANT—Julius S. Rapson, for Dreyer Homes and Building Co., Inc., owner.

SUBJECT—Application December 12, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in an E area district, the continuance of a one-family dwelling that encroaches on the required setback due to a proposed street widening as shown on the City Map.

PREMISES AFFECTED—150-18 116th Avenue, south side, 138.24 feet east of Sutphin Boulevard, Block 12201, Lot 14, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Julius S. Rapson and Dreyer William.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating and Commissioner Kleinert 3

Negative: 0

Absent: Commissioner Foley and Commissioner Sleeper 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 17, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 155th Street is in a residence use, E area, class 1 height district, 116th Avenue and 116th Road are in a retail and residence use, D and E area and class 1 height district and Sutphin Boulevard is in a retail use, D area and class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 5, 1957 acting on N.B. Applic. 2460-56, reads:

"1. The erection of a building in a Res. E district less than 10 feet from a mapped street line is contrary to Sec. 15d of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage, by 100 feet in depth, on which was erected a one family two story frame dwelling; and

WHEREAS, the applicant contends that the builder and the foundation contractor both missed the proposed 15 foot widening line shown on both the survey and approved plot plan, and lined the building up with the existing buildings; that the building actually is set back a few inches from the existing buildings on the block; that as this building was completed and the discrepancy was not discovered until the final survey was submitted for a certificate of occupancy, it would be a terrific hardship both financially and physically to move the building and create a front yard, and since the building is in line with all other buildings on this street, it is respectfully requested that the Board grant this application; that this building be permitted to remain without the legal front yard as required for a E district; and

WHEREAS, the applicant states that the present owner has held title to the property since July 1, 1956; that the assessed valuation of the land is \$1,200 and of the building \$7,800, making a total of \$9,000; and that the building was erected in 1956; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21, to permit the erection of the residential building as proposed and indicated on plans filed with this application, marked "Received December 12, 1957," 4 sheets, and "May 7, 1958," 1 sheet, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, except that the stoop of the building may be maintained within the portion of the street proposed for widening; that the requirements of resolution adopted this day under Calendar Number 905-57-A shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

905-57-A

APPLICANT—Julius S. Rapson, for Dreyer Homes and Building Co., Inc., owner.

SUBJECT—Application December 12, 1957—filed pursuant to section 35, General City Law re premises in bed of mapped Street—proposed widening of 116th Avenue.

PREMISES AFFECTED—150-18 116th Avenue, south side, 138.24 feet east of Sutphin Boulevard, Block 12201, Lot 14, Jamaica, Borough of Queens.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated December 5, 1957, on new building application 2460/56 reads:

"2. Secure approval of Board of Standards and Appeals for erection of that portion of building located within bed of a mapped street as per article 3, section 35 of General City Law."

and

WHEREAS, the applicant states that the building is 2 stories 29 feet in height, 18 feet by 35 feet in area of Class 4 construction erected May 19, 1957, located on a lot 40 feet front by 100 feet in depth, in a residence use, E area, Class 1 height district, and used and occupied since May 19, 1957 without certificate of occupancy as follows: cellar—boiler room and storage; first and second floors combined dwelling—1 family; and the balance of the plot used for the parking of 1 motor vehicle; no change in use or occupancy is now proposed; and

WHEREAS, the applicant states that the building was erected under new building application 2460/56, without the contractor realizing that there was a proposed widening involved; and

WHEREAS, the applicant contends that as the building was completed before the error was discovered, the board is requested to accept the front stoop within the proposed widening until such time as the widening actually takes place; and

WHEREAS, the Board has been advised by the President of the Borough of Queens, that 116th Avenue is indicated at a width of 80 feet on the Final Map adopted by the Board of Estimate and Apportionment November 16, 1917; that there is an indicated widening of about 15 feet on the northerly and southerly side of 116th Avenue; that there is no proceedings now pending to acquire title to the proposed widening.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 2460/56, Objection No. 2, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, on condition that the requirements of the resolution adopted this day under Cal. No. 904-57-BZ shall be complied with and that in the event of the taking by the City of the land mapped for street widening, recompense therefor, shall be as determined by the Court.

906-57-BZ

APPLICANT—Julius S. Rapson, for Sol Solomon, owner.
SUBJECT—Application December 12, 1957—decision of the Borough Superintendent under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for more than five (5) motor vehicles for use by the tenants renting the nearby bungalows.

PREMISES AFFECTED—75 Beach 36th Street, west side, 158.66 feet south of Spray View Avenue, Block 308, Lot 18, Edgemere, Borough of Queens.

APPEARANCES—

For Applicant: Julius S. Rapson and Sol Solomon.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 17, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Spray View Avenue, Beach 36th Street, Beach 37th Street and the Boardwalk are in a residence use, D area, class 1 height district; that this property has been zoned residential D from 1916 to date with no change; and

WHEREAS, the decision of the Borough Superintendent, dated December 6, 1957 acting on Alt. Applic. No. 2380-57, reads:

"1. A parking lot for more than five cars, for tenants use, in a residence use district is contrary to the Zoning Resolution Article II, Section 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 40.09 feet frontage by 122.33 feet in depth, irregular; that the proposed parking field will be for the use of the summer tenants of bungalows located at 83, 87, 89 and 91 Beach 36th Street and 104 and 106 Beach 37th Street; also 184, 186 and 188 Beach 36th Street; and

WHEREAS, the applicant contends that this plot will comply with regulations governing parking fields; that as the parking in this area is so critical during the summer months, it is very difficult to rent the bungalows unless a regular parking area is assigned to them; that there will be no charge to the tenants for this service; and

WHEREAS, the applicant states that the present owner has held title to the property since March 1937 and that the assessed valuation of land is \$4,500; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises known as Lot 18, to be occupied for the parking and storage of motor vehicles of the pleasure car type only as indicated on plans filed with this application marked, "Received December 12, 1957," 2 sheets and "May 7, 1958," 1 sheet on condition that the premises shall be leveled substantially to the grade of Beach 36th Street and shall be surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that on all lot lines there shall be erected a woven wire fence of the chain link type not less than 5 feet 6 inches in height; that entrance shall be as shown to Beach 36th Street not over 10 feet in width with curb cut opposite not over 12 feet in width; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon; that signs shall be restricted to one sign attached to the entrance stating that the parking lot is for tenants of the adjoining bungalows only and not for public use and no fee shall be charged; that the requirements of the resolution of the Board as adopted by the Board under Calendar Number 765-48-BZ as to a miniature golf course on March 8, 1949 and extended by resolution adopted to March 5, 1957, affecting Lot 18, shall be complied with; that the resolution adopted this day under Calendar Number 907-57-A shall be complied with; and that all permits shall be obtained and work completed within six months of the date of this resolution.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated December 6, 1957 on Alteration Application 2380/57 reads:

"2. Secure approval of Board of Standards and Appeals as per article 3, section 35 of General City Law, as part of premises is located within bed of mapped street."

and

WHEREAS, the applicant states that the premises consist of a lot 40.09 feet by 123.33 feet irregular in area located in a residence use, D area, Class 1 Height district, proposed to be used as a parking lot for more than 5 motor vehicles for tenants use; and

WHEREAS, the applicant states that the lot is proposed to be used for parking for tenants' cars of the owners summer bungalows located on adjacent property; and

WHEREAS, the applicant contends that the lot will comply with the regulations governing parking fields not in the bed of mapped streets, and as the parking is hazardous and difficult in this area, and as a parking field for tenants' use is vital to the safety of all who reside in the area it is requested that this application be granted; and

WHEREAS, the Board has been advised by the President of the Borough of Queens, that Beach 36th Street as indicated as a width of 80 feet on the Final Map known as Alteration Map #1525 adopted by the Board of Estimate and Apportionment on November 10, 1927; that there is an indicated widening of about 25 feet on the westerly side and about 5 feet on the easterly side of Beach 36th Street; that there are no proceedings pending to acquire title to this proposed widening; and

WHEREAS, the premises was previously inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated December 6, 1957, acting on Application 2380-57 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the proposed parking lot to occupy the space mapped as widening of Beach 36th Street on condition that the requirements of the resolution adopted this day under Calendar No. 906-57-BZ shall be complied with and in the event that the portion as mapped for street widening is acquired by the City, the recompense therefor shall be as determined by the court.

934-57-BZ

APPLICANT—Maxfield Blaubeux, for Joseph Angelone, owner; Great Atlantic and Pacific Tea Co., lessee.

SUBJECT—Application December 13, 1957—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business and residence use district, the extension of the accessory parking of more than five (5) motor vehicles, used in conjunction with self-service supermarket, into the residence portion of the plot.

PREMISES AFFECTED—6607-6611 15th Avenue, 6615-6645 New Utrecht Avenue, northeast corner and 1515-1521 67th Street, Block 5558, Lot 1, Borough of Brooklyn.

Absent: Vice Chairman Keating and Commissioner Foley 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application

on May 20, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 66th Street and 67th Street are in business and residence use, C area, class 1 height districts; New Utrecht Avenue is in a business use, C area, class 1 height district; Duryea Place is in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 6, 1957 acting on Alt. Applic. No. 3862-57, reads:

"1. Proposed parking of cars within residential part of lot, in connection with a self service supermarket for patrons & employees is contrary to Art. 2 Sect. 3 of Zone Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 270 feet 11 inches frontage by 90 feet 5 inches and 182 feet 8¼ inches in depth, irregular, recently improved within the business use portion with a one story, class 3 construction masonry supermarket, with accessory free parking of motor vehicles; that the building was erected under N.B. Applic. No. 1550-57 and Certificates of Occupancy No. 158264 was issued for the following uses: cellar—on ground—ordinary use; first floor—100 pounds—250 persons—supermarket, self-service; first floor—on ground—free parking of more than five motor vehicles for patrons and employees on business use portion of lot; and

WHEREAS, the applicant states that the portion of the plot within the residential use will remain vacant and unoccupied, with no parking of motor vehicles; that this residential use portion will continue to remain unoccupied and vacant, as a fence barrier has been erected within the business use portion, which will be maintained for the prevention of possible illegal parking of motor vehicles and therefore confining the legal parking within the business use portion; that the premises consisting of a supermarket and accessory parking has been leased and will be occupied as a chain food store by the Great Atlantic and Pacific Tea Company; that, however, the lessee considers the portion of the plot allotted for legal parking and unloading insufficient and therefore wishes to augment the present parking facilities by the inclusion of the additional area of 16,764 square feet which lies in the residential use portion; and

WHEREAS, the applicant contends that the extension of accessory parking into the residential portion of the plot should be granted for the following reasons: that the area of 16,764 square feet, lying in the restricted zone, is situated at the rear of the plot and does not front on any street; that the land cannot be utilized for any building purpose except for the few uses permitted in such district, and to erect a building or an extension of a commercial nature would require a variance, and this is not the intent of the owner; that as to the grounds of hardship, he contends that the real estate tax is high and no income from this particular area can be derived by the owner except by the additional rental from the lessee, who desires to use this extra parking space; that the general character of the present residential district will be retained; that the adjoining plots surrounding this area have one story, one-car garages at their rear lot lines; that the dwellings of said adjoining plots have rear yards and are not close to these rear lot lines, and as the parking is accessory and free, and not of a commercial enterprise, no new business use is being introduced into the district; that the only access into this restricted area by the cars is through the business streets and portion—New Utrecht Avenue, 15th Avenue and 67th Street; that there are no curb cuts in the residential portion; that parking of cars in this area will be a daytime nature of the most part; that no overnight parking will be allowed as the egress and ingress gates are locked after hours; that the entire area is now paved, drained, fenced and provided with lighting for use

MINUTES

during evening business hours, which occurs twice weekly; and

WHEREAS, the applicant states that the present owner has held title to the property since April 11, 1957; that the assessed valuation of land is \$35,000 and of the building \$50,000 making a total of \$85,000; that the building was erected November 21, 1957; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7 c, to permit the extension of the existing parking use from the business district into the residence use district, substantially as proposed and indicated on plans filed with this application, marked "Received December 13, 1957", 5 sheets, *on condition* that any uses now on the premises shall be removed and the plot leveled substantially to the grade of the existing plot in the business district, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be constructed on the lot lines a woven wire fence of the chain link type on a masonry base to a height of not less than 5 feet, 6 inches; that such parking shall be solely for the employees and patrons of the public market on the front of the premises; that any fence required by the Borough Superintendent on the line between the business zone and the residence zone may be removed to permit this extension of parking use; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

957-57-BZ

APPLICANT—Burke, Green and Groh, for Mandel Weinstein, owner.

SUBJECT—Application December 23, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, to maintain a parking lot for the parking of the cars of the doctors and staff of the hospital on Block 725, Lot 25, without fee.

PREMISES AFFECTED—47-01 31st Avenue, northeast corner of 47th Street, Block 729, Lot 7 (7 and 8), Astoria, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

For Administration: John J. Saunders, Board of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 31st Avenue are in a local retail use, B area, class 1¼ height district; 47th Street and 48th Street are in local retail and residence use, B area, class 1¼ height districts; 30th Avenue is in a local retail use, B area, class 1¼ height district; that these designations have not been changed since July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated November 26, 1957 acting on Alt. Applic. No. 2320-57, reads:

"1. Free parking of doctors and staff cars on a non-contiguous lot located in a residence use district is contrary to Article II Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 100 feet in depth; that it is proposed to use the site for the parking of doctors and staff cars only and no fee will be charged; that the present four foot high woven wire fence will be maintained along all open property lines and the entire area will be surfaced with clean steam cinders treated with a binder; that only the one curb cut and entrance to the site is proposed to minimize the effect on the neighborhood; that the hospital, that this parking area is in conjunction with, is diagonally opposite the site on the southwest corner of 31st Avenue and 47th Street; and

WHEREAS, the applicant contends that the premises at the present time are owned by Dr. Mandel Weinstein who is the head physician of the Boulevard Hospital; that the hospital is located in block 725, lot 25, which is southwest of the proposed site; that it has become increasingly difficult throughout the years for the physicians attending patients in the hospital to park their vehicles; that this site was purchased with the direct thought in mind of allowing doctors and staff cars only, to park within the confines of the proposed lot; that since this is a necessary adjunct to the hospital, it is hoped that the Board will vote favorably in this application; and

WHEREAS, the applicant states that the present owner has held title to the property since October 11, 1957 and that the assessed valuation of land is \$6,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, the Committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the plot to be occupied for the parking of cars belonging to doctors and staff of the hospital, without fee, as proposed and indicated on plans filed with this application, marked "Received December 23, 1957", 2 sheets, April 23, 1958", 1 sheet and "June 6, 1958", 1 sheet, *on condition* that the plot shall be leveled substantially to the grade of the abutting streets, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that the existing fence may be permitted to continue as shown with entrance thereto on 47th Street; with curb cut opposite not exceeding 12 feet in width, provided such entrance is moved toward 31st Avenue for a distance of about 40 feet; that such entrance shall be fitted with gates normally kept closed when the parking lot is not in operation; that if any signs are erected, they shall be erected on the fence near the entrance, not exceeding five square feet in area, not extending beyond the building line and not illuminated, stating the private use of the plot; and that all permits required shall be obtained, including a certificate of occupancy, and all work completed within six months from the date of this resolution.

976-57-BZ

APPLICANT—Burke, Green and Groh, for Joseph S. and Joseph Paul Ammirati, owners.

SUBJECT—Application December 27, 1957—decision of the Borough Superintendent, under sections 7e, 7h and 21 of the Zoning Resolution, to permit in a residence use, E area district, the erection and maintenance of a gasoline service station, auto washing—non automatic, lubrication, office, sale of accessories, minor repairs with hand tools only, parking and storage of cars awaiting service with a ground sign and the proposed building encroaching on the required setback from the street line.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Vice Chairman Keating,
Commissioner Kleinert and Commissioner Sleeper.... 4
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; applicant to advise the Board whether Borough President contemplates future use of subject premises as a public place; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, South Conduit Avenue, 167th Street, 168th Street and 144th Avenue are in a residence use, E area, class ½ height district; that as of July 25, 1916 the property was zoned as undetermined, D area, class 1 height district, and on December 2, 1932 the undetermined use designation was changed to the present residential use; that on November 28, 1938 the class 1 height was changed to the present class ½ height; that on November 28, 1938 the D area was changed to F area and on June 30, 1952 the area was again changed from F to E; that there is no further change pending before the City Planning Commission at the present time; that the site is presently vacant; and

WHEREAS, the decision of the Borough Superintendent, dated December 19, 1957 acting on N.B. Applic. No. 4219-57, reads:

"1. Proposed erection of a gasoline service station, auto washing (non-automatic), lubrication, office, sale of auto accessories, minor repairs with hand tools only, parking and storage of cars awaiting service and the installation of a ground sign on a lot located in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R.

2. Comply with the setbacks in an E-1 district as per Sec. 15-A(c) of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 205.15 feet frontage by 97.01 feet in depth, irregular; that it is proposed to develop the site with a modern gasoline service station; that the accessory building will be finished with face brick on all four sides and the rear wall of this building, facing 144th Avenue, will be unpierced by windows; that gasoline pumps will be provided only along South Conduit Avenue and will be set back fifteen feet from the building line; that four 30-foot wide curb cuts are contemplated along the South Conduit Avenue frontage and one 20-foot wide cut is proposed on 167th Street, near the intersection of South Conduit Avenue; that no curb cuts are proposed along 144th Avenue; that a three foot six inch high iron picket fence on a two foot high brick base will be provided along the entire 144th Avenue building line where the unpierced brick wall of the accessory building does not occur; that this same fencing returns for a distance of 50 feet along 167th Street; that shrubbery, protected by a concrete curb, will be provided along the entire length of this fence; that the entire site, where not devoted to shrubbery or building, will be finished with concrete or asphaltic paving; that a post standard and brand sign will be installed at each end of the South Conduit Avenue frontage; that minor repairs with hand tools only is proposed within the accessory building; and

WHEREAS, the applicant contends that the building is set back more than the required distance from both South Conduit Avenue and 167th Street, but due to the triangular shape of the plot it is impossible to locate the accessory

building on this plot with adequate driveways for ingress and egress and still maintain the ten foot setback from the street required at the rear of the building; that since the subject site occupies an entire block front, the omission of the setback on 144th Avenue will not adversely affect any adjacent property and a modification is therefore requested; that the property is located on South Conduit Avenue which is a heavily trafficked area; that the property itself is located in an undeveloped district and is an island unto itself, being completely surrounded by street area; that the shape of the property renders it undesirable for residential dwelling purposes; and

WHEREAS, the applicant states that the present owners have held title to the property since November 29, 1957 and that the assessed valuation of land is \$2,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e and h of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 4219-57, Objection No. 1 and 2 be and it hereby is affirmed and that the application be and it hereby is denied.

977-57-BZ

APPLICANT—Burke, Green and Groh, for Albert Artsis, owner.

SUBJECT—Application December 27, 1957—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubrication, auto laundry—non-automatic, minor repairs with hand tools only, office and accessory sales and the parking and storage of motor vehicles awaiting service.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 13, 1958 after due notice by publication in the Bulletin; laid over to June 3, 1958, for inspection and decision; hearing closed; then to June 17, 1958, for inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Linden Boulevard are in a local retail use, D area, class ½ height district; 223rd Street and 224th Street are in local retail and residence use, D and G-1 area, class ½ height districts; 118th Avenue is in a residence use, G-1 area, class ½ height district; that as of July 25, 1916 the property was zoned in a business use district, D area, class 1 height; that on January 21, 1947 the business use was changed to local retail and on June 30, 1952 the class 1 height was changed to class ½ height; that the area designation has not been changed since July 25, 1916 and there are no further changes pending before the City Planning Commission at the present time; and

WHEREAS, the decision of the Borough Superintendent,

MINUTES

dated December 13, 1957 acting on N.B. Applic. No. 4156-57, reads:

"1. The erection of a gasoline service station, lubrication, auto laundry (non-automatic), minor auto repairs with hand tools only, office and accessory sales, parking and storage of motor vehicles awaiting service partly in a Local Retail and partly in a Residence Zone is contrary to Art. II Sec. 4-c and contrary to Art. II Sec. 3 of Zoning Resolution.

2. The erection of a ground sign in a Local Retail Zone is contrary to Art. II Sec. 4c Zoning Resolution."

WHEREAS, the applicant states that the premises consist of a plot, 160.02 feet frontage by 101.66 feet in depth, presently vacant, except for billboards; that it is proposed to develop the site with a modern gasoline service station; that the accessory building will be faced with face brick on all sides and will have a peaked roof, colonial design; that two pump islands, each set fifteen feet back from the building line, will be provided along Linden Boulevard only; that three 30 foot wide curbs cuts will be installed along Linden Boulevard and only one 20 foot wide cut, complying with Section 7-A, will be installed on 223rd Street; that a 5 foot 6 inch high brick fence wall will be provided along half the 223rd Street frontage and the balance of the lot lines, where walls of adjoining buildings do not occur, will have a 5 foot 6 inch high split sapling fence; that shrubbery, protected by a concrete curb, will be provided along the brick fence wall and return along the rear lot line for approximately 40 feet; that a similar shrubbed area, approximately 50 feet long, will be provided along the adjoining store building; and

WHEREAS, the applicant contends that the entire site is within a local retail use district except for a very small sliver at the rear of the site which is zoned residence; that the usual post standard and gasoline brand sign is proposed at the corner with the sign reading only along Linden Boulevard; that this property is located on Linden Boulevard which is a heavily trafficked area; that the Board recently granted a gas station on the northwest corner of Linden Boulevard and 223rd Street; that this district itself is established with full business uses consisting of retail stores, etc.; and

WHEREAS, the applicant states that the present owner has held title to the property since February 4, 1957 and that the assessed valuation of land is \$21,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. #4156-57, Objection Nos. 1 and 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

1-58-BZ

APPLICANT—Reginald S. Hardy, for Margaret Smith Gilsenan Executrix under will of Edward L. Smith, deceased.

SUBJECT—Application December 31, 1957—decision of the Borough Superintendent, under sections 7c and 7h of the Zoning Resolution, to permit in a local retail and residence use district, the erection of a retail market or store, together with the use of a portion of said premises for the parking of motor vehicles belonging to customers, patrons and employees of such market. In addition thereto the application seeks permission to maintain a sign upon the wall of the proposed market.

PREMISES AFFECTED—99-30 Corona Avenue, 48-02 to 48-16 102nd Street, southwest corner and 99-11 to 99-27 Alstyne Avenue, Block 1926, Lot 13, Corona, Borough of Queens.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 99th Street and 102nd Street are in local retail and residence use, C area, class 1¼ height district; Corona Avenue is in a local retail use, C area, class 1¼ height district; Alstyne Avenue is in a residence use C area, class 1¼ height district; that on July 25, 1916 the portion of the premises within 100 feet of Corona Avenue was included within a business use district; that the portion of the premises south of a line 100 feet from Corona Avenue and within 100 feet of 99th Street was included within an unrestricted district and the remainder was zoned as a residence district; that on July 24, 1939 the residence district was expanded to include the entire portion of the property located more than 100 feet south of Corona Avenue; that on April 21, 1955 the portion of the property fronting upon Corona Avenue, which had been located in a business use district, was rezoned so as to include it within a local retail use district; and

WHEREAS, the decision of the Borough Superintendent, dated, December 2, 1957 acting on N.B. Applic. No. 3728-57, reads:

"1. The proposed use of retail market and patron parking on a plot partially in a local retail use district and partially in a res. use district is contrary to Art. 2 Sec. 3 of Zone Res.

"2. Proposed wall sign is contrary to Art. 2 Sec. 3 of Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot 150 feet frontage by 187.93 feet in depth; that the portion of the premises fronting upon Corona Avenue is improved with a two story frame structure which was formerly occupied as a restaurant, but which has been vacant for some time; that this building was built many years ago but there is no date of construction; that the southerly portion of the premises is improved with a gasoline service station, comprised of a one story metal office and accessory building, two open grease pits and a metal building used as individual garages; that this gas station was erected in 1929 when a portion of the premises was included within an unrestricted use district; that so far as can be determined, no Certificate of Occupancy for either structure has ever been issued; that it is proposed to improve and operate the premises as a retail store with parking facilities for the use of its customers and employees; that H. C. Bohack Co., Inc., contemplates the erection of a one story and cellar brick building to be located at the southeasterly corner of the plot and to be used exclusively as a retail store for that organization; that this store building will have a frontage of 132 feet and a depth of 82 feet; that entrance to the building will be located at the center of the Corona Avenue frontage, and emergency exits from both the main floor and the cellar will open into 102nd Street and Alstyne Avenue; that the front of the store will be approximately at the grade of Corona Avenue; that because of the extreme slope of the property, the cellar floor will be approximately at the grade of Alstyne Avenue; that the front portion of the property, facing Corona Avenue, will be used for the parking of not more than 33 automobiles belonging to customers and patrons of the store, no charge being made for this service; that entrance to the premises will be by means of two drive-

MINUTES

ways, one located at Corona Avenue near the westerly end of the property and the other on 102nd Street within approximately 40 feet of Corona Avenue; that the property will be enclosed with a six foot chain link fence, on a concrete base; that the entrances will be closed by gates which will be locked when the store is not open; that off street loading facilities will be afforded along the westerly side of the building; that trucks will enter at the principal entrance on Corona Avenue and will leave through an exit leading to Alstyne Avenue after unloading operations have been completed; and

WHEREAS, the applicant states that the premises under appeal have been owned by members of the Smith Family for many years; and

WHEREAS, the applicant states that the premises slope downward rather sharply from Corona Avenue toward Alstyne Avenue; that the elevation of the northeasterly corner of the premises is 48.4 feet and the elevation of the southeasterly corner is but 42 feet; that a similar condition exists along the westerly lot line; that the northwesterly corner of the premises has an elevation of 47.9 feet and the southwest-erly corner has an elevation of 35.4 feet, a difference of 12.5 feet; and

WHEREAS, the applicant further states that the location of the store building was prompted by a consideration of a number of factors present in this case; that the store could be erected on the Corona Avenue portion of the property without a zoning variance, but to do so would not have afforded parking facilities which are deemed to be an absolute necessity in this area; that at the outset consideration was given to the possibility of using the portion of the premises fronting upon Alstyne Avenue for parking purposes, but this plan was discarded for several reasons; that in the first place the Alstyne Avenue frontage is considerably lower than the Corona Avenue frontage and therefore patrons would have been obliged to use either a steep ramp or a flight of steps to reach the store, and secondly it was deemed to be more appropriate to confine the entrances to the premises to the portion of the property located within the local retail district; that it is felt that this plan is far more desirable because there will be no entrance to or exit from the store or parking lot from the residence district; that the only entrances to the premises will be from Corona Avenue and from 102nd Street, near Corona Avenue; that while it is true that there are to be several doorways leading to 102nd Street and Alstyne Avenue in residence district, they are emergency exits and will not be used by the public generally; that the location of the store at this position also permits the use of a portion of the property along the westerly lot line for the loading and unloading of merchandise where it will be relatively inconspicuous; that while it is true that the trucks will use an exit to Alstyne Avenue, the number of deliveries will be so few that this will not be objectionable; and

WHEREAS, the applicant contends that substantially all of Corona Avenue, upon which the premises front, is zoned business, retail or local retail use, despite the fact that a number of properties on this street are used for residential purposes; that this indicates an awareness on the part of the municipal authorities that the property is properly devoted to commercial use; that a portion of the premises located within the residence district is now used as a gas station which was erected in 1929 when that portion of the premises was in an unrestricted district; that it is proposed to remove this establishment; that he has endeavored to protect adjacent residential areas by designing a building which would be attractive in appearance and which would confine the visual evidences of the business use to the front or local retail portion of the premises; that while Alstyne Avenue is in a residence use district it is not used for residential purposes exclusively; that a portion of the subject premises fronting on that Avenue is devoted to a use which is prohibited in any area other than a manufacturing or unrestricted district; that the property located at the southeasterly corner of Alstyne Avenue and 99th Street is improved with a two story brick building, the first floor of which is

used as a retail store—block 1927, lot 1; that there are also several private garages on the northerly side of Alstyne Avenue east of 102nd Street which abut upon that Avenue and serve to give it a non-residential aspect—block 1928, lots 14, 41 and 43; that the determination of the Borough Superintendent also raises an issue as to the maintenance of a wall sign in the residence district; that the plans filed as part of this application indicate that the proposed building is to have a sign bearing the legend "Bohack" on both 102nd Street and the Alstyne Avenue elevations; that this will be a flat wall sign and will be non-illuminated; that rather than detracting from the appearance of the premises, it would add thereto by breaking what would otherwise be a blank wall; and

WHEREAS, the applicant states that the present owner has held title to the property since April 28, 1950; that the assessed valuation of land is \$18,500 and of the building \$11,500 making a total of \$30,000; that the building was erected in 1929; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the use of a portion of the premises for parking for patrons and employees without fee in connection with the store building on the premises, substantially as proposed and indicated on plans filed with this application, marked "Received February 5, 1958," 1 sheet and "March 27, 1958," 1 sheet, and "May 2, 1958," 7 sheets, *on condition* that the premises proposed to be used for parking shall be leveled substantially to the grade of abutting streets, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that entrances shall be as shown, one to Corona Avenue with curb cut opposite not over 16 feet in width and one to 102nd Street with curb cut of similar width; that along the lot lines there shall be constructed a woven wire fence of the cyclone type, not less than 6 feet in height including concrete base with no opening therein except where entrances to Corona Avenue, 102nd Street and Alstyne Avenue are shown; that the sidewalks and curbing abutting the site shall be constructed and repaired to the satisfaction of the Borough President; that under section 7c the proposed building may be constructed and extended into the more restricted district; that the proposed wall sign may be permitted as indicated, facing on streets as shown, provided such sign does not extend above the roof line; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

29-58-BZ

APPLICANT—Lama, Proskauer and Prober, for August Droll and Neary Realty Co., Inc., owners.

SUBJECT—Application January 28, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a local retail and residence use district, the maintenance of a parking lot for the parking and storage of more than five motor vehicles.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 29th Street and Faragut Road are in local retail and residence use, C area, class 1¼ height districts; Nostrand Avenue and Glenwood Road are in a local retail use, C area, class 1¼ height district; that as of July 25, 1916 that part of the premises within 100 feet of Nostrand Avenue was in a business use district; that the present local retail use designation for that part of the premises within 100 feet of Nostrand Avenue became effective May 23, 1957; and

WHEREAS, the decision of the Borough Superintendent, dated January 22, 1958 acting on Alt. Applic. No. 3855-57, reads:

"1. Parking and storage of motor vehicles on a lot located partly in a local retail and partly in a residence use district is contrary to Art. II Secs. 3 and 4c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 23 feet 4 inches and 60 feet frontage by 200 feet in depth, presently developed with a three story frame store and dwelling, having a frontage of 16 feet 4 inches and a depth of 55 feet, and a one story concrete block three car garage having a frontage of 23 feet 4 inches and a depth of 20 feet; that it is proposed to remove all buildings on the plot and use the plot for parking and storage of motor vehicles, for a temporary period of ten years; that the proposed parking lot will have one 14 foot opening on Nostrand Avenue for entrance purposes and one 14 foot opening on East 29th Street for exit purposes; that the entire area will be leveled to the grades of Nostrand Avenue and East 29th Street and will be covered with cinder provided with a binder; and

WHEREAS, the applicant states that the frame store and dwelling was erected under N.B. Applic. No. 1618 of 1902 and that no Certificate of Occupancy was ever issued; that the frame, three car garage at the rear of the lot was erected under N.B. Applic. No. 10418 of 1925; and

WHEREAS, the applicant contends that the parking situation in this area is acute and the merchants are in need of parking facilities in order to maintain their businesses; that there are no parking lots within the affected area; and

WHEREAS, the applicant states that the owners have held title to the property since December 30, 1937 and December 1, 1941; that the assessed valuation of land is \$9,500 and of the building \$7,000 making a total of \$16,500; that the building was erected in 1902; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. #3855/57, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

121-58-BZ

APPLICANT—Herman Horowitz, for Irving Friedman, owner, Robert D. Rubin, lessee.

SUBJECT—Application March 11, 1958—decision of the Borough Superintendent, under section 7h of the Zoning

Resolution, to permit in a residence use district, after demolishing the four buildings, the use of the vacant land for a parking lot for more than five (5) motor vehicles.

PREMISES AFFECTED—51-61 East 87th Street, north side, 113 feet, 4 inches east of Madison Avenue, Block 1499, Lots 25, 26, 27 and 127, Borough of Manhattan.

APPEARANCES—

For Applicant: Herman Horowitz.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 17, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Park Avenue are in a residence use, B area, class 1½ height district; East 87th Street and East 88th Street are in residence and retail use, B area, class 1½ height districts; Madison Avenue is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 11, 1958 acting on Alt. Applic. No. 104-58, reads:

"1. Proposed parking lot for more than 5 motor vehicles in a residence use district not permitted. Art II, PP. 3 Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 84 feet 11½ inches frontage by 100 feet 8½ inches in depth, improved with two 3-story and two 5-story brick dwellings, now completely vacant; that it is proposed to use the vacant land as a parking lot, after demolition of the structures; and

WHEREAS, the applicant states that it has not yet been determined what type of improvement will be built on the premises and it will be some time before numerous problems confronting the owner are resolved; that the tenants have been vacated from the premises at considerable cost and now, because of circumstances beyond the owner's control, the building of a suitable improvement on this very valuable land has been delayed; and

WHEREAS, the applicant contends that there is an urgent need in this area for facilities for the parking and storage of private automobiles; that the neighborhood is intensively developed with tall apartment houses and many of the residents own automobiles; that existing parking facilities are for the most part too distant and of inadequate capacity; that the premises will be maintained in keeping with the standards of a high class residential neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since July 29, 1956; that the assessed valuation of land is \$139,500 and of the buildings \$23,500 making a total of \$163,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles of the pleasure car type only, substantially as proposed and as indicated on plans filed with this application marked, "Received March 11, 1958", 3 sheets and "May 12, 1958", 1 sheet, *on condition* that all building and uses now on the premises shall be removed and the premises shall be leveled substantially

MINUTES

to the grade of East 87th Street and shall be surfaced with clean gravel or steam cinders, and treated with a binder and properly rolled; that on the side and rear lot lines where masonry walls of adjoining premises do not exist, there shall be erected a woven wire fence of the chain link type to a total height of not less than 5 feet 6 inches; that a similar fence shall be erected along the street building line with no openings thereto except two for entrance and exits, with curb cuts opposite not exceeding 20 feet in width each; that such entrances shall be 15 feet in width each and shall be equipped with gates which shall be kept closed when the parking lot is not in operation; that suitable bumpers shall be maintained against all lot lines to protect the woven wire fence and the masonry walls; that signs shall be restricted to permanent signs attached to each of the entrances, advertising the parking use and rate charged, and such other information as may be required by the Commissioner of Licenses; that such signs shall not be illuminated nor extend beyond the building line and not exceed 5 square feet each; that such portable fire-fighting appliances shall be maintained as required by the Fire Commissioner; and that all permits shall be obtained and work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 4:35 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, JUNE 17, 1958, 2 P. M.

Present: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper.

152-49-A—Vol. III

APPLICANT—Norman Lederer and Leonard Joseph, for Hugh Doonan, owner.

SUBJECT—Application reopened December 3, 1957 as Vol. III—Appeal from a decision of the Borough Superintendent re—the extension of an existing building.

PREMISES AFFECTED—304 Beach 90th Street, east side, 301.96 feet north of Rockaway Beach Boulevard, Block 574, Lot 11, Rockaway Beach, Borough of Queens.

APPEARANCES—

For Applicant: Norman Lederer.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 25, 1957, on Alt. Applic. 1985/57 relating to premises 304 Beach 90th Street, east side, 301.96 feet north of Rockaway Beach Boulevard, Lot 11, reads:

"1. The proposed frame extension is contrary to Bd. of Stds. & Appls. Resolution #152-49A (Bull. 11, Vol. 34).

2. The use of 2" beams in the fire limits is contrary to Sec. 7.1.4 B.C.

3. The location of the frame exterior wall within 2 feet of the lot line is contrary to 4.1.3 B.C.

4. The location of a non-fire stopped frame exterior wall within 3 feet of the lot line is contrary to 4.1.3 B.C."

and

WHEREAS, the application states that the building in question is 2 stories, 24 feet in height, 16 feet front by 28 feet 8 inches in depth, of class 4 construction, erected

1949, located on a lot 27.92 feet front by 97.50 feet in depth, in a residence use A area, class 1 height district, and used and occupied since 1949 as a 1-family dwelling, for which certificate of occupancy #57621 was issued August 24, 1949, upon completion of work under N.B. Applic. 877/49; and

WHEREAS, the building in question is one of a group of frame 1-family dwellings, permitted to be erected within the fire limits by Resolution adopted by the Board March 8, 1949, under Calendar Number 152-49-A, Volume I; and

WHEREAS, the applicant states that the owner who recently purchased the property, engaged architect to file plans for an extension to the building; that the plans were disapproved by the Department of Buildings, and the architect did not notify the owner of such disapproval; that the owner proceeded to construct the extension as indicated on plans filed with this appeal; and

WHEREAS, the applicant contends that the north wall of the building extension is located 1 foot 8 inches from the side lot line and is not brick filled as required by the Code; that it is therefore requested that the Board amend its Resolution to permit the extension as constructed to including the use of 2 inch beams and permitting the wall adjacent to the north lot line to be filled with rock wool instead of being brick filled, since all the work has been completed; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 8, 1949, under Volume I, and modify the decision of the Borough Superintendent, dated October 25, 1957, acting on Alt. Applic. 1985/57, Objections 1, 2, 3 and 4, to permit the proposed frame extension, the use of 2 inch beams, the location of the frame exterior wall within 2 feet of the lot line, and the location of the nonfire stopped exterior wall within 3 feet of the lot line, as proposed and shown on plans filed with this appeal, marked "Received November 4, 1957 and March 13, 1958", 1 sheet each, on condition that in all other respects the building and occupancy comply with the requirements of the Resolution above cited.

374-55-A

APPLICANT—Szold and Brandwen, for 1st, 2nd and 3rd Beech Hills Corp., owners.

SUBJECT—Application April 19, 1955—Appeal from a decision re orders of the Fire Commissioner—re certificate of fitness.

PREMISES AFFECTED—56-08 to 56-28, 57-02 to 57-04, 57-10 to 57-60 and 57-64 to 57-66 244th Street, 242-05 to 242-19 and 242-31 to 242-73 61st Avenue and 56-03 to 56-33 Douglas Parkway; 242-06 to 242-28, 242-36 to 242-58 and 242-66 to 242-68 Horace Harding Boulevard (Block 8276, Lot 2); 244-02 to 244-16, 244-24 to 244-48, 246-02 to 246-28 and 246-32 to 246-46 57th Drive; 244-01 to 244-03 and 244-09 to 244-35 61st Avenue and 57-31 to 57-65 244th Street (Block 8276, Lot 10); 244-07 to 244-25, 246-59 to 246-61, 246-65 to 246-71 and 246-75 to 246-77 57th Drive; 245-03 to 245-15 61st Avenue; 57-01 to 57-03, 57-07 to 57-31, 57-35 to 57-61, 57-65 to 57-83, 57-87 to 57-89, 58-01 to 58-45, 58-49 to 58-63 and 58-67 to 58-69 246th Crescent; 244-08 to 244-10 and 244-20 to 244-42 Horace Harding Boulevard; 56-07 to 56-25 244th Street (Block 8276, Lot 20); 246-11 to 246-43 57th Drive; 57-02 to 57-04, 57-10 to 57-26, 57-37 to 57-62, 57-66 to 57-86, 58-40 to 58-64 and 58-68 to 58-70 246th Crescent (Block 8276, Lot 30); 245-02 to 245-04 and 245-14 to 245-40 61st Avenue; 245-01 to 245-17, 245-39 to 245-45, 245-49 to 245-71 and 245-76 to 245-89 62nd Avenue; 61-05 to 61-21 245th Place (Block 8305, Lot 10); 244-90 to 244-98 61st Avenue; 245-02 to 246-16 62nd Avenue; 61-06 to 61-28 245th Place (Block 8306, Lot 4). Douglaston, Borough of Queens.

APPEARANCES—

For Applicant: Milton Altman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner dated April 11, 1955, reads:

"We are in receipt of your letter dated April 1st, 1955 concerning the fuel oil violation orders pending against the First, Second and Third Beech Hills Corporation as itemized in the attached list. These orders are all for Certificate of Fitness as required under Rule 15.2 of the oil burner rules, and modification of such orders may be obtained only from the Board of Standards and Appeals.

Although all pending orders are over 30 days old, this Department will have no objection to your appeal to the Board of Standards and Appeals, as authorized agent for these corporations, and you may use this letter as evidence of that fact."

and

WHEREAS, Orders Nos. 15971 through 15986 inclusive, issued by the Fire Commissioner, November 23, 1954 reads:

"C12—Have Boiler Room Supervisor obtain Certificate of Fitness."

and

WHEREAS, the applicant states that the premises consist of acreage bounded by Douglaston Parkway, Horace Harding Expressway Service Road, 60th Avenue, 61st Avenue and 63rd Avenue, located in a residence use F area, class ½ height district, upon which there has been erected a series of 2 story attached 2-family dwelling in group structures, erected pursuant to variance granted by the Board under Calendar Number 343-51-BZ and 344-51-A, for which certificate of occupancy has been issued; and

WHEREAS, the applicant states that each of the 16 boiler rooms involved are equipped with a fire tube compact fire box boiler manufactured by Pacific Boiler Works Type L, 30 pound water working pressure, arranged for 100 per cent fully automatic oil firing using pre-heated #6 oil and York Rotary Type A.H.F. Burner size B-100, as approved by the Board under Calendar Number 56-36-SA and Alstrom below the water line type preheater as approved by the Board under Calendar Number 425-51-SA; that the burner controls consists of Minneapolis-Honeywell Protecto-relay with Pyrostat and accessory equipment; that the burner is controlled from boiler water temperature and is arranged to start at 215° F. and stop at 225° F.; that the Protecto-relay provides for the automatic starting sequence of the burner and the safety shutdown and purging sequence in the event of ignition or flame failure; that the burner is provided with a combination gas and electric ignition; that the boiler is fitted with safety relief valves rated for the BTU input of the burner; and

WHEREAS, the applicant has filed with this appeal an affidavit by a licensed professional engineer, stating that he is acquainted with the rules and regulations of the Building Code, the Oil Burner Code, and the Resolutions of the Board of Standards and Appeals, relating to oil burner installations, and that his firm has inspected the 16 boiler rooms in question and that his opinion the boiler room installations conform to all requirements of law; and

WHEREAS, the applicant states that the proposes of this appeal is to obtain a variance of the requirements of Rule 15.2 of the Oil Burner Rules so that in lieu of the requirement of constant attendance of person holding Certificate of Fitness for each boiler room; that the Board permit the owners to adhere to a schedule of inspection for boiler rooms as follows:

and

WHEREAS, the applicant contends that the 3 owning corporations, operated the development as a single housing development, and have common offices and directors, and common maintenance employees; that the owners now employ 8 persons who possess Certificate of Fitness, one of whom is the Supervisor of Maintenance; that four of these persons including the Supervisor reside on the premises and are subject to 24 hour call; that the other four persons report for duty on a stagger time schedule; that because of the general layout of the site and the close proximity of the boiler rooms to each other by properly staggering the duty hours of the 8 employees it is possible to supervise and inspect each of the boiler installations according to the schedule herein proposed; and

WHEREAS, the applicant further contends that it would be an extreme hardship to be required to comply with the Rule 15.2 and maintain qualified persons in the boiler rooms at all times; that the method of supervision herein proposed provides for safe operation of the oil burner installations and complies with the intent and spirit of the Oil Burner Rules; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the orders of the Fire Commissioner dated November 23, 1954, acting on Order Nos. 15971 through 15986 and decision dated April 11, 1955 be and they hereby are *modified* and that the appeal be and it hereby is *granted* to permit the inspection of boiler installations as proposed and as stated in the report attached to this Appeal, giving the schedule and number of men to be employed at all time to inspect the 16 boiler rooms in question; that the number of men employed for such inspection shall, at no time, be less than 8 with not less than 3 men per shift; that the equipment shall be of a type approved by the Board including the preheater as approved by the Board under Calendar No. 425-51-SM.

THE RESOLUTION—

WHEREAS, Order No. 62369 LF issued by the Fire Commissioner, September 27, 1951 reads:

"5. Provide an approved yard hydrant system in accordance with the Resolution adopted by the Board of Standards and Appeals under Calendar 494-31-A.

Note:—Plans to be filed before work on such system is commenced. C19-161.0 Adm. Code."

and

WHEREAS, the decision of the Fire Commissioner, dated April 17, 1956, repeating Item 5 of such order reads:

"With reference to your letter dated February 17, 1956 which was not answered as the papers were in our Legal Section in connection with the prosecution for non-compliance with Item 5 of Order No. 62369LF, you are advised as follows:

Item 5 reads—

"Provide an approved yard system in accordance with the Resolution adopted by the Board of Standards and Appeals under Calendar 494-31-A.

Note:—Plans to be filed before work on such system is commenced.

C19.161.0 Adm. Code."

and

WHEREAS, the decision of the Borough Superintendent, dated May 15, 1957 on Misc. Applic 409/56 reads:

"9. The application for the proposed installation of a sprinkler system in one of several buildings on a lot used for a ship yard in lieu of a yard hydrant system which this department deems necessary under the authority granted by Sect. C26-1428(a) cannot be approved and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot approximately 400 feet front by approximately 150 feet in depth, located in a manufacturing use A area, class 3/4 height district, upon which a series of 1 story buildings, erected in 1900 are in use as follows:

Building #1—wood mill, 4 persons; Building #2—boat shop, 16 persons; Building #3—boat shop, 90 persons; and

WHEREAS, under Calendar Number 513-30-A, modified Order Number 76255F issued by the Fire Commissioner, June 4, 1930, requests the installation of a standpipe system in building #14 which was a 1-story frame and metal building 195 feet by 126 feet in area; that on condition that the building be equipped with additional fire-fighting appliances as directed by the Fire Department; that the building shall not be increased in height or area; that in connection with such an appeal the building was described as of frame and corrugated iron construction, 1-story in height, approximately 24,500 square feet in area; that the northerly portion being divided into two sections by 8 inch terra cotta block walls and steel rolling shutters; that the east section being approximately 8400 square feet and the west section approximately 5200 square feet in area; that the southerly portion being approximately 10,900 square feet in area; that the entire building occupied as a boat building establishment with 70 occupants; and

WHEREAS, under Calendar Number 494-31-A, the Board on February 5, 1932 denied an appeal from a Fire Department Order 86585-F, requiring the installation of a yard hydrant; that in connection with this appeal, the premises were described as approximately 335 feet front and 150 feet

MINUTES

in depth, comprising in area 50,200 square feet, upon which there were located several frame structures erected in 1906, 1927, 1928 and 1929; that the premises were occupied as a boat yard for 70 persons; and

WHEREAS, under date of June 24, 1932, the appeal was reopened, the action of the Board under date of February 5, 1932 and the appeal granted on condition; that not less than 3 yard hydrants been installed and located as directed by the Fire Department; that the yard hydrants be connected to the city main and that there be sufficient hose from each hydrant to cover all parts of the plant and such other connections and fittings as shall be required by the Fire Department; and

WHEREAS, Violation No. 782 was issued by the Borough Superintendent, April 2, 1957, for violation of Section 26-1428.0 of the Administrative Code; that no yard hydrants system has been installed as per required by the Resolution adopted by the Board, under Calendar Number 494-31-A; and

WHEREAS, there was a conviction in Municipal Term Magistrate's Court for failure to comply with the Administrative Code; and

WHEREAS, the applicant now contends that the premises in question, are operated as a ship yard by Wheeler Yacht Company; that the open area on the premises would not permit fire department equipment and make extensive use of yard hydrants if installed; that the area of the plant, such area as there is directly adjoined Compton and Patterson Avenues; that accordingly any equipment brought in to that area could as easily use the existing Compton, Patterson and Newman Avenues hydrants as hydrants within the yard; and

WHEREAS, the applicant states that it is proposed to install an automatic sprinkler system in lieu of the yard hydrant system if the Board will rescind or modify the order; and

WHEREAS, the applicant contends that permission is sought to install a sprinkler system including appropriate hose connections in lieu of the yard hydrant system previously required; that a suitable sprinkler system will furnish all the advantages of a yard hydrant system; that it will also furnish added protection of automatic sprinklers; that the available pressure is 45 pounds in a 8 inch main and is adequate to supply the necessary pressure to the hose connections as well as to the sprinkler system; that the present proposal will furnish greater fire protection, than would be furnished by the yard hydrant system required; that it is therefore requested that the Board modify the order of the Fire Commissioner and the decision of the Borough Superintendent so as to permit the installation of an approved sprinkler system in lieu of the required yard hydrant system; and

WHEREAS, the premises was inspected by a committee of the Board

Resolved, that the decision of the Fire Commissioner as to Order No. 62369LF and the decision of the Borough Superintendent, dated May 15, 1957, acting on Misc. Applic. 409/56 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit a one-source sprinkler system as proposed in lieu of the hydrant system as required by the order; that hose connections shall be attached to such system as proposed, and such system shall be maintained to the satisfaction of the Fire Commissioner as indicated on plans filed with this application marked, "Received October 28, 1957", 3 sheets.

40-58-A

APPLICANT—Equitable Paper Bag Co., Inc., lessee; for Roseis Realty Co., owner.

SUBJECT—Application January 15, 1958—Appeal from a decision of the Fire Commissioner re use of panic bolts—factory.

PREMISES AFFECTED—45-50 Van Dam Street, west side Thomson Avenue to 47th Avenue, Block 279, Lot 1, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Arthur C. De Vita.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated January 8, 1958 (Folder No. 55566.01) reads:

"In reply to your letter of August 8, 1957, requesting permission to install five emergency exit locks used on doors leading to street, please be advised that the exit lock may not be used in a factory unless specifically approved by the New York City Board of Standards and Appeals for the specific building."

and

WHEREAS, the applicant states that the building is a 5 stories, 8 feet in height, 600 feet front by 18 feet in depth, erected 1950, of class 1 construction, located in an unrestricted use, A area, class 1½ and a class 2 height districts, and used and occupied since 1950 as follows: 1st floor—factory, 75 persons; 2nd floor—factory, 150 persons; 3rd floor—office and factory, 200 persons; 4th floor—factory, 45 persons; 5th floor—factory, no persons; that no change in use or occupancy is now proposed that the building is provided with 8 interior 38 inch wide steel and concrete stairs, fireproof enclosed, equipped with 1½-hours steel fireproof self-closing doors and leading to roof bulkhead; 6 of these stairs leads to street; and

WHEREAS, Certificate of Occupancy #Q 118265 issued September 16, 1957, upon completion of work under Alt. Applic. 1739/56 permits the following use and occupancy: 1st floor—factory, 230 persons; 2nd floor—factory, 230 persons; 3rd floor—office and factory, 215 persons; 4th floor—factory, 110 persons; 5th floor—factory, 55 persons; that the building is equipped with an approved two-source sprinkler system throughout; and

WHEREAS, the applicant states that it is proposed to install an Exit Lock of the type approved by the Board under Calendar Number 876-50-SM on 5 of the doors leading to the exterior of the building on the 1st floor, as indicated on plans filed with this appeal; and

WHEREAS, the applicant contends that the doors in question opens from the inside only and are located in parts of the which are remote from the main operations and thereby cannot be properly policed to prevent pilferage or improper entry by unauthorized people; that the main entrance of the plant will remain open during working hours and will be policed by a uniformed guard; that one of the employee's entrances will also be policed by a uniformed guard during the night shift hours; that the building is fireproof and sprinklered; that there are adequate exits; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Fire Commissioner, dated January 8, 1958, (Folder No. 55566.01) and that the appeal be and it hereby is *granted*, to permit emergency locks on five doors leading from the first floor of the street as approved by the Board under Calendar No. 876-50-SM, as indicated on plans following this appeal marked, "Received January 15, 1958", 2 sheets; and that the main entrance to Van Dam Street shall be maintained without such lock.
